(C) RATIONALE OF THE SCHEME

1. Sequent is a leading animal health pharmaceuticals company with a global footprint, presence in formulations and API segments across multiple markets and customers. Sequent has 7 (seven) state-of-

the-art manufacturing facilities globally, 5 (Five) Research and Development (R&D) centres and presence across over 100 (Hundred) markets.

2. Viyash Group Companies, together constitute an integrated, R&D & intellectual property driven global pharmaceuticals business with a strong customer base across over 150 (One Hundred Fifty) countries. Viyash has over 200 (Two Hundred) R&D scientists. Viyash has a strong focus on intellectual property with over 175 (One Hundred and Seventy Five)filed patents and over 30 (Thirty) granted patents. The Viyash Group Companies have 9 (Nine) plants (all approved by the United States Food and Drug Administration) with end-to-end manufacturing & development capabilities.

3. The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

   (i) *Access to global innovator & big pharmaceuticals customers*: The combined entity can leverage each others' global marquee customer base with an opportunity to participate in the larger global pharmaceuticals market;

   (ii) *Leverage technical skills*: The combined entity can leverage Viyash's strong product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

4. The proposed Scheme would be in the best interests of the Parties and their respective shareholders, employees, creditors, and other stakeholders as the Scheme will yield advantages as set out inter alia below:

   (i) *Expanded marketing presence across geographies:* The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally;

   (ii) *Backward integration:* Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to SeQuent for one of the largest API that SeQuent manufactures for the US market;

   (iii) *Procurement synergies:* Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins;

   (iv) *Enhanced R&D and new product pipeline:* Viyash has over 200 (Two Hundred) R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver 15 (Fifteen) new products per year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

   (v) *Indirect Costs:* Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

   (vi) *Scale benefits:* Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

   (vii) *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

3. DATE OF TAKING EFFECT AND OPERATIVE DATE

3.1 This Scheme set out herein in its present form or with any modification(s) approved or imposed or directed by the Tribunal shall be deemed to have been given effect as per the following chronology and sequence:

3.1.1 Part II, Part III, Part IV and Part V of this Scheme shall be effective from Appointed Date and operative from Effective Date 1;

3.1.2 Part VI of this Scheme shall be effective from the Appointed Date and operative from Effective Date 2.

PART II

REDUCTION OF SHARE CAPITAL OF THE TRANSFEREE COMPANY 1

4. CANCELLATION OF PARTLY PAID-UP EQUITY SHARES IN THE TRANSFEREE COMPANY 1

4.1 Upon Part II of the Scheme becoming effective, all equity shares of the Transferee Company 1 which are partly paid-up immediately prior to the Effective Date 1, shall stand cancelled without any further act or deed as an integral part of the Scheme. In lieu of such cancellation, the Transferee Company 1 shall pay the amount paid-up on such partly paid-up equity shares to the relevant shareholders holding such partly paid-up equity shares immediately prior to the Effective Date 1, provided that the Transferee Company 1 shall be entitled to set-off for such amounts any loans or other payments due from such shareholders to Transferee Company 1.

4.2 Without prejudice to the generality of the foregoing, it is clarified and provided that cancellation of the share capital of the Transferee Company 1 in terms of Clause 4.1 above, shall be effected as an integral part of this Scheme. Such cancellation of the share capital of the Transferee Company 1 in terms of Clause 4.1 do not involve either diminution of liability in respect of unpaid share capital or payment of paid-up share capital of the Transferee Company 1. Further, since the aforesaid cancellation is an integral part of the Scheme in accordance with Sections 230 to 232 of the Act, the provisions of Section 66 of the Act are not applicable. It is further clarified and provided that notwithstanding such cancellation of share capital of the Transferee Company 1 in terms of Clause 4, the Transferee Company 1 shall not be required to add "And Reduced" as suffix to its name.

4.3 Upon Part II of the Scheme becoming effective and with effect from the Appointed Date, the difference, if any, between the subscribed, issued and paid-up value of equity shares of the Transferee Company 1 which are partly paid-up, as held by the relevant shareholders of Amalgamating Company 1 that is cancelled and the consideration paid to such shareholders pursuant to Clause 4.3 shall be recorded in reserves existing in the Transferee Company 1.

PART III

AMALGAMATION OF THE TRANSFEROR COMPANY 1, TRANSFEROR COMPANY 2, TRANSFEROR COMPANY 3, TRANSFEROR COMPANY 4 AND TRANSFEROR COMPANY 5 WITH THE TRANSFEREE COMPANY 1

5. TRANSFER AND VESTING

5.1 Upon Part II of the Scheme becoming effective and with effect from the Appointed Date and subject to the provisions of this Scheme and pursuant to the sanction of this Scheme by the Tribunal or any other competent authority and pursuant to Sections 230 to 232 and other applicable provisions of the Act, the Transferor Companies shall stand amalgamated with the Transferee Company 1 as a *going concern* and all their respective assets and liabilities of the Transferor Companies shall, without any further act, instrument or deed, stand transferred to and vested in or be deemed to have been transferred to and vested in the Transferee Company 1, so as to become on and from the Appointed Date, the assets and liabilities of the Transferee Company 1 by virtue of operation of law or otherwise, and in the manner provided in this Scheme.

6. TRANSFER AND VESTING OF ASSETS

6.1 Without prejudice to the generality of Clause 5 above, upon Part III of the Scheme becoming effective and with effect from the Appointed Date:

6.1.1 In respect of the assets of the Transferor Companies that are movable in nature or are otherwise capable of being transferred by physical or constructive delivery and / or, by endorsement and delivery, or by vesting and recordal, including without limitation stock in trade and merchandise (including, raw materials, supplies, finished goods, supply, advertisement, promotional and packing material) wherever lying, equipment, furniture, fixtures, books, records, files, papers, computer programs, engineering and process information, manuals, data, production methodologies, production plans, catalogues, quotations, websites, sales and advertising material, marketing strategies, list of present and former customers, customer credit information, customer pricing information, and other records, whether in physical form or electronic form or in any other form, shall stand vested in the Transferee Company 1, and shall become the property and an integral part of the Transferee Company 1, by operation of law pursuant to the vesting order of the Tribunal sanctioning this Scheme, without any further act, instrument or deed undertaken by the Transferor Companies or the Transferee Company 1. The vesting pursuant to this sub-clause shall be deemed to have occurred by physical or constructive delivery or by endorsement and delivery, or by vesting and recordal, as appropriate to the property being vested and the title to such property shall be deemed to have been transferred accordingly to the Transferee Company 1 subject to the provisions of this Scheme in relation to Encumbrances under Clause 8 hereof;

6.1.2 In respect of movable assets of the Transferor Companies other than those dealt with in Clause 6.1.1 above including but not limited to sundry debts, actionable claims, earnest monies, receivables, bills, credits, loans, advances and deposits with any Appropriate Authorities or any other bodies and/or customers or any other person, if any, whether recoverable in cash or in kind or for value to be received, bank balances, and, provisions, receivables, deposits (including interests thereto), benefits of any bank guarantee, performance guarantee and letters of credit etc. with Appropriate Authority or any Person, investment in shares and any other securities,

the same shall without any further act, instrument or deed become the assets of, and be vested in the Transferee Company 1 and shall also be deemed to have been transferred by way of delivery by possession of the respective documents in this regard, without any notice or other intimation to any person in pursuance of the provisions of Sections 230 to 232 read with other relevant provisions of the Act and other applicable provisions of Applicable Law to the end and intent that the right of the Transferor Companies to recover or realize the same becomes a right of, and stands vested in the Transferee Company 1, without any notice or other intimation to such debtors, depositors or persons as the case may be;

6.1.3 All assets (including any intangible and/or incorporeal assets), estate, rights, title, remedies, claims, rights of action, interest and authorities held by or granted to the Transferor Companies, on the Appointed Date not otherwise specified in the above Clauses, shall also, without any further act, instrument or deed, become the property of, and stand vested in or be deemed to have so become, or be vested in, the Transferee Company 1 upon the coming into effect of Part III of this Scheme pursuant to the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Laws;

6.1.4 All immovable property, whether or not included in the books of the Transferor Companies, whether freehold or leasehold or licensed properties allotted, leased or licensed by various landlords, owners and lessors including Appropriate Authorities (including but not limited to capital works in progress, land, buildings, structures standing on the land, and any other rights, titles, interests, rights of way and easements in relation thereto or embedded to the land) and all documents of title, right, security deposits and easements in relation thereto shall become the property of the Transferee Company 1 and be vested in the Transferee Company 1 or be deemed to have been so, automatically without any act or deed to be done or executed by the Transferor Companies and/or the Transferee Company 1. Consequent to the foregoing, all lease or license or rent agreements executed by the Transferor Companies, entered into by the Transferor Companies with various landlords, owners and lessors including the Appropriate Authorities in connection with the use of the assets of the Transferor Companies, together with security deposits, shall stand automatically vested in favour of the Transferee Company 1 on the same terms and conditions, subject to Applicable Law, without any further act, instrument or deed. The Transferee Company 1 shall be entitled to exercise all rights and privileges attached to the aforesaid immovable properties and shall be liable to pay the rent, license fees, taxes and fulfil all obligations in relation to or applicable to such immovable properties and shall also be entitled to refund of security deposits paid under such agreements by the Transferor Companies. Any transfer/ assignment of lease or license or any tenancy rights by the Transferor Companies in favour of the Transferee Company 1 pursuant to this Scheme shall continue for the balance period of time will be deemed to have continued without any interruption or break, and it shall not be considered to be a new lease or license or tenancy right. It is clarified that, with respect to the immovable properties of the Transferor Companies in the nature of land and buildings, the Transferee Company 1 may register the true copy of the Sanction Order with the offices of the relevant sub-registrar of assurances or similar registering authority having jurisdiction over the location of such immovable property or may execute and register, as required, such other documents as may be necessary in this regard. For the avoidance of doubt, it is clarified that any document executed pursuant to this Clause 6.1.4 or Clause 6.1.5 below will be for the limited purpose of meeting regulatory requirements and shall not be deemed to be a document under which the conveyance of immovable property shall take place and the conveyance shall be undertaken solely pursuant to and in terms of this Scheme and the Sanction Order. All Permits, if any, required for enabling the Transferee Company 1 to absolutely own and enjoy the immovable properties in accordance with Applicable Law are deemed to be granted as part of this Scheme. The mutation or substitution of the title to the immovable properties shall, upon Part III of the Scheme becoming effective, be made and duly recorded in the name of the Transferee Company 1 by the Appropriate Authorities pursuant to the sanction of this Scheme by the Tribunal and upon Part III of the Scheme becoming effective in accordance with the terms hereof;

6.1.5 For the purpose of giving effect to the Sanction Order passed under Sections 230 to 232 of the Act in respect of this Scheme, the Transferee Company 1 shall be entitled to exercise all rights and privileges and shall be liable to fulfil all its obligations in relation to or applicable to all such immovable properties, including mutation and/or substitution of the ownership or the title to, or interest in the immovable properties which shall be made and duly recorded by the Appropriate Authorities in favour of the Transferee Company 1 pursuant to the Sanction Order and upon the effectiveness of Part III of this Scheme in accordance with the terms hereof without any further act or deed to be done or executed by the Transferor Companies and/or the Transferee Company 1. It is clarified that the Transferee Company 1 shall be entitled to engage in such correspondence and make such representations, as may be necessary for the purposes of the aforesaid mutation and/or substitution. For the purposes of this Clause, the Boards of the Transferor Companies and/or the Transferee Company 1 may, in their absolute discretion, mutually decide the manner of giving effect to the vesting of the whole or part of the right, title and interest in all or any of the immovable properties along with any attendant formalities involved, including by way of execution of appropriate deed(s), including conveyance, assignment, transfer or rectification, in order to give effect to the objectives of the Scheme;

6.1.6 All bank / demat accounts operated or entitled to be operated by the Transferor Companies shall be deemed to have been transferred and shall stand transferred to the Transferee Company 1 and name of the Transferor Companies shall be substituted by the name of the Transferee Company 1 in the bank's records and the Transferee Company 1 shall be entitled to operate all bank / demat accounts, realise all monies and complete and enforce all pending contracts and transactions in the name of the Transferee Company 1 to the extent necessary until the transfer of the rights and obligations of the Transferor Companies to the Transferee Company 1 under the Scheme is formally accepted and completed by the parties concerned. For avoidance of doubt, it is hereby clarified that all cheques and other negotiable instruments, payment orders received or presented for encashment after the Effective Date 1, shall be accepted by the bankers of the Transferee Company 1 and credited to the account of the Transferee Company 1, if presented by the Transferee Company 1. Similarly, the banker of the Transferee Company 1 shall honour all cheques issued by the Transferor Companies for payment after the Effective Date 1;

6.1.7 Third party or Appropriate Authority shall take on record the Sanction Order on its file and duly record the necessary substitution or endorsement in the name of the Transferee Company 1 as successor in interest, pursuant to the sanction of this Scheme by the Tribunal, without any further act, matter or deed by the Transferor Companies or the Transferee Company 1. There shall be no break in the validity and enforceability of the Permits for the purpose of carrying on its business or for any other purpose of whatsoever nature;

6.1.8 All Intellectual Property and rights thereto of the Transferor Companies, whether registered or unregistered, along with all rights of commercial nature including attached goodwill, title, interest, quality certifications and approvals, service marks, copy rights, moral rights and related rights, patents, project designs, marketing authorization, approvals, marketing intangibles, permits, permissions, incentives, privileges, special status, geographical indicators, designs, research and studies and all such other industrial or intellectual rights of whatsoever nature, license for software and any other software licenses (whether proprietary or otherwise), research and studies, and other benefits, drawings, manuals, data, catalogues, quotations, marketing authorisations, marketing intangibles, credit information, sales and advertising materials, lists of present and former customers, customer pricing information whether in physical or electronic form; and all other interests relating to the goods or services being dealt with by the Transferor Companies, shall become the property of and/or stand vested in, the Transferee Company 1;

6.1.9 All books, records, files, papers, engineering and process information, computer programs, test reports, product registrations, dossiers, manuals, data, catalogues, quotations, sales and advertising materials, list of present and former customers and suppliers, databases containing market information, vouchers, registers, ledgers, documents and other books and records, any media or format including machine readable or electronic media/ format and other records of the Transferor Companies shall be transferred to the Transferee Company 1;

6.1.10 All rights to use and avail telephones, telexes, facsimile, email, internet, leased line connections and installations, utilities, electricity and other services, reserves, provisions, funds, benefits of assets or properties or other interests held in trusts, registrations, contracts, engagements, arrangements of all kind, privileges and all other rights, easements, liberties and advantages of whatsoever nature and wheresoever situated belonging to or in the ownership, power or possession and in control of or vested in or granted in favour of or enjoyed by the Transferor Companies and all other interests of whatsoever nature belonging to or in the ownership, power, possession or control of or vested in or granted in favour of or held for the benefit of or enjoyed by the Transferor Companies shall become the property of and/or stand vested in, the Transferee Company 1;

6.1.11 The past track record of the Transferor Companies including without limitation, the technical qualifications, right to use the accreditations/pre-qualifications, credentials, work experience, track record with customers or other parties, contracts with clients and with vendors of the Transferor Companies (acquired by reason of their respective operations in the past), including without limitation, the profitability, experience, credentials, past record, goodwill and market share, of the Transferor Companies shall for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Transferee Company 1 in all existing and future bids, tenders, and contracts of all authorities, agencies and clients, be deemed to be the track record of the Transferee Company 1 for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Transferor Companies in all existing and future bids and tenders, and contracts of all authorities, agencies and clients.

7. TRANSFER OF LIABILITIES

7.1 Upon Part II of the Scheme becoming effective and with effect from the Appointed Date, all the Liabilities of the Transferor Companies, shall without any further act, instrument or deed be and stand transferred to the Transferor Companies to the extent that they are outstanding as on the Effective Date 1, so as to become the Liabilities of the Transferee Company 1, along with any Encumbrance relating thereto, on the same terms and conditions as were applicable to the Transferor Companies. The Transferee Company 1 undertakes to meet, discharge and satisfy the same to the exclusion of the Transferor Companies.

7.2 The provisions of this Clause and that of Clause 8 below shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security documents, all of which instruments, deeds or writings shall be deemed to have been modified and/or superseded by the foregoing provisions.

7.3 It is expressly provided that, save as mentioned in this Scheme, no other term or condition of the Liabilities of the Transferor Companies transferred to the Transferee Company 1 as part of the Scheme is modified by virtue of this Scheme except to the extent that such amendment is required statutorily or by necessary implication.

8. ENCUMBRANCES

8.1 The vesting of the assets comprised in the Transferor Companies to and in the Transferee Company 1 upon the coming into effect of Part III of the Scheme shall be subject to the Encumbrances, if any,

affecting the same as hereinafter provided.

8.2 In so far as the existing Encumbrances in respect of the Liabilities of the Transferor Companies are concerned, such Encumbrances shall, without any further act, instrument or deed be modified and shall be extended to and shall operate only over the assets of the Transferor Companies to which such Liability relate, which have already been Encumbered in respect of the Liabilities of the Transferor Companies as transferred to the Transferee Company 1 pursuant to this Scheme, and such Encumbrances shall not relate to or attach to any of the other assets of the Transferee Company 1. Provided that if any of the assets of the Transferor Companies being transferred to the Transferee Company 1 pursuant to this Scheme have not been Encumbered in respect of the Liabilities of the Transferor Companies, such assets shall remain unencumbered, and the existing Encumbrances referred to above shall not be extended to and shall not operate over such assets. The Scheme shall not operate to enlarge the Encumbrances, nor shall the Transferee Companies be obliged to create any further or additional security after the Scheme has become effective or otherwise. The absence of any formal amendment which may be required by a lender, trustee or third party shall not affect the operation of the above.

8.3 In so far as the existing Encumbrances over the assets and other properties of the Transferee Company 1 or any part thereof which relate to the Liabilities and obligations of the Transferee Company 1 prior to the Effective Date are concerned, such Encumbrance shall, without any further act, instrument or deed continue to relate to only such assets and properties and shall not extend or attach to any of the assets and properties of the Transferor Companies vested in the Transferee Company 1 by virtue of the Scheme.

8.4 Any reference to the Transferor Companies and their respective assets and properties in any security documents or arrangements (to which the Transferor Companies are a party), shall be construed as a reference to the Transferee Company 1 and the relevant assets and properties of the Transferor Companies vested in the Transferee Company 1 by virtue of the Scheme. Without prejudice to the provisions of the foregoing Clauses and upon coming into effect of Part III of the Scheme, the Transferee Company 1 may enter into and execute such other deeds, instruments, documents and/or writings and/or do all acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the RoC to give formal effect to the provisions of this Clause and foregoing Clauses, if required.

9. EMPLOYEES

9.1 Upon Part III of the Scheme becoming effective, all the staff and employees of the Transferor Companies who are in such employment as on the Effective Date 1 shall become, and be deemed to have become, the staff and employees of the Transferee Company 1, without any break or interruption in their services on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation, with the benefit of continuity of service. It is clarified that such employees of the Transferor Companies who become employees of the Transferee Company 1 by virtue of this Scheme, shall be governed by the terms of employment of the Transferee Company 1 (including in connection with provident fund, gratuity fund, superannuation fund or any other special fund or obligation), provided that such terms of employment of the Transferee Company 1 are overall no less favourable than those that were applicable to such employees immediately before such amalgamation. The Transferee Company 1 further agrees that for the purpose of payment of any retirement benefit/compensation, such immediate uninterrupted past services with the Transferor Companies, shall also be taken into account. With regard to provident fund, gratuity, superannuation, leave encashment and any other special scheme or benefits created or existing for the benefit of such employees of the Transferor Companies, the Transferee Company 1 shall stand substituted for the Transferor Companies for all purposes whatsoever, upon Part III of this Scheme becoming effective, including with regard to the obligation to make contributions to relevant authorities, such as the regional provident fund commissioner or to such other funds maintained by the Transferor Companies, in accordance with the provisions of Applicable Laws or otherwise. It is hereby clarified

that upon Part III of this Scheme becoming effective, the aforesaid benefits or schemes shall continue to be provided to the transferred employees and the services of all the transferred employees of the Transferor Companies for such purpose shall be treated as having been continuous. In addition, upon Part III of this Scheme coming into effect on the Effective Date 1 and with effect from the Appointed Date, any prosecution or disciplinary action initiated, pending or contemplated against and any penalty imposed in this regard on any employee forming part of the Transferor Companies shall be continued/ continue to operate against the relevant employee and the Transferee Company 1 shall be entitled to take any relevant action or sanction, without any further act, instrument or deed undertaken by the Transferor Companies or the Transferee Company 1.

9.2 With regard to any provident fund, gratuity fund, pension, superannuation fund or other special fund created or existing for the benefit of such employees of the Transferor Companies, it is the aim and intent of the Scheme that all the rights, duties, powers and obligations of the Transferor Companies in relation to such schemes or funds shall become those of the Transferee Company 1. Upon Part III of the Scheme becoming effective: (a) all contributions made to such funds by the Transferor Companies on behalf of such employees shall be deemed to have been made on behalf of the Transferee Company 1, and shall be transferred to the Transferee Company 1, the relevant authorities or the funds (if any) established by the Transferee Company 1, as the case may be; and (b) all contributions made by such employees, including interests/investments (which are referable and allocable to the employees transferred), shall be transferred to the Transferee Company 1, the relevant authorities or the funds (if any) established by the Transferee Company 1, as the case may be. Upon Part II of the Scheme becoming effective, the Transferee Company 1 shall stand substituted for the Transferor Companies for all purposes whatsoever relating to the obligation to make contributions to the said funds in accordance with the provisions of such schemes or funds in the respective trust deeds or other documents, by operation of law pursuant to the Sanction Order, without any further act, instrument or deed undertaken by the Transferor Companies or the Transferee Company 1. It is clarified that the services of all employees of the Transferor Companies transferred to the Transferee Company 1 will be treated as having been continuous and uninterrupted for the purpose of the aforesaid schemes or funds. Without prejudice to the aforesaid, the Board of the Transferee Company 1, if it deems fit and subject to Applicable Laws, shall be entitled to: (a) retain separate trusts or funds within the Transferor Companies for the erstwhile fund(s) of the Transferor Companies; or (b) merge the pre-existing fund of the Transferor Companies with other similar funds of the Transferee Company 1.

9.3 The Transferee Company 1 agrees that for the purpose of payment of any retrenchment compensation, gratuity and other terminal benefits, the past services of the employees with the Transferor Companies, if any, as the case may be, shall also be taken into account, and agrees and undertakes to pay the same as and when payable.

10. LEGAL PROCEEDINGS

10.1 If any suit, cause of actions, appeal or other legal, quasi-judicial, arbitral or other administrative proceedings, including Tax assessment proceedings/appeals, of whatever nature (hereinafter called the "**Proceedings of the Transferor Companies**") by or against the Transferor Companies are pending and/or arising on the Effective Date 1 and relate to the Transferor Companies, the same shall not abate, be discontinued or be in any way prejudicially affected by reason of the amalgamation or of anything contained in this Scheme, but the Proceedings of the Transferor Companies may be continued, prosecuted and enforced by or against the Transferee Company 1 in the same manner and to the same extent as it would or might have been continued, prosecuted and enforced by or against the Transferor Companies as if this Scheme had not been made. On and from the Effective Date 1, the Transferee Company 1 may initiate any legal proceeding for and on behalf of the Transferor Companies. The Transferee Company 1 undertakes to have all legal or other proceedings initiated by or against the Transferor Companies, which are capable of being continued by or against the Transferee Company 1, transferred to its name as soon as is reasonably possible after the Effective Date 1 and to have the same continued, prosecuted and enforced by or against the Transferee Company 1.

11. CONTRACTS

11.1 Upon Part III of the Scheme becoming effective and subject to the other provisions of this Scheme, without any further act or deed and subject to the provisions of this Scheme, all contracts, deeds, bonds, agreements, memoranda of understandings, memoranda of agreements, bids, letters of intent, undertakings, engagements, arrangements, service contracts, consultant contracts, contracts with vendors and suppliers), technology contracts, outsourcing agreements, assignment agreements, license agreements (including for Intellectual Property), deeds, bonds, policies, information technology related agreements, schemes, lease/license agreements, tenancy rights, agreements/panchnamas for right of way, equipment purchase agreements, agreement with customers, purchase and other agreements with the supplier/manufacturer of goods/service providers, other arrangements, insurance covers and claims, clearances, tenders including contracts / arrangements with government, expression of interest, service orders, purchase orders (either with or without a general purchase agreement), non-disclosure undertakings, and other commitments, whether written or otherwise, and other instruments of whatsoever nature and description, whether written, oral or otherwise and all rights, title, interests, claims and benefits thereunder, and other instruments to which the Transferor Companies are a party or to the benefit of which the Transferor Companies may be eligible, or under which the Transferor Companies have any obligations to discharge and which are subsisting or having effect on the Effective Date 1 shall, without any further act, instrument or deed, continue in full force and effect in favour of or against the Transferee Companies and may be enforced as fully and effectually as if, instead of the Transferor Companies, the Transferee Company 1 had been a party or beneficiary or obligee or obligor thereto or thereunder. If the Transferee Companies enter into and/or issue and/or execute deeds, writings or confirmations or enter into any tripartite agreements, confirmations or novations, the Transferor Companies will, if necessary, also be party to such documents in order to give formal effect to the provisions of this Scheme, if so required. In relation to the same, any procedural requirements required to be fulfilled solely by the Transferor Companies (and not by any of its successors), shall be fulfilled by the Transferee Company 1 as if it is duly constituted attorney of the Transferor Companies.

11.2 On and from the Effective Date 1, and thereafter, the Transferee Company 1 shall be entitled to complete and enforce all pending contracts and transactions and to accept stock returns and issue credit notes in respect of the Transferor Companies, until the transfer of rights and obligations of the Transferor Companies to the Transferee Company 1 under this Scheme has been given effect to under such contracts and transactions.

11.3 With effect from the Effective Date 1, any liabilities, loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form), if any, due or which may at any time in future become due between the Transferor Companies and Transferee Company 1 shall, ipso facto, stand discharged and come to an end and there shall be no liability in that behalf on any party and the appropriate effect shall be given in the books of accounts and records of the Transferee Company 1.

11.4 All inter se contracts solely between the Transferor Companies and the Transferee Company 1 shall stand cancelled and cease to operate and appropriate effect shall be given in the books of accounts and records of the Transferee Company 1.

12. PERMITS

12.1 Upon Part III of the Scheme becoming effective and with effect from the Appointed Date, all the Permits held or availed of by, and all rights and benefits that have accrued to, the Transferor Companies shall be transferred to and vested in the Transferee Company 1 or deemed to have transferred to and vested in the Transferee Company 1, without any further act, instrument or deed and shall be appropriately mutated or endorsed by the Appropriate Authorities concerned therewith in favour of the Transferee Company 1 as if the same were originally given by or issued to or executed in favour of the Transferee Company 1 and the Transferee Company 1 shall be bound by the terms, obligations and duties thereunder and the rights and benefits under the same shall be available to the Transferee Company 1

to carry on the operations of the Transferor Companies without any hindrance, whatsoever. It is hereby clarified that if the consent of any Person or Appropriate Authority is required to give effect to the provisions of this Clause, the said Person or Appropriate Authority shall make and duly record the necessary substitution/ endorsement in the name of the Transferee Company 1 pursuant to the sanction of this Scheme by the Tribunal, and upon Part III of the Scheme becoming effective in accordance with the terms hereof. For this purpose, the Transferee Company 1 shall, if required, file appropriate applications/ documents with relevant authorities concerned for information and record purposes. The Transferee Company 1 shall be permitted to continue with the existing Permits of the Transferor Companies till the aforementioned consent of any Person or Appropriate Authority is received / new Permit is received by the Amalgamated Company to give effect to the provisions of this Clause.

12.2 From the Effective Date and until the Permits are transferred, vested, recorded, effected, and/or perfected, in the record of the Appropriate Authority, in favour of the Transferee Company 1, for the purposes of the relevant Permit, the Transferee Company 1 is authorized to carry on business in the name and style of the Transferor Companies and use the Permits of the Transferor Companies.

13. SAVING OF CONCLUDED TRANSACTIONS

13.1 Subject to the terms of the Scheme, the amalgamation of the Transferor Companies with the Transferee Company 1 under Clauses 6 to 12 above shall not affect any transaction or proceedings already concluded by the Transferor Companies until the Effective Date 1, to the end and intent that the Transferee Company 1 accepts and adopts all acts, deeds and things done and executed by the Transferor Companies in respect thereto as acts, deeds and things made, done and executed by or on behalf of the Transferee Company 1.

14. TAXATION MATTERS

Part III of this Scheme has been drawn up to comply with the conditions as specified under Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. If any of the terms or provisions of the Scheme are found or interpreted to be inconsistent with the provisions of the said Section at a later date including resulting from a retrospective amendment of law or for any other reason whatsoever, till the time the Scheme becomes effective, the provisions of the said section of the Income Tax Act shall prevail and the Scheme shall stand modified to the extent determined necessary to comply with Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. Upon the effectiveness of Part III of the Scheme, by operation of law pursuant to the order of the Tribunal:

14.1 With effect from the Appointed Date and upon Part III of the Scheme becoming effective, all direct taxes and indirect taxes, duties, cess receivable/payable by the Transferor Companies, including all or any refunds/credit (including export and tax credits) /claims/ tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation) relating thereto shall be treated as the asset/liability or refunds/credit/claims/tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation), as the case may be, of the Transferee Company 1. It is also clarified that the Transferee Company 1 shall have the right to claim refunds, tax credits, set-offs and/or adjustments relating to the income or transactions it has entered into, by virtue of this Scheme with effect from the Appointed Date.

14.2 Direct taxes of whatsoever nature including advance tax, self-assessment tax, regular assessment taxes, tax deducted at source, tax collected at source, foreign taxes, buyback distribution tax, minimum alternative tax, if any, paid by the Transferor Companies shall be treated as paid by the Transferee Company 1 and it shall be entitled to claim the credit, refund, adjustment for the same as may be applicable.

14.3 If the Transferor Companies are entitled to any benefits under incentive schemes and policies under Tax Laws, all such benefits under all such incentive schemes and policies shall be and stand vested in the Transferee Company 1 with effect from the Appointed Date to the extent the benefits / incentives/

schemes are linked to direct tax laws and with effect from Effective Date 1 to the extent the benefits / incentives/ schemes are linked to Indirect Tax Laws.

14.4 The Transferee Company 1 is expressly permitted to revise, withdraw and file its income tax returns and other statutory returns, along with the necessary forms, filings and annexures even beyond the due date, if required, including tax deducted / collected at source returns, goods and service tax returns, as may be applicable and shall be entitled to claim credit for advance tax paid and exclude items such as provisions, reversals, etc., for which no deduction or tax benefit has been claimed by the Transferee Company 1 prior to the Appointed Date and has expressly reserved the right to make such provision in its returns and to claim refunds, advance tax credits, credit of tax deducted at source, credit of foreign taxes paid/withheld, etc. if any, as may be required for the purposes of/consequent to implementation of the Scheme.

14.5 On and from the Effective Date 1, it is hereby clarified that in case of any refunds, benefits, incentives, grants, subsidies, etc. including under applicable Tax Laws, the Transferee Company 1, if so required, shall issue notice in the name of the Transferor Companies, in such form as it may deem fit and proper stating that pursuant to the Tribunal having sanctioned this Scheme under Sections 230 to 232 of the Act, the relevant refund, benefit, incentive, grant, subsidies, be paid or made good or held on account of the Transferee Company 1, as the person entitled thereto, to the end and intent that the right of the Transferor Companies, to recover or realise the same, stands transferred to the Transferee Company 1.

14.6 From the Effective Date 1, all the invoicing and compliance would be done by the Transferee Company 1 post obtaining all requisite GST registrations, wherever so required. To the extent such set of registrations are not effective as on the Effective Date 1, for such intervening period, the Amalgamated Company would undertake the invoicing and compliance using the GST registrations of the Transferor Companies, as the case may be, to ensure compliance with law and timely discharge of GST liability.

14.7 Upon Part III of the Scheme becoming effective, obligation for deduction of tax at source on any payment made by or to be made by the Transferor Companies pertaining to the period on or after the Appointed Date, under direct tax laws or other Applicable Laws dealing with taxes duly complied by the Transferor Companies shall be made or deemed to have been made and duly complied with by the Transferee Company 1.

14.8 In so far as various incentives, subsidies, exemptions, remissions, reductions, export benefits, any other incentives eligible from state government or central government, all indirect tax related benefits, transport marketing assistance, GST benefits, service tax benefits, all indirect tax related assets / credits, including but not limited to GST input credits, service tax input credits, value added/ sales tax/ entry tax credits or set-off, income tax holiday/ benefit/ losses (including book losses) / minimum alternative tax, unabsorbed depreciation (including book unabsorbed depreciation) and other benefits or exemptions or privileges enjoyed, granted by any Appropriate Authority or by any other person, or availed of by the Transferor Companies and any interest thereon, with regard to any law, act or rule or scheme made by, the Appropriate Authority shall, under the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law, without any further act, instrument or deed, vest with and be available to the Transferee Company 1 on the same terms and conditions as if the same had been allotted and/ or granted and/ or sanctioned and/ or allowed to the Transferor Companies to the end and intent that the right of the Transferor Companies to recover or realize the same, stands transferred to the Transferee Company 1 and that appropriate entries should be passed in their respective books to record the aforesaid changes.

14.9 The Transferee Company 1 shall be eligible to claim a deduction otherwise admissible but not claimed by the Transferor Companies, including for expenditure admissible on actual payment basis or on deduction/collection of appropriate taxes (such as section 43B, section 40, section 40A etc. of the Income Tax Act), upon fulfillment of conditions, if any, required under the Income Tax Act.

15. VALIDITY OF EXISTING RESOLUTIONS, ETC.

15.1 Upon Part III of the Scheme becoming effective, the resolutions/ power of attorneys passed / executed by the Transferor Companies, as are considered necessary by the Board of the Transferee Company 1 and that are valid and subsisting on the Effective Date 1, shall continue to be valid and subsisting and be considered as resolutions and power of attorney passed/ executed by the Transferee Company 1 and if any such resolutions have any monetary limits approved under the provisions of the Act or any other applicable statutory provisions, then such limits as are considered necessary by the Board of the Transferee Company 1 shall be added to the limits, if any, under like resolutions passed by the Transferee Company 1 and shall constitute the new aggregate limits for each of the subject matters covered under such resolutions/power of attorneys for the purpose of the Transferee Company 1.

16. CONSIDERATION

16.1 Since the Transferor Companies are direct and indirect wholly owned subsidiaries of the Transferee Company 1, and the Transferee Company 1, being the holding company, cannot issue or allot any shares to itself, no shares whatsoever shall be issued by the Transferee Company 1 in consideration of the amalgamation. Accordingly, all such shares of the Transferor Companies held directly or indirectly by the Transferee Company 1 along with its nominees and the investment of the Transferee Company 1 in such shares as appearing in the books of the Transferee Company 1 shall stand cancelled upon Part III of the Scheme becoming effective without issue or allotment of new shares in lieu of shares of the Transferor Companies.

17. ACCOUNTING TREATMENT

17.1 Accounting treatment in the books of the Transferee Company 1

17.1.1 Upon Part III of the Scheme coming into effect, the Transferee Company 1 shall account for the amalgamation of the Transferor Companies, together, in its books of accounts as per the 'Pooling of Interest Method' in accordance with accounting principles as laid down in Appendix C the Indian Accounting Standard 103 (Business Combinations), notified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as may be amended from time to time, in the books of accounts of the Transferee Company 1 such that:

(i) the Transferee Company 1 shall record the assets, liabilities and reserves, if any, of the Transferor Companies vested in it pursuant to this Scheme, at the carrying values as appearing in the consolidated financial statements of the Transferee Company 1;

(ii) the identity of the reserves of the Transferor Companies shall be preserved and the Transferee Company 1 shall record the reserves of the Transferor Companies in the same form and at the carrying amount as appearing in the consolidated financial statements of the Transferee Company 1 (subject to clauses mentioned below);

(iii) the inter-company balances between the Transferor Companies and the Transferee Company 1, if any, appearing in the books of the Transferee Company 1 and / or the Transferor Companies shall stand cancelled with no further obligation in that behalf;

(iv) the value of all the investments held by the Transferee Company 1 in the Transferor Companies shall stand cancelled;

(v) the surplus/deficit, if any arising after taking the effect of above clauses shall be transferred to Capital Reserve / Amalgamation deficit account as the case may be, in the financial statements of the Transferee Company 1 and shall be presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

(vi) in case of any difference in accounting policy between the Transferor Companies and the Transferee Company 1, the accounting policies followed by the Transferee Company 1 will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies;

(vii) comparative financial information in the financial statements of the Transferee Company 1 shall be restated for the accounting impact of amalgamation of the Transferor Companies, as stated above, as if the amalgamation had occurred from the beginning of the comparative period. However, if business combination had occurred after that date, the prior period information shall be restated only from that date; and

(viii) any matter not dealt with in clauses hereinabove shall be dealt with in accordance with the requirement of applicable Indian Accounting Standards.

17.2 Accounting treatment in the books of the Transferor Company 1

As the Transferor Company 1 shall stand dissolved without being wound up, upon Part III of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Transferor Company 1.

17.3 Accounting treatment in the books of the Transferor Company 2

As the Transferor Company 2 shall stand dissolved without being wound up, upon Part III of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Transferor Company 2.

17.4 Accounting treatment in the books of the Transferor Company 3

As the Transferor Company 3 shall stand dissolved without being wound up, upon Part III of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Transferor Company 3.

17.5 Accounting treatment in the books of the Transferor Company 4

As the Transferor Company 4 shall stand dissolved without being wound up, upon Part III of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Transferor Company 4.

17.6 Accounting treatment in the books of the Transferor Company 5

As the Transferor Company 5 shall stand dissolved without being wound up, upon Part III of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Transferor Company 5.

18. DISSOLUTION OF THE TRANSFEROR COMPANIES

18.1 Upon Part III of the Scheme becoming effective, the Transferor Companies shall stand dissolved without being wound up, without any further act, instrument or deed and the respective Boards and any committees thereof of the Transferor Companies shall without any further act, instrument or deed be and stand discharged. Upon Part III of the Scheme becoming effective, the shares of the Transferor Companies shall (whether in electronic form and/or in the physical form) stand cancelled, and the name of the Transferor Companies shall be struck off from the RoC records.

19. COMBINATION OF AUTHORISED SHARE CAPITAL

19.1 Upon Part III of the Scheme becoming effective, the authorised share capital of the Transferor Companies shall stand transferred, merged and combined with the authorised share capital of the Transferee Company 1 pursuant to this Scheme without any further act, deed or instrument including payment of stamp duty and fees payable to the RoC to the extent already paid by the Transferor Companies. In terms of the provisions of Section 232(3)(i) of the Act, and other applicable provisions, if any, the aggregate fees paid by the Transferor Companies on the authorized capital shall be set-off against the fees payable by the Transferee Company 1 on the increase in the authorized share capital as mentioned in this Clause 19. In relation to the foregoing, if applicable, the Transferee Company 1 shall pay requisite fees on its authorised share capital enhanced by the amalgamation after having made adjustments, as permitted in terms of Sections 232(3)(i) read with Section 233(11) of the Act. The aggregate authorised share capital of the Transferee Company 1 shall automatically stand increased to that effect by filing the requisite forms with the RoC on such increased and combined authorised share capital.

19.2 Consequently, with effect from the Effective Date 1, the memorandum of association of the Transferee Company 1 shall without any act, instrument or deed be and stand altered, modified and amended pursuant to Section 13 and other applicable provisions of the Act as per Clause 5 of Part III of this Scheme, such that Clause V of the memorandum of association shall be replaced by the following:

"*The Authorised Share Capital of the Company is Rs. 7,97,24,70,000 (Rupees Seven Hundred Ninety Seven Crore Twenty Four Lakh Seventy Thousand) divided into:*

Equity Share Capital:

Rs 4,78,75,20,000 (Four Hundred Seventy Eight Crore Seventy Five Lakh Twenty Thousand) consisting of 47,87,52,000 (Forty Seven Crore Eighty Seven Lakh Fifty Two Thousand) equity shares of Rs. 10 (Rupees Ten) each and

Preference Share Capital:

Rs. 318,49,50,000 (Rupees Three Hundred Eighteen Crore Forty Nine Lakh Fifty Thousand) of preference share capital consisting of

a) 1,00,00,000 (One Crore) preference shares of Rs. 90 (Rupees Ninety) each aggregating to Rs. 90,00,00,000 (Rupees Ninety Crore) and

b) 22,84,95,000 (Twenty Two Crore Eighty Four Lakh Ninety Five Thousand) preference shares of Rs. 10 (Rupees Ten) each aggregating to Rs. 228,49,50,000 (Rupees Two Hundred Twenty Eight Crore Forty Nine Lakh Fifty Thousand).

The Shares shall have the rights, privileges and conditions attaching thereto as are provided by the terms of issue of such shares, regulations of the Company for the time being with power to increase and reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential, deferred, qualified, special rights, privileges or conditions as may be determined by or in accordance with the regulations of the Company and to vary, modify or abrogate any such rights, privileges or conditions in such manner as may for the time being be permitted by the regulations of the Company."

19.3 In the event the authorised capital of the Transferee Company 1 undergoes any change prior to the Effective Date 1, the capital clause of the memorandum of association of the Transferee Company 1, shall be modified accordingly to take into account the effect of any such change (including reclassification of any part of the share capital) without any further act, instrument or deed.

19.4 The approval of this Scheme by shareholders of the Transferee Company 1 under Sections 230 to 232 of the Act, shall be deemed to have been an approval under Section 13, 61 and 64 or any other applicable

provisions under the Act to the alteration of the memorandum of association of the Transferee Company 1 as may be required under the Act, and no further resolution(s) would be required to be separately passed in this regard.

20. CONDUCT OF BUSINESS

20.1 Unless otherwise agreed amongst inter alios the Parties in writing, during the period between the date of approval of the Scheme by the Boards of the Parties and the Effective Date 1:

20.1.1 the Transferor Companies and the Transferee Company 1 will carry on their respective business in the ordinary course and shall continue to operate, manage and expand and grow their respective business consistent with past practice in trust and good faith and in accordance with Applicable Law;

20.1.2 the Transferor Companies and the Transferee Company 1 shall be entitled, pending the sanction of this Scheme by the Tribunal, to apply to the Appropriate Authorities concerned, as necessary under Applicable Law, for transfer / issuance of Permits which the Transferee Company 1 may require to carry on the business of the Transferor Companies or to give effect to this Scheme.

PART IV

AMALGAMATION OF TRANSFEROR COMPANY 6 WITH TRANSFEREE COMPANY 2

21. TRANSFER AND VESTING

21.1 Upon Part IV of the Scheme becoming effective and with effect from the Appointed Date and subject to the provisions of this Scheme and pursuant to the sanction of this Scheme by the Tribunal or any other competent authority and pursuant to Sections 230 to 232 and other applicable provisions of the Act, the Transferor Company 6 shall (after Part II and Part III coming into effect) stand amalgamated with the Transferee Company 2 as a *going concern* and all their respective assets and liabilities of the Transferor Company 6 shall, without any further act, instrument or deed, stand transferred to and vested in or be deemed to have been transferred to and vested in the Transferee Company 2, so as to become on and from the Appointed Date, the assets and liabilities of the Transferee Company 2 by virtue of operation of law or otherwise, and in the manner provided in this Scheme.

22. TRANSFER AND VESTING OF ASSETS

22.1 Without prejudice to the generality of Clause 21 above, upon Part IV of the Scheme becoming effective and with effect from the Appointed Date:

22.1.1 In respect of the assets of the Transferor Company 6 that are movable in nature or are otherwise capable of being transferred by physical or constructive delivery and / or, by endorsement and delivery, or by vesting and recordal, including without limitation stock in trade and merchandise (including, raw materials, supplies, finished goods, supply, advertisement, promotional and packing material) wherever lying, equipment, furniture, fixtures, books, records, files, papers, computer programs, engineering and process information, manuals, data, production methodologies, production plans, catalogues, quotations, websites, sales and advertising material, marketing strategies, list of present and former customers, customer credit information, customer pricing information, and other records, whether in physical form or electronic form or in any other form, shall stand vested in the Transferee Company 2, and shall become the property and an integral part of the Transferee Company 2, by operation of law pursuant to the vesting order of the Tribunal sanctioning this Scheme, without any further act, instrument or deed undertaken by the Transferor Company 6 or the Transferee Company 2. The vesting pursuant to this sub-clause shall be deemed to have occurred by physical or constructive delivery or by endorsement and delivery, or by vesting and recordal, as appropriate to the

property being vested and the title to such property shall be deemed to have been transferred accordingly to the Transferee Company 2 subject to the provisions of this Scheme in relation to Encumbrances under Clause 24 hereof;

22.1.2 In respect of movable assets of the Transferor Company 6 other than those dealt with in Clause 22.1.1 above including but not limited to sundry debts, actionable claims, earnest monies, receivables, bills, credits, loans, advances and deposits with any Appropriate Authorities or any other bodies and/or customers or any other person, if any, whether recoverable in cash or in kind or for value to be received, bank balances, and, provisions, receivables, deposits (including interests thereto), benefits of any bank guarantee, performance guarantee and letters of credit etc.) with Appropriate Authority or any Person, investment in shares and any other securities, the same shall without any further act, instrument or deed become the assets of, and be vested in the Transferee Company 2 and shall also be deemed to have been transferred by way of delivery by possession of the respective documents in this regard, without any notice or other intimation to any person in pursuance of the provisions of Sections 230 to 232 read with other relevant provisions of the Act and other applicable provisions of Applicable Law to the end and intent that the right of the Transferor Company 6 to recover or realize the same becomes a right of, and stands vested in the Transferee Company 2, without any notice or other intimation to such debtors, depositors or persons as the case may be;

22.1.3 All assets (including any intangible and/or incorporeal assets), estate, rights, title, remedies, claims, rights of action, interest and authorities held by or granted to the Transferor Company 6, on the Appointed Date not otherwise specified in the above Clauses, shall also, without any further act, instrument or deed, become the property of, and stand vested in or be deemed to have so become, or be vested in, the Transferee Company 2 upon the coming into effect of Part IV of this Scheme pursuant to the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Laws;

22.1.4 All immovable property, whether or not included in the books of the Transferor Company 6, whether freehold or leasehold or licensed properties allotted, leased or licensed by various landlords, owners and lessors including Appropriate Authorities (including but not limited to capital works in progress, land, buildings, structures standing on the land, and any other rights, titles, interests, rights of way and easements in relation thereto or embedded to the land) and all documents of title, right, security deposits and easements in relation thereto shall become the property of the Transferee Company 2 and be vested in the Transferee Company 2 or be deemed to have been so, automatically without any act or deed to be done or executed by the Transferor Company 6 and/or the Transferee Company 2. Consequent to the foregoing, all lease or license or rent agreements executed by the Transferor Company 6, entered into by the Transferor Company 6 with various landlords, owners and lessors including the Appropriate Authorities in connection with the use of the assets of the Transferor Company 6, together with security deposits, shall stand automatically vested in favour of the Transferee Company 2 on the same terms and conditions, subject to Applicable Law, without any further act, instrument or deed. The Transferee Company 2 shall be entitled to exercise all rights and privileges attached to the aforesaid immovable properties and shall be liable to pay the rent, license fees, taxes and fulfil all obligations in relation to or applicable to such immovable properties and shall also be entitled to refund of security deposits paid under such agreements by the Transferor Company 6. Any transfer/ assignment of lease or license or any tenancy rights by the Transferor Company 6 in favour of the Transferee Company 2 pursuant to this Scheme shall continue for the balance period of time will be deemed to have continued without any interruption or break, and it shall not be considered to be a new lease or license or tenancy right. It is clarified that, with respect to the immovable properties of the Transferor Company 6 in the nature of land and buildings, the Transferee Company 2 may register the true copy of the Sanction Order with the offices of the relevant sub-registrar of assurances or similar registering authority having jurisdiction over the location of such immovable property or may execute and register, as required, such other documents as may be necessary in this regard. For the avoidance of doubt, it is clarified that

any document executed pursuant to this Clause 22.1.4 or Clause 22.1.5 below will be for the limited purpose of meeting regulatory requirements and shall not be deemed to be a document under which the conveyance of immovable property shall take place and the conveyance shall be undertaken solely pursuant to and in terms of this Scheme and the Sanction Order. All Permits, if any, required for enabling the Transferee Company 2 to absolutely own and enjoy the immovable properties in accordance with Applicable Law are deemed to be granted as part of this Scheme. The mutation or substitution of the title to the immovable properties shall, upon Part IV of the Scheme becoming effective, be made and duly recorded in the name of the Transferee Company 2 by the Appropriate Authorities pursuant to the sanction of this Scheme by the Tribunal and upon Part IV of the Scheme becoming effective in accordance with the terms hereof;

22.1.5 For the purpose of giving effect to the Sanction Order passed under Sections 230 to 232 of the Act in respect of this Scheme, the Transferee Company 2 shall be entitled to exercise all rights and privileges and shall be liable to fulfil all its obligations in relation to or applicable to all such immovable properties, including mutation and/or substitution of the ownership or the title to, or interest in the immovable properties which shall be made and duly recorded by the Appropriate Authorities in favour of the Transferee Company 2 pursuant to the Sanction Order and upon the effectiveness of Part IV of this Scheme in accordance with the terms hereof without any further act or deed to be done or executed by the Transferor Company 6 and/or the Transferee Company 2. It is clarified that the Transferee Company 2 shall be entitled to engage in such correspondence and make such representations, as may be necessary for the purposes of the aforesaid mutation and/or substitution. For the purposes of this Clause, the Boards of the Transferor Company 6 and/or the Transferee Company 2 may, in their absolute discretion, mutually decide the manner of giving effect to the vesting of the whole or part of the right, title and interest in all or any of the immovable properties along with any attendant formalities involved, including by way of execution of appropriate deed(s), including conveyance, assignment, transfer or rectification, in order to give effect to the objectives of the Scheme;

22.1.6 All bank / demat accounts operated or entitled to be operated by the Transferor Company 6 shall be deemed to have been transferred and shall stand transferred to the Transferee Company 2 and name of the Transferor Company 6 shall be substituted by the name of the Transferee Company 2 in the bank's records and the Transferee Company 2 shall be entitled to operate all bank / demat accounts, realise all monies and complete and enforce all pending contracts and transactions in the name of the Transferee Company 2 to the extent necessary until the transfer of the rights and obligations of the Transferor Company 6 to the Transferee Company 2 under the Scheme is formally accepted and completed by the parties concerned. For avoidance of doubt, it is hereby clarified that all cheques and other negotiable instruments, payment orders received or presented for encashment after the Effective Date 1, shall be accepted by the bankers of the Transferee Company 2 and credited to the account of the Transferee Company 2, if presented by the Transferee Company 2. Similarly, the banker of the Transferee Company 2 shall honour all cheques issued by the Transferor Company 6 for payment after the Effective Date 1;

22.1.7 Third party or Appropriate Authority shall take on record the Sanction Order on its file and duly record the necessary substitution or endorsement in the name of the Transferee Company 2 as successor in interest, pursuant to the sanction of this Scheme by the Tribunal, without any further act, matter or deed by the Transferor Company 6 or the Transferee Company 2. There shall be no break in the validity and enforceability of the Permits for the purpose of carrying on its business or for any other purpose of whatsoever nature;

22.1.8 All Intellectual Property and rights thereto of the Transferor Company 6, whether registered or unregistered, along with all rights of commercial nature including attached goodwill, title, interest, quality certifications and approvals, service marks, copy rights, moral rights and related rights, patents, project designs, marketing authorization, approvals, marketing

intangibles, permits, permissions, incentives, privileges, special status, geographical indicators, designs, research and studies and all such other industrial or intellectual rights of whatsoever nature, license for software and any other software licenses (whether proprietary or otherwise), research and studies, and other benefits, drawings, manuals, data, catalogues, quotations, marketing authorisations, marketing intangibles, credit information, sales and advertising materials, lists of present and former customers, customer pricing information whether in physical or electronic form; and all other interests relating to the goods or services being dealt with by the Transferor Company 6, shall become the property of and/or stand vested in, the Transferee Company 2;

22.1.9 All books, records, files, papers, engineering and process information, computer programs, test reports, product registrations, dossiers, manuals, data, catalogues, quotations, sales and advertising materials, list of present and former customers and suppliers, databases containing market information, vouchers, registers, ledgers, documents and other books and records, any media or format including machine readable or electronic media/ format and other records of the Transferor Company 6 shall be transferred to the Transferee Company 2;

22.1.10 All rights to use and avail telephones, telexes, facsimile, email, internet, leased line connections and installations, utilities, electricity and other services, reserves, provisions, funds, benefits of assets or properties or other interests held in trusts, registrations, contracts, engagements, arrangements of all kind, privileges and all other rights, easements, liberties and advantages of whatsoever nature and wheresoever situated belonging to or in the ownership, power or possession and in control of or vested in or granted in favour of or enjoyed by the Transferor Company 6 and all other interests of whatsoever nature belonging to or in the ownership, power, possession or control of or vested in or granted in favour of or held for the benefit of or enjoyed by the Transferor Company 6 shall become the property of and/or stand vested in, the Transferee Company 2;

22.1.11 The past track record of the Transferor Company 6 including without limitation, the technical qualifications, right to use the accreditations/pre-qualifications, credentials, work experience, track record with customers or other parties, contracts with clients and with vendors of the Transferor Company 6 (acquired by reason of their respective operations in the past), including without limitation, the profitability, experience, credentials, past record, goodwill and market share, of the Transferor Company 6 shall for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Transferee Company 2 in all existing and future bids, tenders, and contracts of all authorities, agencies and clients, be deemed to be the track record of the Transferee Company 2 for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Transferor Company 6 in all existing and future bids and tenders, and contracts of all authorities, agencies and clients.

23. TRANSFER OF LIABILITIES

23.1 Upon Part IV of the Scheme becoming effective and with effect from the Appointed Date, all the Liabilities of the Transferor Company 6, shall without any further act, instrument or deed be and stand transferred to the Transferor Company 6 to the extent that they are outstanding as on the Effective Date 1, so as to become the Liabilities of the Transferee Company 2, along with any Encumbrance relating thereto, on the same terms and conditions as were applicable to the Transferor Company 6. The Transferee Company 2 undertakes to meet, discharge and satisfy the same to the exclusion of the Transferor Company 6.

23.2 The provisions of this Clause and that of Clause 24 below shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security documents, all of which instruments, deeds or writings shall be deemed to have been modified and/or superseded by the foregoing provisions.

23.3 It is expressly provided that, save as mentioned in this Scheme, no other term or condition of the Liabilities of the Transferor Company 6 transferred to the Transferee Company 2 as part of the Scheme is modified by virtue of this Scheme except to the extent that such amendment is required statutorily or by necessary implication.

24. ENCUMBRANCES

24.1 The vesting of the assets comprised in the Transferor Company 6 to and in the Transferee Company 2 upon the coming into effect of the Part IV of Scheme shall be subject to the Encumbrances, if any, affecting the same as hereinafter provided.

24.2 In so far as the existing Encumbrances in respect of the Liabilities of the Transferor Company 6 are concerned, such Encumbrances shall, without any further act, instrument or deed be modified and shall be extended to and shall operate only over the assets of the Transferor Company 6 to which such Liability relate, which have already been Encumbered in respect of the Liabilities of the Transferor Company 6 as transferred to the Transferee Company 2 pursuant to this Scheme, and such Encumbrances shall not relate to or attach to any of the other assets of the Transferee Company 2. Provided that if any of the assets of the Transferor Company 6 being transferred to the Transferee Company 2 pursuant to this Scheme have not been Encumbered in respect of the Liabilities of the Transferor Company 6, such assets shall remain unencumbered, and the existing Encumbrances referred to above shall not be extended to and shall not operate over such assets. The Scheme shall not operate to enlarge the Encumbrances, nor shall the Transferee Companies be obliged to create any further or additional security after the Scheme has become effective or otherwise. The absence of any formal amendment which may be required by a lender, trustee or third party shall not affect the operation of the above.

24.3 In so far as the existing Encumbrances over the assets and other properties of the Transferee Company 2 or any part thereof which relate to the Liabilities and obligations of the Transferee Company 2 prior to the Effective Date are concerned, such Encumbrance shall, without any further act, instrument or deed continue to relate to only such assets and properties and shall not extend or attach to any of the assets and properties of the Transferor Company 6 vested in the Transferee Company 2 by virtue of the Scheme.

24.4 Any reference to the Transferor Company 6 and its assets and properties in any security documents or arrangements (to which the Transferor Company 6 is a party), shall be construed as a reference to the Transferee Company 2 and the relevant assets and properties of the Transferor Company 6 vested in the Transferee Company 2 by virtue of the Scheme. Without prejudice to the provisions of the foregoing Clauses and upon coming into effect of Part IV of the Scheme, the Transferee Company 2 may enter into and execute such other deeds, instruments, documents and/or writings and/or do all acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the RoC to give formal effect to the provisions of this Clause and foregoing Clauses, if required.

25. EMPLOYEES

25.1 Upon Part IV of the Scheme becoming effective, all the staff and employees of the Transferor Company 6 who are in such employment as on the Effective Date 1 shall become, and be deemed to have become, the staff and employees of the Transferee Company 2, without any break or interruption in their services on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation, with the benefit of continuity of service. It is clarified that such employees of the Transferor Company 6 who become employees of the Transferee Company 2 by virtue of this Scheme, shall be governed by the terms of employment of the Transferee Company 2 (including in connection with provident fund, gratuity fund, superannuation fund or any other special fund or obligation), provided that such terms of employment of the Transferee Company 2 are overall no less favourable than those that were applicable to such employees immediately before such amalgamation. The Transferee Company 2 further agrees that for the purpose of payment of any

retirement benefit/compensation, such immediate uninterrupted past services with the Transferor Company 6, shall also be taken into account. With regard to provident fund, gratuity, superannuation, leave encashment and any other special scheme or benefits created or existing for the benefit of such employees of the Transferor Company 6, the Transferee Company 2 shall stand substituted for the Transferor Company 6 for all purposes whatsoever, upon Part IV of this Scheme becoming effective, including with regard to the obligation to make contributions to relevant authorities, such as the regional provident fund commissioner or to such other funds maintained by the Transferor Company 6, in accordance with the provisions of Applicable Laws or otherwise. It is hereby clarified that upon Part IV of this Scheme becoming effective, the aforesaid benefits or schemes shall continue to be provided to the transferred employees and the services of all the transferred employees of the Transferor Company 6 for such purpose shall be treated as having been continuous. In addition, upon Part IV of this Scheme coming into effect on the Effective Date 1 and with effect from the Appointed Date, any prosecution or disciplinary action initiated, pending or contemplated against and any penalty imposed in this regard on any employee forming part of the Transferor Company 6 shall be continued/ continue to operate against the relevant employee and the Transferee Company 2 shall be entitled to take any relevant action or sanction, without any further act, instrument or deed undertaken by the Transferor Company 6 or the Transferee Company 2.

25.2 With regard to any provident fund, gratuity fund, pension, superannuation fund or other special fund created or existing for the benefit of such employees of the Transferor Company 6, it is the aim and intent of the Scheme that all the rights, duties, powers and obligations of the Transferor Company 6 in relation to such schemes or funds shall become those of the Transferee Company 2. Upon Part IV of the Scheme becoming effective: (a) all contributions made to such funds by the Transferor Company 6 on behalf of such employees shall be deemed to have been made on behalf of the Transferee Company 2, and shall be transferred to the Transferee Company 2, the relevant authorities or the funds (if any) established by the Transferee Company 2, as the case may be; and (b) all contributions made by such employees, including interests/investments (which are referable and allocable to the employees transferred), shall be transferred to the Transferee Company 2, the relevant authorities or the funds (if any) established by the Transferee Company 2, as the case may be. Upon Part IV of the Scheme becoming effective, the Transferee Company 2 shall stand substituted for the Transferor Company 6 for all purposes whatsoever relating to the obligation to make contributions to the said funds in accordance with the provisions of such schemes or funds in the respective trust deeds or other documents, by operation of law pursuant to the Sanction Order, without any further act, instrument or deed undertaken by the Transferor Company 6 or the Transferee Company 2. It is clarified that the services of all employees of the Transferor Company 6 transferred to the Transferee Company 2 will be treated as having been continuous and uninterrupted for the purpose of the aforesaid schemes or funds. Without prejudice to the aforesaid, the Board of the Transferee Company 2, if it deems fit and subject to Applicable Laws, shall be entitled to: (a) retain separate trusts or funds within the Transferor Company 6 for the erstwhile fund(s) of the Transferor Company 6; or (b) merge the pre-existing fund of the Transferor Company 6 with other similar funds of the Transferee Company 2.

25.3 The Transferee Company 2 agrees that for the purpose of payment of any retrenchment compensation, gratuity and other terminal benefits, the past services of the employees with the Transferor Company 6, if any, as the case may be, shall also be taken into account, and agrees and undertakes to pay the same as and when payable.

26. LEGAL PROCEEDINGS

26.1 If any suit, cause of actions, appeal or other legal, quasi-judicial, arbitral or other administrative proceedings, including Tax assessment proceedings/appeals, of whatever nature (hereinafter called the "**Proceedings of the Transferor Company 6**") by or against the Transferor Company 6 are pending and/or arising on the Effective Date 1 and relate to the Transferor Company 6, the same shall not abate, be discontinued or be in any way prejudicially affected by reason of the amalgamation or of anything contained in this Scheme, but the Proceedings of the Transferor Company 6 may be continued, prosecuted and enforced by or against the Transferee Company 2 in the same manner and to the same

extent as it would or might have been continued, prosecuted and enforced by or against the Transferor Company 6 as if this Scheme had not been made. On and from the Effective Date 1, the Transferee Company 2 may initiate any legal proceeding for and on behalf of the Transferor Company 6. The Transferee Company 2 undertakes to have all legal or other proceedings initiated by or against the Transferor Company 6, which are capable of being continued by or against the Transferee Company 2, transferred to its name as soon as is reasonably possible after the Effective Date 1 and to have the same continued, prosecuted and enforced by or against the Transferee Company 2.

27. CONTRACTS

27.1 Upon Part IV of the Scheme becoming effective and subject to the other provisions of this Scheme, without any further act or deed and subject to the provisions of this Scheme, all contracts, deeds, bonds, agreements, memoranda of understandings, memoranda of agreements, bids, letters of intent, undertakings, engagements, arrangements, service contracts, consultant contracts, contracts with vendors and suppliers), technology contracts, outsourcing agreements, assignment agreements, license agreements (including for Intellectual Property), deeds, bonds, policies, information technology related agreements, schemes, lease/license agreements, tenancy rights, agreements/panchnamas for right of way, equipment purchase agreements, agreement with customers, purchase and other agreements with the supplier/manufacturer of goods/service providers, other arrangements, insurance covers and claims, clearances, tenders including contracts / arrangements with government, expression of interest, service orders, purchase orders (either with or without a general purchase agreement), non-disclosure undertakings, and other commitments, whether written or otherwise, and other instruments of whatsoever nature and description, whether written, oral or otherwise and all rights, title, interests, claims and benefits thereunder, and other instruments to which the Transferor Company 6 are a party or to the benefit of which the Transferor Company 6 may be eligible, or under which the Transferor Company 6 have any obligations to discharge and which are subsisting or having effect on the Effective Date 1 shall, without any further act, instrument or deed, continue in full force and effect in favour of or against the Transferee Companies and may be enforced as fully and effectually as if, instead of the Transferor Company 6, the Transferee Company 2 had been a party or beneficiary or obligee or obligor thereto or thereunder. If the Transferee Companies enter into and/or issue and/or execute deeds, writings or confirmations or enter into any tripartite agreements, confirmations or novations, the Transferor Company 6 will, if necessary, also be party to such documents in order to give formal effect to the provisions of this Scheme, if so required. In relation to the same, any procedural requirements required to be fulfilled solely by the Transferor Company 6 (and not by any of its successors), shall be fulfilled by the Transferee Company 2 as if it is duly constituted attorney of the Transferor Company 6.

27.2 On and from the Effective Date 1, and thereafter, the Transferee Company 2 shall be entitled to complete and enforce all pending contracts and transactions and to accept stock returns and issue credit notes in respect of the Transferor Company 6, until the transfer of rights and obligations of the Transferor Company 6 to the Transferee Company 2 under this Scheme has been given effect to under such contracts and transactions.

27.3 With effect from the Effective Date 1, any liabilities, loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form), if any, due or which may at any time in future become due between the Transferor Company 6 and Transferee Company 2 shall, ipso facto, stand discharged and come to an end and there shall be no liability in that behalf on any party and the appropriate effect shall be given in the books of accounts and records of the Transferee Company 2.

27.4 All inter se contracts solely between the Transferor Company 6 and the Transferee Company 2 shall stand cancelled and cease to operate and appropriate effect shall be given in the books of accounts and records of the Transferee Company 2.

28. PERMITS

28.1 Upon Part IV of the Scheme becoming effective and with effect from the Appointed Date, all the Permits held or availed of by, and all rights and benefits that have accrued to, the Transferor Company 6 shall be transferred to and vested in the Transferee Company 2 or deemed to have transferred to and vested in the Transferee Company 2, without any further act, instrument or deed and shall be appropriately mutated or endorsed by the Appropriate Authorities concerned therewith in favour of the Transferee Company 2 as if the same were originally given by or issued to or executed in favour of the Transferee Company 2 and the Transferee Company 2 shall be bound by the terms, obligations and duties thereunder and the rights and benefits under the same shall be available to the Transferee Company 2 to carry on the operations of the Transferor Company 6 without any hindrance, whatsoever. It is hereby clarified that if the consent of any Person or Appropriate Authority is required to give effect to the provisions of this Clause, the said Person or Appropriate Authority shall make and duly record the necessary substitution/ endorsement in the name of the Transferee Company 2 pursuant to the sanction of this Scheme by the Tribunal, and upon Part IV of the Scheme becoming effective in accordance with the terms hereof. For this purpose, the Transferee Company 2 shall, if required, file appropriate applications/ documents with relevant authorities concerned for information and record purposes. The Transferee Company 2 shall be permitted to continue with the existing Permits of the Transferor Company 6 till the aforementioned consent of any Person or Appropriate Authority is received / new Permit is received by the Amalgamated Company to give effect to the provisions of this Clause.

28.2 From the Effective Date and until the Permits are transferred, vested, recorded, effected, and/or perfected, in the record of the Appropriate Authority, in favour of the Transferee Company 2, for the purposes of the relevant Permit, the Transferee Company 2 is authorized to carry on business in the name and style of the Transferor Company 6 and use the Permits of the Transferor Company 6.

29. SAVING OF CONCLUDED TRANSACTIONS

29.1 Subject to the terms of the Scheme, the amalgamation of the Transferor Company 6 with the Transferee Company 2 under Clauses 21 to 28 above shall not affect any transaction or proceedings already concluded by the Transferor Company 6 until the Effective Date 1, to the end and intent that the Transferee Company 2 accepts and adopts all acts, deeds and things done and executed by the Transferor Company 6 in respect thereto as acts, deeds and things made, done and executed by or on behalf of the Transferee Company 2.

30. TAXATION MATTERS

Part IV of this Scheme has been drawn up to comply with the conditions as specified under Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. If any of the terms or provisions of the Scheme are found or interpreted to be inconsistent with the provisions of the said Section at a later date including resulting from a retrospective amendment of law or for any other reason whatsoever, till the time the Scheme becomes effective, the provisions of the said section of the Income Tax Act shall prevail and the Scheme shall stand modified to the extent determined necessary to comply with Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. Upon the effectiveness of Part IV of the Scheme, by operation of law pursuant to the order of the Tribunal:

30.1 With effect from the Appointed Date and upon the Part IV of Scheme becoming effective, all direct taxes and indirect taxes, duties, cess receivable/payable by the Transferor Company 6, including all or any refunds/credit (including export and tax credits) /claims/tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation) relating thereto shall be treated as the asset/liability or refunds/credit/claims/tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation), as the case may be, of the Transferee Company 2. It is also clarified that the Transferee Company 2 shall have the right to claim refunds, tax credits, set-offs and/or adjustments relating to the income or transactions it has entered into, by virtue of this Scheme with effect from the Appointed Date.

30.2 Direct taxes of whatsoever nature including advance tax, self-assessment tax, regular assessment taxes,

tax deducted at source, tax collected at source, foreign taxes, buyback distribution tax, minimum alternative tax, if any, paid by the Transferor Company 6 shall be treated as paid by the Transferee Company 2 and it shall be entitled to claim the credit, refund, adjustment for the same as may be applicable.

30.3 If the Transferor Company 6 are entitled to any benefits under incentive schemes and policies under Tax Laws, all such benefits under all such incentive schemes and policies shall be and stand vested in the Transferee Company 2 with effect from the Appointed Date to the extent the benefits / incentives/ schemes are linked to direct tax laws and with effect from Effective Date 1 to the extent the benefits / incentives/ schemes are linked to Indirect Tax Laws.

30.4 The Transferee Company 2 is expressly permitted to revise, withdraw and file its income tax returns and other statutory returns, along with the necessary forms, filings and annexures even beyond the due date, if required, including tax deducted / collected at source returns, goods and service tax returns, as may be applicable and shall be entitled to claim credit for advance tax paid and exclude items such as provisions, reversals, etc., for which no deduction or tax benefit has been claimed by the Transferee Company 2 prior to the Appointed Date and has expressly reserved the right to make such provision in its returns and to claim refunds, advance tax credits, credit of tax deducted at source, credit of foreign taxes paid/withheld, etc. if any, as may be required for the purposes of/consequent to implementation of the Scheme.

30.5 On and from the Effective Date 1, it is hereby clarified that in case of any refunds, benefits, incentives, grants, subsidies, etc. including under applicable Tax Laws, the Transferee Company 2, if so required, shall issue notice in the name of the Transferor Company 6, in such form as it may deem fit and proper stating that pursuant to the Tribunal having sanctioned this Scheme under Sections 230 to 232 of the Act, the relevant refund, benefit, incentive, grant, subsidies, be paid or made good or held on account of the Transferee Company 2, as the person entitled thereto, to the end and intent that the right of the Transferor Company 6, to recover or realise the same, stands transferred to the Transferee Company 2.

30.6 From the Effective Date 1, all the invoicing and compliance would be done by the Transferee Company 2 post obtaining all requisite GST registrations, wherever so required. To the extent such set of registrations are not effective as on the Effective Date 1, for such intervening period, the Transferee Company 2 would undertake the invoicing and compliance using the GST registrations of the Transferor Company 6, as the case may be, to ensure compliance with law and timely discharge of GST liability.

30.7 Upon Part IV of the Scheme becoming effective, obligation for deduction of tax at source on any payment made by or to be made by the Transferor Company 6 pertaining to the period on or after the Appointed Date, under direct tax laws or other Applicable Laws dealing with taxes duly complied by the Transferor Company 6 shall be made or deemed to have been made and duly complied with by the Transferee Company 2.

30.8 In so far as various incentives, subsidies, exemptions, remissions, reductions, export benefits, any other incentives eligible from state government or central government, all indirect tax related benefits, transport marketing assistance, GST benefits, service tax benefits, all indirect tax related assets / credits, including but not limited to GST input credits, service tax input credits, value added/ sales tax/ entry tax credits or set-off, income tax holiday/ benefit/ losses (including book losses) / minimum alternative tax, unabsorbed depreciation (including book unabsorbed depreciation) and other benefits or exemptions or privileges enjoyed, granted by any Appropriate Authority or by any other person, or availed of by the Transferor Company 6 and any interest thereon, with regard to any law, act or rule or scheme made by, the Appropriate Authority shall, under the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law, without any further act, instrument or deed, vest with and be available to the Transferee Company 2 on the same terms and conditions as if the same had been allotted and/ or granted and/ or sanctioned and/ or allowed to the Transferor Company 6 to the end and intent that the right of the Transferor Company 6 to recover or realize the same, stands transferred to the Transferee Company 2 and that appropriate entries should be passed in their respective

books to record the aforesaid changes.

30.9 The Transferee Company 2 shall be eligible to claim a deduction otherwise admissible but not claimed by the Transferor Company 6, including for expenditure admissible on actual payment basis or on deduction/collection of appropriate taxes (such as section 43B, section 40, section 40A etc. of the Income Tax Act), upon fulfillment of conditions, if any, required under the Income Tax Act.

31. VALIDITY OF EXISTING RESOLUTIONS, ETC.

31.1 Upon Part IV of the Scheme becoming effective, the resolutions/ power of attorneys passed / executed by the Transferor Company 6, as are considered necessary by the Board of the Transferee Company 2 and that are valid and subsisting on the Effective Date 1, shall continue to be valid and subsisting and be considered as resolutions and power of attorney passed/ executed by the Transferee Company 2 and if any such resolutions have any monetary limits approved under the provisions of the Act or any other applicable statutory provisions, then such limits as are considered necessary by the Board of the Transferee Company 2 shall be added to the limits, if any, under like resolutions passed by the Transferee Company 2 and shall constitute the new aggregate limits for each of the subject matters covered under such resolutions/power of attorneys for the purpose of the Transferee Company 2.

32. CONSIDERATION

32.1 Since the Transferor Company 6 is a wholly owned subsidiary of the Transferee Company 2, and the Transferee Company 2, being the holding company, cannot issue or allot any shares to itself, no shares whatsoever shall be issued by the Transferee Company 2 in consideration of the amalgamation. Accordingly, all such shares of the Transferor Company 6 held by the Transferee Company 2 along with its nominees and the investment of the Transferee Company 2 in such shares as appearing in the books of the Transferee Company 2 shall stand cancelled upon Part IV of the Scheme becoming effective without issue or allotment of new shares in lieu of shares of the Transferor Company 6.

33. ACCOUNTING TREATMENT

33.1 Accounting treatment in the books of the Transferee Company 2

33.1.1 Upon Part IV of this Scheme coming into effect, the Transferee Company 2 shall account for the amalgamation of the Transferor Company 6, together, in its books of accounts as per the 'Pooling of Interest Method' in accordance with accounting principles as laid down in Appendix C the Indian Accounting Standard 103 (Business Combinations), notified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as may be amended from time to time, in the books of accounts of the Transferee Company 2 such that:

(i) the Transferee Company 2 shall record the assets, liabilities and reserves, if any, of the Transferor Company 6 vested in it pursuant to this Scheme, at the carrying values as appearing in the consolidated financial statements of the Transferee Company 2;

(ii) the identity of the reserves of the Transferor Company 6 shall be preserved and the Transferee Company 2 shall record the reserves of the Transferor Company 6 in the same form and at the carrying amount as appearing in the consolidated financial statements of the Transferee Company 2 (subject to clauses mentioned below);

(iii) the inter-company balances between the Transferor Company 6 and the Transferee Company 2, if any, appearing in the books of the Transferee Company 1 and / or the Transferor Company 6 shall stand cancelled with no further obligation in that behalf;

(iv) the value of all the investments held by the Transferee Company 2 in the Transferor Company 6 shall stand cancelled;

(v) the surplus/deficit, if any arising after taking the effect of above clauses shall be transferred to Capital Reserve/ Amalgamation adjustment deficit account as the case may be, in the financial statements of the Transferee Company 2 and shall be presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

(vi) in case of any difference in accounting policy between the Transferor Company 6 and the Transferee Company 2, the accounting policies followed by the Transferee Company 2 will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies;

(vii) comparative financial information in the financial statements of the Transferee Company 2 shall be restated for the accounting impact of amalgamation of the Transferor Company 6, as stated above, as if the amalgamation had occurred from the beginning of the comparative period. However, if business combination had occurred after that date, the prior period information shall be restated only from that date; and

(viii) any matter not dealt with in clauses hereinabove shall be dealt with in accordance with the requirement of applicable Indian Accounting Standards.

33.2 Accounting treatment in the books of the Transferor Company 6

As the Transferor Company 6 shall stand dissolved without being wound up, upon Part IV of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Transferor Company 6.

34. DISSOLUTION OF THE TRANSFEROR COMPANY 6

34.1 Upon Part IV of the Scheme becoming effective, the Transferor Company 6 shall stand dissolved without being wound up, without any further act, instrument or deed and the respective Boards and any committees thereof of the Transferor Company 6 shall without any further act, instrument or deed be and stand discharged. Upon Part IV of the Scheme becoming effective, the shares of the Transferor Company 6 shall (whether in electronic form and/or in the physical form) stand cancelled, and the name of the Transferor Company 6 shall be struck off from the RoC records.

35. COMBINATION OF AUTHORISED SHARE CAPITAL

35.1 Upon Part IV of the Scheme becoming effective the authorised share capital of the Transferor Company 6 shall stand transferred, merged and combined with the authorised share capital of the Transferee Company 2 pursuant to this Scheme without any further act, deed or instrument including payment of stamp duty and fees payable to the RoC to the extent already paid by the Transferor Company 6. In terms of the provisions of Section 232(3)(i) of the Act, and other applicable provisions, if any, the aggregate fees paid by the Transferor Company 6 on the authorized capital shall be set-off against the fees payable by the Transferee Company 2 on the increase in the authorized share capital as mentioned in this Clause 35. In relation to the foregoing, if applicable, the Transferee Company 2 shall pay requisite fees on its authorised share capital enhanced by the amalgamation after having made adjustments, as permitted in terms of Sections 232(3)(i) read with Section 233(11) of the Act. The aggregate authorised share capital of the Transferee Company 2 shall automatically stand increased to that effect by filing the requisite forms with the RoC on such increased and combined authorised share capital.

35.2 Consequently, with effect from the Effective Date 1, the memorandum of association of the Transferee Company 2 shall without any act, instrument or deed be and stand altered, modified and amended

pursuant to Section 13 and other applicable provisions of the Act as per Clause 21 of Part IV of this Scheme, such that Clause V of the memorandum of association shall be replaced by the following:

"*The Authorised Share Capital of the Company is Rs. 4,20,00,000 (Rupees Four Crore Twenty Lakh) consisting of 42,00,000 (Forty Two Lakh) equity shares of Rs. 10 (Rupees Ten) each.*"

35.3 In the event the authorised capital of the Transferee Company 2 undergoes any change prior to the Effective Date 1, the capital clause of the memorandum of association of the Transferee Company 2, shall be modified accordingly to take into account the effect of any such change (including reclassification of any part of the share capital) without any further act, instrument or deed.

35.4 The approval of this Scheme by shareholders of the Transferee Company 2 under Sections 230 to 232 of the Act, shall be deemed to have been an approval under Section 13, 61 and 64 or any other applicable provisions under the Act to the alteration of the memorandum of association of the Transferee Company 2 as may be required under the Act, and no further resolution(s) would be required to be separately passed in this regard.

36. CONDUCT OF BUSINESS

36.1 Unless otherwise agreed amongst inter alios the Parties in writing, during the period between the date of approval of the Scheme by the Boards of the Parties and the Effective Date 1:

36.1.1 the Transferor Company 6 and the Transferee Company 2 will carry on their respective business in the ordinary course and shall continue to operate, manage and expand and grow their respective business consistent with past practice in trust and good faith and in accordance with Applicable Law;

36.1.2 the Transferor Company 6 and the Transferee Company 2 shall be entitled, pending the sanction of this Scheme by the Tribunal, to apply to the Appropriate Authorities concerned, as necessary under Applicable Law, for transfer / issuance of Permits which the Transferee Company 2 may require to carry on the business of the Transferor Company 6 or to give effect to this Scheme.

PART V

AMALGAMATION OF THE TRANSFEROR COMPANY 7 WITH THE TRANSFEREE COMPANY 1

37. TRANSFER AND VESTING

Upon Part V of the Scheme becoming effective and with effect from the Appointed Date and subject to the provisions of this Scheme and pursuant to the sanction of this Scheme by the Tribunal or any other competent authority and pursuant to Sections 230 to 232 and other applicable provisions of the Act, the Transferor Company 7 shall (after Part II, Part III and Part IV of the Scheme have come into effect) stand amalgamated with the Transferee Company 1 as a *going concern* and all their respective assets and liabilities of the Transferor Company 7, without any further act, instrument or deed, stand transferred to and vested in or be deemed to have been transferred to and vested in the Transferee Company 1, so as to become on and from the Appointed Date, the assets and liabilities of the Transferee Company 1 by virtue of operation of law or otherwise, and in the manner provided in this Scheme.

38. TRANSFER AND VESTING OF ASSETS

38.1 Without prejudice to the generality of Clause 37 above, upon Part V of the Scheme becoming effective and with effect from the Appointed Date:

38.1.1 In respect of the assets of the Transferor Company 7 that are movable in nature or are otherwise capable of being transferred by physical or constructive delivery and / or, by endorsement and delivery, or by vesting and recordal, including without limitation stock in trade and merchandise (including, raw materials, supplies, finished goods, supply, advertisement, promotional and packing material) wherever lying, equipment, furniture, fixtures, books, records, files, papers, computer programs, engineering and process information, manuals, data, production methodologies, production plans, catalogues, quotations, websites, sales and advertising material, marketing strategies, list of present and former customers, customer credit information, customer pricing information, and other records, whether in physical form or electronic form or in any other form, shall stand vested in the Transferee Company 1, and shall become the property and an integral part of the Transferee Company 1, by operation of law pursuant to the vesting order of the Tribunal sanctioning this Scheme, without any further act, instrument or deed undertaken by the Transferee Company 1 or Transferor Company 7. The vesting pursuant to this sub-clause shall be deemed to have occurred by physical or constructive delivery or by endorsement and delivery, or by vesting and recordal, as appropriate to the property being vested and the title to such property shall be deemed to have been transferred accordingly to the Transferee Company 1 subject to the provisions of this Scheme in relation to Encumbrances under Clause 38 hereof;

38.1.2 In respect of movable assets of the Transferor Company 7 other than those dealt with in Clause 38.1.1 above including but not limited to sundry debts, actionable claims, earnest monies, receivables, bills, credits, loans, advances and deposits with any Appropriate Authorities or any other bodies and/or customers or any other person, if any, whether recoverable in cash or in kind or for value to be received, bank balances, and, provisions, receivables, deposits (including interests thereto), benefits of any bank guarantee, performance guarantee and letters of credit etc.) with Appropriate Authority or any Person, investment in shares and any other securities, the same shall without any further act, instrument or deed become the assets of, and be vested in the Transferee Company 1 and shall also be deemed to have been transferred by way of delivery by possession of the respective documents in this regard, without any notice or other intimation to any person in pursuance of the provisions of Sections 230 to 232 read with other relevant provisions of the Act and other applicable provisions of Applicable Law to the end and intent that the right of the Transferor Company 7 to recover or realize the same becomes a right of, and stands vested in the Transferee Company 1, without any notice or other intimation to such debtors, depositors or persons as the case may be;

38.1.3 All assets (including any intangible and/or incorporeal assets), estate, rights, title, remedies, claims, rights of action, interest and authorities held by or granted to the Transferor Company 7, on the Appointed Date not otherwise specified in the above Clauses, shall also, without any further act, instrument or deed, become the property of, and stand vested in or be deemed to have so become, or be vested in, the Transferee Company 1 upon the coming into effect of Part V of this Scheme pursuant to the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Laws;

38.1.4 All immovable property, whether or not included in the books of the Transferor Company 7, whether freehold or leasehold or licensed properties allotted, leased or licensed by various landlords, owners and lessors including Appropriate Authorities (including but not limited to capital works in progress, land, buildings, structures standing on the land, and any other rights, titles, interests, rights of way and easements in relation thereto or embedded to the land) and all documents of title, right, security deposits and easements in relation thereto shall become the property of the Transferee Company 1 and be vested in the Transferee Company 1 or be deemed to have been so, automatically without any act or deed to be done or executed by the Transferor Company 7 and/or the Transferee Company 1. Consequent to the foregoing, all lease or license or rent agreements executed by the Transferor Company 7, entered into by the Transferor Company 7 with various landlords, owners and lessors including the Appropriate Authorities in connection with the use of the assets of the Transferor Company 7, together with security

deposits, shall stand automatically vested in favour of the Transferee Company 1 on the same terms and conditions, subject to Applicable Law, without any further act, instrument or deed. The Transferee Company 1 shall be entitled to exercise all rights and privileges attached to the aforesaid immovable properties and shall be liable to pay the rent, license fees, taxes and fulfil all obligations in relation to or applicable to such immovable properties and shall also be entitled to refund of security deposits paid under such agreements by the Transferor Company 7. Any transfer/ assignment of lease or license or any tenancy rights by the Transferor Company 7 in favour of the Transferee Company 1 pursuant to this Scheme shall continue for the balance period of time will be deemed to have continued without any interruption or break, and it shall not be considered to be a new lease or license or tenancy right. It is clarified that, with respect to the immovable properties of the Transferor Company 7 in the nature of land and buildings, the Transferee Company 1 may register the true copy of the Sanction Order with the offices of the relevant sub-registrar of assurances or similar registering authority having jurisdiction over the location of such immovable property or may execute and register, as required, such other documents as may be necessary in this regard. For the avoidance of doubt, it is clarified that any document executed pursuant to this Clause 38.1.4 or Clause 38.1.5 below will be for the limited purpose of meeting regulatory requirements and shall not be deemed to be a document under which the conveyance of immovable property shall take place and the conveyance shall be undertaken solely pursuant to and in terms of this Scheme and the Sanction Order. All Permits, if any, required for enabling the Transferee Company 1 to absolutely own and enjoy the immovable properties in accordance with Applicable Law are deemed to be granted as part of this Scheme. The mutation or substitution of the title to the immovable properties shall, upon Part V of the Scheme becoming effective, be made and duly recorded in the name of the Transferee Company 1 by the Appropriate Authorities pursuant to the sanction of this Scheme by the Tribunal and upon Part V of the Scheme becoming effective in accordance with the terms hereof;

38.1.5 For the purpose of giving effect to the Sanction Order passed under Sections 230 to 232 of the Act in respect of this Scheme, the Transferee Company 1 shall be entitled to exercise all rights and privileges and shall be liable to fulfil all its obligations in relation to or applicable to all such immovable properties, including mutation and/or substitution of the ownership or the title to, or interest in the immovable properties which shall be made and duly recorded by the Appropriate Authorities in favour of the Transferee Company 1 pursuant to the Sanction Order and upon the effectiveness of Part V of this Scheme in accordance with the terms hereof without any further act or deed to be done or executed by the Transferor Company 7 and/or the Transferee Company 1. It is clarified that the Transferee Company 1 shall be entitled to engage in such correspondence and make such representations, as may be necessary for the purposes of the aforesaid mutation and/or substitution. For the purposes of this Clause, the Boards of the Transferor Company 7 and/or the Transferee Company 1 may, in their absolute discretion, mutually decide the manner of giving effect to the vesting of the whole or part of the right, title and interest in all or any of the immovable properties along with any attendant formalities involved, including by way of execution of appropriate deed(s), including conveyance, assignment, transfer or rectification, in order to give effect to the objectives of the Scheme;

38.1.6 All bank / demat accounts operated or entitled to be operated by the Transferor Company 7 shall be deemed to have been transferred and shall stand transferred to the Transferee Company 1 and name of the Transferor Company 7 shall be substituted by the name of the Transferee Company 1 in the bank's records and the Transferee Company 1 shall be entitled to operate all bank / demat accounts, realise all monies and complete and enforce all pending contracts and transactions in the name of the Transferee Company 1 to the extent necessary until the transfer of the rights and obligations of the Transferor Company 7 to the Transferee Company 1 under the Scheme is formally accepted and completed by the parties concerned. For avoidance of doubt, it is hereby clarified that all cheques and other negotiable instruments, payment orders received or presented for encashment which are in the name of the Transferor Company 7 after the Effective Date 1, shall be accepted by the bankers of the Transferee Company 1 and credited

to the account of the Transferee Company 1, if presented by the Transferee Company 1. Similarly, the banker of the Transferee Company 1 shall honour all cheques issued by the Transferor Company 7 for payment after the Effective Date 1;

38.1.7 Third party or Appropriate Authority shall take on record the Sanction Order on its file and duly record the necessary substitution or endorsement in the name of the Transferee Company 1 as successor in interest, pursuant to the sanction of this Scheme by the Tribunal, without any further act, matter or deed by the Transferor Company 7 or the Transferee Company 1. There shall be no break in the validity and enforceability of the Permits for the purpose of carrying on its business or for any other purpose of whatsoever nature;

38.1.8 All Intellectual Property and rights thereto of the Transferor Company 7, whether registered or unregistered, along with all rights of commercial nature including attached goodwill, title, interest, quality certifications and approvals, service marks, copy rights, moral rights and related rights, patents, project designs, marketing authorization, approvals, marketing intangibles, permits, permissions, incentives, privileges, special status, geographical indicators, designs, research and studies and all such other industrial or intellectual rights of whatsoever nature, license for software and any other software licenses (whether proprietary or otherwise), research and studies, and other benefits, drawings, manuals, data, catalogues, quotations, marketing authorisations, marketing intangibles, credit information, sales and advertising materials, lists of present and former customers, customer pricing information whether in physical or electronic form; and all other interests relating to the goods or services being dealt with by the Transferor Company 7, shall become the property of and/or stand vested in, the Transferee Company 1;

38.1.9 All books, records, files, papers, engineering and process information, computer programs, test reports, product registrations, dossiers, manuals, data, catalogues, quotations, sales and advertising materials, list of present and former customers and suppliers, databases containing market information, vouchers, registers, ledgers, documents and other books and records, any media or format including machine readable or electronic media/ format and other records of the Transferor Company 7 shall be transferred to the Transferee Company 1;

38.1.10 All rights to use and avail telephones, telexes, facsimile, email, internet, leased line connections and installations, utilities, electricity and other services, reserves, provisions, funds, benefits of assets or properties or other interests held in trusts, registrations, contracts, engagements, arrangements of all kind, privileges and all other rights, easements, liberties and advantages of whatsoever nature and wheresoever situated belonging to or in the ownership, power or possession and in control of or vested in or granted in favour of or enjoyed by the Transferor Company 7 and all other interests of whatsoever nature belonging to or in the ownership, power, possession or control of or vested in or granted in favour of or held for the benefit of or enjoyed by the Transferor Company 7 shall become the property of and/or stand vested in, the Transferee Company 1;

38.1.11 The past track record of the Transferor Company 7 including without limitation, the technical qualifications, right to use the accreditations/pre-qualifications, credentials, work experience, track record with customers or other parties, contracts with clients and with vendors of the Transferor Company 7 (acquired by reason of its operations in the past), including without limitation, the profitability, experience, credentials, past record, goodwill and market share, of the Transferor Company 7 shall for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Transferee Company 1 in all existing and future bids, tenders, and contracts of all authorities, agencies and clients, be deemed to be the track record of the Transferee Company 1 for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Transferee Company 1 in all existing and future bids and tenders, and contracts of all authorities, agencies and clients.

39. TRANSFER OF LIABILITIES

39.1 Upon Part V of the Scheme becoming effective and with effect from the Appointed Date, all the Liabilities of the Transferor Company 7, shall without any further act, instrument or deed be and stand transferred to the Transferee Company 1 to the extent that they are outstanding as on the Effective Date 1, so as to become the Liabilities of the Transferee Company 1, along with any Encumbrance relating thereto, on the same terms and conditions as were applicable to the Transferor Company 7. The Transferee Company 1 undertakes to meet, discharge and satisfy the same to the exclusion of the Transferor Company 7.

39.2 The provisions of this Clause and that of Clause 40 below shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security documents, all of which instruments, deeds or writings shall be deemed to have been modified and/or superseded by the foregoing provisions.

39.3 It is expressly provided that, save as mentioned in this Scheme, no other term or condition of the Liabilities of the Transferor Company 7 transferred to the Transferee Company 1 as part of the Scheme is modified by virtue of this Scheme except to the extent that such amendment is required statutorily or by necessary implication.

40. ENCUMBRANCES

40.1 The vesting of the assets comprised in the Transferor Company 7 to and in the Transferee Company 1 upon the coming into effect of Part V of the Scheme shall be subject to the Encumbrances, if any, affecting the same as hereinafter provided.

40.2 In so far as the existing Encumbrances in respect of the Liabilities of the Transferor Company 7 are concerned, such Encumbrances shall, without any further act, instrument or deed be modified and shall be extended to and shall operate only over the assets of the Transferor Company 7 to which such Liability relate, which have already been Encumbered in respect of the Liabilities of the Transferor Company 7 as transferred to the Transferee Company 1 pursuant to this Scheme, and such Encumbrances shall not relate to or attach to any of the other assets of the Transferee Company 1. Provided that if any of the assets of the Transferor Company 7 being transferred to the Transferee Company 1 pursuant to this Scheme have not been Encumbered in respect of the Liabilities of the Transferor Company 7, such assets shall remain unencumbered, and the existing Encumbrances referred to above shall not be extended to and shall not operate over such assets. The Scheme shall not operate to enlarge the Encumbrances, nor shall the Transferee Company 1 be obliged to create any further or additional security after the Scheme has become effective or otherwise. The absence of any formal amendment which may be required by a lender, trustee or third party shall not affect the operation of the above.

40.3 In so far as the existing Encumbrances over the assets and other properties of the Transferee Company 1 or any part thereof which relate to the Liabilities and obligations of the Transferee Company 1 prior to the Effective Date are concerned, such Encumbrance shall, without any further act, instrument or deed continue to relate to only such assets and properties and shall not extend or attach to any of the assets and properties of the Transferor Company 7 vested in the Transferee Company 1 by virtue of the Scheme.

40.4 Any reference to the Transferor Company 7 and their respective assets and properties in any security documents or arrangements (to which the Transferor Company 7 are a party), shall be construed as a reference to the Transferee Company 1 and the relevant assets and properties of the Transferor Company 7 vested in the Transferee Company 1 by virtue of the Scheme. Without prejudice to the provisions of the foregoing Clauses and upon coming into effect of Part V of the Scheme, the Transferee Company 1 may enter into and execute such other deeds, instruments, documents and/or writings and/or do all acts

and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the RoC to give formal effect to the provisions of this Clause and foregoing Clauses, if required.

41. EMPLOYEES

41.1 Upon Part V of the Scheme becoming effective, all the staff and employees of the Transferor Company 7 who are in such employment as on the Effective Date 1 shall become, and be deemed to have become, the staff and employees of the Transferee Company 1, without any break or interruption in their services on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation, with the benefit of continuity of service. It is clarified that such employees of the Transferor Company 7 who become employees of the Transferee Company 1 by virtue of this Scheme, shall be governed by the terms of employment of the Transferee Company 1 (including in connection with provident fund, gratuity fund, superannuation fund or any other special fund or obligation), provided that such terms of employment of the Transferee Company 1 are overall no less favourable than those that were applicable to such employees immediately before such amalgamation. The Transferee Company 1 further agrees that for the purpose of payment of any retirement benefit/compensation, such immediate uninterrupted past services with the Transferor Company 7, shall also be taken into account. With regard to provident fund, gratuity, superannuation, leave encashment and any other special scheme or benefits created or existing for the benefit of such employees of the Transferor Company 7, the Transferee Company 1 shall stand substituted for the Transferor Company 7 for all purposes whatsoever, upon Part V of this Scheme becoming effective, including with regard to the obligation to make contributions to relevant authorities, such as the regional provident fund commissioner or to such other funds maintained by the Transferor Company 7, in accordance with the provisions of Applicable Laws or otherwise. It is hereby clarified that upon Part V of this Scheme becoming effective, the aforesaid benefits or schemes shall continue to be provided to the transferred employees and the services of all the transferred employees of the Transferor Company 7 for such purpose shall be treated as having been continuous. In addition, upon Part V of this Scheme coming into effect on the Effective Date 1 and with effect from the Appointed Date, any prosecution or disciplinary action initiated, pending or contemplated against and any penalty imposed in this regard on any employee forming part of the Transferor Company 7 shall be continued/ continue to operate against the relevant employee and the Transferee Company 1 shall be entitled to take any relevant action or sanction, without any further act, instrument or deed undertaken by the Transferor Company 7 or the Transferee Company 1.

41.2 With regard to any provident fund, gratuity fund, pension, superannuation fund or other special fund created or existing for the benefit of such employees of the Transferor Company 7, it is the aim and intent of the Scheme that all the rights, duties, powers and obligations of the Transferor Company 7 in relation to such schemes or funds shall become those of the Transferee Company 1. Upon Part V of the Scheme becoming effective: (a) all contributions made to such funds by the Transferor Company 7 on behalf of such employees shall be deemed to have been made on behalf of the Transferee Company 1, and shall be transferred to the Transferee Company 1, the relevant authorities or the funds (if any) established by the Transferee Company 1, as the case may be; and (b) all contributions made by such employees, including interests/investments (which are referable and allocable to the employees transferred), shall be transferred to the Transferee Company 1, the relevant authorities or the funds (if any) established by the Transferee Company 1, as the case may be. Upon Part V of the Scheme becoming effective, the Transferee Company 1 shall stand substituted for the Transferor Company 7 for all purposes whatsoever relating to the obligation to make contributions to the said funds in accordance with the provisions of such schemes or funds in the respective trust deeds or other documents, by operation of law pursuant to the Sanction Order, without any further act, instrument or deed undertaken by the Transferor Company 7 or the Transferee Company 1. It is clarified that the services of all employees of the Transferor Company 7 transferred to the Transferee Company 1 will be treated as having been continuous and uninterrupted for the purpose of the aforesaid schemes or funds. Without prejudice to the aforesaid, the Board of the Transferee Company 1, if it deems fit and subject to Applicable Laws, shall be entitled to: (a) retain separate trusts or funds within the Transferor

Company 7 for the erstwhile fund(s) of the Transferor Company 7; or (b) merge the pre-existing fund of the Transferor Company 7 with other similar funds of the Transferee Company 1.

41.3 The Transferee Company 1 agrees that for the purpose of payment of any retrenchment compensation, gratuity and other terminal benefits, the past services of the employees with the Transferor Company 7, if any, as the case may be, shall also be taken into account, and agrees and undertakes to pay the same as and when payable.

42. LEGAL PROCEEDINGS

42.1 If any suit, cause of actions, appeal or other legal, quasi-judicial, arbitral or other administrative proceedings, including Tax assessment proceedings/appeals, of whatever nature (hereinafter called the "**Proceedings of the Transferor Company 7**") by or against the Transferor Company 7 are pending and/or arising on the Effective Date 1 and relate to the Transferor Company 7, the same shall not abate, be discontinued or be in any way prejudicially affected by reason of the amalgamation or of anything contained in this Scheme, but the Proceedings of the Transferor Company 7 may be continued, prosecuted and enforced by or against the Transferee Company 1 in the same manner and to the same extent as it would or might have been continued, prosecuted and enforced by or against the Transferor Company 7 as if this Scheme had not been made. On and from the Effective Date 1, the Transferee Company 1 may initiate any legal proceeding for and on behalf of the Transferor Company 7. The Transferee Company 1 undertakes to have all legal or other proceedings initiated by or against the Transferor Company 7, which are capable of being continued by or against the Transferee Company 1, transferred to its name as soon as is reasonably possible after the Effective Date 1 and to have the same continued, prosecuted and enforced by or against the Transferee Company 1.

43. CONTRACTS

43.1 Upon Part V of the Scheme becoming effective and subject to the other provisions of this Scheme, without any further act or deed and subject to the provisions of this Scheme, all contracts, deeds, bonds, agreements, memoranda of understandings, memoranda of agreements, bids, letters of intent, undertakings, engagements, arrangements, service contracts, consultant contracts, contracts with vendors and suppliers), technology contracts, outsourcing agreements, assignment agreements, license agreements (including for Intellectual Property), deeds, bonds, policies, information technology related agreements, schemes, lease/license agreements, tenancy rights, agreements/panchnamas for right of way, equipment purchase agreements, agreement with customers, purchase and other agreements with the supplier/manufacturer of goods/service providers, other arrangements, insurance covers and claims, clearances, tenders including contracts / arrangements with government, expression of interest, service orders, purchase orders (either with or without a general purchase agreement), non-disclosure undertakings, and other commitments, whether written or otherwise, and other instruments of whatsoever nature and description, whether written, oral or otherwise and all rights, title, interests, claims and benefits thereunder, and other instruments to which the Transferor Company 7 are a party or to the benefit of which the Transferor Company 7 may be eligible, or under which the Transferor Company 7 have any obligations to discharge and which are subsisting or having effect on the Effective Date 1 shall, without any further act, instrument or deed, continue in full force and effect in favour of or against the Amalgamated Companies and may be enforced as fully and effectually as if, instead of the Transferor Company 7, the Transferee Company 1 had been a party or beneficiary or obligee or obligor thereto or thereunder. If the Transferee Company 1 enters into and/or issues and/or executes deeds, writings or confirmations or enters into any tripartite agreements, confirmations or novations, the Transferor Company 7 will, if necessary, also be party to such documents in order to give formal effect to the provisions of this Scheme, if so required. In relation to the same, any procedural requirements required to be fulfilled solely by the Transferor Company 7 (and not by any of its successors), shall be fulfilled by the Transferee Company 1 as if it is duly constituted attorney of the Transferor Company 7.

43.2 On and from the Effective Date 1, and thereafter, the Transferee Company 1 shall be entitled to complete

and enforce all pending contracts and transactions and to accept stock returns and issue credit notes in respect of the Transferor Company 7, until the transfer of rights and obligations of the Transferor Company 7 to the Transferee Company 1 under this Scheme has been given effect to under such contracts and transactions.

43.3 With effect from the Effective Date 1, any liabilities, loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form), if any, due or which may at any time in future become due between the Transferor Company 7 and Transferee Company 1 shall, ipso facto, stand discharged and come to an end and there shall be no liability in that behalf on any party and the appropriate effect shall be given in the books of accounts and records of the Transferee Company 1.

43.4 All inter se contracts solely between the Transferor Company 7 and the Transferee Company 1, if any, shall stand cancelled and cease to operate and appropriate effect shall be given in the books of accounts and records of the Transferee Company 1.

44. PERMITS

44.1 Upon Part V of the Scheme becoming effective and with effect from the Appointed Date, all the Permits held or availed of by, and all rights and benefits that have accrued to, the Transferor Company 7 shall be transferred to and vested in the Transferee Company 1 or deemed to have transferred to and vested in the Transferee Company 1, without any further act, instrument or deed and shall be appropriately mutated or endorsed by the Appropriate Authorities concerned therewith in favour of the Transferee Company 1 as if the same were originally given by or issued to or executed in favour of the Transferee Company 1 and the Transferee Company 1 shall be bound by the terms, obligations and duties thereunder and the rights and benefits under the same shall be available to the Transferee Company 1 to carry on the operations of the Transferor Company 7 without any hindrance, whatsoever. It is hereby clarified that if the consent of any Person or Appropriate Authority is required to give effect to the provisions of this Clause, the said Person or Appropriate Authority shall make and duly record the necessary substitution/ endorsement in the name of the Transferee Company 1 pursuant to the sanction of this Scheme by the Tribunal, and upon Part V of the Scheme becoming effective in accordance with the terms hereof. For this purpose, the Transferee Company 1 shall, if required, file appropriate applications/ documents with relevant authorities concerned for information and record purposes. The Transferee Company 1 shall be permitted to continue with the existing Permits of the Transferor Company 7 till the aforementioned consent of any Person or Appropriate Authority is received / new Permit is received by the Transferee Company 1 to give effect to the provisions of this Clause.

44.2 From the Effective Date and until the Permits are transferred, vested, recorded, effected, and/or perfected, in the record of the Appropriate Authority, in favour of the Transferee Company 1, for the purposes of the relevant Permit, the Transferee Company 1 is authorized to carry on business in the name and style of the Transferor Company 7 and use the Permits of the Transferor Company 7.

45. SAVING OF CONCLUDED TRANSACTIONS

45.1 Subject to the terms of the Scheme, the amalgamation of the Transferor Company 7 with the Transferee Company 1 under Clauses 37 to 44 above shall not affect any transaction or proceedings already concluded by the Transferor Company 7 until the Effective Date 1, to the end and intent that the Transferee Company 1 accepts and adopts all acts, deeds and things done and executed by the Transferor Company 7 in respect thereto as acts, deeds and things made, done and executed by or on behalf of the Transferee Company 1.

46. TAXATION MATTERS

Part V of this Scheme has been drawn up to comply with the conditions as specified under Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. If any of the terms

or provisions of the Scheme are found or interpreted to be inconsistent with the provisions of the said Section at a later date including resulting from a retrospective amendment of law or for any other reason whatsoever, till the time the Scheme becomes effective, the provisions of the said section of the Income Tax Act shall prevail and the Scheme shall stand modified to the extent determined necessary to comply with Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. Upon the effectiveness of Part V of the Scheme, by operation of law pursuant to the order of the Tribunal:

46.1 With effect from the Appointed Date and upon Part V of the Scheme becoming effective, all direct taxes and indirect taxes, duties, cess receivable/payable by the Transferor Company 7, including all or any refunds/credit (including export and tax credits) /claims/ tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation)relating thereto shall be treated as the asset/liability or refunds/credit/claims/ tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation), as the case may be, of the Transferee Company 1. It is also clarified that the Transferee Company 1 shall have the right to claim refunds, tax credits, set-offs and/or adjustments relating to the income or transactions it has entered into, by virtue of this Scheme with effect from the Appointed Date.

46.2 Direct taxes of whatsoever nature including advance tax, self-assessment tax, regular assessment taxes, tax deducted at source, tax collected at source, foreign taxes, buyback distribution tax, minimum alternative tax, if any, paid by the Transferor Company 7 shall be treated as paid by the Transferee Company 1 and it shall be entitled to claim the credit, refund, adjustment for the same as may be applicable.

46.3 If the Transferor Company 7 is entitled to any benefits under incentive schemes and policies under Tax Laws, all such benefits under all such incentive schemes and policies shall be and stand vested in the Transferee Company 1 with effect from the Appointed Date to the extent the benefits / incentives/ schemes are linked to direct tax laws and with effect from Effective Date 1 to the extent the benefits / incentives/ schemes are linked to Indirect Tax Laws.

46.4 The Transferee Company 1 is expressly permitted to revise, withdraw and file its income tax returns and other statutory returns, along with the necessary forms, filings and annexures even beyond the due date, if required, including tax deducted / collected at source returns, goods and service tax returns, as may be applicable and shall be entitled to claim credit for advance tax paid and exclude items such as provisions, reversals, etc., for which no deduction or tax benefit has been claimed by the Transferee Company 1 prior to the Appointed Date and has expressly reserved the right to make such provision in its returns and to claim refunds, advance tax credits, credit of tax deducted at source, credit of foreign taxes paid/withheld, etc. if any, as may be required for the purposes of/consequent to implementation of the Scheme.

46.5 On and from the Effective Date 1, it is hereby clarified that in case of any refunds, benefits, incentives, grants, subsidies, etc. including under applicable Tax Laws, the Transferee Company 1, if so required, shall issue notice in the name of the Transferor Company 7, in such form as it may deem fit and proper stating that pursuant to the Tribunal having sanctioned this Scheme under Sections 230 to 232 of the Act, the relevant refund, benefit, incentive, grant, subsidies, be paid or made good or held on account of the Transferee Company 1, as the person entitled thereto, to the end and intent that the right of the Transferor Company 7, to recover or realise the same, stands transferred to the Transferee Company 1.

46.6 From the Effective Date 1, all the invoicing and compliance would be done by the Transferee Company 1 post obtaining all requisite GST registrations, wherever so required. To the extent such set of registrations are not effective as on the Effective Date 1, for such intervening period, the Transferee Company 1 would undertake the invoicing and compliance using the GST registrations of the Amalgamating Company, as the case may be, to ensure compliance with law and timely discharge of GST liability.

46.7 Upon Part V of the Scheme becoming effective, the obligation for deduction of tax at source on any

payment made by or to be made by the Transferor Company 7 pertaining to the period on or after the Appointed Date, under direct tax laws or other Applicable Laws dealing with taxes duly complied by the Transferor Company 7 shall be made or deemed to have been made and duly complied with by the Transferee Company 1.

46.8 In so far as various incentives, subsidies, exemptions, remissions, reductions, export benefits, any other incentives eligible from state government or central government, all indirect tax related benefits, transport marketing assistance, GST benefits, service tax benefits, all indirect tax related assets / credits, including but not limited to GST input credits, service tax input credits, value added/ sales tax/ entry tax credits or set-off, income tax holiday/ benefit/ losses (including book losses) / minimum alternative tax, unabsorbed depreciation (including book unabsorbed depreciation) and other benefits or exemptions or privileges enjoyed, granted by any Appropriate Authority or by any other person, or availed of by the Transferor Company 7 and any interest thereon, with regard to any law, act or rule or scheme made by, the Appropriate Authority shall, under the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law, without any further act, instrument or deed, vest with and be available to the Transferee Company 1 on the same terms and conditions as if the same had been allotted and/ or granted and/ or sanctioned and/ or allowed to the Transferor Company 7 to the end and intent that the right of the Transferor Company 7 to recover or realize the same, stands transferred to the Transferee Company 1 and that appropriate entries should be passed in their respective books to record the aforesaid changes.

46.9 The Transferee Company 1 shall be eligible to claim a deduction otherwise admissible but not claimed by the Transferor Company 7, including for expenditure admissible on actual payment basis or on deduction/collection of appropriate taxes (such as section 43B, section 40, section 40A etc. of the Income Tax Act), upon fulfillment of conditions, if any, required under the Income Tax Act.

47. VALIDITY OF EXISTING RESOLUTIONS, ETC.

47.1 Upon Part V of the Scheme becoming effective, the resolutions/ power of attorneys passed / executed by the Transferor Company 7, as are considered necessary by the Board of the Transferee Company 1 and that are valid and subsisting on the Effective Date 1, shall continue to be valid and subsisting and be considered as resolutions and power of attorney passed/ executed by the Transferee Company 1 and if any such resolutions have any monetary limits approved under the provisions of the Act or any other applicable statutory provisions, then such limits as are considered necessary by the Board of the Transferee Company 1 shall be added to the limits, if any, under like resolutions passed by the Transferee Company 1 and shall constitute the new aggregate limits for each of the subject matters covered under such resolutions/power of attorneys for the purpose of the Transferee Company 1.

48. CONSIDERATION

48.1 Upon Part V of the Scheme becoming effective and in consideration of the amalgamation of the Transferor Company 7 into the Transferee Company 1, the Transferee Company 1 shall, without any further application, act or deed, issue and allot to the Eligible Shareholders 1, 47 (Forty Seven) equity shares of the Transferee Company 1, credited as fully paid-up equity shares of the face value of INR 10 each, for every 1 (One) fully paid-up equity shares of INR 10 each held by such member in the Transferor Company 7 ("**Share Exchange Ratio 1**").

The equity shares to be issued by the Transferee Company 1 to the Eligible Shareholders 1 in accordance with this Clause 48.1 shall be referred to hereinafter as "**Merger Consideration Shares 1**".

48.2 In the event of there being any pending share transfers, whether lodged or outstanding, of any shareholders of the Transferor Company 7, the Board of the Transferee Company 1 shall be empowered in appropriate cases, prior to or even subsequent to the Record Date 1, as the case may be, to effectuate such a transfer as if such changes in registered holder were operative as on the Record Date 1, in order to remove any difficulties arising to the transferor of the shares in the Transferor Company 7 and in

relation to the shares of the Transferee Company 1 issued by the Transferee Company 1, after the effectiveness of the Scheme. The Board of the Transferee Company 1 shall be empowered to remove such difficulties as may arise in the course of implementation of this Scheme and registration of new shareholders in the Transferee Company 1 on account of difficulties faced in the transition period.

48.3 Where the Merger Consideration Shares 1 are to be allotted to heirs, executors or administrators, as the case may be, to successors of deceased Eligible Shareholders 1 of the Transferor Company 7, the concerned respective heirs, executors, administrators, successors or legal representatives shall be obliged to produce evidence of title satisfactory to the Board of the Transferee Company 1.

48.4 If any Eligible Shareholder 1 becomes entitled to any fractional shares, entitlements or credit on the issue and allotment of Merger Consideration Shares 1 in accordance with this Scheme, the Board of the Transferee Company 1 shall not issue fractional shares to the Eligible Shareholders 1. Any fraction arising out of such allotment shall be rounded off to the next higher integer.

48.5 The Merger Consideration Shares 1 to be allotted and issued to the Eligible Shareholders 1 as provided in Clause 48.1 above shall be subject to the provisions of the memorandum and articles of association of the Transferee Company 1 and shall rank *pari passu* in all respects with the then existing equity shares of the Transferee Company 1 after the Effective Date 1 including with respect to dividends, voting rights and other corporate benefits attached to the equity shares of the Transferee Company 1.

48.6 It is clarified that the issuance and allotment of the Merger Consideration Shares 1 by the Transferee Company 1 to the shareholders of the Transferor Company 7 as provided in the Scheme, is an integral part thereof and shall be deemed to have been carried out without requiring any further act on the part of the Transferee Company 1 or its shareholders and as if the procedure laid down under Section 62 or any other applicable provisions of the Act, as may be applicable, and such other statues and regulations as may be applicable were duly complied with. While the shareholders of Transferor Company 7 legally hold the equity shares of Transferor Company 7, through a contractual arrangement with the shareholders of Transferee Company 1, Transferor Company 7 was controlled by Transferee Company 1 under Ind AS 110 (Consolidated Financial Statements). Consequently, Transferor Company 7 was fully consolidated with Transferee Company 1. In lieu of the holding the shares of Transferor Company 7, and consequential legal title and statutory rights, as part of Part V of the Scheme, Merger Consideration Shares 1 are being issued to shareholders of Transferor Company 7 in accordance with this Clause 48.

48.7 Subject to Applicable Laws, the Merger Consideration Shares 1 to be issued in terms of this Scheme shall be issued in dematerialized form. The register of members maintained by the Transferee Company 1 and / or other relevant records, whether in physical or electronic form, maintained by the Transferee Company 1, the relevant depository and registrar and transfer agent in terms of Applicable Laws shall (as deemed necessary by the Board of the Transferee Company 1) be updated to reflect the issue of the Merger Consideration Shares 1 in terms of this Scheme. The Eligible Shareholders 1 who hold equity shares in the Transferor Company 7 in physical form should provide the requisite details relating to his / her / its account with a depository participant or other confirmations as may be required, to the Transferee Company 1, prior to the Record Date 1 to enable it to issue the Merger Consideration Shares 1. However, if no such details have been provided to the Transferee Company 1 by the Eligible Shareholders 1 in physical form on or before the Record Date 1, the Transferee Company 1 shall deal with the relevant Merger Consideration Shares 1 in such manner as may be permissible under the Applicable Law including by way of issuing corresponding equity shares in dematerialised form to a trustee ("**Trustee 1**") who shall hold the relevant Merger Consideration Shares 1 in trust for the benefit of such Eligible Shareholder 1. The relevant Merger Consideration Shares 1 held by Trustee 1 for the benefit of the relevant Eligible Shareholder 1 shall be transferred to the respective Eligible Shareholder 1 once such shareholder provides details of his/her / its demat account to the Trustee 1, along with such other documents as may be required by the Trustee 1. The respective Eligible Shareholders 1 shall have all the rights of the shareholders of the Transferee Company 1, including the right to receive dividend,

voting rights and other corporate benefits, pending the transfer of relevant Merger Consideration Shares 1 from the Trustee 1.

48.8 The Merger Consideration Shares 1 to be issued by the Transferee Company 1 in lieu of the shares of the Transferor Company 7, if any, held in the unclaimed suspense account of the Transferor Company 7 shall be issued to a new unclaimed suspense account created for shareholders of the Transferor Company 7. The Merger Consideration Shares 1 to be issued by the Transferee Company 1 in lieu of the shares of the Transferor Company 7 held in the investor education and protection fund authority shall be issued to investor education and protection fund authority in favour of such Eligible Shareholders 1.

48.9 The Merger Consideration Shares 1 to be issued by the Transferee Company 1 pursuant to Clause 48.1 above in respect of the shares of the Transferor Company 7, the allotment or transfer of which is held in abeyance under Applicable Law shall, pending allotment or settlement of dispute by order of appropriate court or otherwise, also be kept in abeyance in a like manner by the Transferee Company 1.

49. ACCOUNTING TREATMENT

49.1 Accounting treatment in the books of the Transferee Company 1

49.1.1 Upon Part V of this Scheme coming into effect, the Transferee Company 1 shall account for the amalgamation of the Transferor Company 7, together, in its books of accounts as per the 'Pooling of Interest Method' in accordance with accounting principles as laid down in Appendix C the Indian Accounting Standard 103 (Business Combinations), and other applicable Accounting Standards, notified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as may be amended from time to time, in the books of accounts of the Transferee Company 1 such that:

(i) the Transferee Company 1 shall record the assets, liabilities and reserves of the Transferor Company 7 at their carrying values as appearing in the consolidated financial statements of the Transferee Company 1;

(ii) the identity of the reserves of the Transferor Company 7 shall be preserved and they shall appear in the financial statements of the Transferee Company 1 in the same form and manner in which they appear in the consolidated financial statements of the Transferee Company 1 (subject to clauses mentioned below);

(iii) the inter-company balances between the Transferor Company 7 and the Transferee Company 1, if any, appearing in the books of the Transferee Company 1 shall stand cancelled, and there shall be no further obligation in that behalf;

(iv) the Transferee Company 1 shall credit its share capital account with the aggregate face value of the equity shares issued to shareholders of Transferor Company 7 as of the Record Date;

(v) the surplus / deficit, if any arising after taking the effect of Clauses 49.1.1(i), Clause 49.1.1(ii), Clause 49.1.1 (iii),Clause 49.1.1(iv) and Clause 48.6,), shall be transferred to the Capital Reserve / amalgamation adjustment deficit account as the case may be, in the financial statements of the Transferee Company 1 and should be presented separately from other Capital Reserves with disclosure of its nature and purpose in the notes;

(vi) in case of any difference in accounting policy between each of the Transferor Company 7 and the Transferee Company 1, the accounting policies followed by the Transferee

Company 1 will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies.

(vii) comparative financial information in the financial statements of the Transferee Company 1 shall be restated for the accounting impact of amalgamation of the Transferor Company 7, as stated above, as if the amalgamation had occurred from the beginning of the comparative period. However, if business combination had occurred after that date, the prior period information shall be restated only from that date; and

(viii) any matter not dealt with in clause hereinabove shall be dealt with in accordance with the requirement of applicable Indian Accounting Standards.

49.2 Accounting treatment in the books of the Transferor Company 7

As the Transferor Company 7 shall stand dissolved without being wound up, upon Part V of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Transferor Company 7.

50. DISSOLUTION OF THE TRANSFEROR COMPANY 7

50.1 Upon Part V of the Scheme becoming effective, the Transferor Company 7 shall stand dissolved without being wound up, without any further act, instrument or deed and the respective Boards and any committees thereof of the Transferor Company 7 shall without any further act, instrument or deed be and stand discharged. Pursuant to the Scheme coming into effect, the shares of the Transferor Company 7 (whether in electronic form and/or in the physical form) shall stand cancelled, and the name of the Transferor Company 7 shall be struck off from the RoC records.

51. COMBINATION OF AUTHORISED SHARE CAPITAL

51.1 Upon Part V of the Scheme becoming effective, the authorised share capital of the Transferor Company 7 shall, taking into consideration the increase in authorised share capital of Transferee Company 1 pursuant to Clause 19 and increase in authorised share capital of Transferor Company 7 pursuant to Clause 35, stand transferred, merged and combined with the authorised share capital of the Transferee Company 1 pursuant to this Scheme without any further act, deed or instrument including payment of stamp duty and fees payable to the RoC to the extent already paid by the Transferor Company 7. In terms of the provisions of Section 232(3)(i) of the Act, and other applicable provisions, if any, the aggregate fees paid by the Transferor Company 7 on the authorized capital shall be set-off against the fees payable by the Transferee Company 1 on the increase in the authorized share capital as mentioned in this Clause 51. In relation to the foregoing, if applicable, the Transferee Company 1 shall pay requisite fees on its authorised share capital enhanced by the amalgamation after having made adjustments, as permitted in terms of Sections 232(3)(i) read with Section 233(11) of the Act. The aggregate authorised share capital of the Transferee Company 1 shall automatically stand increased to that effect by filing the requisite forms with the RoC on such increased and combined authorised share capital.

51.2 Consequently, with effect from the Effective Date 1, the memorandum of association of the Transferee Company 1 shall without any act, instrument or deed be and stand altered, modified and amended pursuant to Section 13 and other applicable provisions of the Act as per Clause 37 of Part V of this Scheme, such that Clause V of the memorandum of association shall be replaced by the following:

"*The Authorised Share Capital of the Company is Rs. 8,01,44,70,000 (Rupees Eight Hundred One Crore Forty Four Lakh Seventy Thousand) divided into:*

Equity Share Capital:

Rs. 482,95,20,000 (Four Hundred Eighty Two Crore Ninety Five Lakh Twenty Thousand) consisting of 48,29,52,000 (Forty Eight Crore Twenty Nine Lakh Fifty Two Thousand) equity shares of Rs. 10 (Rupees Ten) each and

Preference Share Capital:

Rs. 3,18,49,50,000 (Rupees Three Hundred Eighteen Crore Forty Nine Lakh Fifty Thousand) of preference share capital consisting of

a) 1,00,00,000 (One Crore) preference shares of Rs. 90 (Rupees Ninety) each aggregating to Rs. 90,00,00,000 (Rupees Ninety Crore) and

b) 22,84,95,000 (Twenty Two Crore Eighty Four Lakh Ninety Five Thousand) preference shares of Rs. 10 (Rupees Ten) each aggregating to Rs. 228,49,50,000 (Rupees Two Hundred Twenty Eight Crore Forty Nine Lakh Fifty Thousand).

The Shares shall have the rights, privileges and conditions attaching thereto as are provided by the terms of issue of such shares, regulations of the Company for the time being with power to increase and reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential, deferred, qualified, special rights, privileges or conditions as may be determined by or in accordance with the regulations of the Company and to vary, modify or abrogate any such rights, privileges or conditions in such manner as may for the time being be permitted by the regulations of the Company."

51.3 In the event the authorised capital of the Transferee Company 1 undergoes any change prior to the Effective Date 1, the capital clause of the memorandum of association of the Transferee Company 1, shall be modified accordingly to take into account the effect of any such change (including reclassification of any part of the share capital) without any further act, instrument or deed.

51.4 The approval of this Scheme by shareholders of the Transferee Company 1 under Sections 230 to 232 of the Act, shall be deemed to have been an approval under Section 13, 14, 61 and 64 or any other applicable provisions under the Act to the alteration of the memorandum of association of the Transferee Company 1 as may be required under the Act, and no further resolution(s) would be required to be separately passed in this regard.

52. CONDUCT OF BUSINESS

52.1 Unless otherwise agreed amongst inter alios the Parties in writing, during the period between the date of approval of the Scheme by the Boards of the Parties and the Effective Date 1:

52.1.1 the Transferor Company 7 will carry on their respective business in the ordinary course and shall continue to operate, manage and expand and grow its business consistent with past practice in trust and good faith and in accordance with Applicable Law;

52.1.2 the Transferor Company 7 and the Transferee Company 1 shall be entitled, pending the sanction of this Scheme by the Tribunal, to apply to the Appropriate Authorities concerned, as necessary under Applicable Law, for transfer / issuance of Permits which the Transferee Company 1 may require to carry on the business of the Transferor Company 7 or to give effect to this Scheme.

PART VI

AMALGAMATION OF THE AMALGAMATING COMPANIES WITH THE AMALGAMATED COMPANY

53. TRANSFER AND VESTING

53.1 Upon Part VI of the Scheme becoming effective and with effect from the Appointed Date and subject to the provisions of this Scheme and pursuant to the sanction of this Scheme by the Tribunal or any other competent authority and pursuant to Sections 230 to 232 and other applicable provisions of the Act, the Amalgamating Companies shall (after Part II, Part III, Part IV and Part V of the Scheme have come into effect) stand amalgamated with the Amalgamated Company as a *going concern* and all their respective assets and liabilities of the Amalgamating Companies, without any further act, instrument or deed, stand transferred to and vested in or be deemed to have been transferred to and vested in the Amalgamated Company, so as to become on and from the Appointed Date, the assets and liabilities of the Amalgamated Company by virtue of operation of law or otherwise, and in the manner provided in this Scheme.

54. TRANSFER AND VESTING OF ASSETS

54.1 Without prejudice to the generality of Clause 53 above, upon Part V of the Scheme becoming effective and with effect from the Appointed Date:

54.1.1 In respect of the assets of the Amalgamating Companies that are movable in nature or are otherwise capable of being transferred by physical or constructive delivery and / or, by endorsement and delivery, or by vesting and recordal, including without limitation stock in trade and merchandise (including, raw materials, supplies, finished goods, supply, advertisement, promotional and packing material) wherever lying, equipment, furniture, fixtures, books, records, files, papers, computer programs, engineering and process information, manuals, data, production methodologies, production plans, catalogues, quotations, websites, sales and advertising material, marketing strategies, list of present and former customers, customer credit information, customer pricing information, and other records, whether in physical form or electronic form or in any other form, shall stand vested in the Amalgamated Company, and shall become the property and an integral part of the Amalgamated Company, by operation of law pursuant to the vesting order of the Tribunal sanctioning this Scheme, without any further act, instrument or deed undertaken by the Amalgamating Companies or the Amalgamated Company. The vesting pursuant to this sub-clause shall be deemed to have occurred by physical or constructive delivery or by endorsement and delivery, or by vesting and recordal, as appropriate to the property being vested and the title to such property shall be deemed to have been transferred accordingly to the Amalgamated Company subject to the provisions of this Scheme in relation to Encumbrances under Clause 55 hereof;

54.1.2 In respect of movable assets of the Amalgamating Companies other than those dealt with in Clause 54.1.1 above including but not limited to sundry debts, actionable claims, earnest monies, receivables, bills, credits, loans, advances and deposits with any Appropriate Authorities or any other bodies and/or customers or any other person, if any, whether recoverable in cash or in kind or for value to be received, bank balances, and, provisions, receivables, deposits (including interests thereto), benefits of any bank guarantee, performance guarantee and letters of credit etc.) with Appropriate Authority or any Person, investment in shares and any other securities, the same shall without any further act, instrument or deed become the assets of, and be vested in the Amalgamated Company and shall also be deemed to have been transferred by way of delivery by possession of the respective documents in this regard, without any notice or other intimation to any person in pursuance of the provisions of Sections 230 to 232 read with other relevant provisions of the Act and other applicable provisions of Applicable Law to the end and intent that the right of the Amalgamating Companies to recover or realize the same becomes a right of, and stands vested in the Amalgamated Company, without any notice or other intimation to such debtors, depositors or persons as the case may be;

54.1.3 All assets (including any intangible and/or incorporeal assets), estate, rights, title, remedies, claims, rights of action, interest and authorities held by or granted to the Amalgamating

Companies, on the Appointed Date not otherwise specified in the above Clauses, shall also, without any further act, instrument or deed, become the property of, and stand vested in or be deemed to have so become, or be vested in, the Amalgamated Company upon the coming into effect of Part VI of this Scheme pursuant to the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Laws;

54.1.4 All immovable property, whether or not included in the books of the Amalgamating Companies, whether freehold or leasehold or licensed properties allotted, leased or licensed by various landlords, owners and lessors including Appropriate Authorities (including but not limited to capital works in progress, land, buildings, structures standing on the land, and any other rights, titles, interests, rights of way and easements in relation thereto or embedded to the land) and all documents of title, right, security deposits and easements in relation thereto shall become the property of the Amalgamated Company and be vested in the Amalgamated Company or be deemed to have been so, automatically without any act or deed to be done or executed by the Amalgamating Companies and/or the Amalgamated Company. Consequent to the foregoing, all lease or license or rent agreements executed by the Amalgamating Companies, entered into by the Amalgamating Companies with various landlords, owners and lessors including the Appropriate Authorities in connection with the use of the assets of the Amalgamating Companies, together with security deposits, shall stand automatically vested in favour of the Amalgamated Companies on the same terms and conditions, subject to Applicable Law, without any further act, instrument or deed. The Amalgamated Company shall be entitled to exercise all rights and privileges attached to the aforesaid immovable properties and shall be liable to pay the rent, license fees, taxes and fulfil all obligations in relation to or applicable to such immovable properties and shall also be entitled to refund of security deposits paid under such agreements by the Amalgamating Companies. Any transfer/ assignment of lease or license or any tenancy rights by the Amalgamating Companies in favour of the Amalgamated Company pursuant to this Scheme shall continue for the balance period of time will be deemed to have continued without any interruption or break, and it shall not be considered to be a new lease or license or tenancy right. It is clarified that, with respect to the immovable properties of the Amalgamating Companies in the nature of land and buildings, the Amalgamated Company may register the true copy of the Sanction Order with the offices of the relevant sub-registrar of assurances or similar registering authority having jurisdiction over the location of such immovable property or may execute and register, as required, such other documents as may be necessary in this regard. For the avoidance of doubt, it is clarified that any document executed pursuant to this Clause 54.1.4 or Clause 54.1.5 below will be for the limited purpose of meeting regulatory requirements and shall not be deemed to be a document under which the conveyance of immovable property shall take place and the conveyance shall be undertaken solely pursuant to and in terms of this Scheme and the Sanction Order. All Permits, if any, required for enabling the Amalgamated Company to absolutely own and enjoy the immovable properties in accordance with Applicable Law are deemed to be granted as part of this Scheme. The mutation or substitution of the title to the immovable properties shall, upon Part VI of the Scheme becoming effective, be made and duly recorded in the name of the Amalgamated Company by the Appropriate Authorities pursuant to the sanction of this Scheme by the Tribunal and upon Part VI of the Scheme becoming effective in accordance with the terms hereof;

54.1.5 For the purpose of giving effect to the Sanction Order passed under Sections 230 to 232 of the Act in respect of this Scheme, the Amalgamated Company shall be entitled to exercise all rights and privileges and shall be liable to fulfil all its obligations in relation to or applicable to all such immovable properties, including mutation and/or substitution of the ownership or the title to, or interest in the immovable properties which shall be made and duly recorded by the Appropriate Authorities in favour of the Amalgamated Company pursuant to the Sanction Order and upon Part VI of the effectiveness of this Scheme in accordance with the terms hereof without any further act or deed to be done or executed by the Amalgamating Companies and/or the Amalgamated Company. It is clarified that the Amalgamated Company shall be entitled to engage in such correspondence and make such representations, as may be necessary for the

purposes of the aforesaid mutation and/or substitution. For the purposes of this Clause, the Boards of the Amalgamating Companies and/or the Amalgamated Company may, in their absolute discretion, mutually decide the manner of giving effect to the vesting of the whole or part of the right, title and interest in all or any of the immovable properties along with any attendant formalities involved, including by way of execution of appropriate deed(s), including conveyance, assignment, transfer or rectification, in order to give effect to the objectives of the Scheme;

54.1.6 All bank / demat accounts operated or entitled to be operated by the Amalgamating Companies shall be deemed to have been transferred and shall stand transferred to the Amalgamated Company and name of the Amalgamating Companies shall be substituted by the name of the Amalgamated Company in the bank's records and the Amalgamated Company shall be entitled to operate all bank / demat accounts, realise all monies and complete and enforce all pending contracts and transactions in the name of the Amalgamated Company to the extent necessary until the transfer of the rights and obligations of the Amalgamating Companies to the Amalgamated Company under the Scheme is formally accepted and completed by the parties concerned. For avoidance of doubt, it is hereby clarified that all cheques and other negotiable instruments, payment orders received or presented for encashment which are in the name of the Amalgamating Companies after the Effective Date 2, shall be accepted by the bankers of the Amalgamated Company and credited to the account of the Amalgamated Company, if presented by the Amalgamated Company. Similarly, the banker of the Amalgamated Company shall honour all cheques issued by the Amalgamating Companies for payment after the Effective Date 2;

54.1.7 Third party or Appropriate Authority shall take on record the Sanction Order on its file and duly record the necessary substitution or endorsement in the name of the Amalgamated Company as successor in interest, pursuant to the sanction of this Scheme by the Tribunal, without any further act, matter or deed by the Amalgamating Companies or the Amalgamated Company. There shall be no break in the validity and enforceability of the Permits for the purpose of carrying on its business or for any other purpose of whatsoever nature;

54.1.8 All Intellectual Property and rights thereto of the Amalgamating Companies, whether registered or unregistered, along with all rights of commercial nature including attached goodwill, title, interest, quality certifications and approvals, service marks, copy rights, moral rights and related rights, patents, project designs, marketing authorization, approvals, marketing intangibles, permits, permissions, incentives, privileges, special status, geographical indicators, designs, research and studies and all such other industrial or intellectual rights of whatsoever nature, license for software and any other software licenses (whether proprietary or otherwise), research and studies, and other benefits, drawings, manuals, data, catalogues, quotations, marketing authorisations, marketing intangibles, credit information, sales and advertising materials, lists of present and former customers, customer pricing information whether in physical or electronic form; and all other interests relating to the goods or services being dealt with by the Amalgamating Companies, shall become the property of and/or stand vested in, the Amalgamated Company;

54.1.9 All books, records, files, papers, engineering and process information, computer programs, test reports, product registrations, dossiers, manuals, data, catalogues, quotations, sales and advertising materials, list of present and former customers and suppliers, databases containing market information, vouchers, registers, ledgers, documents and other books and records, any media or format including machine readable or electronic media/ format and other records of the Amalgamating Companies shall be transferred to the Amalgamated Company;

54.1.10 All rights to use and avail telephones, telexes, facsimile, email, internet, leased line connections and installations, utilities, electricity and other services, reserves, provisions, funds, benefits of assets or properties or other interests held in trusts, registrations, contracts, engagements,

arrangements of all kind, privileges and all other rights, easements, liberties and advantages of whatsoever nature and wheresoever situated belonging to or in the ownership, power or possession and in control of or vested in or granted in favour of or enjoyed by the Amalgamating Companies and all other interests of whatsoever nature belonging to or in the ownership, power, possession or control of or vested in or granted in favour of or held for the benefit of or enjoyed by the Amalgamating Companies shall become the property of and/or stand vested in, the Amalgamated Company;

54.1.11 The past track record of the Amalgamating Companies including without limitation, the technical qualifications, right to use the accreditations/pre-qualifications, credentials, work experience, track record with customers or other parties, contracts with clients and with vendors of the Amalgamating Companies (acquired by reason of its operations in the past), including without limitation, the profitability, experience, credentials, past record, goodwill and market share, of the Amalgamating Companies shall for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Amalgamated Company in all existing and future bids, tenders, and contracts of all authorities, agencies and clients, be deemed to be the track record of the Amalgamated Company for all commercial and regulatory purposes including for the purposes of eligibility, standing, evaluation and participation of the Amalgamated Company in all existing and future bids and tenders, and contracts of all authorities, agencies and clients.

55. TRANSFER OF LIABILITIES

55.1 Upon Part VI of the Scheme becoming effective and with effect from the Appointed Date, all the Liabilities of the Amalgamating Companies, shall without any further act, instrument or deed be and stand transferred to the Amalgamated Company to the extent that they are outstanding as on the Effective Date 2, so as to become the Liabilities of the Amalgamated Company, along with any Encumbrance relating thereto, on the same terms and conditions as were applicable to the Amalgamating Companies. The Amalgamated Company undertakes to meet, discharge and satisfy the same to the exclusion of the Amalgamating Companies.

55.2 The provisions of this Clause and that of Clause 56 below shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security documents, all of which instruments, deeds or writings shall be deemed to have been modified and/or superseded by the foregoing provisions.

55.3 It is expressly provided that, save as mentioned in this Scheme, no other term or condition of the Liabilities of the Amalgamating Companies transferred to the Amalgamated Company as part of the Scheme is modified by virtue of this Scheme except to the extent that such amendment is required statutorily or by necessary implication.

56. ENCUMBRANCES

56.1 The vesting of the assets comprised in the Amalgamating Companies to and in the Amalgamated Company upon Part VI of the coming into effect of the Scheme shall be subject to the Encumbrances, if any, affecting the same as hereinafter provided.

56.2 In so far as the existing Encumbrances in respect of the Liabilities of the Amalgamating Companies are concerned, such Encumbrances shall, without any further act, instrument or deed be modified and shall be extended to and shall operate only over the assets of the Amalgamating Companies to which such Liability relate, which have already been Encumbered in respect of the Liabilities of the Amalgamating Companies as transferred to the Amalgamated Company pursuant to this Scheme, and such Encumbrances shall not relate to or attach to any of the other assets of the Amalgamated Company. Provided that if any of the assets of the Amalgamating Companies being transferred to the Amalgamated Company pursuant to this Scheme have not been Encumbered in respect of the Liabilities of the

Amalgamating Companies, such assets shall remain unencumbered, and the existing Encumbrances referred to above shall not be extended to and shall not operate over such assets. The Scheme shall not operate to enlarge the Encumbrances, nor shall the Amalgamated Company be obliged to create any further or additional security after the Scheme has become effective or otherwise. The absence of any formal amendment which may be required by a lender, trustee or third party shall not affect the operation of the above.

56.3 In so far as the existing Encumbrances over the assets and other properties of the Amalgamated Company or any part thereof which relate to the Liabilities and obligations of the Amalgamated Company prior to the Effective Date are concerned, such Encumbrance shall, without any further act, instrument or deed continue to relate to only such assets and properties and shall not extend or attach to any of the assets and properties of the Amalgamating Companies vested in the Amalgamated Company by virtue of the Scheme.

56.4 Any reference to the Amalgamating Companies and their respective assets and properties in any security documents or arrangements (to which the Amalgamating Companies are a party), shall be construed as a reference to the Amalgamated Company and the relevant assets and properties of the Amalgamating Companies vested in the Amalgamated Company by virtue of the Scheme. Without prejudice to the provisions of the foregoing Clauses and upon Part VI of coming into effect of the Scheme, the Amalgamated Company may enter into and execute such other deeds, instruments, documents and/or writings and/or do all acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the RoC to give formal effect to the provisions of this Clause and foregoing Clauses, if required.

57. EMPLOYEES

57.1 Upon Part VI of the Scheme becoming effective, all the staff and employees of the Amalgamating Companies who are in such employment as on the Effective Date 2 shall become, and be deemed to have become, the staff and employees of the Amalgamated Company, without any break or interruption in their services on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation, with the benefit of continuity of service. It is clarified that such employees of the respective Amalgamating Companies who become employees of the Amalgamated Company by virtue of this Scheme, shall be governed by the terms of employment of the Amalgamated Company (including in connection with provident fund, gratuity fund, superannuation fund or any other special fund or obligation), provided that such terms of employment of the Amalgamated Company are overall no less favourable than those that were applicable to such employees immediately before such amalgamation. The Amalgamated Company further agrees that for the purpose of payment of any retirement benefit/compensation, such immediate uninterrupted past services with the Amalgamating Companies, shall also be taken into account. With regard to provident fund, gratuity, superannuation, leave encashment and any other special scheme or benefits created or existing for the benefit of such employees of the Amalgamating Companies, the Amalgamated Company shall stand substituted for the Amalgamating Companies for all purposes whatsoever, upon Part VI of this Scheme becoming effective, including with regard to the obligation to make contributions to relevant authorities, such as the regional provident fund commissioner or to such other funds maintained by the Amalgamating Companies, in accordance with the provisions of Applicable Laws or otherwise. It is hereby clarified that upon Part VI of this Scheme becoming effective, the aforesaid benefits or schemes shall continue to be provided to the transferred employees and the services of all the transferred employees of the Amalgamating Companies for such purpose shall be treated as having been continuous. In addition, upon Part VI of this Scheme coming into effect on the Effective Date 2 and with effect from the Appointed Date, any prosecution or disciplinary action initiated, pending or contemplated against and any penalty imposed in this regard on any employee forming part of the Amalgamating Companies shall be continued/ continue to operate against the relevant employee and the Amalgamated Company shall be entitled to take any relevant action or sanction, without any further act, instrument or deed undertaken by the Amalgamating Companies or the Amalgamated Company.

57.2 With regard to any provident fund, gratuity fund, pension, superannuation fund or other special fund created or existing for the benefit of such employees of the Amalgamating Companies, it is the aim and intent of the Scheme that all the rights, duties, powers and obligations of the Amalgamating Companies in relation to such schemes or funds shall become those of the Amalgamated Company. Upon Part VI of the Scheme becoming effective: (a) all contributions made to such funds by the Amalgamating Companies on behalf of such employees shall be deemed to have been made on behalf of the Amalgamated Company, and shall be transferred to the Amalgamated Company, the relevant authorities or the funds (if any) established by the Amalgamated Company, as the case may be; and (b) all contributions made by such employees, including interests/investments (which are referable and allocable to the employees transferred), shall be transferred to the Amalgamated Company, the relevant authorities or the funds (if any) established by the Amalgamated Company, as the case may be. Upon Part VI of the Scheme becoming effective, the Amalgamated Company shall stand substituted for the Amalgamating Companies for all purposes whatsoever relating to the obligation to make contributions to the said funds in accordance with the provisions of such schemes or funds in the respective trust deeds or other documents, by operation of law pursuant to the Sanction Order, without any further act, instrument or deed undertaken by the Amalgamating Companies or the Amalgamated Company. It is clarified that the services of all employees of the Amalgamating Companies transferred to the Amalgamated Company will be treated as having been continuous and uninterrupted for the purpose of the aforesaid schemes or funds. Without prejudice to the aforesaid, the Board of the Amalgamated Company, if it deems fit and subject to Applicable Laws, shall be entitled to: (a) retain separate trusts or funds within the Amalgamating Companies for the erstwhile fund(s) of the Amalgamating Companies; or (b) merge the pre-existing fund of the Amalgamating Companies with other similar funds of the Amalgamated Company.

57.3 The Amalgamated Company agrees that for the purpose of payment of any retrenchment compensation, gratuity and other terminal benefits, the past services of the employees with the Amalgamating Companies, if any, as the case may be, shall also be taken into account, and agrees and undertakes to pay the same as and when payable.

58. LEGAL PROCEEDINGS

58.1 If any suit, cause of actions, appeal or other legal, quasi-judicial, arbitral or other administrative proceedings, including Tax assessment proceedings/appeals, of whatever nature (hereinafter called the "**Proceedings of the Amalgamating Companies**") by or against the Amalgamating Companies are pending and/or arising on the Effective Date 2 and relate to the Amalgamating Companies, the same shall not abate, be discontinued or be in any way prejudicially affected by reason of the amalgamation or of anything contained in this Scheme, but the Proceedings of the Amalgamating Companies may be continued, prosecuted and enforced by or against the Amalgamated Company in the same manner and to the same extent as it would or might have been continued, prosecuted and enforced by or against the Amalgamating Companies as if this Scheme had not been made. On and from the Effective Date 2, the Amalgamated Company may initiate any legal proceeding for and on behalf of the Amalgamating Companies. The Amalgamated Company undertakes to have all legal or other proceedings initiated by or against the Amalgamating Companies, which are capable of being continued by or against the Amalgamated Company, transferred to its name as soon as is reasonably possible after the Effective Date 2 and to have the same continued, prosecuted and enforced by or against the Amalgamated Company.

59. CONTRACTS

59.1 Upon Part VI of the Scheme becoming effective and subject to the other provisions of this Scheme, without any further act or deed and subject to the provisions of this Scheme, all contracts, deeds, bonds, agreements, memoranda of understandings, memoranda of agreements, bids, letters of intent, undertakings, engagements, arrangements, service contracts, consultant contracts, contracts with vendors and suppliers), technology contracts, outsourcing agreements, assignment agreements, license agreements (including for Intellectual Property), deeds, bonds, policies, information technology related

agreements, schemes, lease/license agreements, tenancy rights, agreements/panchnamas for right of way, equipment purchase agreements, agreement with customers, purchase and other agreements with the supplier/manufacturer of goods/service providers, other arrangements, insurance covers and claims, clearances, tenders including contracts / arrangements with government, expression of interest, service orders, purchase orders (either with or without a general purchase agreement), non-disclosure undertakings, and other commitments, whether written or otherwise, and other instruments of whatsoever nature and description, whether written, oral or otherwise and all rights, title, interests, claims and benefits thereunder, and other instruments to which the Amalgamating Companies are a party or to the benefit of which the Amalgamating Companies may be eligible, or under which the Amalgamating Companies have any obligations to discharge and which are subsisting or having effect on the Effective Date 2 shall, without any further act, instrument or deed, continue in full force and effect in favour of or against the Amalgamated Companies and may be enforced as fully and effectually as if, instead of the Amalgamating Companies, the Amalgamated Company had been a party or beneficiary or obligee or obligor thereto or thereunder. If the Amalgamated Company enters into and/or issues and/or executes deeds, writings or confirmations or enters into any tripartite agreements, confirmations or novations, the Amalgamating Companies will, if necessary, also be party to such documents in order to give formal effect to the provisions of this Scheme, if so required. In relation to the same, any procedural requirements required to be fulfilled solely by the Amalgamating Companies (and not by any of its successors), shall be fulfilled by the Amalgamated Company as if it is duly constituted attorney of the Amalgamating Companies.

59.2 On and from the Effective Date 2, and thereafter, the Amalgamated Company shall be entitled to complete and enforce all pending contracts and transactions and to accept stock returns and issue credit notes in respect of the Amalgamating Companies, until the transfer of rights and obligations of the Amalgamating Companies to the Amalgamated Company under this Scheme has been given effect to under such contracts and transactions.

59.3 With effect from the Effective Date 2, any liabilities, loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form), if any, due or which may at any time in future become due between the Amalgamating Companies and Amalgamated Company shall, ipso facto, stand discharged and come to an end and there shall be no liability in that behalf on any party and the appropriate effect shall be given in the books of accounts and records of the Amalgamated Company.

59.4 All inter se contracts solely between the Amalgamating Companies and the Amalgamated Company shall stand cancelled and cease to operate and appropriate effect shall be given in the books of accounts and records of the Amalgamated Company.

60. PERMITS

60.1 Upon Part VI of the Scheme becoming effective and with effect from the Appointed Date, all the Permits held or availed of by, and all rights and benefits that have accrued to, the Amalgamating Companies shall be transferred to and vested in the Amalgamated Company or deemed to have transferred to and vested in the Amalgamated Company, without any further act, instrument or deed and shall be appropriately mutated or endorsed by the Appropriate Authorities concerned therewith in favour of the Amalgamated Company as if the same were originally given by or issued to or executed in favour of the Amalgamated Company and the Amalgamated Company shall be bound by the terms, obligations and duties thereunder and the rights and benefits under the same shall be available to the Amalgamated Company to carry on the operations of the Amalgamating Companies without any hindrance, whatsoever. It is hereby clarified that if the consent of any Person or Appropriate Authority is required to give effect to the provisions of this Clause, the said Person or Appropriate Authority shall make and duly record the necessary substitution/ endorsement in the name of the Amalgamated Company pursuant to the sanction of this Scheme by the Tribunal, and upon Part VI of the Scheme becoming effective in accordance with the terms hereof. For this purpose, the Amalgamated Company shall, if required, file appropriate applications/ documents with relevant authorities concerned for information

and record purposes. The Amalgamated Company shall be permitted to continue with the existing Permits of the Amalgamating Companies till the aforementioned consent of any Person or Appropriate Authority is received / new Permit is received by the Amalgamated Company to give effect to the provisions of this Clause.

60.2 From the Effective Date and until the Permits are transferred, vested, recorded, effected, and/or perfected, in the record of the Appropriate Authority, in favour of the Amalgamated Company, for the purposes of the relevant Permit, the Amalgamated Company is authorized to carry on business in the name and style of the Amalgamating Companies and use the Permits of the Amalgamating Companies.

61. SAVING OF CONCLUDED TRANSACTIONS

61.1 Subject to the terms of the Scheme, the amalgamation of the Amalgamating Companies with the Amalgamated Company under Clauses 53 to 60 above shall not affect any transaction or proceedings already concluded by the Amalgamating Companies until the Effective Date 2, to the end and intent that the Amalgamated Company accepts and adopts all acts, deeds and things done and executed by the Amalgamating Companies in respect thereto as acts, deeds and things made, done and executed by or on behalf of the Amalgamated Company.

62. TAXATION MATTERS

Part VI of this Scheme has been drawn up to comply with the conditions as specified under Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. If any of the terms or provisions of the Scheme are found or interpreted to be inconsistent with the provisions of the said Section at a later date including resulting from a retrospective amendment of law or for any other reason whatsoever, till the time the Scheme becomes effective, the provisions of the said section of the Income Tax Act shall prevail and the Scheme shall stand modified to the extent determined necessary to comply with Section 2(1B) of the Income Tax Act and other relevant provisions of the Income Tax Act. Upon the effectiveness of Part VI of the Scheme, by operation of law pursuant to the order of the Tribunal:

62.1 With effect from the Appointed Date and upon Part VI of the Scheme becoming effective, all direct taxes and indirect taxes, duties, cess receivable/payable by the Amalgamating Companies, including all or any refunds/credit (including export and tax credits) /claims/ tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation) relating thereto shall be treated as the asset/liability or refunds/credit/claims/ tax losses (including book losses)/unabsorbed depreciation (including book unabsorbed depreciation), as the case may be, of the Amalgamated Company. It is also clarified that the Amalgamated Company shall have the right to claim refunds, tax credits, set-offs and/or adjustments relating to the income or transactions it has entered into, by virtue of this Scheme with effect from the Appointed Date.

62.2 Direct taxes of whatsoever nature including advance tax, self-assessment tax, regular assessment taxes, tax deducted at source, tax collected at source, foreign taxes, buyback distribution tax, minimum alternative tax, if any, paid by the Amalgamating Companies shall be treated as paid by the Amalgamated Company and it shall be entitled to claim the credit, refund, adjustment for the same as may be applicable.

62.3 If the Amalgamating Companies is entitled to any benefits under incentive schemes and policies under Tax Laws, all such benefits under all such incentive schemes and policies shall be and stand vested in the Amalgamated Company with effect from the Appointed Date to the extent the benefits / incentives/ schemes are linked to direct tax laws and with effect from Effective Date 2 to the extent the benefits / incentives/ schemes are linked to Indirect Tax Laws.

62.4 The Amalgamated Company is expressly permitted to revise, withdraw and file its income tax returns and other statutory returns, along with the necessary forms, filings and annexures even beyond the due date, if required, including tax deducted / collected at source returns, goods and service tax returns, as

may be applicable and shall be entitled to claim credit for advance tax paid and exclude items such as provisions, reversals, etc., for which no deduction or tax benefit has been claimed by the Amalgamated Company prior to the Appointed Date and has expressly reserved the right to make such provision in its returns and to claim refunds, advance tax credits, credit of tax deducted at source, credit of foreign taxes paid/withheld, etc. if any, as may be required for the purposes of/consequent to implementation of the Scheme.

62.5 On and from the Effective Date 2, it is hereby clarified that in case of any refunds, benefits, incentives, grants, subsidies, etc. including under applicable Tax Laws, the Amalgamated Company, if so required, shall issue notice in the name of the Amalgamating Companies, in such form as it may deem fit and proper stating that pursuant to the Tribunal having sanctioned this Scheme under Sections 230 to 232 of the Act, the relevant refund, benefit, incentive, grant, subsidies, be paid or made good or held on account of the Amalgamated Company, as the person entitled thereto, to the end and intent that the right of the Amalgamating Companies, to recover or realise the same, stands transferred to the Amalgamated Company.

62.6 From the Effective Date 2, all the invoicing and compliance would be done by the Amalgamated Company post obtaining all requisite GST registrations, wherever so required. To the extent such set of registrations are not effective as on the Effective Date 2, for such intervening period, the Amalgamated Company would undertake the invoicing and compliance using the GST registrations of the Amalgamating Company, as the case may be, to ensure compliance with law and timely discharge of GST liability.

62.7 Upon Part VI of the Scheme becoming effective, the obligation for deduction of tax at source on any payment made by or to be made by the Amalgamating Companies pertaining to the period on or after the Appointed Date, under direct tax laws or other Applicable Laws dealing with taxes duly complied by the Amalgamating Companies shall be made or deemed to have been made and duly complied with by the Amalgamated Company.

62.8 In so far as various incentives, subsidies, exemptions, remissions, reductions, export benefits, any other incentives eligible from state government or central government, all indirect tax related benefits, transport marketing assistance, GST benefits, service tax benefits, all indirect tax related assets / credits, including but not limited to GST input credits, service tax input credits, value added/ sales tax/ entry tax credits or set-off, income tax holiday/ benefit/ losses (including book losses) / minimum alternative tax, unabsorbed depreciation (including book unabsorbed depreciation) and other benefits or exemptions or privileges enjoyed, granted by any Appropriate Authority or by any other person, or availed of by the Amalgamating Companies and any interest thereon, with regard to any law, act or rule or scheme made by, the Appropriate Authority shall, under the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law, without any further act, instrument or deed, vest with and be available to the Amalgamated Company on the same terms and conditions as if the same had been allotted and/ or granted and/ or sanctioned and/ or allowed to the Amalgamating Companies to the end and intent that the right of the Amalgamating Companies to recover or realize the same, stands transferred to the Amalgamated Company and that appropriate entries should be passed in their respective books to record the aforesaid changes.

62.9 The Amalgamated Company shall be eligible to claim a deduction otherwise admissible but not claimed by the Amalgamating Companies, including for expenditure admissible on actual payment basis or on deduction/collection of appropriate taxes (such as section 43B, section 40, section 40A etc. of the Income Tax Act), upon fulfilment of conditions, if any, required under the Income Tax Act.

63. VALIDITY OF EXISTING RESOLUTIONS, ETC.

63.1 Upon Part VI of the Scheme becoming effective, the resolutions/ power of attorneys passed / executed by the Amalgamating Companies, as are considered necessary by the Board of the Amalgamated Company and that are valid and subsisting on the Effective Date 2, shall continue to be valid and

subsisting and be considered as resolutions and power of attorney passed/ executed by the Amalgamated Company and if any such resolutions have any monetary limits approved under the provisions of the Act or any other applicable statutory provisions, then such limits as are considered necessary by the Board of the Amalgamated Company shall be added to the limits, if any, under like resolutions passed by the Amalgamated Company and shall constitute the new aggregate limits for each of the subject matters covered under such resolutions/power of attorneys for the purpose of the Amalgamated Company.

64. CONSIDERATION – EQUITY SHARES

64.1 Upon Part VI of the Scheme becoming effective and in consideration of the amalgamation of the Amalgamating Company 1 into the Amalgamated Company, the Amalgamated Company shall, without any further application, act or deed, issue and allot to the Eligible Shareholders 2, 56 (Fifty Six) equity shares of the Amalgamated Company, credited as fully paid-up equity shares of the face value of INR 2 each, for every 100 (One Hundred) fully paid-up equity shares of INR 10 each held by such member in the Amalgamating Company 1 ("**Share Exchange Ratio 2**"). The equity shares to be issued by the Amalgamated Company to the Eligible Shareholders 2 in accordance with this Clause 64.1 shall be referred to hereinafter as "**Merger Consideration Shares 2**".

64.2 Since the Amalgamating Company 2 is a wholly owned subsidiary of the Amalgamated Company, and the Amalgamated Company, being the holding company, cannot issue or allot any shares to itself, no shares whatsoever shall be issued by the Amalgamated Company in consideration of the amalgamation. Accordingly, all such shares of the Amalgamating Company 2 held by the Amalgamated Company along with its nominees and the investment of the Amalgamated Company in such shares as appearing in the books of the Amalgamated Company shall stand cancelled upon Part VI of the Scheme becoming effective without issue or allotment of new shares in lieu of shares of the Amalgamating Company 2.

64.3 In the event of there being any pending share transfers, whether lodged or outstanding, of any shareholders of the Amalgamating Company 1, the Board of the Amalgamated Company shall be empowered in appropriate cases, prior to or even subsequent to the Record Date 2, as the case may be, to effectuate such a transfer as if such changes in registered holder were operative as on the Record Date 2, in order to remove any difficulties arising to the transferor of the shares in the Amalgamating Company 1 and in relation to the shares of the Amalgamated Company issued by the Amalgamated Company, after the effectiveness of the Scheme. The Board of the Amalgamated Company shall be empowered to remove such difficulties as may arise in the course of implementation of this Scheme and registration of new shareholders in the Amalgamated Company on account of difficulties faced in the transition period.

64.4 Where the Merger Consideration Shares 2 are to be allotted to heirs, executors or administrators, as the case may be, to successors of deceased Eligible Shareholders 2 of the Amalgamating Company 1, the concerned respective heirs, executors, administrators, successors or legal representatives shall be obliged to produce evidence of title satisfactory to the Board of the Amalgamated Company.

64.5 If any Eligible Shareholder 2 becomes entitled to any fractional shares, entitlements or credit on the issue and allotment of Merger Consideration Shares 2 in accordance with this Scheme, the Board of the Amalgamated Company shall consolidate all such fractional entitlements and shall round up the aggregate of such fractions to the next whole number and issue such consolidated shares to a trustee appointed by the Board of the Amalgamated Company, who shall hold such shares in trust on behalf of the Eligible Shareholders 2 (entitled to the said fractional shares), for the specific purpose of selling such consolidated shares in the market at such price or prices and on such time or times, as trustee deems fit, but within 90 (ninety) days from the date of allotment of such shares, and shall distribute the net sale proceeds, subject to tax deductions and other expenses as applicable, to the Eligible Shareholders 2 in proportion of their respective fractional entitlements.

64.6 The Merger Consideration Shares 2 allotted and issued in terms of Clause 64.1 of above, shall be listed and / or admitted to trading on the BSE and NSE, in compliance of the SEBI Schemes Master Circular and other relevant provisions and subject to the Amalgamated Company obtaining the requisite approvals from all the relevant Appropriate Authorities pertaining to the listing and trading of the Merger Consideration Shares 2. The Amalgamated Company shall enter into such arrangements and give such confirmations and / or undertakings as may be necessary in accordance with Applicable Laws for complying with the formalities of the Stock Exchanges.

64.7 The Merger Consideration Shares 2 to be allotted and issued to the Eligible Shareholders 2 as provided in Clause 64.1 above shall be subject to the provisions of the memorandum and articles of association of the Amalgamated Company and shall rank *pari passu* in all respects with the then existing equity shares of the Amalgamated Company after the Effective Date 2 including with respect to dividends, voting rights and other corporate benefits attached to the equity shares of the Amalgamated Company.

64.8 It is clarified that the issuance and allotment of the Merger Consideration Shares 2 by the Amalgamated Company to the shareholders of the Amalgamating Company 1 as provided in the Scheme, is an integral part thereof and shall be deemed to have been carried out without requiring any further act on the part of the Amalgamated Company or its shareholders and as if the procedure laid down under Section 62 or any other applicable provisions of the Act, as may be applicable, and such other statues and regulations as may be applicable were duly complied with.

64.9 Subject to Applicable Laws, the Merger Consideration Shares 2 to be issued in terms of this Scheme shall be issued in dematerialized form. The register of members maintained by the Amalgamated Company and / or other relevant records, whether in physical or electronic form, maintained by the Amalgamated Company, the relevant depository and registrar and transfer agent in terms of Applicable Laws shall (as deemed necessary by the Board of the Amalgamated Company) be updated to reflect the issue of the Merger Consideration Shares 2 in terms of this Scheme. The Eligible Shareholders 2 who hold equity shares in the Amalgamating Company 1 in physical form should provide the requisite details relating to his / her / its account with a depository participant or other confirmations as may be required, to the Amalgamated Company, prior to the Record Date 2 to enable it to issue the Merger Consideration Shares 2. However, if no such details have been provided to the Amalgamated Company by the Eligible Shareholders 2 in physical form on or before the Record Date 2, the Amalgamated Company shall deal with the relevant Merger Consideration Shares 2 in such manner as may be permissible under the Applicable Law including by way of issuing corresponding equity shares in dematerialised form to a trustee ("**Trustee 2**") who shall hold the relevant Merger Consideration Shares 2 in trust for the benefit of such Eligible Shareholder 2. The relevant Merger Consideration Shares 2 held by Trustee 2 for the benefit of the relevant Eligible Shareholder 2 shall be transferred to the respective Eligible Shareholder 2 once such shareholder provides details of his/her / its demat account to the Trustee, along with such other documents as may be required by the Trustee 2. The respective Eligible Shareholders 2 shall have all the rights of the shareholders of the Amalgamated Company, including the right to receive dividend, voting rights and other corporate benefits, pending the transfer of relevant Merger Consideration Shares 2 from the Trustee.

64.10 The Merger Consideration Shares 2 allotted pursuant to the Scheme shall remain frozen in the depositories system until listing / trading permission is given by the BSE and NSE, as the case may be.

64.11 There shall be no change in the shareholding pattern or control of the Amalgamated Company between the Record Date 2 and the date of listing of Merger Consideration Shares 2 which may affect the status of the approval from BSE or NSE.

64.12 The Merger Consideration Shares 2 to be issued by the Amalgamated Company in lieu of the shares of the Amalgamating Company 1, if any, held in the unclaimed suspense account of the Amalgamating Company 1 shall be issued to a new unclaimed suspense account created for respective shareholders of the Amalgamating Company 1. The Merger Consideration Shares 2 to be issued by the Amalgamated Company in lieu of the shares of the Amalgamating Company 1 held in the investor education and

protection fund authority shall be issued to investor education and protection fund authority in favour of such Eligible Shareholders 2.

64.13 The Merger Consideration Shares 2 to be issued by the Amalgamated Company pursuant to Clause 64.1 above in respect of the shares of the Amalgamating Company 1, the allotment or transfer of which is held in abeyance under Applicable Law shall, pending allotment or settlement of dispute by order of appropriate court or otherwise, also be kept in abeyance in a like manner by the Amalgamated Company.

64.14 In the event the Amalgamated Company restructures its equity share capital by way of share split / consolidation / issue of bonus shares / rights issue during the pendency of the Scheme, the Share Exchange Ratio 2 shall be adjusted accordingly to consider the effect of any such corporate actions.

65. CONSIDERATION - WARRANTS

65.1 Upon Part VI of the Scheme becoming effective and in consideration of the amalgamation of the Amalgamating Company 1 into the Amalgamated Company, the Amalgamated Company shall pursuant to this Scheme, and as an integral part hereof, without any further application, act or deed, issue and allot, in demat form, to the Warrant Holders, 56 (Fifty Six) share warrants of the Amalgamated Company (at the Warrant Price (*defined below*) for every 100 (One Hundred) share warrants of the Amalgamating Company 1 ("**Warrant Exchange Ratio**"). The share warrants to be issued by the Amalgamated Company to the Warrant Holders in accordance with this Clause 65.1 shall be referred to hereinafter as "**Amalgamated Company Warrants**". Pursuant to the Warrant Exchange Ratio and rounding down any fraction entitlements to the previous whole number, Dr. Hari Babu Bodepudi and Dr. Kalidindi Srihari Raju shall be allotted up to 2,03,41,257 (Two Crore Three Lakhs Forty One Thousand Two Hundred and Fifty Seven) and 24,56,420 (Twenty Four Lakhs Fifty Six Thousand Four Hundred and Twenty) Amalgamated Company Warrants respectively. Each Amalgamated Company Warrant shall be convertible into 1 (one) equity share of the Amalgamated Company.

65.2 The "relevant date" for the allotment of Amalgamated Company Warrants is the date on which the Board of the Amalgamated Company approves the Scheme, which is in accordance with the SEBI Preferential Allotment Circular and the price at which the Amalgamated Company Warrants shall be issued has been determined in accordance with the SEBI ICDR Regulations and the SEBI Preferential Allotment Circular ("**Warrant Price**") and is INR 181.94 per Amalgamated Company Warrant.

65.3 In accordance with the provisions of the SEBI ICDR Regulations:

65.3.1 the Warrant Holders shall pay an amount equivalent to 25% (twenty-five per. cent.) of the Warrant Price (the "**Warrant Subscription Price**") for subscription to the Amalgamated Company Warrant on the date of allotment of the Amalgamated Company Warrants. Provided however that any amount paid by the Warrant Holders by way of initial upfront consideration on allotment of the share warrants by the Amalgamating Company 1 or at any subsequent date, to the Amalgamating Company 1, shall be adjusted against the Warrant Subscription Price of the Amalgamated Company Warrants;

65.3.2 the option against the Amalgamated Company Warrants shall be exercised by the Warrant Holders within 18 (eighteen) months from the date of their allotment ("**Warrant Exercise Period**"), at the option of the Warrant Holders;

65.3.3 the balance 75% (seventy-five per. cent.) of the Warrant Price shall be paid by the Warrant Holders upon exercise of the option against the Amalgamated Company Warrants;

65.3.4 in the event any Warrant Holder does not exercise the against the Amalgamated Company Warrants within the Warrant Exercise Period, the total Warrant Subscription Price paid by such Warrant Holder shall be forfeited by the Amalgamated Company and the Amalgamated

Company Warrants shall lapse, to the extent that the option attached to such Amalgamated Company Warrants has not been exercised;

65.3.5 All taxes arising in connection with the issuance, subscription, or exercise of any Amalgamated Company Warrants, and the subsequent allotment of equity shares pursuant to the exercise of such warrants, shall be borne solely by the Warrant Holders. The Amalgamated Company shall withhold any applicable taxes as required by law. In the event the Amalgamated Company incurs or suffers any tax liability arising from the issuance, subscription, or exercise of the Amalgamated Company Warrants, the Warrant Holders agrees to promptly remit the necessary funds to the Amalgamated Company to enable it to discharge such liabilities and provide the relevant support /document /evidence as required by the Amalgamated Company; and

65.3.6 the equity shares of the Amalgamated Company allotted pursuant to the exercise of the option against the Amalgamated Company Warrants shall be subject to a lock-in for such period as specified under SEBI ICDR Regulations.

65.4 It is hereby clarified that for the purposes of Clause 65, the consent of the shareholders of the Amalgamated Company to the Scheme shall be deemed to be sufficient for the issuance and allotment of the Amalgamated Company Warrants of the Amalgamated Company to the Warrant Holder and no further resolutions, approvals or authorization of the shareholders of the Amalgamated Company under Sections 42 and 62(1)(c) of the Act and/or any other applicable law would be separately required subject to the provisions of the SEBI Schemes Master Circular.

66. ACCOUNTING TREATMENT

66.1 Accounting treatment in the books of the Amalgamated Company

66.1.1 Notwithstanding anything else contained in the Scheme, the Amalgamated Company shall account for the amalgamation of the Amalgamating Company 2 in accordance with the Pooling of Interest Method of accounting as laid down in Appendix C of Indian Accounting Standard 103 ("Ind AS") 103 (Business Combinations of entities under common control), notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as may be amended from time to time, in the books of accounts such that:

(i) The Amalgamated Company shall record the assets and liabilities, if any, of the Amalgamating Company 2 vested in it pursuant to this Scheme, at the carrying values thereof and in the same form as appearing in the consolidated financial statements of the Amalgamated Company;

(ii) The identity of the reserves of the Amalgamating Company 2 shall be preserved and the Amalgamated Company shall record the reserves of the Amalgamating Company 2 in the same form and at the carrying value as appearing in the consolidated financial statements of the Amalgamated Company;

(iii) Pursuant to the amalgamation of the Amalgamating Company 2 with the Amalgamated Company, inter-company balances, between the Amalgamated Company and the Amalgamating Company 2, if any, as appearing in the books of the Amalgamated Company shall stand cancelled and there shall be no further obligation in that behalf;

(iv) The value of all the investments held by the Amalgamated Company in the Amalgamating Company 2 shall stand cancelled pursuant to amalgamation;

(v) The surplus, if any arising after taking the effect of clauses 66.1.1(i) to (iv) shall be transferred to Capital Reserve in the financial statements of the Amalgamated Company. The deficit, if any arising after taking the effect of clauses 66.1.1(i) to (iv)

and adjustment of previously existing credit balance in capital reserve, if any, shall be first debited to Retained Earnings in the financial statements of the Amalgamated Company to the extent of the balance available in the said account. If there is further deficit, the amount will be debited to the Amalgamation Adjustment Deficit Account and its nature shall be akin to Debit balance in Profit and Loss Account. The balance of this account shall be presented as part of reserves and a note explaining the nature shall be given in the financial statements of the Amalgamated Company;

(vi) In case of any difference in accounting policy between the Amalgamating Company 2 and the Amalgamated Company, the accounting policies followed by the Amalgamated Company will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies;

(vii) Comparative financial information in the financial statements of the Amalgamated Company shall be restated for the accounting impact of the merger of the Amalgamating Company 2, as stated above, as if the merger had occurred from the beginning of the comparative period presented. However, if the entities came under common control after that date, the prior period information shall be restated only from that date;

(viii) For accounting purposes, the Scheme will be given effect on the date when all substantial conditions for the transfer of the Amalgamating Company 2 are completed; and

(ix) Any matter not dealt with hereinabove shall be dealt with in accordance with the requirement of applicable Ind AS.

66.1.2 Notwithstanding anything else contained in the Scheme, the Amalgamated Company shall account for the amalgamation of the Amalgamating Company 1 in accordance with the Pooling of Interest Method of accounting as laid down in Appendix C of Indian Accounting Standard ("Ind AS") 103 (Business Combinations of entities under common control) notified under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standard) Rules, 2015, as may be amended from time to time, in its books of accounts such that:

(i) The Amalgamated Company shall record the assets and liabilities, if any, of the Amalgamating Company 1 vested in it pursuant to this Scheme, at the carrying values thereof and in the same form as appearing in the standalone financial statements of the Amalgamating Company 1;

(ii) The identity of the reserves of the Amalgamating Company 1 shall be preserved and the Amalgamated Company shall record the reserves of the Amalgamating Company 1 in the same form and at the carrying value as appearing in the standalone financial statements of the Amalgamating Company 1, subject to clause 66.1.2(v);

(iii) Pursuant to the amalgamation of the Amalgamating Company 1 with the Amalgamated Company, inter-company balances, between the Amalgamated Company and/or the Amalgamating Company 1, if any, as appearing in the books of the Amalgamated Company and/or the Amalgamating Company 1 shall stand cancelled and there shall be no further obligation in that behalf;

(iv) The Amalgamated Company shall credit its share capital account with the aggregate face value of the equity shares issued by it to the shareholders of Amalgamating Company 1 pursuant to Clause 64 of the Scheme;

(v) Existing share capital along with securities premium (including the treasury shares) of Amalgamating Company 1 will stand cancelled;

(vi) The surplus, if any arising after taking the effect of clauses 66.1.2(i) to (v) shall be transferred to Capital Reserve in the financial statements of the Amalgamated Company. The deficit, if any arising after taking the effect of clauses 66.1.2(i) to (v) and adjustment of previously existing credit balance in capital reserve, if any, shall be first debited to Retained Earnings in the financial statements of the Amalgamated Company to the extent of the balance available in the said account. If there is further deficit, the amount will be debited to the Amalgamation Adjustment Deficit Account and its nature shall be akin to Debit balance in Profit and Loss Account. The balance of this account shall be presented as part of reserves and a note explaining the nature shall be given in the financial statements of the Amalgamated Company;

(vii) In case of any difference in accounting policy between the Amalgamating Company 1 and the Amalgamated Company, the accounting policies followed by the Amalgamated Company will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies;

(viii) Comparative financial information in the financial statements of the Amalgamated Company shall be restated for the accounting impact of the merger of the Amalgamating Company 1, as stated above, as if the merger had occurred from the beginning of the comparative period presented. However, if the entities came under common control after that date, the prior period information shall be restated only from that date;

(ix) For accounting purposes, the Scheme will be given effect on the date when all substantial conditions for the transfer of the Amalgamating Company 1 are completed;

(x) Any matter not dealt with hereinabove shall be dealt with in accordance with the requirement of applicable Ind AS.

66.2 Accounting treatment in the books of the Amalgamating Company 1

As the Amalgamating Company 1 shall stand dissolved without being wound up, upon Part VI of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Amalgamating Company 1.

66.3 Accounting treatment in the books of the Amalgamating Company 2

As the Amalgamating Company 2 shall stand dissolved without being wound up, upon Part VI of the Scheme becoming effective, hence no accounting treatment is being prescribed under this Scheme in the books of the Amalgamating Company 2.

67. EMPLOYEES STOCK OPTION PLAN

67.1 With respect to the Amalgamating Company 1 ESOP Plan, upon Part VI of the Scheme becoming effective, the Amalgamated Company shall adopt a new employee stock option scheme ("**Amalgamated Company New Option Scheme**"), and issue such number of stock options not exceeding 2.8% (two point eight percent) of the post amalgamation paid-up share capital of the Amalgamated Company on a fully diluted basis under the Amalgamated Company New Option Scheme. The stock options issued under the Amalgamated Company New Option Scheme shall be on the same terms and conditions as (and which are not less favourable than those) provided in the Amalgamating Company 1 ESOP Plan, in a manner such that the benefit of the options granted under

the Amalgamating Company 1 ESOP Plan is sufficiently transferred.

67.2 It is hereby clarified that upon Part VI of this Scheme becoming effective, options granted by the Amalgamating Company 1 to the Eligible Employees under the Amalgamating Company 1 ESOP Plan shall automatically stand cancelled. Further, upon Part VI of the Scheme becoming effective and after cancellation of the options granted to the Eligible Employees under the Amalgamating Company 1 ESOP Plan, the fresh options shall be granted by the Amalgamated Company to the Eligible Employees considering the Share Exchange Ratio 2, in a manner such that the benefit of the options granted under the Amalgamating Company 1 ESOP Plan are sufficiently transferred. Fractional entitlements, if any, arising pursuant to the applicability of the Share Exchange Ratio 2 as above shall be rounded off to the nearest higher integer. The number of shares that the Eligible Employees would be entitled to under each option, and the exercise price payable for options granted by the Amalgamated Company to the Eligible Employees, shall be based on the number of shares and exercise price payable under the Amalgamating Company 1 ESOP Plan, as may be adjusted after taking into account the effect of the Share Exchange Ratio 2.

67.3 On the Effective Date 2, the provisions of the SEBI (Share Based Employee Benefits) Regulations, 2021 ("**SEBI ESOP Regulations**"), as amended to-date, shall apply, to the extent applicable, to the stock options granted by the Amalgamated Company under the Amalgamated Company New Option Scheme in pursuance of this Scheme.

67.4 The grant of stock options by the Amalgamated Company under the Amalgamated Company New Company Stock Options pursuant to this Scheme shall be effected as an integral part of the Scheme and the approval of relevant Appropriate Authorities and the shareholders of the Amalgamated Company to this Scheme shall be deemed to be their consent in relation to all matters pertaining to the Amalgamated Company New Stock Option Scheme, including without limitation, for the purposes of creating the Amalgamated Company New Stock Option Scheme and all related matters. No further approval of the shareholders of the Amalgamated Company would be required in this connection under Applicable Law.

67.5 It is hereby clarified that in relation to the options granted by the Amalgamated Company to the Eligible Employees, the period during which the options granted by the Amalgamating Company 1 were held by or deemed to have been held by the Eligible Employees shall be taken into account for determining the minimum vesting period required under Applicable Law or agreement or deed for stock options granted under the Amalgamating Company 1 ESOP Plan or the Amalgamated Company Option Scheme, as the case may be.

67.6 The Board of Directors of the Amalgamating Company 1 and the Amalgamated Company or any of the committee(s) thereof, including the nomination and remuneration committee, if any, shall take such actions and execute such further documents as may be necessary or desirable for the purpose of giving effect to the provisions of this clause of the Scheme.

68. DISSOLUTION OF THE AMALGAMATING COMPANIES

68.1 Upon Part VI of the Scheme becoming effective, the Amalgamating Companies shall stand dissolved without being wound up, without any further act, instrument or deed and the respective Boards and any committees thereof of the Amalgamating Companies shall without any further act, instrument or deed be and stand discharged. Pursuant to the Scheme coming into effect, the equity shares and share warrants of the Amalgamating Companies (whether in electronic form and/or in the physical form), as the case may be, shall stand cancelled, and the name of the Amalgamating Companies shall be struck off from the RoC records.

69. COMBINATION OF AUTHORISED SHARE CAPITAL

69.1 Upon Part V of the Scheme becoming effective, and as an integral part of Part V of the Scheme: (A)

considering the combination of authorised share capital pursuant to Clause 19 in Part II and Clause 50 of Part IV of the Scheme, the authorised share capital of the Amalgamating Company 1 comprising of (i) 48,29,52,000 equity shares of INR 10/- each aggregating to INR 482,95,20,000, (ii) 22,84,95,000 preference shares of INR 10/- each aggregating to INR 228,49,50,000, (iii) 1,00,00,000 preference shares of INR 90/- each aggregating to INR 90,00,00,000, shall stand reclassified entirely only as equity share capital comprising 4,00,72,35,000 equity shares of INR 2 each aggregating to INR 8,01,44,70,000, (B) the authorised share capital of Amalgamating Company 2 comprising of 47,00,000 equity shares of INR 10/- each aggregating to INR 4,70,00,000 shall reclassified entirely only as equity share capital comprising aggregating 2,35,00,000 equity shares of INR 2 each aggregating to INR 4,70,00,000. It is clarified that the approval of the shareholders of the Amalgamating Companies to this Scheme shall be deemed to be their respective consents / approvals to the reclassification of the authorized share capital envisaged under this Clause as required under Sections 13, 61 and other applicable provisions of the Act.

69.2 Upon Part VI of the Scheme becoming effective and upon the reclassification/ reorganization of the resultant authorised share capital of the Amalgamating Companies as set out in Clause 69.1, the authorised share capital of the Amalgamating Companies shall, taking into consideration the increase in authorised share capital of Amalgamating Company 1 pursuant to Clause 19 and Clause 51, stand transferred, merged and combined with the authorised share capital of the Amalgamated Company pursuant to this Scheme without any further act, deed or instrument including payment of stamp duty and fees payable to the RoC to the extent already paid by the Amalgamating Companies. In terms of the provisions of Section 232(3)(i) of the Act, and other applicable provisions, if any, the aggregate fees paid by the Amalgamating Companies on the authorized capital shall be set-off against the fees payable by the Amalgamated Company on the increase in the authorized share capital as mentioned in this Clause 69. In relation to the foregoing, if applicable, the Amalgamated Company shall pay requisite fees on its authorised share capital enhanced by the amalgamation after having made adjustments, as permitted in terms of Sections 232(3)(i) read with Section 233(11) of the Act. The aggregate authorised share capital of the Amalgamated Company shall automatically stand increased to that effect by filing the requisite forms with the RoC on such increased and combined authorised share capital.

69.3 Consequently, with effect from the Effective Date 2, the memorandum of association of the Amalgamated Company shall without any act, instrument or deed be and stand altered, modified and amended pursuant to Section 13 and other applicable provisions of the Act as per Clause 52 of Part VI of this Scheme, such that Clause V of the memorandum of association shall be replaced by the following:

"*The Authorised Share Capital of the Company is Rs. 8,86,14,70,000 (Rupees Eight Hundred Eighty Six Crore Fourteen Lakh Seventy Thousand) divided into 4,43,07,35,000 (Four Hundred Forty Three Crore Seven Lakh Thirty Five Thousand) equity shares of Rs. 2 (Rupees Two Only) each with power to increase and/ or reduce the capital, to divide the shares in the capital for the time being into several classes and to attach thereto respectively such qualified or special rights or privileges or conditions as may be determined by or in accordance with the regulations of the Company and to vary, or modify or abrogate any such rights, privileges or conditions in such manner as may from the time being be provided by the regulations of the Company and to consolidate or sub-divide the shares and issue shares of higher or lower denominations."*

Further, the articles of association of the Amalgamated Company shall without any act, instrument or deed be and stand altered, modified and amended pursuant to Section 14 and other applicable provisions of the Act as per Clause 52 of Part VI of this Scheme, such that Article No. 5 of the articles of association of the Amalgamated Company regarding the authorised share capital shall be replaced by the following:

"*The Authorised Share Capital of the Company is Rs. 8,86,14,70,000 (Rupees Eight Hundred Eighty Six Crore Fourteen Lakh Seventy Thousand) divided into 4,43,07,35,000 (Four Hundred Forty Three Crore Seven Lakh Thirty Five Thousand) equity shares of Rs. 2 (Rupees Two Only) each.*

The Company has power from time to time to increase or reduce its capital. Any of the said shares and any news shares thereafter to be created may from time to time be divided into shares of several classes in such manner as may be provided hereinafter and the Company may allow and so that the shares of each class may have or confer such preferred or other special rights and privileges as may be issued under such restrictions and conditions whether in regard to dividend, voting, return of capital or otherwise as shall have been assigned thereto by or under the provisions of the Articles of Association but so that the special rights or privileges belonging to holders of any shares issued with preferred or other rights shall not be varied or abrogated or affected except with sanction as is provided for hereafter."

69.4 In the event the authorised capital of the Amalgamated Company undergoes any change prior to the Effective Date 2, the capital clause of the memorandum of association of the Amalgamated Company and Article 5 of the articles of association of the Amalgamated Company, shall be modified accordingly to take into account the effect of any such change (including reclassification of any part of the share capital) without any further act, instrument or deed.

69.5 The approval of this Scheme by shareholders of the Amalgamated Company under Sections 230 to 232 of the Act, shall be deemed to have been an approval under Section 13, 14, 61 and 64 or any other applicable provisions under the Act to the alteration of the memorandum of association of the Amalgamated Company as may be required under the Act, and no further resolution(s) would be required to be separately passed in this regard.

VI. It is submitted in page Nos.132 to 134 of the Application, that all assets and liabilities of the Transferor Company 1 to Transferor Company 5 would stand transferred to and vested in or be deemed to have been transferred to and vested in the Transferee Company 1, all the assets and liabilities of the Transferor Company 6 would stand transferred to and vested in or be deemed to have been transferred to and vested in the Transferee Company 2, all the assets and liabilities of the Transferee Company 2/Transferor Company 7 would stand transferred to and vested in or be deemed to have been transferred to and vested in with Transferee Company 1/Amalgamating Company 1 and all the assets and liabilities of the Amalgamating Companies would be transferred to and vested in or be deemed to have been transferred to and vested in favour of Amalgamated Company. Further, the proposed Scheme shall not, in any way, directly or indirectly, affect the rights and interests of the Shareholders/ Creditors of the Applicant Companies as given below:

i. <u>For amalgamation of the Transferor Companies with Transferee Company 1</u>:

Since the Transferor Companies are direct and indirectly wholly owned subsidiaries of the Transferee Company 1, and the Transferee Company 1, being the Holding Company, cannot issue or allot any shares to itself, no shares whatsoever shall be issued by the Transferee Company 1 in consideration of the amalgamation. Accordingly, all such shares of the Transferor Companies held directly or indirectly by the Transferee Company 1 along with its nominees and the investment of the Transferee Company 1 in such shares as appearing in the books of the Transferee Company 1 shall stand cancelled upon Part III of the Scheme becoming effective without issue or allotment of new shares in lieu of shares of the Transferor Companies.

ii. <u>For Amalgamation of the Transferor Company 6 with Transferee Company 2:</u>

Since the Transferor Company 6 is a wholly owned subsidiary of the Transferee Company 2, and the Transferee Company 2, being the holding company, cannot issue or allot any shares to itself, no shares whatsoever shall be issued by the Transferee Company 2 in consideration of the amalgamation. Accordingly, all such shares of the

Transferor Company 6 held by the Transferee Company 2 along with its nominees and the investment of the Transferee Company 2 in such shares as appearing in the books of the Transferee Company 2 shall stand cancelled upon Part IV of the Scheme becoming effective without issue or allotment of new shares in lieu of shares of the Transferor Company 6.

iii. <u>For Amalgamation of the Transferor Company 7 with Amalgamating Company 1:</u>

Upon Part V of the Scheme becoming effective and in consideration of the amalgamation of the Transferor Company 7 into the Transferee Company 1, the Transferee Company 1 shall, without any further application, act or deed, issue and allot to the Eligible Shareholders 1 (as defined in the Scheme) in the following ratio:

"47 (Forty-Seven) equity shares of the Transferee Company 1, credited as fully paid-up equity shares of the face value of INR 10 (Rupees Ten only) each, for every 1 (One) fully paid-up equity shares of INR 10 (Rupees Ten only) each held by such member in the Transferor Company 7" ("Share Exchange Ratio 1").

VII. (a) <u>CONSIDERATION FOR EQUITY SHARES:</u>

<u>For the amalgamation of the Amalgamating Companies with the Amalgamated Company</u>:

Upon Part VI of the Scheme becoming effective and in consideration of the amalgamation of the Amalgamating Company 1 into the Amalgamated Company, the Amalgamated Company shall, without any further application, act or deed, issue and allot to the Eligible Shareholders 2 (as defined in the Scheme) in the following ratio:

56 (Fifty-Six) equity shares of the Amalgamated Company, credited as fully paid-up equity shares of the face value of INR 2 (Rupees Two only) each, for every 100 (One Hundred) fully paid-up equity shares of INR 10 (Rupees Ten only) each held by such member in the Amalgamating Company 1 ("Share Exchange Ratio 2").

(b) <u>CONSIDERATION FOR WARRANTS:</u>

Additionally, upon Part VI of the Scheme becoming effective and in consideration of the amalgamation of the Amalgamating Company 1 into the Amalgamated Company, the Amalgamated Company shall pursuant to

this Scheme, and as an integral part hereof, without any further application, act or deed, issue and allot, in demat form, to the Warrant Holders (as defined in the Scheme) in the following ratio:

> ***"56 (Fifty-Six) share warrants of the Amalgamated Company (at the Warrant Price (defined below) for every 100 (One Hundred) share warrants of the Amalgamating Company 1." ("Warrant Exchange Ratio").***

The "relevant date" for the allotment of Amalgamated Company Warrants (as defined in the Scheme) is the date on which the Board of the Amalgamated Company approves the Scheme, which is in accordance with the circular issued by SEBI dated 23 March, 2017, bearing reference no. CFD/DIL3/CIR/2017/26 ("SEBI Preferential Allotment Circular") and the price at which the Amalgamated Company Warrants shall be issued has been determined in accordance with the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and the SEBI Preferential Allotment Circular ("Warrant Price") and is **Rs.181.94** per Amalgamated Company Warrant.

(Copy of Valuation Report obtained from the Registered Valuer in connection with determination of share exchange ratio for the purpose of the Scheme is at Annexure 140 of the Application)

INDEPENDENT AUDITOR'S REPORT

To the Members of Sequent Scientific Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Sequent Scientific Limited ("the Company"), which includes Sequent Scientific Employee Stock Option Plan Trust (the "Trust") which comprise the Balance sheet as at March 31 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of other auditor on separate financial statement and other financial information of the Trust, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive expense, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

S R B C & CO LLP MUMBAI CHARTERED ACCOUNTANTS

Key audit matters	How our audit addressed the key audit matter
Recoverability of Deferred tax assets *(as described in Note 8 and Note 39 of the standalone financial statements)*	
As at March 31, 2025, the Company has Deferred Tax Asset ("DTA") of Rs. 96.44 million, which includes MAT credit of Rs. 77.57 million. The analysis of the recoverability of deferred tax assets has been identified as a key audit matter because the assessment of recoverability involves significant estimates and judgement in respect of forecasted taxable profits for future years. Due to the significance and materiality of the deferred tax balances and the judgment involved, this matter was considered significant to our audit and hence a key audit matter.	We performed the following audit procedures, among others: • We obtained an understanding of the management's process for estimating the recoverability of deferred tax assets. • We compared the forecast of future taxable income to business plan and previous forecasts to the actual results and analyzed results for material differences, if any. • We tested the arithmetical accuracy of the computation of the amounts recognised as deferred tax assets. • We involved tax experts to assist in evaluating measurement of income tax charge for the year including computation and evaluation of various tax positions and potential exposures. • We read and assessed relevant disclosures made in the standalone financial statements.
Revenue recognition under Ind AS 115, "Revenue from contracts with customers" *(as described in Note 2.4(i) and Note 30 of the standalone financial statements)*	
The Company recognizes revenue from sale of goods at a point in time based on the terms of the contract with customers which may vary case to case. Terms of sales arrangements with various customers, including Incoterms determine the timing of transfer of control and require judgment in determining timing of revenue recognition. Due to the judgement relating to determination of point of time in satisfaction of performance obligations with respect to sale of products, this matter is considered as Key Audit Matter.	We performed the following audit procedures, among others: • We read the Company's accounting policy for revenue recognition and assessed its compliance with Ind AS 115 'Revenue from contracts with customers'; • We assessed the design and tested the operating effectiveness of internal financial controls related to sale of goods; • For sample customers, we obtained and assessed the arrangements with the Company and impact on revenue recognition including their payment terms and right to returns; • On a sample basis, we tested underlying documents including purchase orders issued by customers, and sales invoices raised by the Company and shipping documents to assess the timing of transfer of control and the timing of revenue recognition; • We analyzed revenue transactions near the reporting date and tested whether the timing of revenue was recognized in the appropriate period with reference to shipping records, sales invoices etc., for sample transactions; • We requested for and obtained independent balance confirmations from the Company's customers on sample basis and tested reconciliations wherever required. • We read and assessed the relevant disclosures made within the standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
Impairment assessment of investments in subsidiaries and amount due from subsidiaries: *(as described in Note 5 and Note 6 of the standalone financial statements)*	
The Company has investments in subsidiaries of Rs. 6,472.42 million and amount due from subsidiary of Rs. 3,949.43 million as at March 31, 2025. The said investments and amount due are carried at cost less allowance for impairment, if any. The Management reviews periodically whether there are any indicators of impairment of the said investments and amount due from them by reference to the requirements under Ind AS 36 and Ind AS 109. If such indicator exists, impairment loss is determined and recognized in the standalone financial statements in accordance with the accounting policies. The Management carries out impairment assessment for investments and amount receivables from subsidiaries with indicators of impairment and if there are any such indicators, determines the recoverable amount based on estimates of future cash flows of the businesses covered by investments. As investments in subsidiaries and amount receivables from subsidiary are significant and impairment assessment involves significant assumptions and judgment, we regard this as a key audit matter.	We performed the following audit procedures, among others: • We obtained an understanding, evaluated the design and tested the operating effectiveness of key controls over the impairment review process including the review and approval of forecasts and review of valuation models. • We assessed whether there were indicators of impairment of investments and amount due from subsidiaries. Where indicators existed, we have assessed whether management has estimated the recoverable amounts of these investments and amount due from subsidiaries, including the assumptions used by the management in making such estimates. • We evaluated the methodology used by the Company for future projections to determine the recoverable amount, in particular those assumptions relating to the sales growth rate, pre-tax discount rate used. • We involved valuation specialists to review key assumptions considered in the recoverable amount determination. • We compared the carrying values of the Company's investments and amounts due from subsidiaries with their recoverable amounts and the consequent allowance for impairment, if any. • We read and assessed the relevant disclosures made in the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive expense, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related

disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- For the Trust included in the standalone financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information of the Trust included in the accompanying standalone financial statements of the Company whose financial statements and other financial information reflect total assets of Rs. 28.50 million as at March 31, 2025, total revenues of Rs. Nil and net cash outflow of Rs. 7.00 million for the year ended on that date. The financial statements and other financial information of the Trust have been audited by the other auditor whose reports have been furnished to us by the management. Our opinion on the standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of the Trust, is based solely on the report of such other auditors. Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except that backup of books of accounts was not performed on June 19, 2024 as stated in Note 62 to the financial statements and except for the matter stated in the paragraph (i)(vi) below on reporting under Rule 11(g);

(c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts;

(d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

(e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;

(f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above on reporting under Section 143(3)(b) and paragraph (i)(vi) below on reporting under Rule 11(g);

(g) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

(h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

(i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 41 to the standalone financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. a) The management has represented that, to the best of its knowledge and belief, as disclosed in note 60 to the standalone financial statements, no funds have been advanced or loaned or invested either from borrowed funds or share premium or any other sources or kind of funds by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, as disclosed in note 60 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. No dividend has been declared or paid during the year by the Company.

vi. Based on our examination which included test checks, the Company has used two accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that in case of SAP software, audit trail feature is not enabled for certain changes made, if any, using privileged / administrative access rights as described in note 61 to the financial statements. Further, no instance of audit trail feature being tampered with was noted in respect of these software. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

ANNEXURE 1 REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE

Re: Sequent Scientific Limited ("the Company")

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangibles assets.

(b) All Property, Plant and Equipment have not been physically verified by the management during the year but there is a regular programme of verification them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2025.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The management has conducted physical verification of inventory (including inventory lying with third parties) at reasonable intervals during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. Inventories lying with third parties have been confirmed by them as at March 31, 2025 and material discrepancies were not noticed in respect of such confirmations. There were no discrepancies of 10% or more in aggregate for each class of inventory noticed.

(b) As disclosed in note 59 to the standalone financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the standalone financial statements, the quarterly returns / statements (including revised) filed by the Company with such banks are in agreement with the books of accounts of the Company.

(iii) (a) During the year, the Company has provided loans, advances in the nature of loans, stood guarantee and provided security to Companies as follows:

(Rs.in Million)

Particulars	**Guarantees**	**Security**	**Loans**	**Advances in the nature of loans**
Aggregate amount granted / provided during the year				
- Subsidiary / step-down subsidiary	3,981.86	-	256.97	-
Balance outstanding as at balance sheet date in respect of above cases - Subsidiary / step-down subsidiary	5,131.86	-	3,949.43	-

During the year, the Company has not provided loans, advances in the nature of loans, stood guarantee and provided security to firms, Limited Liability Partnerships or any other parties.

(b) During the year, the investments made, guarantees provided and the terms and conditions of the grant of all loans and guarantees to Companies are not prejudicial to the Company's interest.

(c) In respect of loans granted to Companies, the schedule of repayment of principal and payment of interest has not been stipulated in the agreement. Hence, we are unable to make a specific comment on the regularity of repayment of principal and payment of interest in respect of such loan.

(d) There are no amounts of loans granted to Companies which are overdue for more than ninety days. The Company has not granted loans or advances in the nature of loans to firms, Limited Liability Partnerships or any other parties.

(e) There were no loans granted to Companies which had fallen due during the year, that have been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties. There were no loans or advance in the nature of loan granted to firms, limited liability partnerships or any other parties which was fallen due during the year.

(f) As disclosed in note 6 to the standalone financial statements, the Company has granted loans repayable on demand to Companies. Of these, following are the details of the aggregate amount of loans granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

Particulars	Amount granted during the year (Rs. in million)*
Aggregate amount of loans granted to related parties - Repayable on demand	256.90
Percentage of loans to the total loans	100%

*represents interest added to the principal loan as per the terms of the loan

(iv) There are no loans, guarantees, and security in respect of which provisions of sections 185 of the Companies Act, 2013 are applicable. and hence not commented upon. Loans, investments, guarantees and security in respect of which provisions of section 186 of the Companies Act, 2013 are applicable have been complied with by the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacturing of pharmaceuticals products, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

(vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect

S R B C & CO LLP * MUMBAI * CHARTERED ACCOUNTANTS

of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) The dues of goods and services tax, provident fund, employees' state insurance, income- tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues which have not been deposited on account of any dispute, are as follows :

Name of the Statute	Nature of the Dues	Amount net of pre-deposit (Rs. in million)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	25.34	AY 2013-14	Commissioner of Income Tax (Appeals)
Maharashtra Goods and Service Tax Act, 2017	Goods and Service Tax	44.04	July 2017 to March 2018	Deputy Commissioner (Appeals), Thane
Finance Act, 1994	Service Tax	0.64	April 2017 to June 2017	Deputy Commissioner (Appeals), Thane

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

(c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.

(d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any amount during the year by way of initial public offer / further public offer (including debt instruments). Hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares/fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No fraud by the Company or no material fraud on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor, secretarial auditor or by us in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) The Company has not incurred cash losses in the current and immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 47 to the standalone financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section (5) of section 135 of the Act. This matter has been disclosed in note 51 to the standalone financial statements.

(b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in note 51 to the standalone financial statements.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SEQUENT SCIENTIFIC LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Sequent Scientific Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A Company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made

only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1. CORPORATE INFORMATION

The standalone financial statements comprise financial statements of SeQuent Scientific Limited (the "Company") (CIN L99999TS1985PLC196357) incorporated and domiciled in India and has its registered office located at 3rd Floor, Srivalli's Corporate, Plot No. 290, SYN 33 34P TO 39, Guttala Begumpet, Jubilee Hills, Shaikpet, Hyderabad-500033, Telangana, India. The shares of the Company are publicly traded on the National Stock Exchange of India Limited and BSE Limited. The Company is a leading integrated pharmaceutical company with a global footprint, operating in the domains of Active Pharmaceutical Ingredients.

2 Material accounting policies

2.1 Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013.

The standalone financial statements were approved for issue in accordance with a resolution of the director as on 20 May 2025.

2.2 Basis of preparation and presentation

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. Fair value for measurement and / or disclosure purposes in these standalone financial statements is determined on such a basis, except for

- Share-based payment transaction as defined in Ind AS 102 – Share-based payment.
- Leasing transaction as defined in Ind AS 116 – Leases.
- Measurement that have some similarities to fair value but are not fair value, such as 'Net Realisable Value' as defined in Ind AS 2 – Inventories and value in use as defined in Ind AS 36- Impairment of Assets.

The standalone financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.3 Functional and presentation currency

These standalone financial statements are presented in Indian Rupees (₹), which is the Company's functional currency. All financial information presented in ₹ has been rounded to the nearest million (up to two decimals), except otherwise stated.

2.4 Summary of material accounting policies

i. Revenue from contract with customer

a) Sale of products

Revenue from sale of products is presented in the income statement within revenue from operations. The Company presents revenue net of indirect taxes in its standalone statement of profit and loss. Sale of products comprise revenue from sales of products, net of sales returns, rebates, incentives and customer discounts.

Revenue from contract with customer is recognized when the Company transfers control over the product to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Control of a product refers to the ability to direct the use of and obtain substantially all of the remaining benefits from that asset. Performance obligations are satisfied at one point in time, typically on delivery. Most of the revenue earned by the Company is derived from the satisfaction of a single performance obligation for each contract which is the sale of products

Sales are measured at the fair value of consideration received or receivable. The amounts of rebates / incentives is estimated and accrued on each of the underlying sales transactions recognised. Returns and customer discounts are recognized in the period in which the underlying sales are recognized based on an estimate basis. The amount of sales returns is calculated on the basis of management's best estimate of the amount of product that will ultimately be returned by customers.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the said earned consideration.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is received from customer or due, whichever is earlier. Contract liabilities are recognised as revenue when the Company performs under the contract.

b) Services

Income is recognised when the services are completed as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists.

c) Export entitlements income

Export entitlements from Government authorities are recognised in the standalone statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of the exports made by the Company, and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

d) Interest and dividend income

- Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Effective interest rate is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

- Dividend income from investments is recognised when the Company's right to receive payment has been established.

ii. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.
An asset is treated as current when:
- It is expected to be realised or intended to be sold or consumed in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:
- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting.

All other liabilities are classified as non-current.
Deferred tax assets and liabilities are classified as non-current assets and liabilities.
The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.
The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

iii. Foreign currency transactions and translation

Transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Exchange differences arising on settlement or translation of monetary items are recognised in the standalone statement of profit and loss in the year in which it arises.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

iv. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or erection of qualifying assets are added to the cost of those assets, until such time that the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the standalone statement of profit and loss in the period in which they are incurred.

v. Employee Benefits

a) Defined Contribution Plans

The Company has defined contribution plans for post-employment benefits in the form of provident fund which is administered through Government of India. Provident fund is classified as defined contribution plans as the Company has no further obligation beyond making the contributions. The Company's contributions to defined contribution plans are charged to the standalone statement of profit and loss as and when employee renders related service.

b) Defined benefit plans

Payments to defined benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's gratuity scheme is in the nature of defined benefit plans.

For defined benefit plans, the cost of providing benefit is determined using projected unit credit method, with actuarial valuation being carried out at the end of each financial year. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the statement of profit and loss. Past service cost is recognised in the statement of profit and loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. The discount rates used for determining the present value of the obligation under defined benefit plans are based on the market yields on Government securities as at the balance sheet date. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement gain/ (loss).

The Company presents the service cost of defined benefit plan in the line item 'Employee benefits expense' and the net interest expense or income in the line item 'Finance costs' of the standalone statement of profit and loss. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plan.

c) Short-term employee benefits

A liability is recognised for short-term employee benefit in respect of wages and salaries, annual leave, medical and leave travel in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

d) Other employee benefits

Other employee benefits comprise of leave encashment which is provided for, based on the actuarial valuation carried out as at the end of the year. Liabilities recognised in respect of other employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

vi. Share-based compensation

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 46.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a systematic basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the standalone statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

vii. Taxation

Income tax comprises current and deferred tax. Income tax expense is recognised in the standalone statement of profit and loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

a) Current tax

Current tax represents the tax currently payable on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. Provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under Income Tax Act,1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities as per Income Tax Act. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Minimum Alternate Tax ('MAT') paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment of future tax liability is recognised as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Company and asset can be measured reliably.

The Company applies significant judgement in identifying uncertainties over income tax treatments. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Upon adoption of the Appendix C to Ind AS 12, the Company considered whether it has any uncertain tax positions. The Appendix did not have any significant impact on these financial statements of the Company.

b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of each reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Deferred tax relating to items recognised outside the standalone statement of profit and loss is recognised either in other comprehensive income or in equity.

viii. **Property, plant and equipment**

a) **Recognition and measurement**

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any.

Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for its intended use. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

When parts of an item of property, plant and equipment have significant cost in relation to total cost and different useful lives, they are recognised and depreciated separately.

Depreciation is recognised so as to write off the cost of assets (other than freehold land) less their residual values, using the straight-line method, over the useful lives specified in Schedule II to the Companies Act, 2013 except for the following items, where useful life estimated on technical assessment, past trends and differ from those provided in Schedule II of the Companies Act, 2013.

Nature of the assets	Useful life in years
Buildings	5-30
Plant and machinery	2-15
Computers	3
Furniture and fixtures	2-16
Office Equipments	2-5
Vehicles	3-8

The estimated useful lives, residual values and depreciation method are reviewed at financial year end, with the effect of any changes in estimate are accounted for on a prospective basis.

Depreciation on additions / deletions to property, plant and equipments is provided prorata from the month of addition / till the month of deletion.

b) **Subsequent costs**

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the standalone statement of profit and loss as incurred.

c) **Derecognition of property, plant and equipment**

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the standalone statement of profit and loss.

ix. **Intangible assets**

a) **Intangible assets acquired separately**

Intangible assets that are acquired by the Company, which have finite useful lives, are measured at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on straight-line basis over the estimated useful lives. The estimated useful life and amortisation method are reviewed at each financial year end, with the effect of any changes in estimate being accounted for on a prospective basis. Cost includes any directly attributable incidental expenses necessary to make the assets ready for use.

b) **Internally-generated intangible asset-research and development expenditure**

Expenditure on research activities is recognised as an expense in the year in which it is incurred.

An internally-generated intangible asset arising from development is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in the standalone statement of profit and loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

c) **Useful lives of intangible assets**

Estimated useful lives of the intangible assets are as follows:

Nature of the assets	Useful life in years
Product / process development	5
Software	3-5

d) **Subsequent costs**

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the standalone statement of profit and loss as incurred.

SRBC & CO LLP CHARTERED ACCOUNTANTS MUMBAI

SEQUENT SCIENTIFIC LIMITED

e) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the standalone statement of profit and loss.

x. Inventories

Inventories are valued at the lower of cost and net realisable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Costs are determined on First in First Out basis (FIFO) as follows:

(i) Raw materials, packing materials and fuel: At actual purchase cost including other cost incurred in bringing materials / consumables to their present location and condition

(ii) Work-in-progress and intermediates: At material cost, conversion costs and appropriate share of production overheads based on normal capacity

(iii) Finished goods: At material cost, conversion costs and an appropriate share of production overheads based on normal capacity

(iv) Stock-in-trade: At purchase and other costs incurred in bringing the inventories to their present location and condition

However, materials and other items held for use in production of inventory are not written down below cost, if the finished product in which they will be used are expected to be sold at or above cost.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

xi. Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of each reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are not recognised but are disclosed in the notes to standalone financial statements when economic inflow is probable.

xii. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

All financial instruments are initially measured at fair value. Transaction costs that are attributable to the acquisition or issue of the financial assets and financial liabilities (other than financial assets recorded at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition or issue of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the standalone statement of profit and loss.

Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: non-derivative financial assets comprising amortised cost, debt instruments at fair value through other comprehensive income (FVTOCI), equity instruments at fair value through other comprehensive income (FVTOCI) and fair value through profit or loss (FVTPL), non-derivative financial liabilities at amortised cost or FVTPL and derivative financial instruments (under the category of financial assets or financial liabilities) at FVTPL.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

a) Non-derivative financial assets

(i) Financial assets at amortised cost

A financial asset is measured at amortised cost if both of the following conditions are met:

(a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
(b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortised cost using the effective interest rate ('EIR') method, less any impairment loss.

Financial assets at amortised cost are represented by trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

(ii) Equity instruments at fair value through other comprehensive income (FVTOCI)

All equity instruments other than investment in subsidiaries are measured at fair value. Equity instruments held for trading is classified as fair value through profit or loss (FVTPL). For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in OCI. The Company makes such election on an instrument-by-instrument basis.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI. There is no recycling of the amount from OCI to the standalone statement of profit and loss, even on sale of the instrument. However the Company may transfer the cumulative gain or loss within the equity.

(iii) Financial assets at fair value through profit or loss (FVTPL)

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as FVTPL.

In addition, the Company may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

Financial assets included within the FVTPL category are measured at fair values with all changes in the standalone statement of profit and loss.

(iv) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or the financial assets is transferred and the transfer qualifies for derecognition. On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new assets obtained less any new liability assumed) shall be recognised in the standalone statement of the profit and loss except for debt and equity instruments carried through FVTOCI which shall be recognised in OCI.

b) Non-derivative financial liabilities

(i) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the EIR method.

(ii) Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at FVTPL are measured at fair value with all changes recognised in the standalone statement of profit and loss.

iii) Derecognition of financial liabilities

The Company derecognises financial liabilities only when, the obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the standalone statement of profit and loss.

c) Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in foreign exchange rates on foreign currency assets or liabilities. Derivatives are recognised and measured at fair value. Attributable transaction cost are recognised in the standalone statement of profit and loss.

xiii. Impairment

a) Financial assets

In accordance with Ind AS 109 - Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting period, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition.

Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

(i) All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument;

(ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the Company uses a provision matrix to determine impairment loss on portfolio of its trade receivable. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward- looking estimates. At every reporting date, the historical observed default rates are updated and changes in forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the statement of profit and loss. This amount is reflected under the head other expenses in the standalone statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured at amortised cost, contractual revenue receivables.

ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

b) Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels into cash generating units for which there are separately identifiable cash flows.

An impairment loss recognised in prior years are reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment had been recognised in previous year

xiv. Earnings per share (EPS)

Basic EPS is computed by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

xv. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.
The determination of whether an arrangement is,or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets (ROU)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the of the lease term.
If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.
The right-of-use assets are also subject to impairment. Refer to the accounting policies (xiii)(b) Impairment of non-financial assets.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Nature of the assets	Useful life in years
ROU-Land	50-85
ROU- Server	5
ROU- Vehicle	4
ROU- Building	2

Company as a lessor

Leases in which the company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased assets and recognised over the lease terms on the same basis as rental income.

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.
In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets:

The Company applies the short-term lease recognition exemption to its short-term leases of office premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

xvi. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and which are subject to an insignificant risk of changes in value.

xvii. Cash Dividend

The Company recognises a liability to pay dividend to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

xviii. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:
- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.
For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

xix. Exceptional items

Exceptional items include income or expense that are considered to be part of ordinary activities, however, are of such significance and nature that separate disclosure enables the user of Financial Statements to understand the impact in a more meaningful manner. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the Company

xx. Accounting and reporting of information for Operating Segments

Based on "Management Approach" as defined in Ind AS 108 - Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments. The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Geographical segments are ascertained based on the geographical location of the customers.

2.5 Use of estimates and management judgments

In application of the accounting policies, which are described in note 2.4, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. In particular, information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements is included in the following notes:

i. Useful life of property, plant and equipment and intangible assets

The useful life of the assets are determined in accordance with Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that or is not prescribed in Schedule II, it is based on technical advice, taking into account amongst other things, the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance.

ii. Impairment

An impairment loss is recognised for the amount by which an asset's / investments or cash-generating unit's carrying amount exceeds its recoverable amount. To determine the recoverable amount, management estimates expected discounted future cash flows from each asset or cash-generating unit.

iii. Deferred tax

Deferred income tax liabilities are recognised for all taxable temporary differences. Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

SRBC & CO LLP ★ CHARTERED ACCOUNTANTS ★ MUMBAI

SEQUENT SCIENTIFIC LIMITED

iv. **Fair value**

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

v. **Post-retirement benefit plans**

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions which include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at each financial year end on the government bonds.

vi. **Provisions and contingencies**

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

vii. **Share based payments**

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Company uses black scholes model Employee Share Option Plan. The assumptions used for estimating fair value for share-based payment transactions are disclosed in Note 45.

This relate to shares granted to the employees of the Company and its subsidiaries.

(d) General reserve
Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(e) Retained earnings
Retained earnings are the profits / (loss) that the Company has earned / incurred till date, less any transfers to general reserve and dividends or other distributions paid to shareholders.

(f) Reserve for equity instruments through other comprehensive income
Reserve for equity instruments through other comprehensive income represents the cumulative gains (net of losses) arising on revaluation of equity instruments measured at fair value through other comprehensive income, net of amount reclassified, if any, to retained earnings when those instruments are disposed off.

(g) Treasury reserve
Treasury reserve represents the shares of the Company held by SeQuent Scientific Employee Stock Option Plan Trust.

(ii) The Company's exposures to currency and liquidity risks related to trade payables is disclosed in note 49.

(iii) Refer note 44.3 for dues payable to related parties

(iv) The Company has entered into an agreement with financial institutions for the supply chain financing arrangement. As per the arrangement, the suppliers may elect to factor their receivable from the Company and receive the payment due from the financial institutions before the due date. As per the arrangement, the financial institutions agrees to pay amounts which Company owes to it's suppliers and the Company agrees to pay the financial institutions at a date later than suppliers are paid.

The nature and function of the liabilities remain the same even after factoring as the Company is neither legally released from its original obligation to the supplier nor the terms of the original liability are amended in a way that is considered a substantial modification. Hence, the Company has not derecognised the liabilities which are factored by the suppliers and disclosed the said amount within trade payables. Further, no additional interest has been paid to the financial institution by the Company on the amounts due to the suppliers. The payable under supply chain financing arrangement amounts to ₹ 19.06 million as at 31 March 2025 (31 March 2024: ₹ 119.78 million).

Apart from the above, the Company has also entered into arrangements, wherein the Company requests the financial institutions to make payments on the due date agreed with the suppliers and the Company pays to the financial institutions at the end of the extended period of payment. In this case, the Company derecognizes the liabilities towards the suppliers on the date of payment by the financial institutions to the suppliers and recognizes the amounts paid within Borrowings. During the year ended March 31, 2025, the Company has recognized interest expense amounting to ₹ 15.26 million (31 March 2024: ₹ 10.75 million) under the aforementioned arrangement. The payable to the financial institution amounts to ₹ 241.16 million as at 31 March 2025 (31 March 2024: ₹ 152.69 million) under this arrangement which has been recognized under "Short Term Borrowings" in the financial statements.

Actuarial (gains) / losses arising from changes in experience adjustment	1.04	0.32
Closing defined benefit obligation	**21.65**	**19.68**

Actuarial assumptions

The principal assumptions used for the purpose of actuarial valuations are shown in the table below. The assumptions as at the balance sheet date are used to determine the present value of defined benefit obligation at that date.

	Year ended 31 March 2025	Year ended 31 March 2024
Financial assumption:		
Discount rate	6.61%	7.19%
Salary escalation rate	7.00%	7.00%
Demographic assumption:		
Withdrawal rate	15.00%	15.00%
Mortality rate	IALM (2012-14) Ultimate	IALM (2012-14) Ultimate
Retirement Age	58 yrs	58 yrs

The rate used to discount post-employment benefit obligation (both funded and unfunded) is determined by reference to market yields at the end of each reporting period on government bonds.

	Year ended 31 March 2025	Year ended 31 March 2024
Expected future cash flows		
Within 1 Year	3.12	2.87
2-5 years	11.12	11.31
6-10 years	9.22	7.86

Average expected future working life is 6.15 years (previous year 6.16 years)

Sensitivity Analysis

The sensitivity analyses below have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analyses are based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analyses may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation from one another.

	Impact on the defined benefit obligation increase / (decrease)	
31 March 2025	**100 bps increase**	**100 bps decrease**
Discounting rate	(1.09)	1.21
Salary escalation rate	1.30	(1.19)

Notes:
(i) Refer note 2.4(xviii) under Material accounting policies for recognition and measurement of financial assets.
(ii) The fair value of the investments in equity is based on the quoted price.
(iii) Price risk- The Company's listed and non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities.

49.2 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, trade and other receivables, cash and deposits that are derived directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:
- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these standalone financial statements.

Risk management framework
The Company's activities makes it susceptible to various risks. The Company has taken adequate measures to address such concerns by developing adequate systems and practices. The Company's overall risk management program focuses on the unpredictability of markets and seeks to manage the impact of these risks on the Company's financial performance.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.
The Company has established Audit Committee and its constitution, quorum and scope is in line with the Companies Act, 2013, provisions of Listing Agreement as entered with the Stock Exchange / Regulations.

The Audit Committee oversees how management ensures compliance of Internal Control Systems, compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

The Audit Committee also reviews the adequacy of internal audit function, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit. In order to ensure that all checks and balances are in place and all internal control systems are in order, regular and exhaustive internal audits are conducted by experienced firms of Chartered Accountants.

49.3 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from the Company's trade receivables. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to customers, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company's trade and other receivables are actively monitored to review credit worthiness of the customers to whom credit terms are granted and also avoid significant concentrations of credit risks.

Given below is ageing of trade receivable spread by period of six months:

	31 March 2025	31 March 2024
Outstanding for more than 6 months	-	6.37
Others	689.31	441.53
	689.31	**447.90**

- The Company continuously monitors defaults of customers and other counterparties identified and incorporates this information into its credit risk controls.
- Trade receivables consist of a large number of customers spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable and where appropriate, credit guarantee insurance cover is purchased for export customers.
- The Company limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating.

Information about major customer

Revenue from single external customer group is approximately ₹283.28 (31 March 2024: ₹202.23) representing 17% (31 March 2024: 13%) of Company's total revenue from business for the year ended 31 March 2025 and total exposure in receivables is 3% for the year ended 31 March 2025 (31 March 2024: 20%). Apart from the aforesaid single customer, the Company does not have a significant credit risk exposure to any other single counterparty.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks provided by the company. The Company's maximum exposure in this respect is the maximum amount the Company may have to pay if the guarantee is called on. These financial guarantees have been issued to banks and other parties with whom loan agreements have been entered by the subsidiary (refer note 44.3 for details of outstanding financial guarantees).

49.4 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Company's treasury department is responsible for managing the short-term and long-term liquidity requirements of the Company. Short-term liquidity situation is reviewed on a regular basis by the treasury function within the Company. Long-term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

Typically the Company ensures that it has sufficient funds on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2025 and 31 March 2024:

49.5 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company is exposed to interest rate risk arising mainly from debt. The Company is exposed to interest rate risk because the fair value of fixed rate borrowings and the cash flows associated with floating rate borrowings will fluctuate with changes in interest rates.

The Company is also exposed to foreign currency risk on certain transactions that are denominated in a currency other than the Company's functional currency; hence exposures to exchange rate fluctuations arise. Considering the country and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rate in those countries. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates.

Foreign currency Risk:
Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

a) Foreign currency risk from financial instruments are given below:

Foreign currency	As at 31 March 2025		As at 31 March 2024	
	Receivable / (payable)	Receivable / (payable) in foreign currency	Receivable / (payable)	Receivable / (payable) in foreign currency
USD	99.88	1.17	43.07	0.52
USD	(15.71)	(0.18)	(28.79)	(0.35)
JPY	-	-	(0.50)	(0.91)
EURO	(0.01)	(0.00)	(0.23)	(0.00)
Net Exposure	**84.16**		**13.55**	

b) Foreign currency sensitivity analysis

The Company is mainly exposed to currency fluctuation of USD.
The following table details the Company's sensitivity to a 10% increase and decrease in the INR against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for 10% change in foreign currency rates. A positive numbers below indicates an increase in profit or equity where the INR strengthens 10% against the relevant currency. For a 10% weakening of the INR against the relevant currency, there would be a comparable impact on the profit or equity, and the balance below would be negative.

	Impact on profit or loss and total equity	
	31 March 2025	31 March 2024
10% decrease in foreign currency		
Currency of U.S.A (USD)	(8.42)	(1.43)
Others	0.00	0.07
10% increase in foreign currency		
Currency of U.S.A (USD)	8.42	1.43
Others	(0.00)	(0.07)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

49.6 Financial instrument - Risk exposure and fair value

Interest rate risk exposure

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the company's short-term debt obligations with floating interest rates.

Interest rate risk

At the reporting date, the interest rate profile of the Company's interest-bearing financial instruments are as follows:

	31 March 2025	31 March 2024
Fixed-rate instruments		
Financial assets		
-Deposits with banks having Original maturity more than 3 months but less than 12 months	3.50	-
-Margin money deposit	0.14	0.12
Total	3.64	0.12
Variable-rate instruments		
Financial assets		
-Loans to subsidiary	3,949.43	3,692.47
Variable-rate instruments	3,949.43	3,692.47
Financial liabilities		
-Borrowings from bank	443.80	464.55
Total	443.80	464.55

Interest rate sensitivity analysis for variable-rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) equity and profit and loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

Effect

	Profit and loss	
	100 bps increase	100 bps decrease
31 March 2025		
Variable-rate instruments	(35.06)	35.06
	(35.06)	35.06
31 March 2024		
Variable-rate instruments	(32.28)	32.28
	(32.28)	32.28

50 Capital Management

For the purpose of Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity share holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing borrowings less cash and cash equivalents

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. As at 31 March 2025, there is no breach of covenant attached to the borrowings.

The Company manages its capital to ensure that Company will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Company consists of net debt (offset by cash and bank balances) and total equity of the Company.

The Company's Gearing Ratio at end of the year is as follow.

Particulars

	31 March 2025	31 March 2024
(i) Borrowings (refer note (i) below)	443.80	464.55
(ii) Cash and cash equivalents	0.30	9.26
(iii) Other bank balance (refer note (ii) below)	3.64	0.12
(iv) Current investment	0.68	1.13
Net debt [(i) - { (ii)+(iii)+(iv) }]	439.18	454.04
Total equity	11,426.54	10,872.28
Gearing ratio (Refer note (iii) below)	3.84%	4.18%

(i) Debt is defined as long-term (including current maturity of long term borrowings excluding financial guarantee contracts) and short-term borrowings.
(ii) Other bank balance exclude the bank balance towards unpaid dividend.
(iii) Gearing ratio : Net debt / Total Equity.

INDEPENDENT AUDITOR'S REPORT

To the Members of Sequent Scientific Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Sequent Scientific Limited (hereinafter referred to as "the Holding Company") including Sequent Scientific Employee Stock Option Plan Trust (the "Trust") and its subsidiaries (the Holding Company, Trust and its subsidiaries together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31, 2025, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2025, their consolidated profit including other comprehensive expense, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

S R B C & CO LLP MUMBAI CHARTERED ACCOUNTANTS

Key audit matters	How our audit addressed the key audit matter
Recoverability of Deferred tax asset *(as described in Note 8 and Note 43 of the consolidated financial statements)*	
As at March 31, 2025, the Group has Deferred Tax Asset ("DTA") of Rs. 1,027.16 million. Above balance includes DTA of Rs. 830.25 million majorly created on account of income tax losses and MAT credit of Rs. 196.91 million relating to Holding Company and one of the wholly owned subsidiary incorporated in India which is available for utilization against future tax liabilities. The analysis of the recoverability of deferred tax assets has been identified as a key audit matter because the assessment of recoverability involves significant estimates and judgement in respect of forecasted taxable profits for future years. Due to the significance and materiality of the deferred tax balances and the judgment involved, this matter was considered significant to our audit and hence a key audit matter.	We performed the following audit procedures, among others: • We obtained an understanding of the management's process for estimating the recoverability of deferred tax assets. • We compared the forecast of future taxable income to business plan and previous forecasts to the actual results and analyzed results for material differences, if any. • We tested the arithmetical accuracy of the computation of the amounts recognised as deferred tax assets. • We involved tax experts to assist in evaluating measurement of income tax charge for the year including computation of deduction and evaluation of various tax positions and potential exposures. • We read and assessed relevant disclosures made in the consolidated financial statements.
Revenue recognition under Ind AS 115, "Revenue from contracts with customers" *(as described in Note 2 (vii) and 34 of the consolidated financial statements)*	
The Group recognizes revenue from sale of goods at a point in time based on the terms of the contract with customers which may vary case to case. Terms of sales arrangements with various customers, including Incoterms determine the timing of transfer of control and require judgment in determining timing of revenue recognition. Due to the judgement relating to determination of point of time in satisfaction of performance obligations with respect to sale of products, this matter is considered as Key Audit Matter.	We performed the following audit procedures, among others: • We read the Group's accounting policy for revenue recognition and assessed its compliance with Ind-AS 115 'Revenue from contracts with customers; • We assessed the design and tested the operating effectiveness of internal financial controls related to sale of goods; • For sample customers, we obtained and assessed the arrangements with the Group and impact on revenue recognition including their payment terms and right to returns; • On a sample basis, we tested underlying documents including purchase orders issued by customers, and sales invoices raised by the Group and shipping documents to assess the timing of transfer of control and the timing of revenue recognition; • We analyzed revenue transactions near the reporting date and tested whether the timing of revenue was recognized in the appropriate period with reference to shipping records, sales invoices etc., for sample transactions; • We requested for and obtained independent balance confirmations from the Group's customers on sample basis and tested reconciliations wherever required. • We read and assessed the relevant disclosures made in the consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
Impairment assessment of Goodwill including Intangible Assets *(as described in Note 4 and 5 of the consolidated financial statements)*	
The Group has goodwill of Rs. 2,487.94 million and other intangible assets of Rs. 528.87 million respectively as at March 31, 2025 which includes goodwill / intangible assets acquired through various business combinations and allocated to cash generating units of the Group. Impairment of goodwill and intangible assets is determined by assessing the recoverable amount of each cash generating unit to which these assets relate. The recoverable amount of the cash generating unit as at March 31, 2025 has been determined based on valuation techniques such as projected future cash inflows, etc. Significant judgements are used to estimate the recoverable amount of these intangible assets and goodwill. The determination of recoverable amounts involves use of several key assumptions, including estimates of future sales volume and prices, operating costs, terminal value growth rates and the weighted average cost of capital (discount rate) and hence is considered a key audit matter.	Our audit procedures included the following: • We obtained an understanding, evaluated the design, and tested operating effectiveness of key controls over the impairment review process including the review and approval of forecasts and review of valuation models. • We obtained an understanding of the process followed by the management in determining the Cash Generating Units (CGUs') to which goodwill / intangible assets are allocated. • We obtained an understanding of the process followed by the management to determine the recoverable amounts of CGUs to which the goodwill and intangible assets pertain to. • We obtained the management testing of impairment and report of management specialist on impairment assessment of Turkey CGU and discussed the assumptions and other factors used in the assessment. • We evaluated the assumptions applied to key inputs such as future sales volume, sales price, operating costs, terminal value growth rates. • We tested the arithmetical accuracy of the computation of recoverable amounts of cash generating units. • We involved valuation experts to assist in evaluating key assumptions used in the impairment testing performed by the management and its specialists. • We read and assessed the relevant disclosures made in the consolidated financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive expense, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the

accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our

opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

(a) We did not audit the financial statements and other financial information of the Trust whose financial statements and other financial information include total assets of Rs. 28.50 million as at March 31, 2025, total revenues of Rs. Nil and net cash outflow of Rs. 7.00 million for the year ended on that date. These financial statement and other financial information have been audited by other auditor, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the Trust, is based solely on the reports of such other auditors.

(b) We did not audit the financial statements and other financial information, in respect of thirteen subsidiaries, whose financial statements include total assets of Rs 15,653.90 million as at March 31, 2025, total revenues of Rs 10,801.80 million and net cash outflows of Rs 23.80 million for the year ended on that date. These financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of such other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing

standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

(c) The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of two subsidiaries, whose financial statements and other financial information reflect total assets of Rs 103.60 million as at March 31, 2025, total revenues of Rs 124.00 million and net cash outflows of Rs 0.90 million for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. There are no qualifications or adverse remarks given by the respective auditor in the Companies (Auditor's Report) Order, 2020 ("the Order") reports of the companies included in the consolidated financial statements. Accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the Holding Company.

2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries and the Trust, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

(a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

(b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors, except that backup of books of accounts was not performed on June 19, 2024 as stated in Note 64 of the financial statements and except for the matter stated in the paragraph (i)(vi) below on reporting under Rule 11(g);

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;

(d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

(e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, none of the directors of the Group companies, incorporated in India, is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;

(f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above on reporting under Section 143(3)(b) and paragraph (i)(vi) below on reporting under Rule 11(g);

(g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, incorporated in India, and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1" to this report;

(h) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Holding Company, its subsidiaries incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;

(i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, as noted in the 'Other matter' paragraph:

i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group in its consolidated financial statements – Refer Note 46 to the consolidated financial statements;

ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2025.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries incorporated in India during the year ended March 31, 2025.

iv. a) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, respectively that, to the best of its knowledge and belief, as disclosed in the note 59 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries, to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries, ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The respective managements of the Holding Company and its subsidiaries, which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, respectively that, to the best of its knowledge and belief, as disclosed in the note 59 to the consolidated financial statements, no funds have been received by the respective Holding Company or any of such subsidiaries,

from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries, shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries, which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.

v) No dividend has been declared or paid during the year by the Holding Company, its subsidiaries companies, incorporated in India.

vi) Based on our examination which included test checks, except for the instances discussed in note 63 to the consolidated financial statements, the Holding Company and its two subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, have used two accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with in respect of these software, where the audit trail has been enabled. Additionally, the audit trail of prior year has been preserved by the Holding Company and its two subsidiaries which are companies incorporated in India, as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

ANNEXURE 1 TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SEQUENT SCIENTIFIC LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Sequent Scientific Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and

procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

SEQUENT SCIENTIFIC LIMITED

1. CORPORATE INFORMATION

"SeQuent Scientific Limited (the "Company") is a Company incorporated and domiciled in India and has its registered office located at 3rd Floor, Srivalli's Corporate, Plot no. 290, SYN 33 34P To 39, Guttala Begumpet, Jubilee Hills, Shaikpet, Hyderabad – 500033, Telangana, India. The shares of the Company are publicly traded on the National Stock Exchange of India Limited and BSE Limited. The Company is a leading integrated pharmaceutical company with a global footprint, operating in the domains of Animal Health (APIs and finished dosage formulations) and analytical services.

The Company is headquartered in Thane, India, with eight manufacturing facilities, based in India, Turkey, Brazil, Spain and Germany. The Company together with its subsidiaries is herein after referred to as 'Group'.

2. MATERIAL ACCOUNTING POLICIES

(i) Statement of compliance

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013.

(ii) Basis of preparation and presentation

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. Fair value for measurement and / or disclosure purposes in these consolidated financial statements is determined on such a basis, except for:

- Share-based payments transaction as defined in Ind AS 102 – Share-based payments.

- Leasing transaction as defined in Ind AS 116 – Leases.

- Measurement that has some similarities to fair value but are not fair value, such as 'Net Realisable Value' as defined in Ind AS 2 – Inventories and value in use as defined in Ind AS 36- Impairment of assets.

The consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements. All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

(iii) Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (INR). All financial information presented in INR has been rounded to the nearest million (up to two decimals).

(iv) Basis of consolidation

These consolidated financial statements include financial statements of the Company and all its subsidiaries drawn up to the dates specified in note 47. Subsidiaries are all entities over which the Parent has control. The parent controls an entity when it is exposed to or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date the Parent acquires control until the date the control ceases.

Inter-company transactions, balances and unrealised gains and losses on inter-company transactions between group companies are eliminated. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment losses from the Group perspective. Amounts reported in separate financial statements of subsidiaries are adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interest. The total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interest even if this results in the non-controlling interest having a deficit balance.

SRBC & COLLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from the equity of the shareholders of the Group.

(v) Business combination

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103 - Business Combinations.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued, and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

Business combinations between entities under common control are accounted for at carrying value.

Transaction costs that the Group incurred in connection with a business combination are expensed as incurred.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill or capital reserve, as the case maybe. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

If the initial accounting for a business combination is incomplete by the end of each reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date."

The Group applies the anticipated acquisition method where it has the right and the obligation to purchase any remaining non-controlling interest (so-called put / call arrangements). Under the anticipated acquisition method, the interests of the non-controlling shareholder are derecognised when the Group's liability relating to the purchase of its shares is recognised. The recognition of financial liability implies that the interests subject to the purchase are deemed to have been acquired already. Therefore, the corresponding interests are presented as already owned by the Group even though legally they are still non-controlling interests.

Goodwill

Goodwill is measured as the excess of the sum of the consideration transferred and the amount of any non-controlling interest in the acquiree, over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed. If the excess is a negative, a bargain purchase gain is recognised in capital reserve.

Goodwill arising on an acquisition of a business is carried at a cost as established at the date of acquisition of the business less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or Groups of cash-generating units) that is expected to benefit from the synergies of the combination."

(vi) Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

SRBC & COLLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

Non-current assets are reclassified from held-for-sale to held-for-use if they no longer meet the criteria to be classified as held-for-sale. On reclassification as held-for-use, a non-current asset is remeasured at the lower of its recoverable amount and the carrying amount that would have been recognised had the asset never been classified as held-for-sale or held-for-distribution."

(vii) Revenue recognition

The Group presents revenue net of indirect taxes in its consolidated statement of profit and loss.

Sale of goods

Revenue from sale of products is presented in the income statement within revenue from operations. The Group presents revenue net of indirect taxes in its consolidated statement of profit and loss. Sale of products comprise revenue from sales of products, net of sales returns, expiry, rebates, incentives and of customer discounts.

Revenue is recognised when it is probable that future economic benefits will flow to the Company and these benefits can be measured reliably. Further, revenue recognition requires that all significant risks and rewards of ownership of the goods included in the transaction have been transferred to the buyer, and that Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold. Performance obligations are satisfied at one point in time, typically on delivery. Revenue is recognised when the Company transfers control over the product to the customers; control of a product refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, that asset. The majority of the revenue earned by the Company is derived from the satisfaction of a single performance obligation for each contract which is the sale of products.

Sales are measured at the fair value of consideration received or receivable. The amounts of rebates / incentives are estimated and accrued on each of the underlying sales transactions recognised. Returns and customer discounts are recognised in the period in which the underlying sales are recognised based on an estimate basis. The amount of sales returns is calculated on the basis of management's best estimate of the amount of product that will ultimately be returned by customers.

Services

Income from technical service, support services and other management fees is recognised when the services are completed as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists.

Income from analytical service is recognised when the services are completed as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists. Revenue is recognised net of taxes and discounts."

Export entitlements

Export entitlements from Government authorities are recognised in the consolidated statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of the exports made by the Group, and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Interest and dividend income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Effective interest rate is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. While calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend income from investments is recognised when the right to receive payment has been established

SRBC & COLLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

(viii) Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets (ROU)

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the of the lease term. If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies (xix)(b) Impairment of non-financial assets.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:"

Nature of the assets	Useful life in years
ROU-Land	50-99
ROU- Building	3-99
ROU- Computers	5
ROU- Vehicle	3-4
ROU- plant and machinery	3-6

ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets:

The Company applies the short-term lease recognition exemption to its short-term leases of office premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

SEQUENT SCIENTIFIC LIMITED

(ix) Foreign currency transactions and translation

Transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Exchange differences arising on settlement or translation of monetary items are recognised in the consolidated statement of profit and loss in the year in which it arises except for:"

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

- exchange differences on transactions entered into in order to hedge certain foreign currency risks; and

- exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to the consolidated statement of profit and loss on disposal of net investment.

The assets and liabilities of the Group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and attributed to non-controlling interest as appropriate).

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

Exchange difference on capital expenditure are capitalised only to the extent attributable of borrowing costs and balance is charged to the consolidated statement of profit and loss.The financial statements of group companies whose functional currency is the currency of a hyperinflationary economy are adjusted for inflation and then translated into INR using the balance sheet exchange rate (Also refer note xxvii below).

(x) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or erection of qualifying assets are added to the cost of those assets, until such time that the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the consolidated statement of profit and loss in the period in which they are incurred."

(xi) Employee benefits

a) Defined contribution plans:

The Company has defined contribution plans for post-employment benefits in the form of provident fund which is administered through Government of India. Provident fund is classified as defined contribution plans as the Group has no further obligation beyond making the contributions. The Group's contributions to defined contribution plans are charged to the consolidated statement of profit and loss as and when employee renders related service.

b) Defined benefit plans:

Payments to defined benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's gratuity scheme and termination benefits are in the nature of defined benefit plans.

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

The gratuity scheme is funded by the Group with Life Insurance Corporation of India.

For defined benefit plans, the cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at the end of each financial year. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the consolidated statement of profit and loss. Past service cost is recognised in the consolidated statement of profit and loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. The discount rates used for determining the present value of the obligation under defined benefit plans are based on the market yields on Government securities as at the balance sheet date. Defined benefit costs are categorised as follows:"

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement gain / (loss).

The Group presents the first two components of defined benefit costs in the consolidated statement of profit and loss in the line item 'Employee benefits expense' and 'Finance costs' respectively. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans. A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognise any related restructuring costs.

c) Short-term employee benefits

A liability is recognised for short-term employee benefit in respect of wages and salaries, annual leave, medical and leave travel in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

d) Other employee benefits

Other employee benefits comprise of leave encashment, which is provided for, based on the actuarial valuation carried out as at the end of the year. Liabilities recognised in respect of other employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

(xii) Share-based compensation

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled Share-based transactions are set out in Note 50.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the consolidated statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

(xiii) Taxation

Income tax comprises current and deferred tax. Income tax expense is recognised in the consolidated statement of profit and loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

a) Current tax

Current tax represents the tax currently payable on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of each reporting period.

RBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

Minimum alternative tax ('MAT') paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment of future tax liability. MAT is recognised as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Group and asset can be measured reliably.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities as per local Income Tax Acts of respective countries. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

The Group applies significant judgement in identifying uncertainties over income tax treatments. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Upon adoption of the Appendix C to Ind AS 12, the Company considered whether it has any uncertain tax positions. The Appendix did not have any significant impact on the consolidated financial statements of the Company.

b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period."

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of each reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Deferred tax relating to items recognised outside the consolidated statement of profit and loss is recognised either in other comprehensive income or in equity."

(xiv) Property, plant and equipment

Recognition and measurement

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any.

Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for its intended use. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use.

When parts of an item of property, plant and equipment have significant cost in relation to total cost and different useful lives, they are recognised and depreciated separately.

Depreciation is recognised so as to write off the cost of assets (other than freehold land) less their residual values, using the straight-line method, over the useful lives specified in Schedule II to the Companies Act, 2013 except for the following items, where useful life estimated on technical assessment, past trends and differ from those provided in Schedule II of the Companies Act, 2013."

SRBC & COLLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

Nature of the assets	Useful life in years
Factory building	10-30
Plant and machinery	2-16
Furniture and fixtures	10-16

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimates are accounted for on a prospective basis.

Depreciation on additions / deletions to property, plant and equipment is provided pro rata from the month of addition / till the month of deletion.

Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the consolidated statement of profit and loss as incurred."

Derecognition of property, plant & equipment

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the consolidated statement of profit and loss.

(xv) Intangible assets

a) Intangible assets acquired separately

Intangible assets that are acquired by the Group, which have finite useful lives, are measured at cost less accumulated amortisation and accumulated impairment losses. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Cost includes any directly attributable incidental expenses necessary to make the assets ready for use.

b) **Internally generated intangible asset- research and development expenditure**

Expenditure on research activities is recognised as an expense in the year in which it is incurred.

An internally generated intangible asset arising from development is recognised if, and only if, all of the following have been demonstrated: "

> the technical feasibility of completing the intangible asset so that it will be available for use or sale;

> the intention to complete the intangible asset and use or sell it;

> the ability to use or sell the intangible asset;

> how the intangible asset will generate probable future economic benefits;

> the availability of adequate technical, financial and other resources to complete the development and to use or sell the Intangible asset; and

> the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally generated intangible asset can be recognised, development expenditure is recognised in the consolidated statement of profit and loss in the period in which it is incurred.

Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately."

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

c) Subsequent costs

Subsequent costs is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally generated intangibles, are recognised in the consolidated statement of profit and loss as incurred.

d) Intangible assets acquired in a business combination

Intangible assets acquired in a business combination which are recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately."

e) Useful lives of intangible assets

Estimate useful lives of the intangible assets are as follow:

Nature of the assets	Useful life in years
Product / process development	5
Marketing rights	5
Software	3-5
Brand	5-20
Customer relationship	5
Registration fees	2-10

f) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the consolidated statement of profit and loss when the asset is derecognised.

(xvi) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Costs are determined on First In First Out (FIFO) Basis as follows:"

(i) Raw materials, packing materials, fuel and consumables: At actual purchase cost including other cost incurred in bringing materials / consumables to their present location and condition.

(ii) Work-in-progress and Intermediates: At material cost, conversion costs and appropriate share of production overheads based on normal capacity.

(iii) Finished goods: At material cost, conversion costs and an appropriate share of production overheads based on normal capacity.

(iv) Stock-in-trade: At purchase and other costs incurred in bringing the inventories to their present location and condition.

However, materials and other items held for use in production of inventory are not written down below cost, if the finished product in which they will be used are expected to be sold at or above cost.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale."

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

(xvii) Provisions and contingent liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of each reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent liabilities are not recognised but are disclosed in the notes to consolidated financial statements. Contingent assets are not recognised but are disclosed in the notes to consolidated financial statements when economic inflow is probable."

(xviii) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

All financial instruments are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trade) are recognised on trade date. Loans and borrowings and payable are recognised net of directly attributable transactions costs.

Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trade) are recognised on trade date.

For the purpose of subsequent measurement, financial instruments of the Group are classified in the following categories: non-derivative financial assets comprising amortised cost, debt instruments at fair value through other comprehensive income (FVTOCI), equity instruments at fair value through other comprehensive income (FVTOCI) and fair value through profit and loss (FVTPL), non-derivative financial liabilities at amortised cost or FVTPL and derivative financial instruments (under the category of financial assets or financial liabilities) at FVTPL.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

a) Non-derivative financial assets

(i) Financial assets at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

(a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and

(b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI).

Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortised cost using the effective interest rate ('EIR') method, less any impairment loss.

Financial assets at amortised cost are represented by trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets. "

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

(ii) Equity instruments at fair value through other comprehensive income (FVTOCI)

All equity instruments are measured at fair value. Equity instruments held for trading is classified as fair value through profit and loss (FVTPL). For all other equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in OCI. The Group makes such election on an instrument-by-instrument basis.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI. There is no recycling of the amount from OCI to the consolidated statement of profit and loss, even on sale of the instrument. However, the Group may transfer the cumulative gain or loss within the equity."

(iii) Financial assets at fair value through profit and loss (FVTPL)

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as FVTPL.

In addition, the Group may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

Financial assets included within the FVTPL category are measured at fair values with all changes in the consolidated statement of profit and loss.

(iv) Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or the financial assets is transferred, and the transfer qualifies for derecognition. On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new assets obtained less any new liability assumed) shall be recognised in the consolidated statement of profit and loss except for debt and equity instruments carried through FVTOCI which shall be recognised in OCI."

b) Non-derivative financial liabilities

(i) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method."

(ii) Financial liabilities at FVTPL

Financial liabilities at FVTPL are measured at fair value with all changes recognised in the consolidated statement of profit and loss."

(iii) Derecognition of financial liabilities

The Group derecognises financial liabilities only when, the obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the consolidated statement of profit and loss.

c) Derivative financial instruments

The Group holds derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in foreign exchange rates on foreign currency assets or liabilities. Derivatives are recognised and measured at fair value. Attributable transaction costs are recognised in the consolidated statement of profit and loss.

d) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

SRBC & COLLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

Financial guarantee contracts issued by the Group are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at higher of:"

> The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 – Financial Instruments and

> The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115 – Revenue from contract with customers.

e) Foreign exchange gains and losses on financial assets and financial liabilities

> The fair value of financial assets / liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

> For foreign currency denominated financial assets / liabilities measured at amortised cost and FVTPL, the exchange differences are recognised in the consolidated statement of profit and loss except for those which are designated as hedging instruments in a hedging relationship.

> Changes in carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

> For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in the consolidated statement of profit and loss.

> For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in the consolidated statement of profit and loss.

(xix) Impairment

a) Financial assets

In accordance with Ind AS 109 - Financial Instruments, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at the end of each reporting period, right from its initial recognition.
For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

(i) All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument;"

(ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the Group uses a provision matrix to determine impairment loss on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in forward looking estimates are analysed.

SRBC & COLLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the consolidated statement of profit and loss. This amount is reflected under the head other expenses in the consolidated statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured at amortised cost, contractual revenue receivable:

ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Group does not reduce impairment allowance from the gross carrying amount."

b) Non-financial assets

The Group assesses at each balance sheet date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such impairment exists, the recoverable amount of an asset is estimated to determine to the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Goodwill is tested for impairment on an annual basis and whenever there is an indication that goodwill may be impaired, relying on a number of factors including operating results, business plans and future cash flows. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the Group's cash-generating units (CGU) or groups of CGU's expected to benefit from the synergies arising from the business combination. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying amount of a CGU including the goodwill, exceeds the estimated recoverable amount of the CGU. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of future cash flows expected to be derived from the CGU.

Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognised in the consolidated statement of profit and loss and is not reversed in the subsequent period."

(xx) Earnings per share (EPS)

Basic EPS is computed by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

(xxi) Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

(xxii) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and which are subject to an insignificant risk of changes in value.

(xxiii) Segment

Segments have been identified taking into account the nature of business, the differing risks and returns, the organisational structure and the internal reporting system.

The Executive Management Committee is the Chief Operating Decision Maker (CODM) and monitors the geographic segment of its business separately for the purpose of making decisions about resource allocation and performance assessment. The Group is mainly engaged in the business of pharmaceuticals. Considering the nature of business and financial reporting of the Group, the Group has only one business segment viz; pharmaceuticals as primary reportable segment."

BSR & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

(xxiv) Cash dividend

The Company recognises a liability to pay dividend to equity holders of the parent when the distribution is authorised, and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

(xxv) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole: "

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(xxvi) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when:

- It is expected to be realised or intended to be sold or consumed in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT SCIENTIFIC LIMITED

A liability is current when:

- It is expected to be settled in normal operating cycle,

- It is held primarily for the purpose of trading,

- It is due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle. The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

(xxvii) Hyperinflationary Economies

The Group applies IND AS 29 'Financial Reporting in Hyperinflationary Economies' for the subsidiaries whose functional currency is the currency of Hyperinflation economy. In determining whether the economy is under the hyperinflation, both qualitative and quantitative factors are considered, including whether the cumulative inflation rate over three years is approaching, or exceeds, 100%.

The application of IND AS 29 includes:

- adjustment of historical cost non-monetary assets and liabilities for the change in purchasing power caused by inflation from the date of initial recognition to the balance sheet date;

- adjustment of revenue and expenses for inflation during the reporting period;

- adjustment in statement of profit and loss account to reflect the impact of inflation rate movement on holding non-monetary assets and liabilities (including equity) in hyperinflationary currency; and

- adjustment of inflation on goodwill in retained earnings (refer note 52).

Further, in accordance with Ind AS 21 'The Effects of Changes in Foreign Exchange Rates', the comparatives amounts in the Consolidated Financial Statements are not adjusted for subsequent changes in the price level i.e. consumer price index for the hyperinflationary economy.

(xxviii) Exceptional Items

Exception items include income or expense that are considered to be part of ordinary activities, however, are of such significance and nature that separate disclosure enables the user of Financial Statements to understand the impact in a more meaningful manner. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the Company.

2A. Use of estimates and management judgements

In application of the accounting policies, which are described in note 2A, the management of the Group is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. In particular, information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is included in the following notes:"

(i) Useful life of property, plant and equipment and intangible assets

The useful life of the assets are determined in accordance with Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that or is not prescribed in Schedule II, it is based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance.

(ii) Impairment

An impairment loss is recognised for the amount by which an asset's / investment's or cash-generating unit's carrying amount exceeds its recoverable amount. To determine the recoverable amount, management estimates expected discounted future cash flows from each asset or cash-generating unit.

(iii) Deferred tax

Deferred income tax liabilities are recognised for all taxable temporary differences. Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

(iv) Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

(v) Post-retirement benefit plans

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions which include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of each reporting period on the government bonds.

(vi) Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

(vii) Share based payments

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Group uses black scholes model Employee Share Option Plan. The assumptions used for estimating fair value for share-based payment transactions are disclosed in Note 50.

4.1 Allocation of goodwill to cash-generating units

Goodwill has been allocated for impairment testing purposes to the following cash-generating units. The carrying amount of goodwill allocated to cash-generating units is as follows:

Group (CGU)	As at 31-Mar-2025	As at 31 Mar 2024
Turkey group	832.34	685.94
Spain group	728.63	712.00
Fendigo group	312.86	305.72
Brazil Group	371.17	411.90
Sweden Group	114.56	105.40
SeQuent Research Limited	94.53	94.53
Others	33.85	33.85
Total	**2,487.94**	**2,349.34**

Goodwill is monitored by the Group at each cash-generating unit (CGU) level. The Group tests goodwill for impairment on an annual basis. The recoverable amount has been determined based on value in use calculations which uses cash flow projections based on financial budgets covering a period of five years The planning horizon reflects the assumptions for short to mid-term market developments. The key assumptions used for the calculations were as follows:

	As at 31-Mar-2025	As at 31 Mar 2024
Discount rate	10.5% - 31%	11% - 25%
Long term growth rate	2% - 7%	2% - 7.5%

The management believe that any reasonably possible change in the key assumption on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

Nature and purpose of Reserves

(a) Capital reserve
Capital reserves pertains to amalgamation of subsidiary company and the difference between value of the net assets transferred to the Company in the course of business combinations and the consideration paid for such combinations.

(b) Securities premium account
Securities premium includes the difference between the face value of the equity shares and the consideration received in respect of shares issued. The reserves can be utilized only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(c) Share options outstanding account
This relate to shares granted to the employees of the Group.

(d) General reserve
Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(e) Retained earnings
Retained earnings are the profits / (loss) that the Company has earned / incurred till the date, less any transfers to general reserve and dividends or other distributions paid to shareholders.

(f) Reserve for equity instruments through other comprehensive income
Reserve for equity instruments through other comprehensive income represents the cumulative gains (net of losses) arising on revaluation of equity instruments measured at fair value through other comprehensive income, net of amount reclassified, if any, to retained earnings when those instruments are disposed off.

(g) Treasury reserve
Treasury reserve represents the shares of the Company held by SeQuent Scientific Employee Stock Option Plan Trust.

(h) Translation reserve
These comprise of all exchange differences arising from translation of financial statements of foreign subsidiaries.

(i) Other reserves
Other reserves represents premium on acquisition of the additional stake after obtaining control in various subsidiaries.

(iv) The Group has entered into an agreement with financial institutions for the supply chain financing arrangement. As per the arrangement, the suppliers may elect to factor their receivable from the Group and receive the payment due from the financial institutions before the due date. As per the arrangement, the financial institutions agrees to pay amounts which Group owes to it's suppliers and the Group agrees to pay the financial institutions at a date later than suppliers are paid.

The nature and function of the liabilities remain the same even after factoring as the Group is neither legally released from its original obligation to the supplier nor the terms of the original liability are amended in a way that is considered a substantial modification. Hence, the Group has not derecognised the liabilities which are factored by the suppliers and disclosed the said amount within trade payables. Further, no additional interest has been paid to the financial institution by the Group on the amounts due to the suppliers. The payable under supply chain financing arrangement amounts to ₹ 23.01 million as at 31 March 2025 (31 March 2024: ₹ 164.01 million).

Apart from the above, the Group has also entered into arrangements wherein the financial institutions to smoothen the payment process of the suppliers, wherein the Group requests the financial institutions to make payments on the due date agreed with the suppliers and the Group pays to the financial institutions at the end of the extended period of payment. In this case, the Group derecognizes the liabilities towards the suppliers on the date of payment by the financial institutions to the suppliers and recognizes the amounts paid within Borrowings. During the year ended March 31, 2025, the Group has recognized interest expense amounting to ₹ 27.05 million (31 March 2024: ₹ 24.32 million) under the aforementioned arrangement. The payable to the financial institution amounts to ₹ 357.72 million as at 31 March 2025 (31 March 2024: ₹ 375.52 million) under this arrangement which has been recognized under "Short Term Borrowings" in the financial statements.

Sensitivity Analysis

The sensitivity analyses below have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analyses are based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analyses may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation from one another.

Notes:
(i) Refer note 2(xviii) under material accounting policy for recognition and measurement of financial assets.
(ii) The fair value of the investments in equity is based on the quoted price. The fair value of investments in mutual fund is based on market observable inputs. Derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the market place.
(iii) Price risk- The Group's listed and non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities.

51.2 Financial risk management objective and policies

The Group's principal financial liabilities comprise loans and borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include investments, loans, trade and other receivables, and cash and deposits that derive directly from its operations.

The Group is exposed to the following risks from its use of financial instruments:
- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital. Further quantitative disclosures are included throughout these consolidated financial statements.

Risk management framework
The Group's activities makes it susceptible to various risks. The Group has taken adequate measures to address such concerns by developing adequate systems and practices. The Group's overall risk management program focuses on the unpredictability of markets and seeks to manage the impact of these risks on the Group's financial performance.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework.
The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group has established Audit Committee and its constitution, quorum and scope is in line with the Companies Act, 2013, provisions of Listing Agreement as entered with the Stock Exchange / Regulations.

The Audit Committee oversees how management ensures compliance of Internal Control Systems, compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

The Audit Committee also reviews the adequacy of Internal Audit function, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit. In order to ensure that all checks and balances are in place and all internal control systems are in order, regular and exhaustive internal audits are conducted by experienced firms of Chartered Accountants.

51.3 Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Group. Credit risk arises principally from trade receivables. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to customers, including outstanding accounts receivables. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group monitors the credit quality of the counterparties, taking into account their financial position, past experience and other factors

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by credit-rating agencies.

The Group's trade and other receivables are actively monitored to review creditworthiness of the customers to whom credit terms are granted and also avoid significant concentrations of credit risks.

Given below is ageing of gross trade receivable spread by period of six months:

	31 March 2025	31 March 2024
Outstanding for more than 6 months	162.97	207.17
Others	3,506.26	3,182.62
Total	**3,669.23**	**3,389.79**

The Group continuously monitors defaults of customers and other counterparties, identified either individually or by the Group, and incorporates this information into its credit risk controls.

Trade receivables consist of a large number of customers spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable and where appropriate, credit guarantee insurance cover is purchased for export customers.

The Group limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating.

The Group's exposure to customers is diversified and no single customer contributes to more than 10% of total revenue and outstanding trade receivables as at 31 March 2025 and 31 March 2024.

51.4 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group reputation.

The Group has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Group's treasury department is responsible for managing the short-term and long-term liquidity requirements of the Group. Short-term liquidity situation is reviewed on a regular basis by the treasury function within the Group. Long-term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

Typically, the Group ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2025 and 31 March 2024:

51.5 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Group is exposed to interest rate risk arises mainly from debt. The Group is exposed to interest rate risk because the fair value of fixed rate borrowings and the cash flows associated with floating rate borrowings will fluctuate with changes in interest rates.

The Group is also exposed to foreign currency risk on certain transactions that are denominated in a currency other than the Group's functional currency; hence exposures to exchange rate fluctuations arise. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates. The Group holds derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in exchange rate on foreign currency exposures.

Foreign currency Risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency).
The Group manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12-month period for hedges of forecasted sales.

c) Foreign currency sensitivity analysis

The Group is mainly exposed to currency fluctuation of USD and Euro.

The following table details the Group's sensitivity to a 10% increase and decrease in the INR against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for 10% change in foreign currency rates. A positive numbers below indicates an increase in profit or equity where the INR strengthens 10% against the relevant currency. For a 10% weakening of the INR against the relevant currency, there would be a comparable impact on the profit or equity, and the balance below would be negative.

	Impact on profit or loss increase / (decrease)	
	31 March 2025	31 March 2024
10% decrease in foreign currency		
Currency of U.S.A (USD)	(127.10)	(119.57)
Currency of Europe (Euro)	2.68	66.65
Others	(0.12)	(0.28)
10% increase in foreign currency		
Currency of U.S.A (USD)	127.10	119.57
Currency of Europe (Euro)	(2.68)	(66.65)
Others	0.12	0.28

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

d) Interest rate risk exposure

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

At the reporting date the interest rate profile of the Group's interest-bearing financial instruments are as follows:

	As at 31-Mar-2025	As at 31-Mar-2024
Fixed-rate instruments		
Financial assets		
-Margin money deposit	60.56	50.03
-Deposit with banks	18.39	4.88
Total	**78.95**	**54.91**
Financial liabilities		
-Borrowings from bank	244.01	1,178.07
-Borrowings from others	47.83	404.87
Total	**291.84**	**1,582.94**
Variable-rate instruments		
Financial liabilities		
-Borrowings from bank	3,761.43	2,683.59
-Borrowings from others	410.49	249.59
Total	**4,171.92**	**2,933.18**

Fair value sensitivity analysis for fixed-rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore a change in interest rates at the reporting date would not affect profit or loss.

Interest rate sensitivity analysis for variable-rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

Effect	Increase / (decrease) in Profit before tax	
	100 bps increase	100 bps decrease
31 March 2025		
Variable-rate instruments	(41.72)	41.72
Total	**(41.72)**	**41.72**
31 March 2024		
Variable-rate instruments	(29.33)	29.33
Total	**(29.33)**	**29.33**

51.6 Capital management

For the purpose of Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity share holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. As at 31 March 2025, there is no breach of financial covenants attached to the borrowings.

The Group manages its capital to ensure that entities in the Group will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of net debt (offset by cash and bank balances) and total equity of the Group.

The Group's gearing ratio at end of each reporting year is as follows:

	As at 31-Mar-2025	As at 31-Mar-2024
Borrowings (i)	4,463.76	4,512.79
Cash and bank balances (ii)	626.60	648.10
Other bank balances (iii) (refer note ii Below)	60.32	49.91
Current investment (iv)	0.68	26.13
Net debt [(i) - { (ii)+(iii)+(iv) }]	**3,776.16**	**3,788.65**
Equity attributable to owners of the Company	7,044.74	6,565.60
Gearing ratio	**53.60%**	**57.70%**

(i) Borrowing is defined as long-term and short-term borrowings.
(ii) Other bank balance exclude the bank balance towards unpaid dividend.
(iii) Gearing ratio : Net debt / Equity.

INDEPENDENT AUDITOR'S REPORT

To The Members of Symed Labs Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Symed Labs Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

BB

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 36 to the financial statements;

ii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iii. (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 39(vi)(a) to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 39(vi)(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

iv. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

v. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of **Symed Labs Limited** (the "Company") as at March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i)(a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress.

B. The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

(c) Based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds of all the immovable properties of land and buildings disclosed in the financial statements included in property, plant and equipment, capital work in progress are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc., are held in the name of the Company based on the confirmations directly received by us from lenders / custodians.

(d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii)(a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of account.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from banks on the basis of security of current assets of the Company. In our opinion and according to the information and explanations given to us, the quarterly returns or statements for the quarters ended i.e. June 30, 2024, September 30, 2024 and December 31, 2024 comprising stock statements, book debt statements, and other stipulated financial information filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed. The Company is yet to submit the returns/statements for the quarter ended March 31, 2025 with the banks.

(iii) The Company has made investments in, provided guarantee or security and granted loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

(a) The Company has provided loans or advances in the nature of loans, stood guarantee, or provided security during the year and details of which are given below:

(Amount in ₹ Lakhs)

Particulars	Investments	Guarantees	Security
A. Aggregate amount granted / provided during the year			
- Subsidiaries	-	-	-
- Others	-	-	-
B. Balance outstanding as at balance sheet date in respect of above cases			
- Subsidiaries	-	-	-
- Others	2,450.00	6,100.00	5,600.00

(b) The guarantees provided and security given as mentioned above, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

(c) &(d) The Company has not granted any loans or advances in the nature of loans during the year, and hence reporting under clause (iii)(c) & (d) is not applicable.

(e) None of the loans or advances in the nature of loans granted by the Company have fallen due during the year.

(f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect, investments made and guarantees and securities provided, as applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

BB

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount involved (₹ in lakhs)	Amount unpaid (₹ in lakhs)	Period to Which the Amount Relates	Forum where Dispute is Pending
Value added Tax Act 2005	Tax, interest and penalty	47.62	41.66*	FY 2014-15 to FY 2017-18	High Court, Telangana
Goods and Service Tax Act	Tax, interest and penalty	53.63	48.27**	FY 2017-18	Appellate Joint Commissioner Appeals, Hyderabad
Income Tax Act, 1961	Tax	63.58	50.86#	FY 2018-19	Additional Commissioner of Income Tax

* Net of ₹ 5.96 lakhs, paid under protest
**Net of ₹ 5.36 lakhs, paid under protest
Net of ₹ 12.72 lakhs, paid under protest

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) & (f) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) & (ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 2024 and the final internal internal audit reports which were issued after balance sheet date covering the period January to March 2025 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

2.1 Statement of compliance

a) Basis of preparation and presentation:
The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

b) Historical Cost Convention
The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values or at amortised cost depending on the classification at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

c) Functional currency
These financial statements are presented in Indian rupees, which is also the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest million.

d) Current and non current classification
All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:
An asset is classified as current when it satisfies any of the following criteria:
a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
b) it is held primarily for the purpose of being traded;
c) it is expected to be realised within twelve months after the reporting date; or
d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities:
A liability is classified as current when it satisfies any of the following criteria:
a) it is expected to be settled in the Company's normal operating cycle;
b) it is held primarily for the purpose of being traded;
c) it is due to be settled within twelve months after the reporting date; or
d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non current assets/ liabilities respectively. All other assets/ liabilities are classified as non current.

These financial statements were approved by the Company's Board of Directors on May 17, 2025.

2.2 Foreign currency transactions
Transactions in foreign currencies are recorded at the exchange rate that approximates the prevalent exchange rate on the transaction date. Monetary assets and liabilities in foreign currencies are translated at the year-end rate. Any resultant exchange differences are taken to the statement of profit and loss, except when deferred, in Other Comprehensive Income as qualifying cash flow hedges.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

2.3 Revenue recognition

Revenue from contracts with customer

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Symed Labs Limited

Revenue from sale of goods :
The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients (API). Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.
Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on delivery.
Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Profit share revenues
The Company from time to time enters into marketing arrangements with certain business partners for the sale of its products in certain markets. Under such arrangements, the Company sells its products to the business partners at a non-refundable base purchase price agreed upon in the arrangement and is also entitled to a profit share which is over and above the base purchase price. The profit share is typically dependent on the business partner's ultimate net sale proceeds or net profits, subject to any reductions or adjustments that are required by the terms of the arrangement. Such arrangements typically require the business partner to provide confirmation of units sold and net sales or net profit computations for the products covered under the arrangement. Revenue in an amount equal to the base sale price is recognised in these transactions upon delivery of products to the business partners. An additional amount representing the profit share component is recognised as revenue only to the extent that it is highly probable that a significant reversal will not occur. At the end of each reporting period, the Company updates the estimated transaction price (including updating its assessment of whether an estimate of variable consideration is constrained) to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period.

Sale of services
Revenue from services rendered, which primarily relate to contract research, is recognised in the statement of profit and loss as the underlying services are performed. Upfront non-refundable payments received under these arrangements are deferred and recognised as revenue over the expected period over which the related services are expected to be performed.

Other income:
Income from interest on deposits is recognised on time proportionate basis based on underlying interest rates.

Accounting policy on Government grant
Government grants are recognised in accordance with the terms of the respective grant on accrual basis considering the status of compliance of prescribed conditions and ascertainment that the grant will be received.
Government grants related to revenue are recognised on a systematic and gross basis in the Statement of Profit and Loss over the period during which the related costs intended to be Compensated are incurred. Government grants related to assets are recognised as income in equal amounts over the expected useful life of the related asset.

2.4 Income tax
Income tax expense consists of current and deferred tax. Income tax expense is recognised in the statement of profit and loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

2.5 Earnings per share
The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

2.6 Property, plant and equipment

Recognition and measurement
Items of property, plant and equipment and capital work in progress are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalised as part of the cost of that asset. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Depreciation
Depreciation is recognised in the statement of profit and loss on a straight line basis over the estimated useful lives of property, plant and equipment. Land is not depreciated
Depreciation methods, useful lives and residual values are reviewed at each reporting date and, if expectations differ from previous estimates, the change(s) are accounted for as a change in an accounting estimate in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.
The useful lives of the assets conform to the life period specified in Schedule II to the Companies Act, 2013
The cost of property, plant and equipment not ready to use before such date are disclosed under capital work-in-progress. Land and assets not ready for use are not depreciated.

2.7 Other intangible assets

Measurement at recognition:
Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

Amortization:
Intangible Assets with finite lives are amortized on a Straight Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss.
The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at each reporting date. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

Derecognition:
The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an intangible asset is measured as the difference between the net disposal proceeds, if any, and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

2.8 Leases
The Company assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;

- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used

In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:

- the Company has the right to operate the asset; or
- the Company designed the asset in a way that predetermines how and for what purpose it will be used

2.9 Inventories

Inventories consist of raw materials, stock at bond, work-in-progress and finished goods and are measured at the lower of cost and net realisable value. The cost of all categories of inventories is based on the Weighted average method. Cost includes expenditures incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of finished goods and work-in-progress, cost includes an appropriate share of overheads based on normal operating capacity. Stores and spares, that do not qualify to be recognised as property, plant and equipment, consists of packing materials, engineering spares (such as machinery spare parts) and consumables (such as lubricants, cotton waste and oils), which are used in operating machines or consumed as indirect materials in the manufacturing process.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

2.10 Research and Development

Expenditure on research is recognized as an expense when it is incurred.

Items of property, plant and equipment and acquired intangible assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, plant and equipment and Intangible assets.

2.11 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill and intangible assets that have indefinite lives or that are not yet available for use, an impairment test is performed each year at the year end

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

The goodwill acquired in a business combination is, for the purpose of impairment testing, allocated to cash-generating units that are expected to benefit from the synergies of the combination.

An impairment loss is recognised in the statement of profit and loss if the estimated recoverable amount of an asset or its cash-generating unit is lower than its carrying amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit on a pro-rata basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Goodwill that forms part of the carrying amount of an investment in an associate is not recognised separately, and therefore is not tested for impairment separately. Instead, the entire amount of the investment in an associate is tested for impairment as a single asset when there is objective evidence that the investment in an associate may be impaired.

An impairment loss in respect of equity accounted investee is measured by comparing the recoverable amount of investment with its carrying amount. An impairment loss is recognised in the statement of profit and loss, and reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

2.12 Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

The Company's contributions to defined contribution plans are charged to the statement of profit and loss as and when the services are received from the employees.

Defined benefit plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used. The current service cost of the defined benefit plan, recognised in the statement of profit and loss in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognised immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Symed Labs Limited

2.13 Provisions, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

2.14 Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized.All other borrowing costs are expensed in the period in which they occur.

2.15 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:
Debt instruments at amortised cost
Debt instruments at fair value through other comprehensive income (FVTOCI)
Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:
a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Svmed Labs Limited

Equity investments
All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Derecognition
A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

The rights to receive cash flows from the asset have expired, or
The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Impairment of financial assets:
The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

i. Trade receivables and lease receivables
ii. Financial assets measured at amortized cost (other than trade receivables and lease receivables)
iii. Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables , the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'.

Financial liabilities
Initial recognition and measurement :
Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement
The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss
Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.
Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognised in OCI. These gains/ losses are not subsequently transferred to the statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as fair value through profit and loss.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Labs Limited

2.16 Loans and borrowings
After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Financial guarantee contracts
Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition
A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

2.17 Determination of Fair values
The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

a) In the Principal Market for the asset or liability, or
b) In the absence of a principal market, in the most advantageous market for the asset or liability

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).
Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
Level 3 — inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

2.18 Cash and cash equivalents
Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.

2.19 Exceptional item
Significant gains / losses or expenses incurred arising from external events that is not expected to recur are disclosed as Exceptional item.

2.20 Events after Reporting date
Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

2.21 Critical accounting judgements and key sources of estimation uncertainty
In the application of the Company's accounting policies the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Symed Labs Limited

Critical Judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements

Revenue Recognition

In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Company had transferred control over the goods to the buyer.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Items requiring significant estimate	Assumption and estimation uncertainty
Useful lives of property, plant and equipment	The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Revenue recognition	The Company provides customer incentives, such as rebates, based on quantity purchased, timing of collections etc. Various estimates are made to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical and forecasted data, contractual terms and current conditions
Provision for employee benefits	The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories the Company makes an estimate of future selling prices, Subsidy and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.

2.22 New standards and interpretations

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. 30 Fair value measurements

The management assessed that cash & cash equivalence, trade receivables, trade payables & other current liabilities approximate these carrying amounts largely due to short term maturities of these instruments. Further management has assessed that fair value of borrowings approximates these carrying amounts largely since they are carried at floating rate of interest.

The fair value of financial asset & liability is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation stage.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Fair value hierarchy
Valuation techniques and key input:
Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either
Level 3 - Inputs for the assets or liabilities that are not based on observable market data

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis.

Fair value hierarchy
This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value and measured at amortised cost for which far values are disclosed in the financial statements.
To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows:

Level 1: Level 1 hierarchy includes financial instruments traded in active markets, measured based on quoted market prices at the end of the reporting period. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There are no transfers between levels 1 and 2 during the year.
The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the period for assets and liabilities measured at amortised cost. Hence, the carrying value is taken as fair value.

31 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, the Company undertakes the following measures:

Risk	Exposure arising from	Measurement	Management
Credit risk (Refer Note A)	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Aging analysis Credit ratings	- Diversification of Bank Deposits, Credit limits and Letters of Credit '- Periodic review of Debtors Ageing and subsequent recoveries.
Liquidity risk (Refer Note B)	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and Borrowing facilities
Market risk - foreign exchange (Refer Note C)	Future commercial transactions, recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Foreign cash flow forecasting

A. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers including outstanding receivables and financial assets measured at amortised cost.

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.

b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company periodically monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

Expected credit loss for financial assets other than trade receivables

There has been no significant increase in credit risk for financial assets other than trade receivables. Thus, no expected credit losses have been recognised.

Expected credit loss trade receivables - simplified approach

Customer credit risk is managed by the Company based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. As on the reporting dates, there has been an decrease in credit risk of trade receivables.

B. **Liquidity risk**

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Company's liquidity requirements on the basis of monthly and yearly projections. The Company's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements.

(i) Maturities of financial liabilities

The amounts disclosed in the table are the maturity profile of contractual undiscounted cash flows of the Company's financial liabilities:

C. **Market risk**

Foreign exchange risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR) of the Company.

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follow:

	Cash and cash equivalents	Trade payables	Trade receivables	Net exposure to foreign currency risk
As at March 31, 2025				
EURO	-	0.56	640.26	(639.69)

D **Interest rate Risk**

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings.

Particulars	As at March, 31 2025	As at March, 31 2024
Floating rates borrowings	2,101.03	10,583.74
Fixed rate borrowings	24.96	-
Total Borrowings	**2,125.99**	**10,583.74**

Interest rate sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period for floating rate borrowings only. For floating rate borrowings, the analysis is prepared assuming the amount of the borrowing outstanding at the end of the reporting period/year was outstanding for the entire year. For the year ended March 31, 2025 and year ended March 31, 2024, every 0.5% decrease in the floating interest rate component applicable on its closing balance of loans and borrowings would increase the Company profit by approximately ₹ 10.51 lakhs and ₹ 52.92 lakhs respectively and 0.5% increase in floating interest rate would have led to an equal but opposite effect.

32 Capital management

(a) Risk management

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. For the purpose of the Company's capital management, 'capital' includes issued equity capital, convertible preference shares, securities premium and other equity reserves attributable to the equity holders of the Company.

The Company monitors capital using adjusted 'net debt to total equity ratio' For this purpose, adjusted net debt is defined as total borrowings, less cash and cash equivalents and other bank balances

The primary objective of the Company's capital management is to maximise the shareholder value. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics.

The Company's policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business.

No changes were made to the objectives, policies or processes for managing capital during the year ended March 31, 2025 and year ended March 31, 2024.

INDEPENDENT AUDITOR'S REPORT

To The Members of Vandana Life Sciences Private Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Vandana Life Sciences Private Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note 1(a) to the financial statements, which describes that the Board of Directors of the Company have decided to scale down the operations of the Company based on the overall Group strategic plans and sells the property, plant and equipment of the Company. Accordingly, the financial statements of the Company have been prepared on a basis other than going concern for the reasons stated in the said note.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.

- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

AB

- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f) Reporting on the adequacy of Internal Financial Controls with reference to financial statements of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to the Company in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 35 to the financial statements;.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in note 34(vi), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 34(vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

RB

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i)(a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress.

B. As the Company does not hold any intangible assets, reporting under clause 3(i)(a)(B) of the Order is not applicable.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

(c) Based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds of all the immovable properties of land and buildings (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, capital work in progress are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc., are held in the name of the Company based on the confirmations directly received by us from lenders / custodians.

(d) The Company has not revalued any of its property, plant and equipment during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii)(a) The Company does not have any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

(iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount involved (₹ in lakhs)	Amount unpaid (₹ in lakhs)	Period to Which the Amount Relates	Forum where Dispute is Pending
Goods and Services Tax Act, 2017	Tax, interest and penalty	211.17	211.17	FY 2020-21	High court of Andhra Pradesh
		25.68	25.68	FY 2019-20 to FY 2021-22	Assistant Commissioner (ST), Visakhapatnam

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, not been used during the year for long-term purposes by the Company.

(e) & (f) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) & (ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 2024 and the final internal audit reports which were issued after balance sheet date covering the period January to March 2025 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has incurred cash losses amounting to ₹ 985.43 lakhs during the financial year covered by our audit and ₹ 961.60 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report which is not mitigated read with note 1(a) to the financial statements indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crores or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company for the year.

General Information

Vandana Life Sciences Private Limited ('the Company') is a private limited company incorporated in Hyderabad, India on December 18, 2002. The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients.

1. Basis of preparation of financial statements

(i) Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

(ii) Historical cost convention

The financial statements have been prepared on accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. The Company's financial statements are prepared in Rupee, which is also its functional currency.

(iii) Use of estimates

The preparation of the Company's financial statements in accordance with Ind AS requires the management to make informed judgements, reasonable assumptions and estimates that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. The uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

(iv) Fair Value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(v) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle: Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

These financial statements were approved by the Company's Board of Directors on May 17, 2025.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

Note- 1(a) The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as applicable.

During the year ended March 31, 2023, the Board of Directors of the Company had passed the resolution dated March 15, 2023 to scale down the operations of the Company and cater to existing orders due to operational reasons based on overall Group strategic plans.

In the view of the resolution passed by the Board of Directors of the Company and based on the term sheet agreement entered with identified buyer for transfer of manufacturing plant of the Company during the current year, the Management believes that the Company will not be able continue as a going concern and the financial statements of the Company for the year ended March 31, 2024 and for the year ended March 31, 2025 have been prepared on a basis other than going concern. Consequently, all assets have been stated/carried at realizable values and all liabilities have been considered/stated at their estimated pay-out.

2. Material accounting policies

(i) Property, Plant and Equipment

Property, Plant and Equipment and capital work in progress are carried at cost less accumulated depreciation/ amortisation and impairment losses, if any. The cost of tangible assets comprises its purchase price net of any trade discounts and rebates, foreign exchange fluctuations, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses. Freehold land is carried at historical cost.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(ii) Depreciation and amortization

Depreciation on Property, Plant and Equipment is provided on a straight line basis over the useful lives of assets estimated by the Management. Depreciation for assets purchased/ sold during a

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

period is proportionately charged. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

The useful lives have been determined based on technical evaluation done by the management's expert in order to reflect the actual usage of the assets. The residual value is 5% of original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period

(iii) Inventories

Inventories which comprise of raw material, stores and spares, work in progress and finished goods are carried at net realisable value.

Costs of inventories comprise costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The methods of determining cost of various categories of inventories are as follows:

- Raw material – Weighted average cost
- Stores and Spares - Weighted average cost
- Work in progress and finished goods - Weighted average cost including cost of conversion
- Goods-in-transit – Actual cost of purchase

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials and other supplies held for use in production of inventories are not written below cost except in cases where material prices have declined and it is estimated that the cost of finished products will exceed their net realisable value.

The comparison of cost and net realisable value of inventory is made on an item-by-item basis.

Inventories are stated net of write down or allowances on account of obsolete, damaged or slow-moving items.

(iv) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance, if any.

(v) Cash & Cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Ind AS on Statement of Cash Flows (Ind AS - 7). The cash flows from operating, financing and investing activity of the company are segregated based on the available information.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

(vi) Financial Instruments

(a) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

(b) Subsequent measurement

a. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

b. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in statement of profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss.

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis. Fair value gains and losses recognized in OCI are not reclassified to the statement of profit and loss.

c. Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

e. Investment in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

BB

recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

(c) Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve-month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Company follows the simplified approach which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables. The Company calculates the expected credit losses on trade receivables using a provision matrix based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. The ECL loss allowance (or reversal) during the year is recognised in the statement of profit and loss.

(d) Derecognition

a. Financial Assets

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

b. Financial Liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

(e) Reclassification of Financial Assets and Financial liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

(f) Income recognition – Interest Income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(vii) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(viii) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid as per credit terms of the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(ix) Employee Benefits expense

a. Defined contribution plan:

The Company's contribution to provident fund (Government administered) considered as a defined contribution plan is charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

b. Defined benefit plan:

For defined benefit plan in the form of Gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuation carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Post service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight line basis over the average period until the benefits become vested.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

BB

Vandana Life Sciences Private Limited

comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

c. Other employee benefits:
The Company accounts for its liability towards compensated absences based on actuarial valuation done as at the Balance Sheet date by an independent actuary using projected unit credit method. The liability includes the long-term component accounted on a discounted basis and the short-term component which is accounted for on an undiscounted basis.

(x) Foreign currency transactions and balances

Foreign currency transactions are recorded at the rate of exchange prevailing on the dates of the respective transactions. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date, not covered by forward exchange contracts, are translated into Indian Rupees at the closing exchange rate. The resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary assets are recorded at the rates prevailing on the date of the transaction.

The premium or discount on a forward exchange contract taken to hedge foreign currency risk of an existing asset/ liability is recognised in the Statement of Profit or Loss over the period of the contract. The forward exchange contracts taken to hedge existing assets or liabilities are translated at the closing exchange rates and resultant exchange differences are recognised in the same manner as those on the underlying foreign currency asset or liability.

(xi) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash flows are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs').

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. After impairment, depreciation or amortization is provided on the revised carrying amount of the assets over its remaining useful life.

(xii) Revenue recognition

(a) Revenue from Contracts:

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

(b) Revenue from Sale of goods:

The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients. Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.
Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration. if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

(c) Other income:

Income from interest on deposits is recognised on time proportionate basis based on underlying interest rates.

(xiii) Taxes on Income:

Current tax comprises the expected tax payable on the taxable income for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax assets/liabilities are generally recognized for all taxable temporary differences, the carry forward balance of unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, the carry forward balance of unused tax credits and unused tax losses can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

(xiv) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability/financial asset at the time the guarantee is issued/received. The liability/asset is initially measured at fair value and subsequently at the higher of (i) the amount determined in accordance with the expected credit loss model as per Ind AS 109 and (ii) the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of Ind AS 115.

The fair value of financial guarantees is determined based on the estimated amount that would be payable to a third party for assuming the obligations.

(xv) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an out flow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(xvi) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The management evaluates the Company's performance and allocates resources based on analysis of various performance indicators by business segments.

(xvii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xviii) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(xix) Events after the reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xx) Assets classified as held for sale

The Company classifies assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification. Assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortised.

(xxi) Exceptional Items

Significant gains / losses or expenses incurred arising from external events that is not expected to recur are disclosed as Exceptional item.

2.1 Critical estimates and judgements

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

Revenue recognition
In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Company had transferred control over the goods to the buyer.

Key sources of estimation uncertainty
The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year-

Items requiring significant estimate	**Assumption and estimation uncertainty**
Useful lives of property, plant and equipment	The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Provision for employee benefits	The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates
Provision for doubtful receivables	The Company makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for current estimates.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vandana Life Sciences Private Limited

Fair value measurements and valuation processes	Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The valuation committee which is headed by the Chief Financial Officer of the Company determines the appropriate valuation techniques and inputs for fair value measurements. In estimating the fair value of an asset or a liability, the Company uses market observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Financial Officer reports the valuation committee's findings to the board of directors of the Company annually to explain the cause of fluctuations in the fair value of the assets and liabilities.
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories the Company makes an estimate of future selling prices, Subsidy and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.

2.2 Changes in Accounting Standards and other recent accounting pronouncements new amendments issued but not adopted –

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its standalone financial statements.

26 Fair value measurements

Fair value hierarchy

The management assessed that Cash & Cash Equivalents, Trade Receivables, Trade Payables & Other Current Liabilities approximate these carrying amounts largely due to short term maturities of these instruments. Further management has assessed that fair value of borrowings approximates these carrying amounts largely since they are carried at floating rate of interest.

The Fair Value of financial asset & liability is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation stage. (Refer note 11)

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis.

Assets and liabilities which are measured at amortized cost for which fair values are disclosed:

The carrying amounts of trade receivables, cash and cash equivalents, bank balances, loans, other current financial assets, trade payables, borrowings and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the year for the other assets and liabilities measured at amortized cost. Hence, the carrying value is taken as the fair value.

27 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company.

Risk	Exposure arising from	Measurement	Management
Credit risk (Refer Note A)	Cash and cash equivalents, Trade receivables, Financial assets measured at amortized cost, Bank deposits	Aging analysis Credit ratings	- Diversification of Bank Deposits, Credit limits and Letters of Credit '- Periodic review of Debtors Ageing and subsequent recoveries.
Liquidity risk (Refer Note B)	Borrowings, interest payable, other financial liabilities and trade payable	Rolling cash flow forecasts	Availability of committed credit lines and Borrowing facilities

A. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers including outstanding receivables and financial assets measured at amortized cost.

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.
b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company periodically monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

Expected credit loss for financial assets other than trade receivables

There has been no significant increase in credit risk for financial assets other than trade receivables. Thus, no expected credit losses have been recognized.

Expected credit loss trade receivables - simplified approach

Customer credit risk is managed by the Company based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. As on the reporting dates, there has been an decrease in credit risk of trade receivables.

B. **Liquidity risk**

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Company's liquidity requirements on the basis of monthly and yearly projections. The Company's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements.

28 Capital management

(a) Risk Management
The company acknowledges a material uncertainty, which may cast significant doubt about its ability to continue as a going concern. For the purpose of the Company's capital management, 'capital' includes issued equity capital, convertible preference shares, securities premium and other equity reserves attributable to the equity holders of the Company.

The primary objective of the Company's capital management is to maximize the shareholder value. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics.

The Company's policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business.

No changes were made to the objectives, policies or processes for managing capital during the year ended March 31, 2025 and year ended March 31, 2024.

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Audit Trail

Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account for the year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of audit, we have not come across any instance of the audit trail feature being tampered with.

Annexure A to Independent Auditor's Report

Referred to in paragraph 13(f) of the Independent Auditor's Report of even date to the members of M/s. Appcure Labs Private Limited on the financial statements for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Appcure Labs Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with

reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements

D.No. 40-12-5/2, Ramaswamy Street, Beside Ram's Apartment, Patamatalanka, Vijayawada - 520010
Ph.No. 0866-2472471 Mobile : 9440046588 Email : kondapanenimalli@gmail.com

due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

APPCURE LABS PRIVATE LIMITED Hyderabad

Appcure Labs Private Limited
Balance Sheet as at March 31,2025
(All amounts are in INR millions, unless otherwise stated)

1. Company information
Appcure Labs Private Limited (the company) is a private limited company incorporated under the provisions of the Companies Act, 2013. The company is engaged in the business of Research & Development of Drugs & Pharmaceuticals & Technology Transfer as Formula Service Provider

2. Basis of preparation
The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the Accounting Standards notified by Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention method on an accrual basis.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the changes in accounting policies explained below.

2.1 Summary of significant accounting policies

a. Use of accounting estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from the estimates.

b. Property, Plant and Equipment
Fixed assets have been stated at cost, less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any costs incurred towards bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use have also been included to the extent they relate to the period till such assets are ready to be put to use.

c. Depreciation on Property, Plant and Equipment
Depreciation on fixed assets is provided under Straight-Line Mehod as per useful life prescribed under Schedule II of the Companies Act, 2013 .

d. Intangible assets
Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Kondapaneni & Associates Chartered Accountants M No 229198 Vijayawada

APPCURE LABS PRIVATE LIMITED Hyderabad

e. Impairment of Property, Plant and Equipment and intangible assets

The carrying amounts of assets have been reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors.

An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

f. Investments

Investments that are readily realizable and intended to be held for not more than a year have been classified as current investments. All other investments have been classified as long-term investments.

Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value has been made to recognize a decline other than temporary in the value of such investments.

g.
Leases

Where the company is lessee

Leases, where the lessor effectively retains substantially all the risks and the benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term.

h. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of cost of the respective asset. All other borrowing costs are expensed in the period they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

i. Foreign currency translation

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Chartered Accountants Vijayawada

APPCURE LABS PRIVATE LIMITED Hyderabad

Exchange differences arising on the settlement of monetary items or on reporting of such monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements are recognized as income or expense in the year in which they arise.

j. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted in the event of bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

k. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of goods.

Revenues from service contracts are recognized pro-rata over a period of the contract as and when services are rendered.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

l. Taxes on income

Tax expense comprises of current and deferred tax. Current income tax has been measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India.

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably

Kondapalli & Associates Chartered Accountants Vijayawada

APPCURE LABS PRIVATE LIMITED Hyderabad

certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

m. Employee benefits:

(i) Short-term obligations

Liabilities for wages and salaries, bonus, ex-gratia etc. that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet

(ii) Long-term employee benefit obligations

The liabilities for compensated absences are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

Company operates the following post employment schemes:

(a) Defined benefit plans-Gratuity obligations

The liability or assets recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are denominated in currency other than INR, the cash flows are discounted using market yields determined by reference to high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

Remeasurement gains and losses arising from experience adjustments and change in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

In respect of funded post-employment defined benefit plans, amounts due for payment within 12 months to the fund may be treated as 'current'. Regarding unfunded post-employment benefit plans, settlement obligations which are due within 12 months in respect of employees who have resigned or expected to resign or are due for retirement within the next 12 months is 'current'. The remaining amount attributable to other employees, who are likely to continue in the services for more than a year, is classified as "non-current".

Normally an actuary should determine the amount of current and non-current liability for unfunded post-employment benefit obligations.

(b) Defined contribution plans

The Company pays provident fund contributions to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit and Loss as and when incurred

n. Provisions and contingent liabilities

A provision has been recognized in respect of a present obligation as a result of past event i.e. based on the probability of there being an outflow of resources to settle the obligation, in respect of which a reliable estimate can be made. Provisions have not been discounted to its present value and have been determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Kondapalli Rao & Associates Chartered Accountants Vijayawada

APPCURE LABS PRIVATE LIMITED Hyderabad

Contingent liabilities have been recognized when there is a possible commitment originating from past events whose existence will be confirmed by one or more uncertain future events, or when there is a commitment that is not recognized as a liability or provision because it is not probable that it will entail an outflow of resources.

o. Audit trail

As per the requirements of Rule 3(1) of the Companies (Accounts) Rules 2014, the Company is required to use only such accounting software for maintaining its books of accounts that have a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and who made those changes within such accounting software. In respect of the accounting software used by the Company, audit trail enabled and maintained throughout the year across the application level. In respect of such application and database, the Company has established and maintained an adequate internal control framework over its financial reporting and based on its assessment, has concluded that the internal controls for the year ended March 31, 2025 were effective. The Company is in the process of system upgradation to meet the audit trail requirements for the relevant masters at application level and database.

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value and measured at amortised cost for which far values are disclosed in the financial statements

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows:

Level 1: Level 1 hierarchy includes financial instruments traded in active markets, measured based on quoted market prices at the end of the reporting period. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There are no transfers between levels 1 and 2 during the year.

The carrying amounts of trade receivables, trade payables and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

Assets and liabilities which are measured at amortised cost for which fair values are disclosed

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the period for assets and liabilities measured at amortised cost. Hence, the carrying value is taken as fair value.

27 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company.

Risk	Exposure arising from	Measurement	Management
Credit risk (Refer Note A)	Cash and cash equivalents, financial assets measured at amortised cost	Aging analysis Credit ratings	There is no credit exposure
Liquidity risk (Refer Note B)	Trade Payables and Lease Liabilities	Rolling cash flow forecasts	Company having sufficient receivable to meet the liabilities
Market risk - foreign exchange (Refer Note C)	Future commercial transactions, recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Company having good order book

A. *Credit risk*

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers including outstanding receivables and financial assets measured at amortised cost.

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.
b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.
The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company periodically monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

BB

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f) Reporting on the adequacy of Internal Financial Controls with reference to financial statements of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to the Company in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017.

BB

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 35 to the financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in note 38(vii)(a), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 38(vii)(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i)(a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

B. As the Company does not hold any intangible assets, reporting under clause 3(i)(a)(B) of the Order is not applicable.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

(c) Based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds of all the immovable properties of land and buildings disclosed in the financial statements included in property, plant and equipment, capital work in progress are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc., are held in the name of the Company based on the confirmations directly received by us from lenders / custodians.

(d) The Company has not revalued any of its property, plant and equipment during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii)(a) The Company does not have any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Hence, reporting on the quarterly returns or statements filed by the Company with such banks or financial institutions is not applicable.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

(iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

BB

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount involved (₹ in lakhs)	Amount unpaid (₹ in lakhs)	Period to Which the Amount Relates	Forum where Dispute is Pending
Customs Act, 1962	Tax, interest and penalty	33.40	33.40	FY 2017-18	Commissioner of Customs (Appeals)
Income Tax Act, 1961	Tax	313.71	313.71	FY 2017-18	Commissioner of Income Tax (Appeals)
Goods and Service Tax Act	Tax	63.75	63.75	FY 2020-21	Assistant Commissioner of Central Tax
	Interest	13.23	13.23	FY 2017-18	Joint Commissioner (Appeals)

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.

(d) The Company has not raised any funds on short term basis and hence, reporting under clause (ix)(c) of the Order is not applicable.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.

(f) The Company has not raised any loans during the year and hence, reporting under clause (ix)(e) & (ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

BSE 9

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 2024 and the final internal audit reports which were issued after balance sheet date covering the period January to March 2025 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

BR

(xx) The Company was not having net worth of rupees five hundred crores or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company for the year.

General Information

Vindhya Pharma (India) Private Limited ('the Company') is a private limited company incorporated in Hyderabad, India. on July 24, 2006. The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients.

1. Basis of preparation of Standalone financial statements

(i) Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

(ii) Historical cost convention

The financial statements have been prepared on accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. The Company's financial statements are prepared in Rupee, which is also its functional currency.

(iii) Use of estimates

The preparation of the Company's financial statements in accordance with Ind AS requires the management to make informed judgements, reasonable assumptions and estimates that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. The uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

(iv) Fair Value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.
- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market

data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(v) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle: Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

These financial statements were approved by the Company's Board of Directors on May 17, 2025.

2. Material accounting policies

(i) Property, Plant and Equipment

Property, Plant and Equipment and capital work in progress are carried at cost less accumulated depreciation/ amortisation and impairment losses, if any. The cost of tangible assets comprises its purchase price net of any trade discounts and rebates, foreign exchange fluctuations, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses. Freehold land is carried at historical cost.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

BB

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(ii) Depreciation and amortization

Depreciation on Property, Plant and Equipment is provided on a straight line basis over the useful lives of assets estimated by the Management. Depreciation for assets purchased/ sold during a period is proportionately charged. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

The useful lives have been determined based on technical evaluation done by the management's expert in order to reflect the actual usage of the assets. The residual value is 5% of original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period

(iii) Inventories

Inventories which comprise of raw material, stores and spares, work in progress and finished goods are carried at the lower of cost and net realisable value.

Costs of inventories comprise costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The methods of determining cost of various categories of inventories are as follows:

- Raw material – Weighted average cost
- Stores and Spares - Weighted average cost
- Work in progress and Finished goods - Weighted average cost including cost of conversion
- Goods-in-transit – Actual cost of purchase

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials and other supplies held for use in production of inventories are not written below cost except in cases where material prices have declined and it is estimated that the cost of finished products will exceed their net realisable value.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

BD

The comparison of cost and net realisable value of inventory is made on an item-by-item basis.

Inventories are stated net of write down or allowances on account of obsolete, damaged or slow-moving items.

(iv) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance, if any.

(v) Cash & Cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Ind AS on Statement of Cash Flows (Ind AS - 7). The cash flows from operating, financing and investing activity of the company are segregated based on the available information.

(vi) Financial Instruments

(a) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

(b) Subsequent measurement

a. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

b. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

BB

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

through OCI except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in statement of profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss.

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis. Fair value gains and losses recognized in OCI are not reclassified to the statement of profit and loss.

c. Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

e. Investment in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

(c) Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve-month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Company follows the simplified approach which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables. The Company calculates the expected credit losses on trade receivables using a provision matrix based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. The ECL loss allowance (or reversal) during the year is recognised in the statement of profit and loss.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

BB

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

(d) Derecognition

a. Financial Assets

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

b. Financial Liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

(e) Reclassification of Financial Assets and Financial liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

(f) **Income recognition – Interest Income**

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(vii) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

BE

the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(viii) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid as per credit terms of the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(ix) Employee Benefits expense

a. Defined contribution plan:

The Company's contribution to provident fund (Government administered) considered as a defined contribution plan is charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

b. Defined benefit plan:

For defined benefit plan in the form of Gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuation carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Post service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight line basis over the average period until the benefits become vested.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

c. Other employee benefits:

The Company accounts for its liability towards compensated absences based on actuarial valuation done as at the Balance Sheet date by an independent actuary using projected unit credit method. The liability includes the long-term component accounted on a discounted basis and the short term component which is accounted for on an undiscounted basis.

BB

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

(x) Foreign currency transactions and balances

Foreign currency transactions are recorded at the rate of exchange prevailing on the dates of the respective transactions. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date, not covered by forward exchange contracts, are translated into Indian Rupees at the closing exchange rate. The resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary assets are recorded at the rates prevailing on the date of the transaction.

The premium or discount on a forward exchange contract taken to hedge foreign currency risk of an existing asset/ liability is recognised in the Statement of Profit or Loss over the period of the contract. The forward exchange contracts taken to hedge existing assets or liabilities are translated at the closing exchange rates and resultant exchange differences are recognised in the same manner as those on the underlying foreign currency asset or liability.

(xi) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash flows are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs').

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. After impairment, depreciation or amortization is provided on the revised carrying amount of the assets over its remaining useful life.

(xii) Revenue recognition

(a) Revenue from Contracts:

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

BB

receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

(b) Revenue from Sale of goods:

The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients. Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.
Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration. if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

(c) Other income:

Income from interest on deposits is recognised on time proportionate basis based on underlying interest rates.

(xiii) Taxes on Income:

Current tax comprises the expected tax payable on the taxable income for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax assets/liabilities are generally recognized for all taxable temporary differences, the carry forward balance of unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, the carry forward balance of unused tax credits and unused tax losses can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

Deferred tax is measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

(xiv) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability/financial asset at the time the guarantee is issued/received. The liability/asset is initially measured at fair value and subsequently at the higher of (i) the amount determined in accordance with the expected credit loss model as per Ind AS 109 and (ii) the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of Ind AS 115.

The fair value of financial guarantees is determined based on the estimated amount that would be payable to a third party for assuming the obligations.

(xv) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an out flow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(xvi) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The management evaluates the Company's performance and allocates resources based on analysis of various performance indicators by business segments.

(xvii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xviii) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(xix) Events after the reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xx) Assets classified as held for sale

The Company classifies assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification. Assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortised.

(xxi) Exceptional item

Significant gains / losses or expenses incurred arising from external events that is not expected to recur are disclosed as Exceptional item.

Critical estimates and judgements

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

Revenue recognition
In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Company had transferred control over the goods to the buyer.

Key sources of estimation uncertainty
The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year-

Items requiring significant estimate	**Assumption and estimation uncertainty**
Useful lives of property, plant and equipment	The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Provision for employee benefits	The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates
Provision for doubtful receivables	The Company makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for current estimates.
Fair value measurements and valuation processes	Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The valuation committee which is headed by the Chief Financial Officer of the Company determines the appropriate valuation techniques and inputs for fair value measurements. In estimating the fair value of an asset or a liability, the Company uses market observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Financial Officer reports the valuation committee's findings to the board of directors of the Company annually to explain the cause of fluctuations in the fair value of the assets and liabilities.
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories the Company makes an estimate of future selling prices, Subsidy and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.

29 Fair value measurements

Fair value hierarchy

Valuation techniques and key input:
Level 1 - Quoted prices (unadjusted) in active markets for identical assets or
Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable

30 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, the Company undertakes the following measures:

Risk	Exposure arising from	Measurement	Management
Credit risk (Refer Note A)	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost , deposit with banks	Aging analysis Credit ratings	- Diversification of Bank Deposits, Credit limits and Letters of Credit '- Periodic review of Debtors Ageing and subsequent recoveries.
Liquidity risk (Refer Note B)	Borrowings, other financial liabilities and trade payable	Rolling cash flow forecasts	Availability of committed credit lines and Borrowing facilities

A. ***Credit risk***

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers including outstanding receivables and financial assets measured at amortised cost.

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.

b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company periodically monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

Expected credit loss for financial assets other than trade receivables

There has been no significant increase in credit risk for financial assets other than trade receivables. Thus, no expected credit losses have been recognised.

Expected credit loss trade receivables - simplified approach

Customer credit risk is managed by the Company based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. As on the reporting dates, there has been no change in credit risk of trade receivables.

VINDHYA PHARMA (I) PVT. LTD. HYDERABAD

B. **Liquidity risk**

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Company's liquidity requirements on the basis of monthly and yearly projections. The Company's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements.

(i) Financing arrangement

31 Capital management

(a) Risk Management

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. For the purpose of the Company's capital management, 'capital' includes issued equity capital, convertible preference shares, securities premium and other equity reserves attributable to the equity holders of the Company.

The primary objective of the Company's capital management is to maximize the shareholder value. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics.

The Company's policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business.

No changes were made to the objectives, policies or processes for managing capital during the year ended March 31, 2025 and March 31, 2024.

We have audited the accompanying financial statements of **S.V. Labs Private Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 36 of the financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in note 40(vi)(a), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 40(vi)(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of **S.V. Labs Private Limited** (the "Company") as at March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i)(a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress, and relevant details of right-of-use assets.

B. As the Company does not hold any intangible assets, reporting under clause 3(i)(a)(B) of the Order is not applicable.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

(c) Based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds of all the immovable properties of land and buildings (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, capital work in progress are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc., are held in the name of the Company based on the confirmations directly received by us from lenders / custodians.

(d) The Company has not revalued any of its property, plant and equipment including right-of-use assets during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii)(a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of account.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from banks on the basis of security of current assets of the Company. In our opinion and according to the information and explanations given to us, the quarterly returns or statements for the quarters ended i.e. June 30, 2024, September 30, 2024 and December 31, 2024 comprising stock statements, book debt statements, and other stipulated financial information filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed. The Company is yet to submit the returns/statements for the quarter ended March 31, 2025 with the banks.

BB

(iii) The Company has granted loans, secured or unsecured, to Companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

(a) The Company has provided loan during the year and details of which are given below:

(₹ Lakhs)

Particulars	Loans
A. Aggregate amount granted / provided during the year	
- Subsidiaries	-
- Others	160
B. Balance outstanding as at balance sheet date in respect of above cases	
- Subsidiaries	-
- Others	-

The Company has not provided any guarantee or security to any other entity during the year.

(b) The terms and conditions of the grant of all the above-mentioned loans provided, during the year are, in our opinion, *prima facie*, not prejudicial to the Company's interest.

(c) The Company has granted loans or provided advances in the nature of loan are payable on demand during the year. As at March 31, 2025, there are no outstanding loans repayable on demand.

(d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted there is no overdue amount remaining outstanding as at the balance sheet date.

(e) None of the loans granted by the Company have fallen due during the year.

(f) The Company has granted Loans or advances in the nature of loans which are repayable on demand or without specifying any terms or period of repayment during the year. As at March 31, 2025, there are no outstanding loans repayable on demand.

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

BB

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount involved (₹ in lakhs)	Amount unpaid (₹ in lakhs)	Period to Which the Amount Relates	Forum where Dispute is Pending

Customs Act, 1962	Tax and penalty	106.22	106.22	FY 2020-21 & FY 2021-22	High Court of Andhra Pradesh
		58.21	58.21	FY 2020-21	Additional commissioner of customs, Chennai
Income Tax Act, 1961	Tax	16.07	16.07	FY 2016-17	Commissioner of Income Tax (Appeals)

* Net of Rs 4.03 lakhs paid under protest
\# Net of Rs 3.79 lakhs paid under protest

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, not been used during the year for long-term purposes by the Company.

(e) & (f) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) & (ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 2024 and the final internal audit reports which were issued after balance sheet date covering the period January to March 2025 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has incurred cash losses amounting to ₹ 721.70 lakhs during the financial year covered by our audit and ₹ 1,464.18 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crores or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company for the year.

Notes forming part of the Financial Statements

(All amounts are in INR lakhs, unless otherwise stated)

General information

S.V. Labs Private Limited ('the Company') was incorporated on September 10, 2003. The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients.

1. Basis of preparation of Standalone financial statements

(i) Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

(ii) Historical cost convention

The financial statements have been prepared on accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. The Company's financial statements are prepared in Rupee, which is also its functional currency.

(iii) Use of estimates

The preparation of the Company's financial statements in accordance with Ind AS requires the management to make informed judgements, reasonable assumptions and estimates that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. The uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

(iv) Fair Value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(v) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle: Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

These financial statements were approved by the Company's Board of Directors on May 17, 2025

2. Material accounting policies

(i) Property, Plant and Equipment

Property, Plant and Equipment and capital work in progress are carried at cost less accumulated depreciation/ amortisation and impairment losses, if any. The cost of tangible assets comprises its purchase price net of any trade discounts and rebates, foreign exchange fluctuations, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses. Freehold land is carried at historical cost.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(ii) Depreciation and amortization

Depreciation on Property, Plant and Equipment is provided on a straight line basis over the useful lives of assets estimated by the Management. Depreciation for assets purchased/ sold during a period is proportionately charged. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

The useful lives have been determined based on technical evaluation done by the management's expert in order to reflect the actual usage of the assets. The residual value is 5% of original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period

(iii) Inventories

Inventories which comprise of raw material, stores and spares, work in progress and finished goods are carried at the lower of cost and net realisable value.

Costs of inventories comprise costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The methods of determining cost of various categories of inventories are as follows:

- Raw material – Weighted average cost
- Stores and Spares - Weighted average cost
- Work in progress and Finished goods - Weighted average cost including cost of conversion
- Goods-in-transit – Actual cost of purchase

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials and other supplies held for use in production of inventories are not written below cost except in cases where material prices have declined and it is estimated that the cost of finished products will exceed their net realisable value.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

BS

The comparison of cost and net realisable value of inventory is made on an item-by-item basis.

Inventories are stated net of write down or allowances on account of obsolete, damaged or slow-moving items.

(iv) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance, if any.

(v) Cash & Cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Ind AS on Statement of Cash Flows (Ind AS - 7). The cash flows from operating, financing and investing activity of the company are segregated based on the available information.

(vi) Financial Instruments

(a) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

(b) Subsequent measurement

a. Financial assets carried at amortized cost
A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

b. Financial assets at fair value through other comprehensive income
A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in statement of profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis. Fair value gains and losses recognized in OCI are not reclassified to the statement of profit and loss.

c. Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

e. Investment in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

(c) Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve-month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Company follows the simplified approach which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables. The Company calculates the expected credit losses on trade receivables using a provision matrix based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. The ECL loss allowance (or reversal) during the year is recognised in the statement of profit and loss.

(d) Derecognition

a. Financial Assets
Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

DB

asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

b. Financial Liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

(e) Reclassification of Financial Assets and Financial liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

(f) Income recognition – Interest Income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(vii) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(viii) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid as per credit terms of the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(ix) Employee Benefits expense

a. Defined contribution plan:

The Company's contribution to provident fund (Government administered) considered as a defined contribution plan is charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

b. Defined benefit plan:

For defined benefit plan in the form of Gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuation carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Post service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight line basis over the average period until the benefits become vested.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

c. Other employee benefits:

The Company accounts for its liability towards compensated absences based on actuarial valuation done as at the Balance Sheet date by an independent actuary using projected unit credit method. The liability includes the long-term component accounted on a discounted basis and the short term component which is accounted for on an undiscounted basis.

(x) Foreign currency transactions and balances

Foreign currency transactions are recorded at the rate of exchange prevailing on the dates of the respective transactions. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date, not covered by forward exchange contracts, are translated into Indian Rupees at the closing exchange rate. The resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary assets are recorded at the rates prevailing on the date of the transaction.

The premium or discount on a forward exchange contract taken to hedge foreign currency risk of an existing asset/ liability is recognised in the Statement of Profit or Loss over the period of the contract. The forward exchange contracts taken to hedge existing assets or liabilities are translated at the closing exchange rates and resultant exchange differences are recognised in the same manner as those on the underlying foreign currency asset or liability.

(xi) Leases

The Company's lease asset classes primarily consist of leases for vehicles and equipments. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Company as a lessee

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short- term leases). For these short-term, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rate of the company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

(xii) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash flows are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs').

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. After impairment, depreciation or amortization is provided on the revised carrying amount of the assets over its remaining useful life.

(xiii) Revenue recognition

(a) Revenue from Contracts:

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

(b) Revenue from Sale of goods:

The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients. Revenue is recognized upon transfer of control

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.
Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration. if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

(c) Sale of services

Revenue from services rendered, which primarily relate to contract research, is recognised in the statement of profit and loss as the underlying services are performed. Upfront non-refundable payments received under these arrangements are deferred and recognised as revenue over the expected period over which the related services are expected to be performed.

(d) Other income:

Income from interest on deposits is recognised on time proportionate basis based on underlying interest rates.

(xiv) Taxes on Income:

Current tax comprises the expected tax payable on the taxable income for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax assets/liabilities are generally recognized for all taxable temporary differences, the carry forward balance of unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, the carry forward balance of unused tax credits and unused tax losses can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

S.V. LABS PRIVATE LIMITED

Deferred tax is measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

(xv) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability/financial asset at the time the guarantee is issued/received. The liability/asset is initially measured at fair value and subsequently at the higher of (i) the amount determined in accordance with the expected credit loss model as per Ind AS 109 and (ii) the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of Ind AS 115.

The fair value of financial guarantees is determined based on the estimated amount that would be payable to a third party for assuming the obligations.

(xvi) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an out flow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(xvii) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

RB

The management evaluates the Company's performance and allocates resources based on analysis of various performance indicators by business segments.

(xviii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xix) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(xx) Events after the reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xxi) Exceptional item

Significant gains / losses or expenses incurred arising from external events that is not expected to recur are disclosed as Exceptional item.

2.1 Critical estimates and judgements

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

Revenue recognition
In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Company had transferred control over the goods to the buyer.

Key sources of estimation uncertainty
The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year-

Items requiring significant estimate	**Assumption and estimation uncertainty**
Useful lives of property, plant and equipment	The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Provision for employee benefits	The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates
Provision for doubtful receivables	The Company makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for current estimates.
Fair value measurements and valuation processes	Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The valuation committee which is headed by the Chief Financial Officer of the Company determines the appropriate valuation techniques and inputs for fair value measurements. In estimating the fair value of an asset or a liability, the Company uses market observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Financial Officer reports the valuation committee's findings to the board of directors of the Company annually to explain the cause of fluctuations in the fair value of the assets and liabilities.
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories the Company makes an estimate of future selling prices, Subsidy and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.
Leases	Ind AS 116 defines a lease term as the non-cancellable period for which the lessee has the right to use the underlying asset including optional periods, when an entity is reasonably certain to exercise an option to extend (or not to terminate) a lease. The Company considers all relevant facts and circumstances that create an economic incentive for the lessee to exercise the option when determining the lease term. The option to extend the lease term are included in the lease term, if it is reasonably certain that the lessee will exercise the option. The Company reassess the option when significant events or changes in circumstances occur that are within the control of the lessee.

Transferred Receivables

In order to ensure easy access to credit facility for the company and facilitate early settlement, the company has entered into factoring arrangement. The contractual arrangement in place permits the company to exchange its receivables for cash and hence is prevented from selling or pledging the receivables. The arrangement entered is on recourse basis i.e. the Company has retained late payment and credit risk. Therefore, the Company continues to recognise the transferred assets in their entirety in its balance sheet. The amount repayable under the factoring agreement is presented as borrowing. The Company considers that the held to collect business model remains appropriate for these receivables and hence continues measuring them at amortised cost.

(i) In the earlier years, the Board of Directors of fellow subsidiary, Vandana Life Sciences Private Limited (Vandana), has decided to scale down the operations of Vandana. The manufacturing unit of Vandana was closed in month of October, 2022. The management believes that Vandana will not be able to continue as a going concern and the financial statements of Vandana from March 31, 2023 have been prepared on a basis other than going concern.

(ii) Management of the Company has assessed the recoverability of trade receivable due from Vandana and loans granted to Vandana, including interest accrued there on. Based on such assessment, management has written back excess provision to the statement of profit and loss.

30 Fair value measurements

Fair value hierarchy

The management assessed that Cash & Cash Equivalents, Trade Receivables, Trade Payables & Other Current Liabilities approximate these carrying amounts largely due to short term maturities of these instruments. Further management has assessed that fair value of borrowings approximates these carrying amounts largely since they are carried at floating rate of interest.

The Fair Value of financial asset & liability is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring

Assets and liabilities which are measured at amortised cost for which fair values are disclosed

The carrying amounts of trade receivables, cash and cash equivalents, bank balances, loans, other current financial assets, trade payables, borrowings and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the year for the other assets and liabilities measured at amortised cost. Hence, the carrying value is taken as the fair value.

31 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk.

Market risk - foreign exchange (Refer Note C)	Future commercial transactions, recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Foreign cash flow forecasting

A. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers including outstanding receivables and financial assets measured at amortised cost.

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.

b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company periodically monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

Expected credit loss for financial assets other than trade receivables

There has been no significant increase in credit risk for financial assets other than trade receivables. Thus, no expected credit losses have been recognised.

Expected credit loss on trade receivables - simplified approach

Customer credit risk is managed by the Company based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. As on the reporting dates, there has been an decrease in credit risk of trade receivables.

B. Liquidity risk

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Company's liquidity requirements on the basis of monthly and yearly projections. The Company's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements.

(i) Financing arrangement

The Company had access to the following undrawn borrowing facilities at the end of the reporting period

Floating rate/Fixed rate	As at March 31, 2025	As at March 31, 2024

C. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates and commodity prices) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short-term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

Foreign exchange risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR) of the Company

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follow:

	Trade payables	Trade receivables	Net exposure to foreign currency risk
As at March 31, 2025			
USD	546.04	-	546.04
As at March 31, 2024			
USD	374.80	-	374.80

(b) Sensitivity analysis

	Impact on Profit after tax	
	As at March 31, 2025	As at March 31, 2024
USD sensitivity		
USD appreciates by 5% vs INR	(20.20)	(13.87)
USD depreciates by 5% vs INR	20.20	13.87

(d) Interest rate Risk

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings.

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rates borrowings	3,862.90	3,063.53
Fixed rates borrowings	2,433.71	2,433.71
Total Borrowings	**6,296.61**	**5,497.24**

Interest rate sensitivity analysis :

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period for floating rate borrowings only. For floating rate borrowings, the analysis is prepared assuming the amount of the borrowing outstanding at the end of the reporting period was outstanding for the entire period. For the year ended March 31, 2025 and March 31, 2024, every 0.5% decrease in the floating interest rate component applicable on its closing balance of loans and borrowings would increase the Company profit by approximately INR 19.31 and INR 15.32 respectively and 0.5% increase in floating interest rate would have led to an equal but opposite effect.

32 Capital management

(a) Risk management

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. For the purpose of the Company's capital management, 'capital' includes issued equity capital, convertible preference shares, securities premium and other equity reserves attributable to the equity holders of the Company.

The primary objective of the Company's capital management is to maximise the shareholder value. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics.

The Company's policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business.

No changes were made to the objectives, policies or processes for managing capital during the year ended March 31, 2025 and March 31, 2024.

INDEPENDENT AUDITOR'S REPORT

To The Members of Vindhya Organics Private Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Vindhya Organics Private Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and

to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in note 40(vi)(a), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 40(vi)(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of **Vindhya Organics Private Limited** (the "Company") as at March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i)(a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress.

B. As the Company does not hold any intangible assets, reporting under clause 3(i)(a)(B) of the Order is not applicable.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

(c) Based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds of all the immovable properties of land and buildings disclosed in the financial statements included in property, plant and equipment, capital work in progress are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc., are held in the name of the Company based on the confirmations directly received by us from lenders / custodians.

(d) The Company has not revalued any of its property, plant and equipment during the year. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii)(a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of account.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from banks on the basis of security of current assets of the Company. In our opinion and according to the information and explanations given to us, the quarterly returns or statements for the quarters ended i.e. June 30, 2024, September 30, 2024 and December 31, 2024 comprising stock statements, book debt statements, and other stipulated financial information filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed. The Company is yet to submit the returns/statements for the quarter ended March 31, 2025 with the banks.

BS

(iii) The Company has granted loans, secured or unsecured, to Companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

(a) The Company has provided loan during the year and details of which are given below:

(₹ in lakhs)

Particulars	Loans
A. Aggregate amount granted / provided during the year	
- Subsidiaries	-
- Others	709
B. Balance outstanding as at balance sheet date in respect of above cases	
- Subsidiaries	-
- Others	-

The Company has not provided any guarantee or security to any other entity during the year.

(b) The terms and conditions of the grant of all the above-mentioned loans provided, during the year are, in our opinion, *prima facie*, not prejudicial to the Company's interest.

(c) The Company has granted loans or provided advances in the nature of loan are payable on demand. As at March 31, 2025, there are no outstanding loans repayable on demand.

(d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted there is no overdue amount remaining outstanding as at the balance sheet date.

(e) None of the loans granted by the Company have fallen due during the year.

(f) The Company has granted Loans or advances in the nature of loans which are repayable on demand or without specifying any terms or period of repayment during the year. As at March 31, 2025, there are no outstanding loans repayable on demand.

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on March 31, 2025.

BB

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, not been used during the year for long-term purposes by the Company.

(e) & (f) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) & (ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 2024 and the final internal audit reports which were issued after balance sheet date covering the period January to March 2025 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

BB

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crores or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company for the year.

Vindhya Organics Private Limited

General Information

Vindhya Organics Private Limited ('the Company') is a private limited company incorporated in Hyderabad, India on January 29, 1988. The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients.

1. Basis of preparation of financial statements

(i) Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

(ii) Historical cost convention

The financial statements have been prepared on accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. The Company's financial statements are prepared in Rupee, which is also its functional currency.

(iii) Use of estimates

The preparation of the Company's financial statements in accordance with Ind AS requires the management to make informed judgements, reasonable assumptions and estimates that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. The uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

(iv) Fair Value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.
- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable

for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(v) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle: Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

These financial statements were approved by the Company's Board of Directors on May 17, 2025.

2. Material accounting policies

(i) Property, Plant and Equipment

Property, Plant and Equipment and capital work in progress are carried at cost less accumulated depreciation/ amortisation and impairment losses, if any. The cost of tangible assets comprises its purchase price net of any trade discounts and rebates, foreign exchange fluctuations, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses. Freehold land is carried at historical cost.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vindhya Organics Private Limited

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(ii) Depreciation and amortization

Depreciation on Property, Plant and Equipment is provided on a straight line basis over the useful lives of assets estimated by the Management. Depreciation for assets purchased/ sold during a period is proportionately charged. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

The useful lives have been determined based on technical evaluation done by the management's expert in order to reflect the actual usage of the assets. The residual value is 5% of original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period

(iii) Inventories

Inventories which comprises of raw material, stores and spares, work in progress and finished goods are carried at the lower of cost and net realisable value.

Costs of inventories comprise costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The methods of determining cost of various categories of inventories are as follows:

- Raw material – Weighted average cost
- Stores and Spares - Weighted average cost
- Work in progress and Finished goods - Weighted average cost including cost of conversion
- Goods-in-transit – Actual cost of purchase

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials and other supplies held for use in production of inventories are not written below cost except in cases where material prices have declined and it is estimated that the cost of finished products will exceed their net realisable value.

The comparison of cost and net realisable value of inventory is made on an item by item basis.

Inventories are stated net of write down or allowances on account of obsolete, damaged or slow moving items.

(iv) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vindhya Organics Private Limited

of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance, if any.

(v) Cash & Cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Ind AS on Statement of Cash Flows (Ind AS - 7). The cash flows from operating, financing and investing activity of the company are segregated based on the available information.

(vi) Financial Instruments

(a) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

(b) Subsequent measurement

a. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

b. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in statement of profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss.

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognized in OCI are not reclassified to the statement of profit and loss.

BB

c. Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

e. Investment in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

(c) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Company follows the simplified approach which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables. The Company calculates the expected credit losses on trade receivables using a provision matrix based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. The ECL loss allowance (or reversal) during the year is recognised in the statement of profit and loss.

(d) Derecognition

a. Financial Assets

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vindhya Organics Private Limited

b. Financial Liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

(e) Reclassification of Financial Assets and Financial liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

(f) Income recognition – Interest Income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(vii) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.
All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(viii) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid as per credit terms of the contract. Trade and other payables are presented as current

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(ix) Employee Benefits expense

a. Defined contribution plan:

The Company's contribution to provident fund (Government administered) considered as a defined contribution plan is charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

b. Defined benefit plan:

For defined benefit plan in the form of Gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuation carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Post service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight line basis over the average period until the benefits become vested.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

c. Other employee benefits:

The Company accounts for its liability towards compensated absences based on actuarial valuation done as at the Balance Sheet date by an independent actuary using projected unit credit method. The liability includes the long term component accounted on a discounted basis and the short term component which is accounted for on an undiscounted basis.

(x) Foreign currency transactions and balances

Foreign currency transactions are recorded at the rate of exchange prevailing on the dates of the respective transactions. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date, not covered by forward exchange contracts, are translated into Indian Rupees at the closing exchange rate. The resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary assets are recorded at the rates prevailing on the date of the transaction.

The premium or discount on a forward exchange contract taken to hedge foreign currency risk of an existing asset/ liability is recognised in the Statement of Profit or Loss over the period of the contract. The forward exchange contracts taken to hedge existing assets or liabilities are translated at the closing exchange rates and resultant exchange differences are recognised in the same manner as those on the underlying foreign currency asset or liability.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vindhya Organics Private Limited

(xi) Leases

The Company's lease asset classes primarily consist of leases for vehicles and equipments. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Company as a lessee

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short- term leases). For these short-term, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rate of the company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

(xii) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vindhya Organics Private Limited

BB

For impairment testing, assets that do not generate independent cash flows are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs').

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. After impairment, depreciation or amortization is provided on the revised carrying amount of the assets over its remaining useful life.

(xiii) Revenue recognition

(a) Revenue from Contracts:

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

(b) Revenue from Sale of goods:

The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients. Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.
Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration. if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

(c) Sale of services:

Revenue from job work services is recognised at cost plus mark up as per the terms of the agreement.

HASKINS & SELLS CHARTERED ACCOUNTANTS

BB

Vindhya Organics Private Limited

(d) Other income:

Income from interest on deposits is recognised on time proportionate basis based on underlying interest rates.

(xiv) Taxes on Income:

Current tax comprises the expected tax payable on the taxable income for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax assets/liabilities are generally recognized for all taxable temporary differences, the carry forward balance of unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, the carry forward balance of unused tax credits and unused tax losses can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vindhya Organics Private Limited

(xv) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability/financial asset at the time the guarantee is issued/received. The liability/asset is initially measured at fair value and subsequently at the higher of (i) the amount determined in accordance with the expected credit loss model as per Ind AS 109 and (ii) the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of Ind AS 115.

The fair value of financial guarantees is determined based on the estimated amount that would be payable to a third party for assuming the obligations.

(xvi) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an out flow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(xvii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xviii) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(xix) Events after the reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

2.1 Critical estimates and judgements

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

Revenue recognition
In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Company had transferred control over the goods to the buyer.

Key sources of estimation uncertainty
The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year-

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Vindhya Organics Private Limited

Items requiring significant estimate	Assumption and estimation uncertainty
Useful lives of property, plant and equipment	The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Provision for employee benefits	The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates
Provision for doubtful receivables	The Company makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for current estimates.
Fair value measurements and valuation processes	Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The valuation committee which is headed by the Chief Financial Officer of the Company determines the appropriate valuation techniques and inputs for fair value measurements. In estimating the fair value of an asset or a liability, the Company uses market observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Financial Officer reports the valuation committee's findings to the board of directors of the Company annually to explain the cause of fluctuations in the fair value of the assets and liabilities.
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories the Company makes an estimate of future selling prices, Subsidy and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.
Leases	Ind AS 116 defines a lease term as the non-cancellable period for which the lessee has the right to use the underlying asset including optional periods, when an entity is reasonably certain to exercise an option to extend (or not to terminate) a lease. The Company considers all relevant facts and circumstances that create an economic incentive for the lessee to exercise the option when determining the lease term. The option to extend the lease term are included in the lease term, if it is reasonably certain that the lessee will exercise the option. The Company reassess the option when significant events or changes in circumstances occur that are within the control of the lessee.

Transferred Receivables

The carrying amounts of the trade receivables include receivables which are subject to a factoring arrangement. Under this arrangement, the Company has transferred the relevant receivables to the factor in exchange for cash and is prevented from selling or pledging the receivables. However, the Company has retained late payment and credit risk. Therefore, the Company continues to recognise the transferred assets in their entirety in its balance sheet. The amount repayable under the factoring agreement is presented as borrowing. The Company considers that the held to collect business model remains appropriate for these receivables and hence continues measuring them at amortised cost.

Notes :

(i) In the earlier years, the Board of Directors of fellow subsidiary, Vandana Life Sciences Private Limited (Vandana), has decided to scale down the operations of Vandana. The manufacturing unit of Vandana was closed in month of October, 2022. The management believes that Vandana will not be able to continue as a going concern and the financial statements of Vandana from March 31, 2023 have been prepared on a basis other than going concern.

(ii) Management of the Company has assessed the recoverability of trade receivable due from Vandana and loans granted to Vandana, including interest accrued there on. Based on such assessment, management has written back excess provision to the statement of profit and loss.

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Every employees who has completed 5 years or more of service are eligible for gratuity. On departure at 15 days salary for each completed year of service.

1. Reconciliation of opening and closing balances of the present value of the defined benefit obligation

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
A) Net employee benefit expense (recognised in Employee benefits expenses)		
Current service cost	13.12	9.71
Interest cost	5.36	4.35
Net employee benefit expenses	**18.48**	**14.06**
B) Amount recognised in the Balance Sheet		
Defined benefit obligation	98.32	75.74
C) Changes in the present value of the defined benefit obligation		
Opening defined benefit obligation	75.74	58.46
Current service cost	13.12	9.71
Interest cost	5.36	4.35
Benefits paid	(3.34)	(1.00)
Net actuarial gain on obligation for the year recognised under OCI	7.44	4.22
Closing defined benefit obligation	**98.32**	**75.74**

D) Remeasurement adjustments

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Financial loss / (gain) on plan assets	7.44	4.22
Remeasurement losses / (gains) recognised in other comprehensive income	**7.44**	**4.22**

Significant actuarial assumptions were as follows:

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Discount rate	6.96%	7.23%
Salary growth rate	6.00%	6.00%
Attrition rate	17.32%	37.81%
Mortality rate (IALM (2012-14))	100.00%	

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience. The estimates of future salary increases, considered in actuarial valuation, takes into account, inflation, seniority, promotions and other relevant factors such as demand and supply in the employment market.

(ii) Sensitivity analysis

The sensitivity of the defined benefit obligations to changes in the weighted principal assumptions is:

March 31, 2025	Impact on defined benefit obligation		
Assumptions	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	-3.97%	4.37%
Attrition rate	1.00%	0.01%	-0.02%
Salary growth rate	1.00%	4.95%	-4.59%

March 31, 2024	Impact on defined benefit obligation		
Assumptions	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	(2.14%)	2.26%
Attrition rate	1.00%	(0.15%)	0.15%
Salary growth rate	1.00%	2.89%	(2.79%)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

(iii) Defined benefit liability

The weighted average duration of the defined benefit obligation is 5 years (March 31, 2024: 3 years).
The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
March 31, 2025	37.94	37.77	65.44	141.16
March 31, 2024	44.56	30.35	16.69	91.60

Expected contribution to gratuity plan for the year ending March 31, 2026 is INR 98.32 (March 31, 2025 INR 75.74)

(iv) Defined contribution plans

(a) Provident fund

Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual or any constructive obligation. The expense recognised during the period towards defined contribution plan is INR 29.76 (March 31,2024: INR 27.78)

(b) Employee State Insurance

The Company makes employee state insurance contributions which are defined contribution plans for qualifying employees. Under the Scheme, the Company is required to contribute a specific percentage (4%) of the payroll costs to fund the benefits. The contributions are made to funds administered and managed by the government. The expense recognised during the year towards employee state insurance plan is INR 0.73 (March 31, 2024: INR 0.76)

31 Fair value hierarchy

The management assessed that cash & cash equivalent, trade receivables, trade payables & other current liabilities approximate these carrying amounts largely due to short term maturities of these instruments. Further management has assessed that fair value of borrowings approximates these carrying amounts largely since they are carried at floating rate of interest.

The fair value of financial asset & liability is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation stage.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1: Level 1 hierarchy includes financial instruments traded in active markets, measured based on quoted market prices at the end of the reporting period. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

The following table presents fair value hierarchy of assets and liabilities measured at fair value

Assets and liabilities which are measured at amortised cost for which fair values are disclosed

The carrying amounts of trade receivables, cash and cash equivalents, bank balances, loans, other current financial assets, trade payables, borrowings and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the period for the other assets and liabilities measured at amortised cost. Hence, the carrying value is taken as the fair value.

32 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, the Company undertakes the following measures:

Risk	Exposure arising from	Measurement	Management
Credit risk (Refer Note A)	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Ageing analysis Credit ratings	- Diversification of Bank Deposits, Credit limits and Letters of Credit - Periodic review of debtors Ageing and subsequent recoveries.
Liquidity risk (Refer Note B)	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and Borrowing facilities
Market risk - foreign exchange (Refer Note C)	Future commercial transactions, recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Foreign cash flow forecasting

A. ***Credit risk***

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers including outstanding receivables and financial assets measured at amortised cost.

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.

b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company periodically monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

Expected credit loss for financial assets other than trade receivables

There has been no significant increase in credit risk for financial assets other than trade receivables. Thus, no expected credit losses have been recognised.

Expected credit loss trade receivables - simplified approach

Customer credit risk is managed by the Company based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. As on the reporting dates, there has been an decrease in credit risk of trade receivables.

B **Liquidity risk**

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Company's liquidity requirements on the basis of monthly and yearly projections. The Company's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements

(i) Financing arrangement

The Company had access to the following unutilised working capital line from bank at the end of the reporting period

Floating rate/Fixed rate	As at March 31, 2025	As at March 31, 2024
Expiring within one year	1,685 76	2,728 00

Total	11,286.79	13.59	-	**11,300.38**

C **Market risk - foreign currency risk**

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR).

(a) Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follow.

	Trade payables	Trade receivables	Net exposure to foreign currency risk
As at March 31, 2025			
USD	1,363 41	-	(1,363.41)
As at March 31, 2024			
USD	163 66	-	(163 66)

(b) Sensitivity analysis

	Impact on Profit after tax	
	March 31, 2025	March 31, 2024
USD sensitivity		
USD appreciates by 5% vs INR	51 01	6 12
USD depreciates by 5% vs INR	(51 01)	(6 12)

*Holding all other variables constant

(d) **Interest rate Risk**

The Company is exposed to interest rate risk because it borrows funds at floating interest rates

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rates borrowings	1,141 42	1,304 50

Interest rate sensitivity analysis :

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period for floating rate borrowings only. For floating rate borrowings, the analysis is prepared assuming the amount of the borrowing outstanding at the end of the reporting year was outstanding for the entire year. For the year ended March 31, 2025 and March 31, 2024, every 0 5% decrease in the floating interest rate component applicable on its closing balance of loans and borrowings would increase the Company profit by approximately INR 5 71 and INR 6 52 respectively and 0 5% increase in floating interest rate would have led to an equal but opposite effect

33 Capital management

(a) Risk Management

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. For the purpose of the Company's capital management, 'capital' includes issued equity capital, convertible preference shares, securities premium and other equity reserves attributable to the equity holders of the Company

The primary objective of the Company's capital management is to maximise the shareholder value. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics

The Company's policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business

No changes were made to the objectives, policies or processes for managing capital during the year ended March 31, 2025 and year ended March 31, 2024

INDEPENDENT AUDITOR'S REPORT ON AUDIT OF SPECIAL PURPOSE ANNUAL CONSOLIDATED FINANCIAL INFORMATION AND REVIEW OF QUARTERLY FINANCIAL INFORMATION

TO THE BOARD OF DIRECTORS OF VIYASH LIFE SCIENCES PRIVATE LIMITED

Opinion and Conclusion

We have (a) audited the special purpose consolidated financial information for the year ended March 31, 2025 and (b) reviewed the special purpose consolidated financial information for the quarter ended March 31, 2025 (refer 'Other Matters' section below), which were subject to limited review by us, both included in the accompanying "Statement of special purpose consolidated financial information for the Quarter and Year Ended March 31, 2025 of **VIYASH LIFE SCIENCES PRIVATE LIMITED** (the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group") for the quarter and year ended March 31, 2025, (the "Statement").

(a) Opinion on Annual special purpose consolidated financial information

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the audit report of the other auditor on separate financial statements of the subsidiary referred to in Other Matters section below, the Special Purpose Consolidated Financial Information for the year ended March 31, 2025:

(i) includes the financial information of the subsidiaries listed in Annexure I:

(ii) gives a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standards and other accounting principles generally accepted in India of the consolidated net loss and consolidated other comprehensive income for the year ended March 31, 2025.

(b) Conclusion on unaudited special purpose consolidated financial information for the quarter ended March 31, 2025

With respect to the unaudited special purpose consolidated financial information for the quarter ended March 31, 2025, based on our review conducted and procedures performed as stated in paragraph (b) of Auditor's Responsibilities section below and based on the consideration of the review report of the other auditor referred to in Other Matters section below, nothing has come to our attention that causes us to believe that the unaudited special purpose consolidated financial information for the quarter ended March 31, 2025, prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards and other accounting principles generally accepted in India, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Basis for Opinion on the Audited special purpose consolidated financial information for the year ended March 31, 2025

We conducted our audit in accordance with the Standards on Auditing ("SA"s) specified under Section 143(10) of the Companies Act, 2013 (the "Act"). Our responsibilities under those Standards are further described in paragraph (a) of Auditor's Responsibilities section below. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the "ICAI") together with the ethical requirements that are relevant to our audit of the special purpose consolidated financial information for the year ended March 31, 2025 under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

DA

Emphasis of Matter – Basis of Accounting and Restriction on Distribution and Use

Without modifying our conclusion and opinion, we draw attention to Note 1 of the special purpose consolidated financial information, which describes the purpose and basis of preparation. The special purpose consolidated financial information have been prepared by the Management solely for the purpose of its internal use. As a result, the special purpose consolidated financial information may not be suitable for any other purpose. Our report is intended solely for such use by the Board of Directors of the Company and should not be distributed to or used by any other parties. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Our Opinion is not modified in respect of this matter.

Management's and Board of Directors' Responsibilities for the Statement

This Statement, which includes the special purpose consolidated financial information is the responsibility of the Holding Company's Board of Directors and has been approved by them for the issuance. The special purpose consolidated financial information for the year ended March 31, 2025, has been compiled from the related audited consolidated financial statements. This responsibility includes the preparation and presentation of the special purpose consolidated financial information for the quarter and year ended March 31, 2025 that give a true and fair view of the consolidated net loss and consolidated other comprehensive income of the Group in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards, prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial information that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of this special purpose consolidated financial information by the Directors of the Holding Company, as aforesaid.

In preparing the special purpose consolidated financial information, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities

(a) Audit of the special purpose consolidated financial information for the year ended March 31, 2025

Our objectives are to obtain reasonable assurance about whether the special purpose consolidated financial information for the year ended March 31, 2025 as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this special purpose consolidated financial information.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual special purpose consolidated financial information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.

- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose consolidated financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Annual special purpose consolidated financial information, including the disclosures, and whether the Annual special purpose consolidated financial information represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the Annual special purpose standalone financial information, entities within the Group to express an opinion on the special purpose consolidated financial information. We are responsible for the direction, supervision and performance of the audit of financial information of entities included in the Annual special purpose consolidated financial information of which we are the independent auditors. For the entities included in the Annual special purpose consolidated financial information, which have been audited by the other auditor, such other auditor remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Annual special purpose consolidated financial information that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Annual special purpose consolidated financial information may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual special purpose consolidated financial information.

We communicate with those charged with governance of the Holding Company and such other entities included in the special purpose consolidated financial information of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

(b) Review of the special purpose consolidated financial information for the quarter ended March 31, 2025

We conducted our review of the special purpose consolidated financial information for the quarter ended March 31, 2025 in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs specified under section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The Statement includes the financial information of the entities as listed under paragraph (a)(i) of Opinion and Conclusion section above.

Other Matters

- The Statement includes the financial information for the quarter ended March 31, 2025 being the balancing figure between audited figures in respect of the full financial year and the year to date figures up to the third quarter of the current financial year which were subject to limited review by us. Our report is not modified in respect of this matter.

- We did not audit the financial statements of one subsidiary included in the Group whose financial information reflect total assets of ₹ 151.24 million as at March 31, 2025 and total revenues of ₹ 26.90 million and ₹ 225.61 million for the quarter and year ended March 31, 2025 respectively, total net profit / (loss) after tax of ₹ (20.15) million and ₹ 23.09 million for the quarter and year ended March 31, 2025 respectively and total comprehensive income / loss of ₹ (19.14) million and ₹ 24.10 million for the quarter and year ended March 31, 2025 respectively and net cash inflows amounting to ₹ 2.91 million for the year ended on that date, as considered in the statement. These financial statements have been audited by other auditor whose report have been furnished to us by the Management and our opinion on the special purpose consolidated financial information, in so far as it relates to the amounts and disclosures included in respect of this subsidiary is based solely on the report of the other auditor and procedures performed by us as stated under Auditor's Responsibilities section above.

Our report on the Statement is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

Notes forming part of the Consolidated Financial Statements
(All amounts are in INR lakhs, unless otherwise stated)

Background

Viyash Life Sciences Private Limited is a private limited Company incorporated in Hyderabad, India on 21 February 2019. The Company and its subsidiaries (together, referred to as 'the Group') are primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients, intermediates and formulations.

1. Basis of preparation of Consolidated financial statements

(i) Statement of compliance

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as applicable.

(ii) Historical cost convention

The financial statements have been prepared on accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. The Group's financial statements are prepared in Rupee, which is also its functional currency.

(iii) Use of estimates

The preparation of the Group's financial statements in accordance with Ind AS requires the management to make informed judgements, reasonable assumptions and estimates that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. The uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

(iv) Principles of Consolidation

The consolidated financial statements have been prepared on the following basis:

Subsidiaries –

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity where the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the Parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter company transactions,

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

The financial statements of the Holding Company and the subsidiary have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances / transactions and resulting unrealised profits in full. Unrealised losses resulting from intra-group transactions have also been eliminated except to the extent that recoverable value of related assets is lower than their cost to the group. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the Balance Sheet of the Holding Company and its share in the post-acquisition increase/(decrease) in the relevant reserves of the subsidiary.

Going Concern –

Financials of Parent and subsidiaries are prepared on going concern basis except, in case of Vandana Life Sciences Private Limited (Vandana).

During the financial year ended March 31, 2025, Vandana had a total income of Rs. 281.99 (March 31, 2025: Rs.618.48) and Profit after tax of Rs.9652.08 (March 31, 2024: Rs.1362.87). As at March 31, 2025, the accumulated losses were Rs.680.49 which have eroded paid up equity capital of Rs. 185.50.

During the financial year ended March 31, 2024, Vandana had a total income of Rs. 618.48 (March 31, 2024: Rs. 9,068.77 and loss after tax of Rs.1,362.87 (March 31, 2022: Rs 2,547.62). As at March 31, 2024, the accumulated losses were Rs. 10,332.57 which have eroded paid up equity capital of Rs. 185.50. Further, the liabilities exceeded its total assets by Rs. 8,783.19.

During the financial year ended March 3, 2023 , the Board of Directors of the Vandana has passed the resolution dated March 15, 2023 to scale down the operations of the Vandana and cater to existing orders due to operational reasons based on overall Group strategic plans and savings in operating costs.

In the view of the resolution passed by the Board of Directors of the Vandana to scale down the operations of the Company, the Management believes that Vandana will not be able continue as a going concern and the financial statements Vandana from the year ended March 31, 2023 have been prepared on a basis other than going concern. Consequently, all assets have been stated/carried at realizable values and all liabilities have been considered/stated at their estimated pay-outs. Presently management does not have any intention to liquidate the Company.

Changes in ownership interest –

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

Foreign currency translation –

The consolidated foreign subsidiary has been identified as non-integral operations in accordance with the requirements of Ind AS-21 "The Effect of Changes in Foreign Exchange rates". In accordance with Ind AS-21, the financial statements of such non-integral foreign operations are translated into Indian rupees as follows:

- All assets and liabilities are translated at the closing rate at the date of that balance sheet.
- Income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions)
- The resulting net exchange difference is credited or debited to a foreign currency translation reserve.
- Foreign currency transaction gains and losses related to inter-Company loans or advances that have been asserted by Management to be of a long-term nature are accounted for as translation adjustments and resulting net exchange difference are recognised in other comprehensive income.
- Contingent liabilities are translated at the closing rate.

The consolidated financial statements are presented, to the extent possible, in the same format as that adopted by the Holding Company for its separate financial statements.

Goodwill and fair value adjustments arising on the acquisition of a foreign subsidiary are treated as assets and liabilities of the foreign operation and translated at the closing rate

(v) Fair Value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.

- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(vi) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle: Based on the nature of activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

These financial statements were approved by the Company's Board of Directors on May 17, 2025.

2. Material accounting policies

(i) Property, Plant and Equipment

Property, Plant and Equipment are carried at cost less accumulated depreciation/ amortisation and impairment losses, if any. The cost of tangible assets comprises its purchase price net of any trade discounts and rebates, foreign exchange fluctuations, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses. Freehold land is carried at historical cost.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Property, plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately. An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Property, plant and equipment acquired in a business combination

Property, plant and equipment acquired in a business combination are recognised at fair value at the acquisition date. They are depreciated over their useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

(ii) Intangible assets

Intangible assets are measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets are amortised on a straight-line basis over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately and intangible assets not yet available for use are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level.

The useful life lives of intangibles for the purpose of amortisation is as under:

Nature of asset	Useful life (Years)
ANDA registrations	Over the life of the registration
Active Pharmaceutical Ingredients	5 – 10

Internally-generated intangible assets - research and development expenditure

Expenditure on research activities is recognised as an expense in the period in which it is incurred. An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

- the technical feasibility of completing the intangible asset so that it will be available for use or sale
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in the statement of profit and loss in the period in which it is incurred.

Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

Intangibles acquired in a business combination

Patents and technical know-how acquired in a business combination are recognised at fair value at the acquisition date. They have a finite useful life, which the management has assessed to be 5 years and are subsequently carried at cost less accumulated amortisation and impairment losses.

Goodwill

Goodwill arises on acquisition of subsidiaries or businesses. It is not amortised but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes.

An intangible asset is recognised, only where it is probable that future economic benefits attributable to the asset will accrue to the enterprise and the cost can be measured reliably. Intangible assets are stated at cost less accumulated amortisation.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

(iii) Depreciation and amortisation

Below is a summary of the depreciation methods used by the various group entities:

Name of Group	Method
Viyash Life Sciences Private Limited	Straight-line
Vindhya Organics Private Limited	Straight-line
Appcure Labs Private Limited	Straight-line
Appco Pharma LLC	Straight-line
Symed Labs Limited	Straight-line
Vindhya Pharma (India) Private Limited	Written down value
S.V Labs Private Limited	Straight-line
Vandana Life Sciences Private Limited	Written down value

Depreciation for assets purchased/ sold during a period is proportionately charged. Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the Group for its use.

The useful lives of property, plant and equipment is as per those prescribed in Schedule II to the Companies Act 2013, with the exception of a subsidiary located outside of India. The useful lives use by this subsidiary is as under:

Nature of asset	Useful life (Years)
Plant and machinery	10
Furniture and fixtures	7
Leasehold improvements	5
Computers and related equipment	5

Depreciation methods, useful lives and residual values are reviewed at each reporting date and, if expectations differ from previous estimates, the change(s) are accounted for as a change in an accounting estimate in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

The residual value is 5% of original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(iv) Assets classified as held for sale

The Group classifies assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification. Assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortised.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

(v) Research and development

Research expenditure and development expenditure that do not meet the criteria of Ind AS 38, Intangible assets are recognised as an expense as and when incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

Once the criteria's of Ind AS 38, Intangible assets are met by the Group, the development costs are capitalized and amortised from the point at which the assets are available for sale.

(vi) Inventories

Inventories which comprise of raw material, stores and spares and finished goods are carried at the lower of cost and net realisable value.

Costs of inventories comprise costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The methods of determining cost of various categories of inventories are as follows:

- Raw material – Weighted average cost
- Stores and Spares - Weighted average cost
- Finished goods - Weighted average cost including cost of conversion
- Goods-in-transit – Actual cost of purchase

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials and other supplies held for use in production of inventories are not written below cost except in cases where material prices have declined and it is estimated that the cost of finished products will exceed their net realisable value.

The comparison of cost and net realisable value of inventory is made on an item-by-item basis.

Inventories are stated net of write down or allowances on account of obsolete, damaged or slow-moving items.

(vii) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Group holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance, if any.

(viii) Cash & Cash equivalent

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Ind AS on Statement of Cash Flows (Ind AS - 7). The cash flows from operating, financing and investing activity of the Group are segregated.

(viii) Financial Instruments

(a) Initial recognition

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

(b) Subsequent measurement

a. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

b. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in statement of profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss.

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis. Fair value gains and losses recognized in OCI are not reclassified to the statement of profit and loss.

c. Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

e. Investment in subsidiaries
Investment in subsidiaries is carried at cost less impairment, if any, in the separate financial statements.

(c) Impairment of financial assets
The Group assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve-month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Group follows the simplified approach which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables. The Group calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

(d) Derecognition
a. Financial Assets
Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

b. Financial Liabilities
The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

(e) Reclassification of Financial Assets and Financial liabilities
The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Group reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

(f) Derivative financial instruments
The Group uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risk. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are recognized immediately in the statement of profit and loss.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(g) Income recognition – Interest Income
Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(ix) Borrowing Costs
Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets is substantially ready for their intended use or sale.

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.
All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(x) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid as per credit terms of the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(xi) Employee Benefits expense

a. Defined contribution plan:
The Group's contribution to provident fund (Government administered) considered as a defined contribution plan is charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

b. Defined benefit plan:
For defined benefit plan in the form of Gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuation carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Post service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

c. Other employee benefits:
The Group accounts for its liability towards compensated absences based on actuarial valuation done as at the Balance Sheet date by an independent actuary using projected unit credit method. The liability includes the long-term component accounted on a discounted basis and the short-term component which is accounted for on an undiscounted basis.

d. Share-based payments

Share-based compensation benefits are provided to employees via the Company's Employee Option Plan implemented in November, 2021.

The fair value of options granted under the Employee Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- Including any market performance conditions (e.g., the entity's share price)
- Excluding the impact of any service and non-market performance vesting conditions (e.g., profitability, sales growth targets and remaining an employee of the entity over a specified time period)
- Including the impact of any non-vesting conditions (e.g., the requirement for employees to save or hold shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the Group revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

Where share options are forfeited due to a failure by the employee to satisfy the service conditions, any expenses previously recognised in relation to such share options are reversed effective from the date of the forfeiture.

Where share options are cancelled, any expenses previously recognised in relation to such share options are transferred to retained earnings, with a corresponding adjustment to equity.

(xii) Foreign currency transactions and balances

Foreign currency transactions are recorded at the rate of exchange prevailing on the dates of the respective transactions. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date, not covered by forward exchange contracts, are translated into Indian Rupees at the closing exchange rate. The resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary assets are recorded at the rates prevailing on the date of the transaction.

The premium or discount on a forward exchange contract taken to hedge foreign currency risk of an existing asset/ liability is recognised in the Statement of Profit or Loss over the period of the contract. The forward exchange contracts taken to hedge existing assets or liabilities are translated at the closing exchange rates and resultant exchange differences are recognised in the same manner as those on the underlying foreign currency asset or liability.

(xiii) Leases

The Group's lease asset classes primarily consist of leases for land, building, vehicles and others. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

Group as a lessee

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short- term leases). For these short-term, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rate of the Group. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

(xiv) Impairment of assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Tangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(xv) Business combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:

- fair values of the assets transferred
- liabilities incurred to the former owners of the acquired business
- equity interests issued by the group
- fair value of any asset or liability resulting from a contingent consideration arrangement.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The group recognizes any non-controlling interest in the acquired at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. Acquisition-related costs are expensed as incurred.

The excess of the:

- consideration transferred
- amount of any non-controlling interest in the acquired entity
- acquisition-date fair value of any previous equity interest in the acquired entity

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as capital reserve.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

(xvi) Revenue recognition

(a) Revenue from Contracts:

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

(b) Revenue from Sale of goods:

The Group is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients (API) and Intermediates. Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those goods.
Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration. if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Where the Group pays consideration to the customer (or to other parties that purchase the Group's goods or services from the customer), the Group accounts for the consideration payable to a customer as a reduction of the transaction price and, therefore, of revenue unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the Group

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

(c) Licensing arrangements:

Revenues include amounts derived from product licensing agreements. These arrangements typically consist of an initial up-front payment on inception of the license and subsequent payments dependent on achieving certain milestones in accordance with the terms prescribed in the agreement. Up-front license fees received in connection with such licensing agreements are deferred and recognised over the balance period in which the Group has pending performance obligations, which is generally the licensing period.

Milestone payments which are contingent on achieving certain clinical milestones are recognised as revenues either on achievement of such milestones or over the performance period depending on the terms of the contract.

(d) Sale of services:

Revenue from services rendered, which primarily relate to contract research, is recognised in the statement of profit and loss as the underlying services are performed. Upfront non-refundable payments received under these arrangements are deferred and recognised as revenue over the expected period over which the related services are expected to be performed.

(e) Other income:

Income from interest on deposits is recognised on time proportionate basis based on underlying interest rates.

(f) Government Grants:

Government grants are recognised in accordance with the terms of the respective grant on an accrual basis considering the status of compliance of prescribed conditions and ascertainment that the grant will be received.
Government grants related to revenue are recognised on a systematic and gross basis in the Statement of Profit and Loss over the period during which the related costs intended to be Compensated are incurred. Government grants related to assets are recognised as income in equal amounts over the expected useful life of the related asset.

(g) Contract costs:

The Group incurs certain contract fulfillment costs (e.g. set-up costs) relating to licensing arrangements that do not represent a separate performance obligation. Such costs are recognized as contract cost assets when it meets criteria for capitalisation. Criteria is met when such costs (a) relate directly to the contract; (b) generate or enhance resources of the Group that will be used in satisfying the performance obligation in the future; and (c) are expected to be recovered.

Capitalized contract fulfillment costs would be amortized over the term of the contract on a systematic basis that is consistent with the Group's transfer of the related goods or services to the customer to which the asset relates.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

(h) Bill and Hold Transactions:

The group recognises revenue for the sale of a product on a bill-and-hold basis only when all of the following criteria are met
(i) The reason for the bill-and-hold arrangement must be substantive;
(ii) The product must be identified separately as belonging to the customer;
(iii) The product is ready for physical transfer to the customer; and
(iv) The Group cannot have the ability to use the product or to direct it to another customer.

(i) Profit share revenues

The Company/Group occasionally enters into marketing arrangements with certain business partners to facilitate to sale of its products in certain markets. Under such arrangements, the Company sells its products to the business partners at a non-refundable base purchase price agreed upon in the arrangement and is also entitled to a profit share which is over and above the base purchase price.
The profit share is typically dependent on the business partner's ultimate net sale proceeds or net profits, subject to any reductions or adjustments that are required by the terms of the arrangement. Such arrangements typically require the business partner to provide confirmation of units sold and net sales or net profit computations for the products covered under the arrangement.
Revenue in an amount equal to the base sale price is recognised in these transactions upon delivery of products to the business partners. An additional amount representing the profit share component is recognised as revenue only to the extent that it is highly probable that a significant reversal will not occur. At the end of each reporting period, the Company updates the estimated transaction price (including updating its assessment of whether an estimate of variable consideration is constrained) to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period

(xvii) Taxes on Income:

Current tax comprises the expected tax payable on the taxable income for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:
a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Deferred tax assets/liabilities are generally recognized for all taxable temporary differences, the carry forward balance of unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, the carry forward balance of unused tax credits and unused tax losses can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

(xviii) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability/financial asset at the time the guarantee is issued/received. The liability/asset is initially measured at fair value and subsequently at the higher of (i) the amount determined in accordance with the expected credit loss model as per Ind AS 109 and (ii) the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of Ind AS 115.

The fair value of financial guarantees is determined based on the estimated amount that would be payable to a third party for assuming the obligations.

(xix) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an out flow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(xx) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xxi) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(xxii) Events after the reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xxiii) Exceptional items

Significant gains / losses or expenses incurred arising from external events that is not expected to recur are disclosed as exceptional items.

2.1 Critical estimates and judgements

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

Revenue recognition
In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Group had transferred control over the goods to the buyer.

Key sources of estimation uncertainty
The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Items requiring significant estimate	Assumption and estimation uncertainty
Useful lives of property, plant and equipment	The Group reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Provision for employee benefits	The Group uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates
Provision for doubtful receivables	The Group makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for current estimates.
Fair value measurements and valuation processes	Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. The valuation committee which is headed by the Chief Financial Officer of the Group determines the appropriate valuation techniques and inputs for fair value measurements. In estimating the fair value of an asset or a liability, the Group uses market observable data to the extent it is available. Where Level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation. Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Financial Officer reports the valuation committee's findings to the board of directors of the Group annually to explain the cause of fluctuations in the fair value of the assets and liabilities.
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories, the Group makes an estimate of future selling prices, Subsidy and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.
Leases	Ind AS 116 defines a lease term as the non-cancellable period for which the lessee has the right to use the underlying asset including optional periods, when an entity is reasonably certain to exercise an option to extend (or not to terminate) a lease. The Group considers all relevant facts and circumstances that create an economic incentive for the lessee to exercise the option when determining the lease term. The option to extend the lease term are included in the lease term, if it is reasonably certain that the lessee will exercise the option. The Group reassess the option when significant events or changes in circumstances occur that are within the control of the lessee.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Government Incentives	The Group recognizes government grants only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received. Government grants received in relation to assets are presented as a reduction to the carrying amount of the related asset. Grants related to income are recognized as other operating Income in the statement of profit and loss.

2.2 Changes in Accounting Standards and other recent accounting pronouncements new amendments issued but not adopted –

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f April 1, 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its consolidated financial statements.

The trade receivables of the Group do not contain a significant financing component and accordingly, the Group has adopted the simplified approach under Ind AS 109 for recognition of impairment of losses on trade receivables. Consequently, the disclosure of trade receivables into "Trade receivables which have significant increase in credit risk" has not been given since it is not relevant in the context of the Group.

(a) No trade or other receivables are due from directors or other officers of the Group either severally or jointly with any other person.
(b) Trade receivables are non-interest bearing and are generally on terms of 90 – 120 days
(c) The receivable is 'unbilled' because the Group has not yet issued an invoice; however, the balance has been included under trade receivables (as opposed to contract assets) as the Group has an unconditional right to consideration.

Transferred Receivables

The carrying amounts of the trade receivables include receivables which are subject to a factoring arrangement. Under this arrangement, the Group has transferred the relevant receivables to the factor in exchange for cash and is prevented from selling or pledging the receivables. However, the Group has retained late payment and credit risk. Therefore, the Group continues to recognise the transferred assets in their entirety in its balance sheet. The amount repayable under the factoring agreement is presented as borrowing. The Group considers that the held to collect business model remains appropriate for these receivables and hence continues measuring them at amortised cost.

(a) During the year ended March 31, 2025, the Group incurred costs of INR 1,303.09 in respect of set-up costs relating to the licensing arrangements. The costs relate directly to the contract, generate resources that will be used in satisfying the contract, and are expected to be recovered. They were therefore recognised as an asset from costs to fulfil a contract. The asset is amortised on a straight-line basis over the term of the contract, consistent with the pattern of recognition of the associated revenue.

During the year ended March 31, 2025, no cost has been amortized and recognized in the consolidated statement of profit or loss.

31 Fair value measurements

The management assessed that Cash & Cash Equivalents, Trade Receivables, Trade Payables & Other Current Liabilities approximate these carrying amounts largely due to short term maturities of these instruments. Further management has assessed that fair value of borrowings approximates these carrying amounts largely since they are carried at floating rate of interest.

The Fair Value of financial asset & liability is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation stage.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis.

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value and measured at amortised cost for which far values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows:

Level 1: Level 1 hierarchy includes financial instruments traded in active markets, measured based on quoted market prices at the end of the reporting period. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

Assets and liabilities which are measured at amortised

The carrying amounts of trade receivables, cash and cash equivalents, bank balances, loans, other current financial assets, trade payables, borrowings and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the period for the other assets and liabilities measured at amortised cost. Hence, the carrying value is taken as the fair value.

A. *Credit risk*

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Group periodically monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

Expected credit loss for financial assets other than trade receivables

There has been no significant increase in credit risk for financial assets other than trade receivables. Thus, no expected credit losses have been recognised.

Expected credit loss trade receivables - simplified approach

Customer credit risk is managed by the Group based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

B. Liquidity risk

The Group manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Group's liquidity requirements on the basis of monthly and yearly projections. The Group's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements.

The Group has unutilised working capital lines from banks of INR 20,298.11 as on March 31, 2025 (March 31, 2024: INR 11,329.01)

(ii) Maturities of financial liabilities

C. Market risk

Foreign exchange risk

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and Euro. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR) of the Group

Particulars	Cash and cash equivalents	Trade payables	Other monetary liabilities *	Trade receivables	Other monetary assets *	Net exposure to foreign currency risk

USD appreciates by 5% vs INR	423.89	434.21
USD depreciates by 5% vs INR	(423.89)	(434.21)

** Holding all other variables constant

Interest rate Risk

The Group is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings.

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rate borrowings	15,225.14	30,367.87
Fixed rate borrowings	971.72	301.59
Total Borrowings	**16,196.86**	**30,669.46**

Interest rate sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period for floating rate borrowings only. For floating rate borrowings, the analysis is prepared assuming the amount of the borrowing outstanding at the end of the reporting period was outstanding for the entire period. For the year ended March 31, 2025 and year ended March 31, 2024, every 0.5% decrease in the floating interest rate component applicable on its closing balance of loans and borrowings would increase the Group profit by approximately INR 76.13 and INR 151.84 respectively and 0.5% increase in floating interest rate would have led to an equal but opposite effect.

33 Capital management

Risk management

The Group aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. For the purpose of Group's capital management, 'capital' includes issued equity capital, convertible preference shares, securities premium and other equity reserves attributable to the equity holders of the Company.

The Group monitors capital using adjusted 'net debt to total equity ratio' For this purpose, adjusted net debt is defined as total borrowings, less cash and cash equivalents and other bank balances

The primary objective of the Group's capital management is to maximise the shareholder value. The capital structure of the Group is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Group considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics.

The Groups policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business.

No changes were made to the objectives, policies or processes for managing capital during the year ended March 31, 2025 and March 31, 2024

(c) Disposal of stake in Subsidiary

In the financial year 2022, the Parent transferred the legal ownership of its wholly owned subsidiary, Geninn Life Sciences Private Limited ('Geninn') through a Share Purchase Agreement dated June 3, 2021 to individual shareholders of the Parent. As per the same agreement, Vindhya Pharma Private Limited (subsidiary of the Parent) simultaneously disposed its entire stake in Vindhya Organics Private Limited ('Vindhya Organics') to Geninn.

However, the contractual arrangement with the purchasers who are also the shareholders of the Parent indicate through various clauses that the Parent continues to control all the relevant activities of Geninn and also retains beneficial ownership and control over the economic activities of Vindhya Organics, its subsidiary. Accordingly, the Parent assesses that in substance, it retains control over both Geninn and Vindhya Organics and should continue to consolidate these entities as its subsidiaries as per the requirements of Ind AS.

40 Leases

As a lessee

At inception of contract, the Group assesses whether the Contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Group allocates consideration in the contract to each lease component on the basis of their relative standalone price.

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Group generally uses its incremental borrowing rate, which is 7.00% - 9.09%, at the lease commencement date if the discount rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

The Group presents lease liabilities in 'Non Current Liabilities and Current Liabilities ' in the Balance Sheet.

Short term leases and leases of low value of assets

The Group applies the short-term lease recognition exemption to its short-term leases. Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

II. Founder share warrants

The Company executed an Investment Agreement ('IA') dated September 28, 2020 with CA Hull Investments ('Investor'), Hari Babu Bodepudi, Kalidindi Srihari Raju ('Founder(s)') and the Persons specified in Schedule A of the IA ('Founder Affiliates'). The IA requires the Company to issue founder share warrants to the said two promoters subsequent to every tranche of investment made by the Investor in the Company.

Accordingly, the Company has issued 2,54,62,140 founder share warrants to the said two promoters and other identified persons without any initial consideration, entitling them for subscription of equivalent number of Company's equity shares of face value of INR 10/- each. The share warrants are split into Time linked warrants ('TLW'), Performance linked warrants ('PLW') and Environment, health and safety linked warrants ('EHSLW'), each category having its own vesting conditions and vesting period. The exercise price of the share underlying all the categories of warrant shall be INR 90/- per share. The founder share warrants satisfy the definition of an equity-settled share-based payment transaction under Ind AS 102 - Share-based Payment and accordingly, all the relevant disclosures required by Ind AS 102 are stated below.

Summary of warrants and their attached vesting conditions:

		March 31, 2022		
Grant date	TLW	PLW	EHSLW	Total
June 22, 2021	17,66,145	17,66,145	8,83,072	44,15,362
July 6, 2021	65,88,728	65,88,728	32,94,364	1,64,71,820
November 11, 2021	18,29,983	18,29,983	9,14,992	45,74,958
Total	**1,01,84,856**	**1,01,84,856**	**50,92,428**	**2,54,62,140**

Time linked warrants:

These TLW were cancelled in its entirety on November 11, 2021 and in lieu of the same, equivalent number of founder incentive shares were issued to the promoters on the same date. The founder incentive shares are identified as a replacement instrument for the TLW, containing the same service condition.

These founder incentive shares are partly-paid up to the extent of INR 10/- per share but entitle the promoters with full voting, economic and other rights, at par with fully paid-up shares of the Company (Refer Note 15) . The said shares shall vest to the promoters upon completion of service condition and payment of exercise price of INR 90 per share. Further, these shares shall remain pledged in the favour of the Trust, constituting a security for the loan availed by the promoters for payment of INR 10 per share until such time of repayment of loan, payment of exercise price and vesting of shares in promoters.

The founder incentive shares also satisfy the definition of an equity-settled share-based transaction under Ind AS 102. Accordingly, principles of modification accounting as per Ind AS 102 has been applied. The incremental fair value being the difference between the fair value of the modified equity instrument (founder incentive shares) and that of the original equity instrument (TLW) estimated at the date of modification (November 11, 2021) amounted to INR 1.67/- per share warrant. This amount together with the original grant date fair value of the TLW has been recognised as an expense over the remaining vesting period. The fair value of the modified equity instrument was determined using the Black-Scholes Model.

Performance linked warrants:

These warrants shall vest to the warrant holders upon achievement of certain parameters by the investor on their exit from the Company. The parameters are associated with the investor achieving either a specified range of overall aggregate return (OAR) or internal rate of return (IRR) realised on the US Dollar value of all the amounts invested by the Investor in the Company as summarised below-

% of vesting	Investor exit on or prior to 5 years - based on OAR	Investor exit after 5 years - based on IRR
13.33%	=>2 <2.25 times	=> 17.5% < 22.5%
26.66%	=>2.25 <2.5 times	=> 22.5% < 25%
40% of total warrants (100% of PLW)	=>2.5 times	=> 25%

Environment, health and safety linked warrants:

These warrants shall vest to the warrant holders in a graded manner upon Company's fulfilment of certain EHS milestones, as summarised below:

Milestones	Time Period for fulfilment of milestones and % of Total Initial Founder Warrants that will vest upon such fulfilment			
	Year 1	Year 2	Year 3	Year 4

INDEPENDENT AUDITOR'S REPORT

To The Members of Viyash Life Sciences Private Limited
Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Viyash Life Sciences Private Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

BB

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in note 41(vii)(a), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 41(vii)(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to standalone financial statements of **Viyash Life Sciences Private Limited** (the "Company") as at March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

BZ

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i)(a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress, and relevant details of right-of-use assets.

B. The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

(c) Based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds of all the immovable properties of land and buildings (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, capital work in progress are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc., are held in the name of the Company based on the confirmations directly received by us from lenders / custodians.

(d) The Company has not revalued any of its property, plant and equipment including right-of-use assets and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii)(a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of account.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Hence, reporting on the quarterly returns or statements filed by the Company with such banks or financial institutions is not applicable.

(iii) The Company has provided guarantee to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

(a) The Company has granted guarantee during the year and details of which are given below:

(Amount in ₹ Lakhs)

Particulars	Loans	Guarantees
A. Aggregate amount granted / provided during the year		
- Subsidiaries	-	-
- Others	-	-
B. Balance outstanding as at balance sheet date in respect of above cases		
- Subsidiaries*	6.26	6,100.00
- Others	1,018.57	-

* The amounts reported are at gross amounts, without considering provisions made.

The Company has not provided any advances in the nature of loans or security to any other entity during the year except as disclosed in Note 13 of standalone financial statements.

(b) The guarantees provided as mentioned above, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

(c) The Company has granted loans or provided advances in the nature of loan are payable on demand. During the year the Company has not demanded such loan or advances in the nature of loan. Having regard to the fact that the repayment of principal or payment of interest has not been demanded by the Company, in our opinion the repayments of principal amounts and receipts of interest are regular. (Refer reporting under clause (iii)(f) below)

(d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted there is no overdue amount remaining outstanding as at the balance sheet date.

(e) None of the loans granted by the Company have fallen due during the year.

(f) The Company has granted Loans which are repayable on demand details of which are given below:

(Amount in ₹ Lakhs)

	All Parties	Promoters	Related Parties
Aggregate of loans repayable on demand	1,024.83	1,018.57	6.26
Percentage of loans to total loans	100%	99.39%	0.61%

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on March 31, 2025.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies.

(x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) The Company has made preferential allotment or private placement (retain as applicable) of shares during the year. For such allotment of shares, the Company has complied with the requirements of Section 42 and 62 of the Companies Act, 2013, and the funds raised have been, prima facie, applied by the Company during the year for the purposes for which the funds were raised, other than temporary deployment pending application. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the year.

BD L

(xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 188 of the Companies Act for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. The Company is a private company and hence the provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 2024 and the final internal audit reports which were issued after balance sheet date covering the period January to March 2025 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

BB

(xx) The Company has incurred losses during the three immediately preceding financial years and hence, it is not required to spend any money under sub-section (5) of section 135 of the Act. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company for the year.

General Information

Viyash Life Sciences Private Limited ('the Company') is a private limited company incorporated in Hyderabad, India on February 21, 2019. The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients.

1. Basis of preparation of Standalone financial statements

(i) Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

(ii) Historical cost convention

The standalone financial statements have been prepared on accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. The Company's standalone financial statements are prepared in Rupee, which is also its functional currency.

(iii) Use of estimates

The preparation of the Company's standalone financial statements in accordance with Ind AS requires the management to make informed judgements, reasonable assumptions and estimates that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. The uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

(iv) Fair Value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.
- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(v) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Company classifies all other assets as non-current.

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle: Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

These standalone financial statements were approved by the Company's Board of Directors on May 17, 2025.

2. Material accounting policies

(i) Property, Plant and Equipment

Property, Plant and Equipment and capital work in progress are carried at cost less accumulated depreciation/ amortisation and impairment losses, if any. The cost of tangible assets comprises its purchase price net of any trade discounts and rebates, foreign exchange fluctuations, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses. Freehold land is carried at historical cost.
Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

(ii) Intangible assets

An intangible asset is recognised, only where it is probable that future economic benefits attributable to the asset will accrue to the enterprise and the cost can be measured reliably. Intangible assets are stated at cost less accumulated amortisation.

(iii) Depreciation and amortisation

Depreciation on Property, Plant and Equipment is provided on a straight line basis over the useful lives of assets estimated by the Management. Depreciation for assets purchased/ sold during a period is proportionately charged. Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the Company for its use.

Depreciation is calculated using the straight-line method to allocate the cost of the assets, net of their residual values, over their estimated useful lives. The useful lives of property, plant and equipment is as per those prescribed in Schedule II to the Companies Act 2013

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/(losses).

(iv) Research and development

Research expenditure and development expenditure that do not meet the criteria of Ind AS 38, Intangible assets are recognised as an expense as and when incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

Once the criteria's of Ind AS 38, Intangible assets are met by the Company, the development costs are capitalized and amortised from the point at which the assets are available for sale.

Amortisation methods and periods

Active pharmaceutical ingredients	5 -10 years

(v) Inventories

Inventories which comprises of raw material, stores and spares, work in progress and finished goods are carried at the lower of cost and net realisable value.

Costs of inventories comprise costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The methods of determining cost of various categories of inventories are as follows:

- Raw material – Weighted average cost
- Stores and Spares - Weighted average cost
- Work in progress and finished goods - Weighted average cost including cost of conversion
- Goods-in-transit – Actual cost of purchase

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Ltd. Hyderabad

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials and other supplies held for use in production of inventories are not written below cost except in cases where material prices have declined and it is estimated that the cost of finished products will exceed their net realisable value.

The comparison of cost and net realisable value of inventory is made on an item by item basis.

Inventories are stated net of write down or allowances on account of obsolete, damaged or slow moving items.

(vi) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance, if any.

(vii) Cash & Cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(viii) Financial Instruments

(a) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

(b) Subsequent measurement

a. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

b. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting

contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI except for the recognition of impairment gains or losses,

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

interest revenue and foreign exchange gains and losses which are recognized in statement of profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss.

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognized in OCI are not reclassified to the statement of profit and loss.

c. Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

e. Investment in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss. Determining whether the investments in subsidiaries are impaired requires an estimate of the value in use of investments.

(c) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Company follows the simplified approach which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables. The Company calculates the expected credit losses on trade receivables using a provision matrix based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. The ECL loss allowance (or reversal) during the year is recognised in the statement of profit and loss.

(d) Derecognition

a. Financial Assets

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

b. Financial Liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

(e) Reclassification of Financial Assets and Financial liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

(f) Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risk. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are recognized immediately in the statement of profit and loss.

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the company has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(g) Income recognition – Interest Income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.
Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(ix) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.
All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(x) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid as per credit terms of the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(xi) Employee Benefits expense

a. Defined contribution plan:
The Company's contribution to provident fund (Government administered) considered as a defined contribution plan is charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

b. Defined benefit plan:

For defined benefit plan in the form of Gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuation carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Post service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight line basis over the average period until the benefits become vested.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

c. Other employee benefits:

The Company accounts for its liability towards compensated absences based on actuarial valuation done as at the Balance Sheet date by an independent actuary using projected

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

unit credit method. The liability includes the long term component accounted on a discounted basis and the short term component which is accounted for on an undiscounted basis.

d. Share-based payments

Share-based compensation benefits are provided to employees via the Company's Employee Option Plan implemented in November, 2021.

The fair value of options granted under the Employee Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- Including any market performance conditions (e.g., the entity's share price)
- Excluding the impact of any service and non-market performance vesting conditions (e.g., profitability, sales growth targets and remaining an employee of the entity over a specified time period)
- Including the impact of any non-vesting conditions (e.g., the requirement for employees to save or hold shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the Company revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

(xii) Foreign currency transactions and balances

Foreign currency transactions are recorded at the rate of exchange prevailing on the dates of the respective transactions. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date, not covered by forward exchange contracts, are translated into Indian Rupees at the closing exchange rate. The resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary assets are recorded at the rates prevailing on the date of the transaction.
The premium or discount on a forward exchange contract taken to hedge foreign currency risk of an existing asset/ liability is recognised in the Statement of Profit or Loss over the period of the contract. The forward exchange contracts taken to hedge existing assets or liabilities are translated at the closing exchange rates and resultant exchange differences are recognised in the same manner as those on the underlying foreign currency asset or liability.

(xiii) Leases

The Company's lease asset classes primarily consist of leases for land, building, vehicles and others. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Company as a lessee
At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short- term leases). For these short-

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

term, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rate of the company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

(xiv) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash flows are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs').

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. After impairment, depreciation or amortization is provided on the revised carrying amount of the assets over its remaining useful life.

(xv) Revenue recognition

(a) Revenue from Contracts:

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

(b) Revenue from Sale of goods:

The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients. Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.
Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration. if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

(c) Sale of services:

Revenue from services rendered, which primarily relate to contract research, is recognised in the statement of profit and loss as the underlying services are performed. Upfront non-refundable payments received under these arrangements are deferred and recognised as revenue over the expected period over which the related services are expected to be performed.

(d) Other income:

Income from interest on deposits is recognised on time proportionate basis based on underlying interest rates.

(e) Government Grants

Government grants are recognised in accordance with the terms of the respective grant on an accrual basis considering the status of compliance of prescribed conditions and ascertainment that the grant will be received.

Government grants related to revenue are recognised on a systematic and gross basis in the Statement of Profit and Loss over the period during which the related costs intended to be Compensated are incurred. Government grants related to assets are recognised as income in equal amounts over the expected useful life of the related asset.

(xvi) Taxes on Income:

Current tax comprises the expected tax payable on the taxable income for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax assets/liabilities are generally recognized for all taxable temporary differences, the carry forward balance of unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, the carry forward balance of unused tax credits and unused tax losses can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

(xvii) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability/financial asset at the time the guarantee is issued/received. The liability/asset is initially measured at fair value and subsequently at the higher of (i) the amount determined in accordance with the expected credit loss model as per Ind AS 109 and (ii) the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of Ind AS 115.

The fair value of financial guarantees is determined based on the estimated amount that would be payable to a third party for assuming the obligations.

(xviii) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an out flow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

Contingent assets are not disclosed in the standalone financial statements unless an inflow of economic benefits is probable.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(xix) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The management evaluates the Company's performance and allocates resources based on analysis of various performance indicators by business segments.

(xx) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.
For the purpose of calculating diluted earnings per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xxi) Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(xxii) Events after the reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the standalone financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xxiii) Exceptional item

Significant gains / losses or expenses incurred arising from external events that is not expected to recur are disclosed as Exceptional item.

2.1 Critical estimates and judgements

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the standalone financial statements.

Revenue recognition
In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Company had transferred control over the goods to the buyer.

Key sources of estimation uncertainty

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Viyash Life Sciences Private Limited Hyderabad

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year-

Items requiring significant estimate	**Assumption and estimation uncertainty**
Useful lives of property, plant and equipment	The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Provision for employee benefits	The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates
Provision for doubtful receivables	The Company makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for current estimates.
Fair value measurements and valuation processes	Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The valuation committee which is headed by the Chief Financial Officer of the Company determines the appropriate valuation techniques and inputs for fair value measurements. In estimating the fair value of an asset or a liability, the Company uses market observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Financial Officer reports the valuation committee's findings to the board of directors of the Company annually to explain the cause of fluctuations in the fair value of the assets and liabilities.
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories, the Company makes an estimate of future selling prices, Subsidy and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.
Leases	Ind AS 116 defines a lease term as the non-cancellable period for which the lessee has the right to use the underlying asset including optional periods, when an entity is reasonably certain to exercise an option to extend (or not to terminate) a lease. The Company considers all relevant facts and circumstances that create an economic incentive for the lessee to exercise the option when determining the lease term. The option to extend the lease term are included in the lease term, if it is reasonably certain that the lessee will exercise the option. The Company reassess the option when significant events or changes in circumstances occur that are within the control of the lessee.

2.2 Changes in Accounting Standards and other recent accounting pronouncements new amendments issued but not adopted –

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its standalone financial statements.

Notes:

(i) In the earlier years, the Board of Directors of subsidiary, Vandana Life Sciences Private Limited (Vandana), has decided to scale down the operations of Vandana. The manufacturing unit of Vandana was closed in month of October, 2022. The management believes that Vandana will not be able to continue as a going concern and the financial statements of Vandana from March 31, 2023 have been prepared on a basis other than going concern.

The Company being a Holding entity, has assumed provisions for doubtful receivables attributable to its other subsidiaries on account of receivables of loans from Vandana amounting to INR 1,111.69 for the year ended March 31, 2024.

(ii) Management of the Company has assessed the recoverability of trade receivable due from Vandana and loans granted to Vandana, including interest accrued there on. Based on such assessment, management has written back excess provision to the statement of profit and loss.

(iii) During the meeting held on September 25, 2024, the Board of Directors of the Company approved the proposal for one-time bonus to a key personnel amounting to INR 7,400, due and payable upon occurrence of a specified event. Considering the likelihood of the specified event, management has assessed and recognized provision for one-time bonus during the year ended March 31, 2025.

(iv) INR 258 represents transaction costs incurred towards proposed composite scheme of arrangement for year ended March 31, 2025 (refer note 43).

The principal assumptions used in determining gratuity for the Company's plans are shown below:

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Discount rate	6.95%	7.23%
Salary escalation rate	6.00%	6.00%
Attrition rate	20.40%	39.33%
Mortality rate (IALM (2012-14))	100.00%	

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience. The estimates of future salary increases, considered in actuarial valuation, takes into account, inflation, seniority, promotions and other relevant factors such as demand and supply in the employment market.

(ii) Sensitivity analysis

The sensitivity of the defined benefit obligations to changes in the weighted principal assumptions is:

As at March 31, 2025	Impact on defined benefit obligation		
Assumptions	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	-3.32%	3.59%
Salary growth rate	1.00%	3.81%	-3.64%
Attrition rate	1.00%	-0.03%	0.02%

As at March 31, 2024	Impact on defined benefit obligation		
Assumptions	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	-1.97%	2.08%
Salary growth rate	1.00%	2.55%	-2.48%
Attrition rate	1.00%	-0.11%	0.11%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting year) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

(iii) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Changes in bond yield: A decrease in bond yields will increase plan liabilities.

(iv)Employer contributions

The weighted average duration of the defined benefit obligation is 4 years (March 31, 2024: 3 years).

The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
March 31, 2025	115.22	263.72	238.76	617.70
March 31, 2024	241.73	163.42	79.03	484.18

Expected contribution to gratuity plan for the year ending March 31, 2026 is INR 255.34 (March 31, 2025 is INR 192.83).

(ii) Defined contribution plans

(a) Provident fund

Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual or any constructive obligation. The expense recognised during the year towards provident fund contribution is INR 193.64 (March 31,2024: INR 177.17).

(b) Employee State Insurance

The Company makes employee state insurance contributions which are defined contribution plans for qualifying employees. Under the Scheme, the Company is required to contribute a specific percentage 4% of the payroll costs to fund the benefits. The contributions are made to funds administered and managed by the government. The expense recognised during the year towards employee state insurance plan is INR 1.92 (March 31, 2024: INR 1.96).

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

30 Fair value measurements

The management assessed that Cash & Cash Equivalents, Trade Receivables, Trade Payables & Other Current Liabilities approximate these carrying amounts largely due to short term maturities of these instruments. Further management has assessed that fair value of borrowings approximates these carrying amounts largely since they are carried at floating rate of interest.

The Fair Value of financial asset & liability is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation stage.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis.

Fair value hierarchy
This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value and measured at amortised cost for which far values are disclosed in the standalone financial statements.
To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows:

Level 1: Level 1 hierarchy includes financial instruments traded in active markets, measured based on quoted market prices at the end of the reporting period. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting quarter. The mutual funds are valued using the closing NAV.
Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There are no transfers between levels 1 and 2 during the year.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the quarter for assets and liabilities measured at amortised cost. Hence, the carrying value is taken as fair value.

31 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company,

Risk	Exposure arising from	Measurement	Management
Credit risk (refer note A)	Cash and cash equivalents, trade receivables, deposit with banks, financial assets measured at amortised cost	Ageing analysis Credit worthiness Assessment	- Diversification of Bank Deposits, Credit limits and Letters of Credit - quarterly review of Debtors Ageing and subsequent recoveries.
Liquidity risk (refer note B)	Borrowings, trade payables and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and Borrowing facilities
Market risk - foreign exchange (refer note C)	Future commercial transactions, recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Foreign cash flow forecasting

A. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers including outstanding receivables and financial assets measured at amortised cost.

Credit risk management

a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.
b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company quarterly monitors the recoverability and credit risks of its other financials assets including security deposits and other receivables.

There has been no significant increase in credit risk for financial assets. Thus, no expected credit losses have been recognised.

Viyash Life Sciences Private Limited Hyderabad

B. Liquidity risk

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Company's liquidity requirements on the basis of monthly and yearly projections. The Company's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements.

(i) Maturities of financial liabilities

The amounts disclosed in the table are the maturity profile of contractual undiscounted cash flows of the Company's financial liabilities:

C. Market risk

Foreign exchange risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR) of the Company.

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follow:

	Trade payables	Trade receivables	Net exposure to foreign currency risk
As at March 31, 2025			
USD	990.95	742.11	248.84
As at March 31, 2024			
USD	126.58	96.22	30.36

(b) Sensitivity analysis*

	Impact on Loss after tax	
	March 31, 2025	March 31, 2024
USD sensitivity		
USD appreciates by 5% vs INR	9.25	1.13
USD depreciates by 5% vs INR	(9.25)	(1.13)

*Holding all other variables constant

D. Interest rate Risk

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings.

Particulars	As at March, 31 2025	As at March, 31 2024
Variable rates borrowings	4,258.33	5,453.92
Fixed rates borrowings	971.71	301.59
Total Borrowings	**5,230.04**	**5,755.51**

Interest rate sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period for floating rate borrowings only. For floating rate borrowings, the analysis is prepared assuming the amount of the borrowing outstanding at the end of the reporting period was outstanding for the entire period. For the year ended March 31, 2025 and year ended March 31, 2024, every 0.5% decrease in the floating interest rate component applicable on its closing balance of loans and borrowings would increase the Company profit by approximately INR 21.25 and INR 27.27 respectively and 0.5% increase in floating interest rate would have led to an equal but opposite effect.

Expected credit loss trade receivables - simplified approach

Customer credit risk is managed by the Company based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. As on the reporting dates, there has been an decrease in credit risk of trade receivables.

32 Capital management

(a) Risk Management

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimize returns to its shareholders. For the purpose of the Company's capital management, 'capital' includes issued equity capital, convertible preference shares, securities premium and other equity reserves attributable to the equity holders of the Company.

The Company monitors capital using adjusted 'net debt to total equity ratio' For this purpose, adjusted net debt is defined as total borrowings, less cash and cash equivalents and other bank balances

The primary objective of the Company's capital management is to maximize the shareholder value. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics.

The Company's policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business.

No changes were made to the objectives, policies or processes for managing capital during the year ended March 31 2025 and year ended March 31, 2024.

Particulars	As at March 31, 2025	As at March 31, 2024
Total Borrowings	5,230.04	5,817.05

II. Founder share warrants

The Company executed an Investment Agreement ('IA') dated September 28, 2020 with CA Hull Investments ('Investor'), Hari Babu Bodepudi, Kalidindi Srihari Raju ('Founder(s)') and the Persons specified in Schedule A of the IA ('Founder Affiliates'). The IA requires the Company to issue founder share warrants to the said two promoters subsequent to every tranche of investment made by the Investor in the Company.

Accordingly, the Company has issued 2,54,62,141 founder share warrants to the said two promoters and other identified persons without any initial consideration, entitling them for subscription of equivalent number of Company's equity shares of face value of INR 10/- each. The share warrants are split into Time linked warrants ('TLW'), Performance linked warrants ('PLW') and Environment, health and safety linked warrants ('EHSLW'), each category having its own vesting conditions and vesting period. The exercise price of the share underlying all the categories of warrant shall be INR 90/- per share. The founder share warrants satisfy the definition of an equity-settled share-based payment transaction under Ind AS 102 - Share-based Payment and accordingly, all the relevant disclosures required by Ind AS 102 are stated below.

Summary of warrants and their attached vesting conditions:

Grant date	TLW	PLW	EHSLW	Total
June 22, 2021	17,66,145	17,66,145	8,83,072	44,15,362
July 6, 2021	65,88,728	65,88,728	32,94,364	1,64,71,820
November 11, 2021	18,29,983	18,29,983	9,14,992	45,74,958
Total	**1,01,84,856**	**1,01,84,856**	**50,92,428**	**2,54,62,140**

Time linked warrants:

These TLW were cancelled in its entirety on November 11, 2021 and in lieu of the same, equivalent number of founder incentive shares were issued to the promoters on the same date. The founder incentive shares are identified as a replacement instrument for the TLW, containing the same service condition.

These founder incentive shares are partly-paid up to the extent of INR 10/- per share but entitle the promoters with full voting, economic and other rights, at par with fully paid-up shares of the Company (refer note 13(a)) . The said shares shall vest to the promoters upon completion of service condition and payment of exercise price of INR 90/- per share. Further, these shares shall remain pledged in the favour of the Trust, constituting a security for the loan availed by the promoters for payment of INR 10 per share until such time of repayment of loan, payment of exercise price and vesting of shares in promoters.

The founder incentive shares also satisfy the definition of an equity-settled share-based transaction under Ind AS 102. Accordingly, principles of modification accounting as per Ind AS 102 has been applied. The incremental fair value being the difference between the fair value of the modified equity instrument (founder incentive shares) and that of the original equity instrument (TLW) estimated at the date of modification (November 11, 2021) amounted to INR 1.67/- per share warrant. This amount together with the original grant date fair value of the TLW has been recognised as an expense over the remaining vesting period. The fair value of the modified equity instrument was determined using the Black-Scholes Model.

Performance linked warrants:

These warrants shall vest to the warrant holders upon achievement of certain parameters by the investor on their exit from the Company. The parameters are associated with the investor achieving either a specified range of overall aggregate return (OAR) or internal rate of return (IRR) realised on the US Dollar value of all the amounts invested by the Investor in the Company as summarised below-

% of vesting	Investor exit on or prior to 5 years - based on OAR	Investor exit after 5 years - based on IRR
13.33%	=>2 <2.25 times	=> 17.5% < 22.5%
26.66%	=>2.25 <2.5 times	=> 22.5% < 25%
40% of total warrants (100% of PLW)	=>2.5 times	=> 25%

Environment, health and safety linked warrants:

These warrants shall vest to the warrant holders in a graded manner upon Company's fulfilment of certain EHS milestones, as summarised below:

Milestones	Time Period for fulfilment of milestones and % of Total Initial Founder Warrants that will vest upon such fulfilment			
	Year 1	Year 2	Year 3	Year 4

INDEPENDENT AUDITOR'S REPORT

To The Members of Gennin Life Sciences Private Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Gennin Life Sciences Private Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

BG

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f) Reporting on the adequacy of Internal Financial Controls with reference to financial statements of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to the Company in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017.

BS

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in note 16 (vii) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the note 16 (vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

General Information

Geninn Life Sciences Private Limited ('the Company') is a private limited company incorporated on October 31, 2019. The Company is primarily engaged in the business of development, manufacture and marketing active pharmaceutical ingredients.

1. Basis of preparation of financial statements

(i) Statement of compliance:
The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

(ii) Historical cost convention
The financial Statements have been prepared on accrual basis under historical cost convention except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. The Company's financial statements are prepared in Rupee, which is also its functional currency.

(iii) Use of estimates
The preparation of the financial Statements in accordance with Ind AS requires the management to make informed judgements, reasonable assumptions and estimates that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. The uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

(iv) Fair Value measurements
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.
- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(v) Current versus non-current classification
The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:
- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Geninn Life Sciences Private Limited

The Company classifies all other assets as non-current.

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle: Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

These financial statements were approved by the Company's Board of Directors on May 17, 2025.

2. Material accounting policies

A) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

B) Financial Instruments

(a) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

(b) Subsequent measurement

a. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

b. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in statement of profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss.

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognized in OCI are not reclassified to the statement of profit and loss.

c. Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Geninn Life Sciences Private Limited

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

e. Investment in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss. Determining whether the investments in subsidiaries are impaired requires an estimate of the value in use of investments.

(c) Impairment of financial assets

The company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Company follows the simplified approach which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

(d) Derecognition

a. Financial Assets

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

b. Financial Liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

(e) Reclassification of Financial Assets and Financial liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

(f) Income recognition – Interest Income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Geninn Life Sciences Private Limited

C) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash flows are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ('CGUs').

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. After impairment, depreciation or amortization is provided on the revised carrying amount of the assets over its remaining useful life.

D) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid as per credit terms of the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

E) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability/financial asset at the time the guarantee is issued/received. The liability/asset is initially measured at fair value and subsequently at the higher of (i) the amount determined in accordance with the expected credit loss model as per Ind AS 109 and (ii) the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of Ind AS 115.

The fair value of financial guarantees is determined based on the estimated amount that would be payable to a third party for assuming the obligations.

F) Taxes on Income:

Current tax comprises the expected tax payable on the taxable income for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax assets/liabilities are generally recognized for all taxable temporary differences, the carry forward balance of

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

Geninn Life Sciences Private Limited

unused tax credits and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, the carry forward balance of unused tax credits and unused tax losses can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognised in OCI or directly in equity respectively.

G) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

H) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

I) Events after the reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

2.1 Critical estimates and judgements

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the standalone financial statements.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year-

Items requiring significant estimate	Assumption and estimation uncertainty
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.

2.2 Changes in Accounting Standards and other recent accounting pronouncements new amendments issued but not adopted:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Sequent Research Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Sequent Research Limited ("the Company"), which comprise the Balance sheet as at March 31 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive expense, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its loss including other comprehensive expense, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive expense, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate

S R B C & CO LLP MUMBAI CHARTERED ACCOUNTANTS

accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control

that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except that backup of books of accounts was not performed on June 19, 2024 as stated in Note 58 to the financial statements and except for the matter stated in the paragraph (i)(vi) below on reporting under Rule 11(g);

iv. a) The management has represented that, to the best of its knowledge and belief, as disclosed in note 59 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, as disclosed in note 59 to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. No dividend has been declared or paid during the year by the Company.

vi. Based on our examination which included test checks, the Company has used two accounting software for maintaining its books of accounts which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that in case of SAP software, audit trail feature is not enabled for certain changes made, if any, using privileged / administrative access rights as described in note 57 to the financial statements. Further, no instance of audit trail feature being tampered with was noted in respect of SAP software. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

ANNEXURE 1 REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE

Re: Sequent Research Limited ("the Company")

In terms of the information and explanations sought by us and given by the Company and the books of accounts and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangibles assets.

(b) Property, Plant and Equipment have been physically verified by the management during the year and no material discrepancies were identified on such verification.

(c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2025.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure of such verification is appropriate. There were no discrepancies of 10% or more in aggregate for each class of inventory noticed.

(b) The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks or financial institutions at any point of time during the year on the basis of security of the current assets of the Company. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) (a) During the year, the Company has provided loans to Companies as follows:

Particulars	**Loans (Rs. in Lakhs)**
Aggregate amount granted / provided during the year	
- Fellow Subsidiary	26.35
Balance outstanding as at balance sheet date in respect of above cases - Fellow Subsidiary	180.72

During the year, the Company has not provided loans, advances in the nature of loans, stood guarantee and provided security to firms, Limited Liability Partnerships or any other parties.

(b) During the year, the terms and conditions of the grant of loan to a Company is not prejudicial to the Company's interest. During the year, the Company has not made investments, provided guarantees, provided security and granted advances in the nature of loans to Companies, firms, Limited Liability Partnerships or any other parties.

(c) In respect of loan granted to Companies, the schedule of repayment of principal and payment of interest has not been stipulated in the agreement. Hence, we are unable to make a specific comment on the regularity of repayment of principal and payment of interest in respect of such loan.

(e) There are no amounts of loans granted to Companies which are overdue for more than ninety days. The Company has not granted loans or advances in the nature of loans to firms, Limited Liability Partnerships or any other parties.

(f) There were no loans granted to Companies which had fallen due during the year, that have been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties. There were no loans or advance in the nature of loan granted to firms, limited liability partnerships or any other parties which was fallen due during the year.

(g) As disclosed in note 15 to the financial statements, the Company has granted loans repayable on demand to Companies. Of these, following are the details of the aggregate amount of loans granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

Particulars	**Amount granted during the year (Rs. in Lakhs)**
Aggregate amount of loans granted to related parties - Repayable on demand	26.35*
Percentage of loans to the total loans	100%

*represents interest added to the principal loan as per the terms of the loan.

(iv) There are no loans, guarantees, and security in respect of which provisions of section 185 of the Companies Act, 2013 are applicable and hence not commented upon. Loans, investments, guarantees and security in respect of which provisions of section 186 of the Companies Act 2013 are applicable have been complied with by the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) The Company is not in the business of sale of any goods or provision of such services as prescribed. Accordingly, the requirement to report on clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(e)The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.

(f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any amount during the year by way of initial public offer / further public offer (including debt instruments). Hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares/fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor, secretarial auditor or by us in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) (a) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act. 2013. Therefore, the requirement to report under clause 3(xiv)(a) of the Order is not applicable to the Company.

(b) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act. 2013. Therefore, the requirement to report under clause 3(xiv)(b) of the Order is not applicable to the Company.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence the requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.

(xvii) The Company had incurred cash losses amounting to Rs. 6.27 lakhs in the current financial year and Rs. 71.01 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 44 to the financial statements, ageing and expected dates of realization of assets and payment of liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet date as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

(xx) The provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(a) and (b) of the Order is not applicable to the Company and hence not commented upon.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SEQUENT RESEARCH LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Sequent Research Limited ("the Company") as of March 31, 2025, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. These Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls with Reference to these Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with

generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1. CORPORATE INFORMATION

The financial statements comprise financial statements of SeQuent Research Limited (the "Company") (CIN U24232TS2007PLC196886) is a Company incorporated in India and has its registered office at 3rd Floor, Srivalli's Corporate, Plot No. 290, SYN 33 34P TO 39, Guttala Begumpet, Jubilee Hills, Shaikpet, Hyderabad - 500033 Telangana, India. The Company is a leading Contract Research Organization that specializes in Analytical and Bio Analytical Services to support the API, Pharmaceutical, Personal Care, Institutional and Nutraceutical companies.

2.1 Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013.

The standalone financial statements were approved for issue in accordance with a resolution of the director as on 19 May 2025.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. Fair value for measurement and / or disclosure purposes in these financial statements is determined on such a basis, except for

- Leasing transaction as defined in Ind AS 116 – Leases.
- Measurement that have some similarities to fair value but are not fair value, such as 'Net Realisable Value' as defined in Ind AS 2 – Inventories and value in use as defined in Ind AS 36- Impairment of Assets.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.3 Functional and presentation currency

These standalone financial statements are presented in Indian Rupees (₹), which is the Company's functional currency. All financial information presented in ₹ has been rounded to the nearest lakhs (up to two decimals), except otherwise stated.

2.4 Summary of material Accounting Policies

i. Revenue Recognition

Service Revenue

Income from analytical service is recognized when the services are completed as per the terms of the agreement and when no significant uncertainty as to its determination or realization exists. Revenue is recognized net of taxes and discounts.

In case of long-term contracts involving multiple activities, revenue is recognized as and when the individual activities are completed. In the event of any expected losses on a contract, the entire amount is provided for in the accounting period in which such losses are first anticipated.

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Effective interest rate is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(ii) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.
An asset is treated as current when:
- It is expected to be realised or intended to be sold or consumed in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:
- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting.

All other liabilities are classified as non-current.
Deferred tax assets and liabilities are classified as non-current assets and liabilities.
The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.
The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

iii. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.
The determination of whether an arrangement is,or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets (ROU)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the of the lease term.
If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.
The right-of-use assets are also subject to impairment. Refer to the accounting policies (xiii)(b) Impairment of non-financial assets.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Nature of the assets	Useful life in years
ROU- Building	15

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.
In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets:

The Company applies the short-term lease recognition exemption to its short-term leases of office premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

iv. Foreign currency transactions and translation

Transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss in the year in which it arises.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

v. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or erection of qualifying assets are added to the cost of those assets, until such time that the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

vi. Employee Benefits

a) Defined contribution plans

The Company has defined contribution plans for post-employment benefits in the form of provident fund which is administered through Government of India. Provident fund is classified as defined contribution plans as the Company has no further obligation beyond making the contributions. The company's contributions to defined contribution plans are charged to the statement of profit and loss as and when employee renders related service.

b) Defined benefit plans

Payments to defined benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's gratuity scheme is in the nature of defined benefit plans.

For defined benefit plans, the cost of providing benefit is determined using projected unit credit method, with actuarial valuation being carried out at the end of each financial year. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the statement of profit and loss. Past service cost is recognised in the statement of profit and loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. The discount rates used for determining the present value of the obligation under defined benefit plans are based on the market yields on Government securities as at the balance sheet date. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement gain / (loss).

SRBC & CO LLP MUMBAI CHARTERED ACCOUNTANTS

SEQUENT RESEARCH LTD.

The Company presents the service cost of defined benefit plan in the line item 'Employee benefits expense' and the net interest expense or income in the line item 'Finance costs' of the statement of profit and loss. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

c) Short-term employee benefits

A liability is recognised for short-term employee benefit in respect of wages and salaries, annual leaves, medical and leave travel in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

d) Other employee benefits

Other employee benefits comprise of leave encashment which is provided for, based on the actuarial valuation carried out as at the end of the year. Liabilities recognised in respect of other employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

vii. Taxation

Income tax comprises current and deferred tax. Income tax expense is recognised in the statement of profit and loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

a) Current tax

Current tax represents the tax currently payable on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. Provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under Income Tax Act,1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities as per Income Tax Act. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

The Company applies significant judgement in identifying uncertainties over income tax treatments. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Upon adoption of the Appendix C to Ind AS 12, the Company considered whether it has any uncertain tax positions. The Appendix did not have any significant impact on these financial statements of the Company.

b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of each reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised either in other comprehensive income or in equity.

viii. Property, plant and equipment

a) Recognition and measurement

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any.

Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for its intended use. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

When parts of an item of property, plant and equipment have significant cost in relation to total cost and different useful lives, they are recognised and depreciated separately.

Depreciation is recognised so as to write off the cost of assets (other than freehold land) less their residual values, using the straight-line method, over the useful lives specified in Schedule II to the Companies Act, 2013 except for the following items, where useful life estimated on technical assessment, past trends and differ from those provided in Schedule II of the Companies Act, 2013.

Nature of the assets	Useful life in years
Lease hold property development	5-15
Plant and machinery	2-16
Office equipments	2-5
Computers	3
Furniture and fixtures	10-16

The estimated useful lives, residual values and depreciation method are reviewed at financial year end, with the effect of any changes in estimates are accounted for on a prospective basis.
Depreciation on additions / deletions to property, plant and equipments is provided prorata from the month of addition / till the month of deletion.

b) Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

c) Derecognition of property, plant and equipment

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

ix. Intangible assets

a) Intangible assets acquired separately

Intangible assets that are acquired by the Company, which have finite useful lives, are measured at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on straight-line basis over the estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each financial year, with the effect of any changes in estimate being accounted for on a prospective basis. Cost includes any directly attributable incidental expenses necessary to make the assets ready for use.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follow:

Nature of the assets	Useful life in years
Software	3-5

b) Subsequent costs

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

c) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the statement of profit and loss.

x. Inventories

Inventories comprises of consumables used for analytical purposes. These are valued at the lower of cost and net realizable value. Cost is determined on First in First out basis, at purchase cost including other cost incurred in bringing consumables to their present location and condition.

xi. Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of each reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent liabilities are not recognised but are disclosed in the notes to financial statements. Contingent assets are not recognised but are disclosed in the notes to financial statements when economic inflow is probable.

xii. Financial instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

All financial instruments are initially measured at fair value. Transaction costs that are attributable to the acquisition or issue of the financial assets and financial liabilities (other than financial assets recorded at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition or issue of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of profit and loss.

Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: non-derivative financial assets comprising amortised cost, debt instruments at fair value through other comprehensive income (FVTOCI), equity instruments at fair value through other comprehensive income (FVTOCI) and fair value through profit or loss (FVTPL), non-derivative financial liabilities at amortised cost or FVTPL and derivative financial instruments (under the category of financial assets or financial liabilities) at FVTPL.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

a) Non-derivative financial assets

(i) Financial assets at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

(a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and

(b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding ('SPPI').

Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortised cost using the effective interest rate ('EIR') method, less any impairment loss.

Financial assets at amortised cost are represented by trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

(ii) Financial assets at fair value through profit or loss (FVTPL)

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as FVTPL.

In addition, the Company may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

Financial assets included within the FVTPL category are measured at fair values with all changes in the statement of profit and loss.

(iii) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or the financial assets is transferred and the transfer qualifies for derecognition. On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new assets obtained less any new liability assumed) shall be recognised in the statement of the profit and loss except for debt and equity instruments carried through FVTOCI which shall be recognised in OCI.

b) Non-derivative financial liabilities

(i) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the EIR method.

(ii) Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at FVTPL are measured at fair value with all changes recognised in the statement of profit and loss.

(iii) Derecognition of financial liabilities

The Company derecognises financial liabilities only when, the obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

xiii. Impairment

a) Financial assets

In accordance with Ind AS 109 - Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting period, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

(i) All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument;

(ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the Company uses a provision matrix to determine impairment loss on portfolio of its trade receivable. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward- looking estimates. At every reporting date, the historical observed default rates are updated and changes in forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the statement of profit and loss. This amount is reflected under the head other expenses in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured at amortised cost, contractual revenue receivables.
ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount

b) Non-financial assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such impairment exists, the recoverable amount of an asset is estimated to determine extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

xiv. Earnings per share (EPS)

Basic EPS is computed by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

xv. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and which are subject to an insignificant risk of changes in value.

xvi. Cash dividend

The Company recognises a liability to pay dividend to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

xvii. Accounting and reporting of information for Operating Segments

Based on "Management Approach" as defined in Ind AS 108 - Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Geographical segments are ascertained based on the geographical location of the customers.

xviii. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest
The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.
For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2A. Use of estimates and management judgments

In application of the accounting policies, which are described in note 2, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. In particular, information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

i. Useful life of property, plant and equipment and intangible assets

The useful life of the assets are determined in accordance with Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that or is not prescribed in Schedule II, it is based on technical advice, taking into account amongst other things, the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance.

ii. Impairment

An impairment loss is recognised for the amount by which an asset's or cash-generating unit's carrying amount exceeds its recoverable amount. To determine the recoverable amount, management estimates expected discounted future cash flows from each asset or cash-generating unit.

iii. Deferred tax

Deferred income tax liabilities are recognised for all taxable temporary differences. Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

iv. Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

v. Post-retirement benefit plans

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions which include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at each financial year end on the government bonds.

vi. Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

Mortality rate	IALM (2012-14) Ultimate	IALM (2012-14) Ultimate
Retirement Age	58 yrs	58 yrs

As per para 83 of Ind AS 19- Employee benefits, the rate used to discount post-employment benefit obligations (both funded and unfunded) shall be determined by reference to market yields at the end of each reporting period on government bonds.

Expected future cash flows	31 March 2025	31 March 2024
Within 1 Year	8.58	7.00
2-5 years	34.85	23.72
6-10 years	31.20	25.19

Average expected future working life is 6.13 years (previous year 6.13 years)

Sensitivity Analysis

The sensitivity analyses below have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analyses are based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analyses may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation from one another.

	Impact on the defined benefit obligations increase / (decrease)	
	100 bps increase	100 bps decrease

43.2 Financial risk management objective and policies

The Company's principal financial liabilities comprise lease liabilities, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade receivables, cash and deposits that derive directly from its operations.
The Company is exposed to the following risks from its use of financial instruments:
- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

Risk management framework

The Company's activities makes it susceptible to various risks. The Company has taken adequate measures to address such concerns by developing adequate systems and practices. The Company's overall risk management program focuses on the unpredictability of markets and seeks to manage the impact of these risks on the Company's financial performance.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

43.3 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from the Company's trade receivables. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to customers, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by credit-rating agencies.

The Company's trade receivables are actively monitored to review credit worthiness of the customers to whom credit terms are granted and also avoid significant concentrations of credit risks.
Given below is ageing of accounts receivable spread by period of six months:

	31 March 2025	31 March 2024
Outstanding for more than 6 months	5.21	19.83
Others	282.72	78.27
	287.93	**98.10**

The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Group, and incorporates this information into its credit risk controls.

Trade receivables consist of a large number of customers spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Information about major Customer

Two largest customers group (other than related parties) has total exposure in sales ₹ 134.29 (14.74 % of total sales) in current year and ₹ 361.17 (40.96 % of total sales) for the year ended 31 March 2024. The receivables from these customers are ₹ 11.98 (4.16 % of total receivable) in current year and ₹ 40.06 (40.84 % of total receivable) as at March 31, 2024. Apart from the aforesaid customers, the Company does not have a significant credit risk exposure to any other external counterparty.

43.4 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Company's treasury department is responsible for managing the short-term and long-term liquidity requirements of the Company. Short-term liquidity situation is reviewed on a regular basis by the treasury function within the Company. Long-term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2025 and 31 March 2024.

Particulars	As at 31 March 2025			
	Less than 1 year	1-2 years	2 years and above	Total

Other financial liabilities	68.50	-	-	68.50
Total	**342.82**	**159.74**	**1,335.02**	**1,837.59**

43.5 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company is also exposed to foreign currency risk on certain transactions that are denominated in a currency other than the respective entity's functional currency; hence exposures to exchange rate fluctuations arise. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates.

Foreign currency Risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company's exposure to the risk of changes in foreign exchange rates relates primarily to the company's operating activities (when revenue or expense is denominated in a foreign currency).

a) Foreign currency risk from financial instruments are given below:

The year-end foreign currency exposures that have not been hedged by a derivative instrument or otherwise are given below:

Foreign currency	As at 31 March 2025		As at 31 March 2024	
	Receivables / (payables)	Receivables / (payables) in foreign currency	Receivables / (payables)	Receivables / (payable) in foreign currency
GBP	12.15	0.11	32.84	0.31
Net Exposure	**12.15**		**32.84**	

b) Foreign currency sensitivity analysis

The Company is mainly exposed to currency fluctuation of GBP.

The following table details the Company's sensitivity to a 10% increase and decrease in the ₹ against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for 10% change in foreign currency rates. A positive numbers below indicates an increase in profit or equity where the ₹ strengthens 10% against the relevant currency. For a 10% weakening of the ₹ against the relevant currency, there would be a comparable impact on the profit or equity, and the balance below would be negative.

	Impact in the statement of profit and loss and total equity	
	31 March 2025	31 March 2024
10% increase in foreign currency		
GBP	1.22	3.28
10% decrease in foreign currency		
GBP	(1.22)	(3.28)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

2. Rationale of the Scheme

2.1 SeQuent is a leading animal health pharmaceuticals company with a global footprint, presence in formulations and API segments across multiple markets and customers. SeQuent has 7 (Seven) state-of-the-art manufacturing facilities globally, 5 (Five) Research and Development (R&D) centres and presence across over 100 (One Hundred) markets.

2.2 Viyash Group Companies ,together constitute an integrated, R&D & intellectual property driven global pharmaceuticals business with a strong customer base across over 150 (One Hundred Fifty) countries. Viyash has over 200 (Two Hundred) R&D scientists. Viyash has a strong focus on intellectual property with over 175 (One Hundred Seventy-Five) filed patents and over 30 (Thirty) granted patents. The Viyash Group Companies have 9 (Nine) plants (all approved by the United States Food and Drug Administration) with end-to-end manufacturing & development capabilities.

2.3 The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and SeQuent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

2.3.1 *Access to global innovator & big pharmaceuticals customers*: The combined entity can leverage each other's global marquee customer base with an opportunity to participate in the larger global pharmaceuticals market;

2.3.2 *Leverage technical skills*: The combined entity can leverage Viyash's strong product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers;

2.4 The proposed Scheme would be in the best interests of the Companies and their respective shareholders, employees, creditors, and other stakeholders as the Scheme will yield advantages as set out inter alia below:

2.4.1 *Expanded marketing presence across geographies:* The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally;

2.4.2 *Backward integration:* Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to SeQuent for one of the largest API that SeQuent manufactures for the US market;

2.4.3 *Procurement synergies:* Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins;

2.4.4 *Enhanced R&D and new product pipeline:* Viyash has over 200 (Two Hundred) R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver 15 (Fifteen) new products per year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

2.4.5 *Indirect Costs:* Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

2.4.6 *Scale benefits:* Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

2.4.7 *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

3. Effect of the Scheme on the equity shareholders (promoter and non-promoter) of the Company:

3.1 For the purpose of arriving at the recommended Share Exchange Ratio 1, Share Exchange Ratio 2, Warrant Exchange Ratio, the Valuation Report was obtained jointly from KPMG Valuation Services LLP and PWC BCS Valuation Advisors LLP (collectively, "**Valuers**"). The Valuation Report recommends the Share Exchange Ratio 1, Share Exchange Ratio 2, Warrant Exchange Ratio as follows:

3.1.1 In respect of amalgamation of the Transferor Company 7 with Transferee Company 1, the Transferee Company 1 shall issue Merger Consideration Shares 1 to the shareholders of Transferor Company 7 as per the following Share Exchange Ratio 1:

Each Eligible Shareholder 1 will be allotted 47 (forty-seven) fully paid-up equity shares of the face value of INR 10 each for every 1 (one) fully paid-up equity shares of INR 10 each held by such member in the Transferor Company 7.

3.1.2 In respect of amalgamation of the Amalgamating Company 1 with the Amalgamated Company, the Company shall issue and allot:

(a) Merger Consideration Shares 2 to the shareholders of Amalgamating Company 1 as per the following Share Exchange Ratio 2:

Each Eligible Shareholder 2 will be allotted 56 (fifty-six) equity shares of the Amalgamated Company, credited as fully paid-up equity shares of the face value of INR 2 each, for every 100 (one hundred) fully paid-up equity shares of INR 10 each held by such member in the Amalgamating Company 1.

(b) Amalgamated Company Warrants to the Warrant Holders as per the following Warrant Exchange Ratio:

SeQuent Scientific Limited
Registered Office: 301, 3rd Floor, Dosti Pinnacle, Plot No. E7, Road No. 22, Wagle Industrial Estate, Thane (W), Mumbai-400604, Maharashtra, India.

Website: http://sequent.in I Email Id: investorrelations@sequent.in

Each Warrant Holder will be allotted 56 (fifty-six) share warrants of the Amalgamated Company (at the Warrant Price i.e. INR 181.94) for every 100 (one hundred) share warrants of the Amalgamating Company 1.

3.1.3 The Fairness Opinion issued by ICICI Securities Limited, SEBI registered Category I Merchant Banker has opined that the aforesaid exchange ratios recommended by the Valuers is fair.

3.1.4 The Valuers appointed to recommend the Share Exchange Ratios and Warrant Exchange Ratio have not expressed any difficulties while determining the same.

3.1.5 As far as the equity shareholders of the Company i.e. both promoter and non-promoter shareholders are concerned, the amalgamation proposed under the Scheme will result in the holding of public shareholders in the Company going down by approximately 10% and in turn will increase the promoter / promoter group holding to that extent.

4. Effect of the Scheme on the Key Managerial Personnel (KMPs) of the Company:

The existing KMPs of the Company will remain engaged with the Company without interruption of their service. However, their role(s)/ function(s)/ responsibilities may undergo a change pursuant to business and organisation requirements/ needs. None of the KMPs have any interest in the Scheme except to the extent of equity shares held by them/ their relatives, if any, in the Company.

5. Adoption of the Report by the Board:

The Board has adopted this Report after noting and considering the information set forth in this Report. In order for the Company to comply with the requirements of the extant regulations applicable to companies undertaking any scheme of amalgamation, this Report may please be taken on record while considering the Scheme.

4. Effect of the Scheme on the Key Managerial Personnel (KMPs) of the Company

Upon Part III of the Scheme becoming effective, the Company shall stand dissolved without being wound up. Consequently, the KMPs of the Company shall cease to hold such KMP position(s), and they shall become, and deemed to have become, the employees of the Transferee Company 1 without any break or interruption in their services, on the same terms and conditions (and which are commercially not less favourable than those) on which they are each engaged by the Company as on the Effective Date 1. However, their role(s)/function(s)/responsibilities may undergo a change pursuant to business and organisation requirements/needs.

5. Effect of the Scheme on the Creditors of the Company

Under the Scheme, no arrangement or compromise is being proposed with the creditors of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished.

6. Effect of the Scheme on the staff or employees of the Company

Upon Part III of the Scheme becoming effective, the employees of the Company shall become, and be deemed to have become employees of the Transferee Company 1, pursuant to the Scheme, with effect from the Effective Date 1. All such employees shall be deemed to have become employees of the Transferee Company 1, without any break or interruption in their services, on the on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation.

7. Valuation

7.1. The Board has noted that the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio as specified in paragraph 3.1, is as recommended in the Valuation Report.

7.2. The Valuers appointed to determine the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio for the Scheme have not expressed any valuation difficulties.

7.3. The Valuers have considered the Income Approach Method, the Market Approach Method, and the Asset Approach Method to arrive at the recommended Share Exchange Ratio 1, and have considered the Income Approach Method and the Market Approach Method to arrive at the recommended Share Exchange Ratio 2 and the Warrant Exchange Ratio for the Scheme.

7.4. The recommendation of the share and warrant exchange ratios for the amalgamation pursuant to the Scheme has been approved by the Board.

8. Adoption of the Report by the Board

The Board has adopted this Report after noting and considering the information set forth in this Report. In order for the Company to comply with the requirements of the extant regulations applicable to companies undertaking any scheme of amalgamation, this Report may please be taken on record while considering the Scheme.

(vii) *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

3. Effect of the Scheme on the equity shareholders (promoter and non-promoter) of the Company

3.1. For the purpose of arriving at the recommended Share Exchange Ratios and Warrant Exchange Ratio, the Valuation Report was obtained jointly from KPMG Valuation Services LLP and PWC BCS Valuation Advisors LLP (collectively, "**Valuers**"). The Valuation Report recommends the Share Exchange Ratio 1, Share Exchange Ratio 2, and Warrant Exchange Ratio as follows:

(i) In respect of amalgamation of the Transferor Company 7 with Transferee Company 1, the Transferee Company 1 shall issue Merger Consideration Shares 1 to the shareholders of Transferor Company 7 as per the following Share Exchange Ratio 1:

Each Eligible Shareholder 1 will be allotted 47 (forty-seven) fully paid-up equity shares of the face value of INR 10 each for every 1 (one) fully paid-up equity shares of INR 10 each held by such member in the Transferor Company 7.

(ii) In respect of amalgamation of the Amalgamating Company 1 with the Amalgamated Company, the Amalgamated Company shall issue and allot:

(a) Merger Consideration Shares 2 to the shareholders of the Amalgamating Company 1 as per the following Share Exchange Ratio 2:

Each Eligible Shareholder 2 will be allotted 56 (fifty-six) equity shares of the Amalgamated Company, credited as fully paid-up equity shares of the face value of INR 2 each, for every 100 (one hundred) fully paid-up equity shares of INR 10 each held by such member in the Amalgamating Company 1.

(b) Amalgamated Company Warrants to the Warrant Holders as per the following Warrant Exchange Ratio:

Each Warrant Holder will be allotted 56 (fifty-six) share warrants of the Amalgamated Company (at the Warrant Price i.e. INR 181.94) for every 100 (one hundred) share warrants of the Amalgamating Company 1.

3.2. Since the Transferor Companies are wholly owned, either directly or indirectly, by Transferee Company 1, no shares shall be issued as consideration for the amalgamation. Upon Part III of the Scheme becoming effective, all shares held by Transferee Company 1, directly or indirectly (including those held through its nominees), in the Transferor Companies shall stand cancelled without any issuance of new shares.

3.3. The Valuers appointed to recommend the Share Exchange Ratios and Warrant Exchange Ratio have not expressed any difficulties while determining the same.

3.4. The equity shares issued and allotted by the Amalgamated Company to the shareholders of the Amalgamating Company 1 as consideration for the amalgamation pursuant to the Scheme shall be listed and admitted for trading on the Stock Exchanges after obtaining the requisite approvals of the relevant governmental authorities.

4. Effect of the Scheme on the Key Managerial Personnel (KMPs) of the Company

Upon Part III of the Scheme becoming effective, the Company shall stand dissolved without being wound up. Consequently, the KMPs of the Company shall cease to hold such KMP position(s), and they shall become, and deemed to have become, the employees of the Transferee Company 1 without any break or interruption in their services, on the same terms and conditions (and which are commercially not less favourable than those) on which they are each engaged by the Company as on the Effective Date 1. However, their role(s)/function(s)/responsibilities may undergo a change pursuant to business and organisation requirements/needs.

5. Effect of the Scheme on the Creditors of the Company

Under the Scheme, no arrangement or compromise is being proposed with the creditors of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished.

Vandana Life Sciences Private Limited

6. **Effect of the Scheme on the staff or employees of the Company**

Capitalized terms used and not defined herein shall have the meaning ascribed to them in the Scheme.

1.2. The Scheme, amongst others, contemplates the following:

(i) reduction of share capital of the Amalgamating Company 1 by cancelling the partly paid-up equity shares of the Amalgamating Company 1;

(ii) amalgamation of the Transferor Company 1, Transferor Company 2, the Company, Transferor Company 4 and Transferor Company 5 ("**Transferor Companies**") with Transferee Company 1, and the consequent dissolution without being wound up of Transferor Companies and matters incidental thereto;

(iii) amalgamation of the Transferor Company 6 with Transferee Company 2, and the consequent dissolution without being wound up of Transferor Company 6 and matters incidental thereto;

(iv) amalgamation of the Transferor Company 7 with Transferee Company 1, and the consequent dissolution without being wound up of Transferor Company 7, issue of Merger Consideration Shares 1 by the Transferee Company 1 to the shareholders of Transferor Company 7, in consideration thereof and matters incidental thereto; and

(v) amalgamation of the Amalgamating Company 1 and Amalgamating Company 2 (collectively, "**Amalgamating Companies**") with the Amalgamated Company; the consequent dissolution without being wound up of the Amalgamating Companies, issue of Merger Consideration Shares 2 by the Amalgamated Company to the shareholders of the Amalgamating Company 1, issuance of Amalgamated Company Warrants by the Amalgamated Company to the Warrant Holders, in consideration thereof and matters incidental thereto.

1.3. The Appointed Date for the Scheme is April 1, 2025.

1.4. As per Section 232(2)(c) of the Act, a report is required to be adopted by the Board explaining the effect of the Scheme on each class of shareholders, key managerial personnel, promoters and non-promoter shareholders of the Company laying out in particular the Share Exchange Ratio 1, Share Exchange Ratio 2, Warrant Exchange Ratio, specifying any special valuation difficulties if any ("**Report**").

1.5. Having regard to the applicability of the aforesaid provisions, the following documents were placed before the Board:

(i) Draft Scheme;

(ii) Valuation report dated September 26, 2024, issued jointly by KPMG Valuation Services LLP, Registered Valuer (Securities or Financial Assets) bearing IBBI Registration No. - IBBI Registration No. IBBI/RV-E/06/2020/ 115 and PWC BCS Valuation Advisors LLP, Registered Valuer (IBBI Registration No. IBBI/RVE/02/2022/158) recommending the Share Exchange Ratio 1, Share Exchange Ratio 2 (collectively, "**Share Exchange Ratios**") and Warrant Exchange Ratio ("**Valuation Report**"); and

(iii) The draft certificate issued by Deloitte Haskins & Sells, statutory auditors of the Company certifying that the accounting treatment contained in the Scheme is in compliance with applicable Accounting Standards specified under Section 133 of the Act.

2. Rationale of the Scheme

2.1. SeQuent is a leading animal health pharmaceuticals company with a global footprint, presence in formulations and API segments across multiple markets and customers. SeQuent has 7 (Seven) state-of-the-art manufacturing facilities globally, 5 (Five) Research and Development (R&D) centres and presence across over 100 (One Hundred) markets.

2.2. Viyash Group Companies, together constitute an integrated, R&D & intellectual property driven global pharmaceuticals business with a strong customer base across over 150 (One Hundred Fifty) countries. Viyash has over 200 (Two Hundred) R&D scientists. Viyash has a strong focus on intellectual property with over 175 (One Hundred and Seventy Five)filed patents and over 30 (Thirty) granted patents. The Viyash Group Companies have 9 (Nine) plants (all approved by the United States Food and Drug Administration) with end-to-end manufacturing & development capabilities.

2.3. The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and SeQuent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) *Access to global innovator & big pharmaceuticals customers*: The combined entity can leverage each other's global marquee customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) *Leverage technical skills*: The combined entity can leverage Viyash's strong product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

2.4. The proposed Scheme would be in the best interests of the Companies and their respective shareholders, employees, creditors, and other stakeholders as the Scheme will yield advantages as set out *inter alia* below:

(i) *Expanded marketing presence across geographies:* The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally;

(ii) *Backward integration:* Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to SeQuent for one of the largest API that SeQuent manufactures for the US market;

(iii) *Procurement synergies:* Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins;

(iv) *Enhanced R&D and new product pipeline:* Viyash has over 200 (Two Hundred) R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver 15 (Fifteen) new products per year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) *Indirect Costs:* Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) *Scale benefits:* Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record

(vii) *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

3. Effect of the Scheme on the equity shareholders (promoter and non-promoter) of the Company

3.1. For the purpose of arriving at the recommended Share Exchange Ratios and Warrant Exchange Ratio, the Valuation Report was obtained jointly from KPMG Valuation Services LLP and PWC BCS Valuation Advisors LLP (collectively, "**Valuers**"). The Valuation Report recommends the Share Exchange Ratio 1, Share Exchange Ratio 2, and Warrant Exchange Ratio as follows:

(i) In respect of amalgamation of the Transferor Company 7 with Transferee Company 1, the Transferee Company 1 shall issue Merger Consideration Shares 1 to the shareholders of Transferor Company 7 as per the following Share Exchange Ratio 1:

Each Eligible Shareholder 1 will be allotted 47 (forty-seven) fully paid-up equity shares of the face value of INR 10 each for every 1 (one) fully paid-up equity shares of INR 10 each held by such member in the Transferor Company 7.

(ii) In respect of amalgamation of the Amalgamating Company 1 with the Amalgamated Company, the Amalgamated Company shall issue and allot:

(a) Merger Consideration Shares 2 to the shareholders of the Amalgamating Company 1 as per the following Share Exchange Ratio 2:

Each Eligible Shareholder 2 will be allotted 56 (fifty-six) equity shares of the Amalgamated Company, credited as fully paid-up equity shares of the face value of INR 2 each, for every 100 (one hundred) fully paid-up equity shares of INR 10 each held by such member in the Amalgamating Company 1.

(b) Amalgamated Company Warrants to the Warrant Holders as per the following Warrant Exchange Ratio:

Each Warrant Holder will be allotted 56 (fifty-six) share warrants of the Amalgamated Company (at the Warrant Price i.e. INR 181.94) for every 100 (one hundred) share warrants of the Amalgamating Company 1.

3.2. Since the Transferor Companies are wholly owned, either directly or indirectly, by Transferee Company 1, no shares shall be issued as consideration for the amalgamation. Upon Part III of the Scheme becoming effective, all shares held directly or indirectly by Transferee Company 1 (including those held through its nominees) in the Transferor Companies shall stand cancelled without any issuance of new shares.

3.3. The Valuers appointed to recommend the Share Exchange Ratios and Warrant Exchange Ratio have not expressed any difficulties while determining the same.

3.4. The equity shares issued and allotted by the Amalgamated Company to the shareholders of the Amalgamating Company 1 as consideration for the amalgamation pursuant to the Scheme shall be listed and admitted for trading on the Stock Exchanges after obtaining the requisite approvals of the relevant governmental authorities.

4. Effect of the Scheme on the Key Managerial Personnel (KMPs) of the Company

Upon Part III of the Scheme becoming effective, the Company shall stand dissolved without being wound up. Consequently, the KMPs of the Company shall cease to hold such KMP position(s), and they shall become, and deemed to have become, the employees of the Transferee Company 1 without any break or interruption in their services, on the same terms and conditions (and which are commercially not less favourable than those) on which they are each engaged by the Company as on the Effective Date 1. However, their role(s)/function(s)/responsibilities may undergo a change pursuant to business and organisation requirements/needs.

5. Effect of the Scheme on the Creditors of the Company

Under the Scheme, no arrangement or compromise is being proposed with the creditors of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished.

APPCURE LABS

6. Effect of the Scheme on the staff or employees of the Company

Upon Part III of the Scheme becoming effective, the employees of the Company shall become, and be deemed to have become employees of the Transferee Company 1, pursuant to the Scheme, with effect from the Effective Date 1. All such employees shall be deemed to have become employees of the Transferee Company 1, without any break or interruption in their services, on the on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation.

7. Valuation

7.1. The Board has noted that the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio as specified in paragraph 3.1, is as recommended in the Valuation Report.

7.2. The Valuers appointed to determine the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio for the Scheme have not expressed any valuation difficulties.

7.3. The Valuers have considered the Income Approach Method, the Market Approach Method, and the Asset Approach Method to arrive at the recommended Share Exchange Ratio 1, and have considered the Income Approach Method and the Market Approach Method to arrive at the recommended Share Exchange Ratio 2 and the Warrant Exchange Ratio for the Scheme.

7.4. The recommendation of the share and warrant exchange ratios for the amalgamation pursuant to the Scheme has been approved by the Board.

8. Adoption of the Report by the Board

The Board has adopted this Report after noting and considering the information set forth in this Report. In order for the Company to comply with the requirements of the extant regulations applicable to companies undertaking any scheme of amalgamation, this Report may please be taken on record while considering the Scheme.

1.3. The Appointed Date for the Scheme is April 1, 2025.

1.4. As per Section 232(2)(c) of the Act, a report is required to be adopted by the Board explaining the effect of the Scheme on each class of shareholders, key managerial personnel, promoters and non-promoter shareholders of the Company laying out in particular the Share Exchange Ratio 1, Share Exchange Ratio 2, Warrant Exchange Ratio, specifying any special valuation difficulties if any ("**Report**").

1.5. Having regard to the applicability of the aforesaid provisions, the following documents were placed before the Board:

(i) Draft Scheme;

(ii) Valuation report dated September 26, 2024, issued jointly by KPMG Valuation Services LLP, Registered Valuer (Securities or Financial Assets) bearing IBBI Registration No. - IBBI Registration No. IBBI/RV-E/06/2020/ 115 and PWC BCS Valuation Advisors LLP, Registered Valuer (IBBI Registration No. IBBI/RVE/02/2022/158) recommending the Share Exchange Ratio 1, Share Exchange Ratio 2 (collectively, "**Share Exchange Ratios**") and Warrant Exchange Ratio ("**Valuation Report**"); and

(iii) The draft certificate issued by Deloitte Haskins & Sells, statutory auditors of the Company certifying that the accounting treatment contained in the Scheme is in compliance with applicable Accounting Standards specified under Section 133 of the Act.

2. Rationale of the Scheme

2.1. SeQuent is a leading animal health pharmaceuticals company with a global footprint, presence in formulations and API segments across multiple markets and customers. SeQuent has 7 (Seven) state-of-the-art manufacturing facilities globally, 5 (Five) Research and Development (R&D) centres and presence across over 100 (One Hundred) markets.

2.2. Viyash Group Companies, together constitute an integrated, R&D & intellectual property driven global pharmaceuticals business with a strong customer base across over 150 (One Hundred Fifty) countries. Viyash has over 200 (Two Hundred) R&D scientists. Viyash has a strong focus on intellectual property with over 175 (One Hundred and Seventy Five)filed patents and over 30 (Thirty) granted patents. The Viyash Group Companies have 9 (Nine) plants (all approved by the United States Food and Drug Administration) with end-to-end manufacturing & development capabilities.

2.3. The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and SeQuent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) *Access to global innovator & big pharmaceuticals customers*: The combined entity can leverage each other's global marquee customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) *Leverage technical skills*: The combined entity can leverage Viyash's strong product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

2.4. The proposed Scheme would be in the best interests of the Companies and their respective shareholders, employees, creditors, and other stakeholders as the Scheme will yield advantages as set out *inter alia* below:

(i) *Expanded marketing presence across geographies:* The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally;

(ii) *Backward integration:* Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to SeQuent for one of the largest API that SeQuent manufactures for the US market;

(iii) *Procurement synergies:* Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins;

(iv) *Enhanced R&D and new product pipeline:* Viyash has over 200 (Two Hundred) R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver 15 (Fifteen) new products per year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) *Indirect Costs:* Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) *Scale benefits:* Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record

(vii) *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

3. Effect of the Scheme on the equity shareholders (promoter and non-promoter) of the Company

3.1. For the purpose of arriving at the recommended Share Exchange Ratios and Warrant Exchange Ratio, the Valuation Report was obtained jointly from KPMG Valuation Services LLP and PWC BCS Valuation Advisors LLP (collectively, "**Valuers**"). The Valuation Report recommends the Share Exchange Ratio 1, Share Exchange Ratio 2, and Warrant Exchange Ratio as follows:

(i) In respect of amalgamation of the Transferor Company 7 with Transferee Company 1, the Transferee Company 1 shall issue Merger Consideration Shares 1 to the shareholders of Transferor Company 7 as per the following Share Exchange Ratio 1:

Each Eligible Shareholder 1 will be allotted 47 (forty-seven) fully paid-up equity shares of the face value of INR 10 each for every 1 (one) fully paid-up equity shares of INR 10 each held by such member in the Transferor Company 7.

(ii) In respect of amalgamation of the Amalgamating Company 1 with the Amalgamated Company, the Amalgamated Company shall issue and allot:

(a) Merger Consideration Shares 2 to the shareholders of the Amalgamating Company 1 as per the following Share Exchange Ratio 2:

Each Eligible Shareholder 2 will be allotted 56 (fifty-six) equity shares of the Amalgamated Company, credited as fully paid-up equity shares of the face value of INR 2 each, for every 100 (one hundred) fully paid-up equity shares of INR 10 each held by such member in the Amalgamating Company 1.

(b) Amalgamated Company Warrants to the Warrant Holders as per the following Warrant Exchange Ratio:

Each Warrant Holder will be allotted 56 (fifty-six) share warrants of the Amalgamated Company (at the Warrant Price i.e. INR 181.94) for every 100 (one hundred) share warrants of the Amalgamating Company 1.

3.2. Since the Transferor Companies are wholly owned, either directly or indirectly, by Transferee Company 1, no shares shall be issued as consideration for the amalgamation. Upon Part III of the Scheme becoming effective, all shares held by Transferee Company 1, directly or indirectly (including those held through its nominees), in the Transferor Companies shall stand cancelled without any issuance of new shares.

3.3. The Valuers appointed to recommend the Share Exchange Ratios and Warrant Exchange Ratio have not expressed any difficulties while determining the same.

3.4. The equity shares issued and allotted by the Amalgamated Company to the shareholders of the Amalgamating Company 1 as consideration for the amalgamation pursuant to the Scheme shall be listed and admitted for trading on the Stock Exchanges after obtaining the requisite approvals of the relevant governmental authorities.

4. Effect of the Scheme on the Key Managerial Personnel (KMPs) of the Company

Upon Part III of the Scheme becoming effective, the Company shall stand dissolved without being wound up. Consequently, the KMPs of the Company shall cease to hold such KMP position(s), and they shall become, and deemed to have become, the employees of the Transferee Company 1 without any break or interruption in their services, on the same terms and conditions (and which are commercially not less favourable than those) on which they are each engaged by the Company as on the Effective Date 1. However, their role(s)/function(s)/responsibilities may undergo a change pursuant to business and organisation requirements/needs.

5. Effect of the Scheme on the Creditors of the Company

Under the Scheme, no arrangement or compromise is being proposed with the creditors of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished.

6. Effect of the Scheme on the staff or employees of the Company

Upon Part III of the Scheme becoming effective, the employees of the Company shall become, and be deemed to have become employees of the Transferee Company 1, pursuant to the Scheme, with effect from the Effective Date 1. All such employees shall be deemed to have become employees of the Transferee Company 1, without any break or interruption in their services, on the on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation.

7. Valuation

7.1. The Board has noted that the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio as specified in paragraph 3.1, is as recommended in the Valuation Report.

7.2. The Valuers appointed to determine the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio for the Scheme have not expressed any valuation difficulties.

7.3. The Valuers have considered the Income Approach Method, the Market Approach Method, and the Asset Approach Method to arrive at the recommended Share Exchange Ratio 1, and have considered the Income Approach Method and the Market Approach Method to arrive at the recommended Share Exchange Ratio 2 and the Warrant Exchange Ratio for the Scheme.

7.4. The recommendation of the share and warrant exchange ratios for the amalgamation pursuant to the Scheme has been approved by the Board.

8. Adoption of the Report by the Board

The Board has adopted this Report after noting and considering the information set forth in this Report. In order for the Company to comply with the requirements of the extant regulations applicable to companies undertaking any scheme of amalgamation, this Report may please be taken on record while considering the Scheme.

2.4. The proposed Scheme would be in the best interests of the Companies and their respective shareholders, employees, creditors, and other stakeholders as the Scheme will yield advantages as set out *inter alia* below:

(i) *Expanded marketing presence across geographies:* The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally;

(ii) *Backward integration:* Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to SeQuent for one of the largest API that SeQuent manufactures for the US market;

(iii) *Procurement synergies:* Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins;

(iv) *Enhanced R&D and new product pipeline:* Viyash has over 200 (Two Hundred) R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver 15 (Fifteen) new products per year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) *Indirect Costs:* Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) *Scale benefits:* Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record

(vii) *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

1.3. The Appointed Date for the Scheme is April 1, 2025.

1.4. As per Section 232(2)(c) of the Act, a report is required to be adopted by the Board explaining the effect of the Scheme on each class of shareholders, key managerial personnel, promoters and non-promoter shareholders of the Company laying out in particular the Share Exchange Ratio 1, Share Exchange Ratio 2, Warrant Exchange Ratio, specifying any special valuation difficulties if any ("**Report**").

1.5. Having regard to the applicability of the aforesaid provisions, the following documents were placed before the Board:

(i) Draft Scheme;

(ii) Valuation report dated September 26, 2024, issued jointly by KPMG Valuation Services LLP, Registered Valuer (Securities or Financial Assets) bearing IBBI Registration No. - IBBI Registration No. IBBI/RV-E/06/2020/ 115 and PWC BCS Valuation Advisors LLP, Registered Valuer (IBBI Registration No. IBBI/RVE/02/2022/158) recommending the Share Exchange Ratio 1, Share Exchange Ratio 2 (collectively, "**Share Exchange Ratios**") and Warrant Exchange Ratio ("**Valuation Report**"); and

(iii) The draft certificate issued by Deloitte Haskins & Sells, statutory auditors of the Company certifying that the accounting treatment contained in the Scheme is in compliance with applicable Accounting Standards specified under Section 133 of the Act.

2. Rationale of the Scheme

2.1. SeQuent is a leading animal health pharmaceuticals company with a global footprint, presence in formulations and API segments across multiple markets and customers. SeQuent has 7 (Seven) state-of-the-art manufacturing facilities globally, 5 (Five) Research and Development (R&D) centres and presence across over 100 (One Hundred) markets.

2.2. Viyash Group Companies, together constitute an integrated, R&D & intellectual property driven global pharmaceuticals business with a strong customer base across over 150 (One Hundred Fifty) countries. Viyash has over 200 (Two Hundred) R&D scientists. Viyash has a strong focus on intellectual property with over 175 (One Hundred and Seventy Five)filed patents and over 30 (Thirty) granted patents. The Viyash Group Companies have 9 (Nine) plants (all approved by the United States Food and Drug Administration) with end-to-end manufacturing & development capabilities.

2.3. The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and SeQuent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) *Access to global innovator & big pharmaceuticals customers*: The combined entity can leverage each other's global marquee customer base with an opportunity to participate in the larger global pharmaceuticals market;

The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) *Indirect Costs:* Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) *Scale benefits:* Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record

(vii) *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

3. Effect of the Scheme on the equity shareholders (promoter and non-promoter) of the Company

3.1. For the purpose of arriving at the recommended Share Exchange Ratios and Warrant Exchange Ratio, the Valuation Report was obtained jointly from KPMG Valuation Services LLP and PWC BCS Valuation Advisors LLP (collectively, "**Valuers**"). The Valuation Report recommends the Share Exchange Ratio 1, Share Exchange Ratio 2, and Warrant Exchange Ratio as follows:

(i) In respect of amalgamation of the Transferor Company 7 with Transferee Company 1, the Transferee Company 1 shall issue Merger Consideration Shares 1 to the shareholders of Transferor Company 7 as per the following Share Exchange Ratio 1:

Vindhya Organics Private Limited

VINDHYA ORGANICS PRIVATE LIMITED
(CIN No: U24110TG1988PTC008252)

Each Eligible Shareholder 1 will be allotted 47 (forty-seven) fully paid-up equity shares of the face value of INR 10 each for every 1 (one) fully paid-up equity shares of INR 10 each held by such member in the Transferor Company 7.

(ii) In respect of amalgamation of the Amalgamating Company 1 with the Amalgamated Company, the Amalgamated Company shall issue and allot:

(a) Merger Consideration Shares 2 to the shareholders of the Amalgamating Company 1 as per the following Share Exchange Ratio 2:

Each Eligible Shareholder 2 will be allotted 56 (fifty-six) equity shares of the Amalgamated Company, credited as fully paid-up equity shares of the face value of INR 2 each, for every 100 (one hundred) fully paid-up equity shares of INR 10 each held by such member in the Amalgamating Company 1.

(b) Amalgamated Company Warrants to the Warrant Holders as per the following Warrant Exchange Ratio:

Each Warrant Holder will be allotted 56 (fifty-six) share warrants of the Amalgamated Company (at the Warrant Price i.e. INR 181.94) for every 100 (one hundred) share warrants of the Amalgamating Company 1.

3.2. Since the Company is a wholly owned subsidiary of Transferor Company 7, no shares shall be issued as consideration for the amalgamation of the Company into Transferor Company 7. Upon Part IV of the Scheme becoming effective, all shares held by Transferor Company 7 (including those held through its nominees) in the Company shall stand cancelled without any issuance of new shares.

3.3. The Valuers appointed to recommend the Share Exchange Ratios and Warrant Exchange Ratio have not expressed any difficulties while determining the same.

3.4. The equity shares issued and allotted by the Amalgamated Company to the shareholders of the Amalgamating Company 1 as consideration for the amalgamation pursuant to the Scheme shall be listed and admitted for trading on the Stock Exchanges after obtaining the requisite approvals of the relevant governmental authorities.

4. Effect of the Scheme on the Key Managerial Personnel (KMPs) of the Company

Upon Part IV of the Scheme becoming effective, the Company shall stand dissolved without being wound up. Consequently, the KMPs of the Company shall cease to hold such KMP position(s), and they shall become, and deemed to have become, the employees of the Transferee Company 2 without any break or interruption in their services, on the same terms and conditions (and which are commercially not less favourable than those) on which they are each engaged by the Company as on the Effective Date 1. However, their role(s)/function(s)/responsibilities may undergo a change pursuant to business and organisation requirements/needs.

5. Effect of the Scheme on the Creditors of the Company

Under the Scheme, no arrangement or compromise is being proposed with the creditors of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished.

6. Effect of the Scheme on the staff or employees of the Company

Upon Part IV of the Scheme becoming effective, the employees of the Company shall become, and be deemed to have become employees of the Transferee Company 2, pursuant to the Scheme, with effect from the Effective Date 1. All such employees shall be deemed to have become employees of the Transferee Company 2, without any break or interruption in their services, on the on terms and conditions which are overall no less favourable than those that were applicable to such employees immediately prior to such amalgamation.

7. Valuation

7.1. The Board has noted that the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio as specified in paragraph 3.1, is as recommended in the Valuation Report.

7.2. The Valuers appointed to determine the Share Exchange Ratio 1, Share Exchange Ratio 2 and Warrant Exchange Ratio for the Scheme have not expressed any valuation difficulties.

7.3. The Valuers have considered the Income Approach Method, the Market Approach Method, and the Asset Approach Method to arrive at the recommended Share Exchange Ratio 1, and have considered the Income Approach Method and the Market Approach Method to arrive at the recommended Share Exchange Ratio 2 and the Warrant Exchange Ratio for the Scheme.

7.4. The recommendation of the share and warrant exchange ratios for the amalgamation pursuant to the Scheme has been approved by the Board.

8. Adoption of the Report by the Board

The Board has adopted this Report after noting and considering the information set forth in this Report. In order for the Company to comply with the requirements of the extant regulations applicable to companies undertaking any scheme of amalgamation, this Report may please be taken on record while considering the Scheme.

1.3. The Appointed Date for the Scheme is April 1, 2025.

1.4. As per Section 232(2)(c) of the Act, a report is required to be adopted by the Board explaining the effect of the Scheme on each class of shareholders, key managerial personnel, promoters and non-promoter shareholders of the Company laying out in particular the Share Exchange Ratio 1, Share Exchange Ratio 2, Warrant Exchange Ratio, specifying any special valuation difficulties if any ("**Report**").

1.5. Having regard to the applicability of the aforesaid provisions, the following documents were placed before the Board:

(i) Draft Scheme;

(ii) Valuation report dated September 26, 2024, issued jointly by KPMG Valuation Services LLP, Registered Valuer (Securities or Financial Assets) bearing IBBI Registration No. - IBBI Registration No. IBBI/RV-E/06/2020/ 115 and PWC BCS Valuation Advisors LLP, Registered Valuer (IBBI Registration No. IBBI/RVE/02/2022/158) recommending the Share Exchange Ratio 1, Share Exchange Ratio 2 (collectively, "**Share Exchange Ratios**") and Warrant Exchange Ratio ("**Valuation Report**"); and

(iii) The draft certificate issued by Deloitte Haskins & Sells, statutory auditors of the Company certifying that the accounting treatment contained in the Scheme is in compliance with applicable Accounting Standards specified under Section 133 of the Act.

2. Rationale of the Scheme

2.1. SeQuent is a leading animal health pharmaceuticals company with a global footprint, presence in formulations and API segments across multiple markets and customers. SeQuent has 7 (Seven) state-of-the-art manufacturing facilities globally, 5 (Five) Research and Development (R&D) centres and presence across over 100 (One Hundred) markets.

2.2. Viyash Group Companies, together constitute an integrated, R&D & intellectual property driven global pharmaceuticals business with a strong customer base across over 150 (One Hundred Fifty) countries. Viyash has over 200 (Two Hundred) R&D scientists. Viyash has a strong focus on intellectual property with over 175 (One Hundred and Seventy Five) filed

patents and over 30 (Thirty) granted patents. The Viyash Group Companies have 9 (Nine) plants (all approved by the United States Food and Drug Administration) with end-to-end manufacturing & development capabilities.

2.3. The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and SeQuent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) *Access to global innovator & big pharmaceuticals customers*: The combined entity can leverage each other's global marquee customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) *Leverage technical skills*: The combined entity can leverage Viyash's strong product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

2.4. The proposed Scheme would be in the best interests of the Companies and their respective shareholders, employees, creditors, and other stakeholders as the Scheme will yield advantages as set out *inter alia* below:

(i) *Expanded marketing presence across geographies:* The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally;

(ii) *Backward integration:* Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to SeQuent for one of the largest API that SeQuent manufactures for the US market;

(iii) *Procurement synergies:* Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins;

(iv) *Enhanced R&D and new product pipeline:* Viyash has over 200 (Two Hundred) R&D resources with well-equipped analytical labs. (vii) *Financial Strength:* Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

3. Effect of the Scheme on the equity shareholders (promoter and non-promoter) of the Company

Upon the Scheme becoming effective, no shares shall be issued to the shareholders of the Company as the Company is a wholly owned subsidiary of Sequent, who is also the Promoter of the Company. The equity shares of the Company held by Sequent along with its nominees shall stand cancelled. Since no shares are proposed to be issued, there is no valuation exercise required to be undertaken to determine share exchange ratio and question of any difficulties on valuation does not arise.

4. Effect of the Scheme on the Key Managerial Personnel (KMPs) of the Company

Upon the Scheme becoming effective, the Company shall stand dissolved without being wound up. The Company currently does not have any KMPs and in the event of Company having any KMPs when the Scheme becomes effective, they will cease to hold their positions and cease to be KMPs of the Company.

5. Adoption of the Report by the Board

The Board has adopted this Report after noting and considering the information set forth in this Report. In order for the Company to comply with the requirements of the extant regulations applicable to companies undertaking any scheme of amalgamation, this Report may please be taken on record while considering the Scheme.

Re: Recommendation of fair share exchange ratio for the proposed merger of Geninn Lifesciences Private Limited into Viyash Life Sciences Private Limited and merger of Viyash Life Sciences Private Limited into Sequent Scientific Limited

Dear Madams/ Sirs,

We refer to our respective engagement letters of KPMG Valuation Services LLP ("KPMG") and PwC Business Consulting Services LLP ("PwC BCS") whereby:

- KPMG has been appointed by Sequent Scientific Limited ("SSL"), and
- PwC BCS has been jointly appointed by Viyash Life Sciences Private Limited ("VLSPL") and Geninn Lifesciences Private Limited ("GLSPL")

(together referred to as "Companies" or "Clients" or "You") to recommend fair share exchange ratio(s) in connection with the proposed Transaction defined hereinafter.

KPMG and PwC BCS are hereinafter jointly referred to as "Valuers" or "we" or "us" and individually referred to as the "Valuer" in this Valuation Report.

BACKGROUND OF THE COMPANIES

SSL (formerly known as "PI Drugs and Pharmaceuticals Limited") is a public limited company incorporated under the laws of India bearing corporate identification number L99999MH1985PLC036685 and having its registered office at 301, 3rd Floor, Dosti Pinnacle, Plot No. E7 Road No.22, Wagle Industrial Estate, Thane West, Maharashtra 400604, India. SSL operates in veterinary healthcare business worldwide. It provides animal health active pharmaceutical ingredients (APIs) and formulations in the areas of anthelmintics including endo and ecto parasiticides; and anti-protozoal, nutraceuticals, nonsteroidal anti-inflammatory drugs, anti-infectives, and dermatology. It also offers analytical solutions that supports API, pharmaceutical, personal care, and nutraceutical organizations, as well as provides method validation, stability, and microbiology for APIs and finished products. The equity shares of SSL are listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE").

VLSPL is a private limited company incorporated under the laws of India bearing corporate identification number U24239TG2019PTC130774 and having its registered office at Plot No. 290, Srivalli's Corporate, Road No. 6, Kakatiya Hills, Madhapur, Rangareddi, Hyderabad, Telangana 500081, India. intermediates and formulations. It offers pharma intermediates, APIs, and formulation assets to create an integrated offering for large generics customers.

GLSPL is a private limited company incorporated under the laws of India bearing corporate identification number U24299TG2019PTC136520 and having its registered office at Plot no. 3,4 and 5, Anrich Industrial Estate, Bollaram, Medak, Hyderabad, Telangana – 502325 India. GLSPL through its wholly owned subsidiary Vindhya Pharma (India) Private Limited ("VOPL") is primarily engaged in the business of development, manufacture, marketing of pharmaceutical intermediaries.

SCOPE AND PURPOSE OF THIS REPORT

We understand that the managements of SSL, VLSPL and GLSPL ("Management/s") are contemplating merger of GLSPL into VLSPL and simultaneous amalgamation of VLSPL into SSL on a going concern basis with effect from the proposed Appointed Date as defined in Scheme, pursuant to a Scheme of Arrangement under the provisions of Sections 230 to 232 of the Companies Act, 2013 (including any statutory modifications, re-enactment or amendments thereof) and other applicable securities and capital market laws and rules issued thereunder to the extent applicable (the "Scheme") (the "Proposed Transaction"). In consideration of the merger of GLSPL into VLSPL, equity shares of VLPSL will be issued to the shareholders of GLSPL. Further, in consideration of the merger of VLSPL into SSL, equity shares and warrants of SSL will be issued to the equity shareholders and warrant holders of VLSPL respectively. The number of equity shares of VLSPL of face value of INR 10/- each to be issued to the equity holders of GLSPL ("Share Exchange Ratio 1") and the equity shares of SSL of face value of INR 2/- each to be issued to the equity holders of VLSPL ("Share Exchange Ratio 2") and warrants of SSL to be issued to the warrant holders of VLSPL ("Warrant Exchange Ratio") are collectively referred to as the "Share Exchange Ratio(s)".

In connection with the Proposed Transaction, the Clients have requested us to render our professional services by way of carrying out a valuation of SSL, VLSPL and GLSPL (together referred as the "the Companies" or "Businesses") and submitting a report recommending the Share Exchange Ratio(s), on a going concern basis with 25 September 2024 being the valuation date, (the "Services") for the consideration of the Board of Directors (including audit committees, if applicable) of the Clients in accordance with the applicable Securities and Exchange Board of India ("SEBI"), the relevant stock exchanges', and relevant laws, rules and regulations. To the extent mandatorily required under applicable laws of India, this report maybe produced before the judicial, regulatory or government authorities, stock exchanges, shareholders in connection with the Proposed Transaction.

The scope of our services is to conduct a relative valuation (not an absolute valuation) of the Businesses and recommend Share Exchange Ratio(s) for the Proposed Transaction.

The Valuers have been appointed severally and not jointly and have worked independently in their analysis. Both the Valuers have received information and clarifications from the management/ representatives of each of the Companies. The Valuers have independently arrived at different values per share of SSL, GLSPL and VLSPL. However, to arrive at the consensus on the Share Exchange Ratio(s) for the Proposed Transaction, appropriate minor adjustments/ rounding off has been done in the values arrived at by the Valuers.

We have considered financial information up to 30 June 2024 in our analysis and made adjustments for facts made known to us till the date of our report, including taking into consideration current market parameters, which will have a bearing on the valuation analysis. The Managements have informed us

that they do not expect any events which are unusual or not in normal course of business up to the effective date of the Proposed Transaction, other than the events specifically mentioned in this report. We have relied on the above while arriving at the Share Exchange Ratio(s) for the Proposed Transaction.

This report dated 26 September 2024 ("Report Date") is our deliverable in respect of our recommendation of the Share Exchange Ratio(s) for the Proposed Transaction.

SCOPE LIMITATIONS, ASSUMPTIONS, QUALIFICATIONS, EXCLUSIONS AND DISCLAIMERS

Provision of valuation opinions and consideration of the issues described herein are areas of our regular practice. The services do not represent accounting, assurance, accounting/ tax due diligence, consulting or tax related services that may otherwise be provided by us or our network firms.

This report, its content, and the results herein are specific to the purpose of valuation and the Valuation Date mentioned in the report and agreed as per the terms of our engagement. It may not be valid for any other purpose or as at any other date. Also, it may not be valid if done on behalf of any other entity.

A valuation of this nature involves consideration of various factors including those impacted by prevailing stock market trends in general and industry trends in particular. This report is issued on the understanding that the management of the Companies have drawn our attention to all the matters, which they are aware of concerning the financial position of the Companies and any other matter, which may have an impact on our opinion, on the Share Exchange Ratio(s) for the Proposed Transaction as on the Valuation Date. Events and circumstances may have occurred since 30 June 2024 concerning the financial position of the Companies or any other matter and such events or circumstances might be considered material by the Companies or any third party. We have taken into account, in our valuation analysis, such events and circumstances occurring after 30 June 2024 as disclosed to us by the Companies, to the extent considered appropriate by us based on our professional judgement. Further, we have no responsibility to update the report for any events and circumstances occurring after the date of the report. Our valuation analysis was completed on a date subsequent to 30 June 2024 and accordingly, we have taken into account such valuation parameters and over such period, as we considered appropriate and relevant, up to a date close to our Report Date.

The recommendation(s) rendered in this report only represent our recommendation(s) based upon information received from the Companies till this report is issued and other sources and the said recommendation(s) shall be considered to be in the nature of non-binding advice (our recommendation will however not be used for advising anybody to take buy or sell decision, for which specific opinion needs to be taken from expert advisors). You acknowledge and agree that you have the final responsibility for the determination of the Share Exchange Ratio(s) at which the proposed transaction shall take place and factors other than our Valuation report will need to be taken into account in determining the Share Exchange Ratio(s); these will include your own assessment of the Proposed Transaction and may include the input of other professional advisors.

In the course of the valuation, we were provided with both written and verbal information, including market, financial and operating data. In accordance with the terms of our engagement, we have carried out relevant analyses and evaluations through discussions, calculations and such other means, as may be applicable and available, we have assumed and relied upon, without independently verifying, (i) the accuracy of the information that was publicly available, sourced from subscribed databases and formed a substantial basis for this report and (ii) the accuracy of information made available to us by the Companies. We assume no responsibility for such information. Our valuation does not constitute an audit or review in accordance with the auditing standards applicable in India, accounting/ financial/ commercial/ legal/ tax/ environmental due diligence or forensic/ investigation services and does not include verification or validation work. In accordance with the terms of our engagement letter and in accordance with the customary approach adopted in valuation exercises, we have not audited, reviewed, certified, carried out a due diligence, or otherwise investigated the historical and projected financial information, if any, provided to us regarding the Companies/ their holding/ subsidiary/ associates/ joint ventures/ investee companies, if any. Accordingly, we do not express an opinion or offer any form of assurance regarding the truth and fairness of the financial position as indicated in the historical financials/ financial statements and projections. The assignment did not involve us to conduct the financial or technical feasibility study. We have not done any independent technical valuation or appraisal or due diligence of the assets or liabilities of the Companies. Also, with respect to explanations and information sought from the Companies, we have been given to understand by the Companies that they have not omitted any relevant and material factors and that they have checked the relevance or materiality of any specific information to the present exercise with us in case of any doubt. Our conclusion is based on the assumptions and information given by/on behalf of the Companies. The respective Managements of the Companies have indicated to us that they have understood that any omissions, inaccuracies or misstatements may materially affect our valuation analysis/ results. Accordingly, we assume no responsibility for any errors in the information furnished by the Companies and their impact on the report.

The report assumes that the Companies comply fully with relevant laws and regulations applicable in all its areas of operations unless otherwise stated, and that the Companies will be managed in a competent and responsible manner. Further, except as specifically stated to the contrary, this valuation report has given no consideration to matters of a legal nature, including issues of legal title and compliance with local laws, and litigation and other contingent liabilities that are not recorded in the audited/ unaudited balance sheets of the Companies/ their holding/ subsidiary/ associates/ joint ventures/ investee companies, if any. Our conclusion of value assumes that the assets and liabilities of the Companies reflected in their respective latest audited or provisional balance sheets remain intact as of the Report Date. No investigation of the Companies'/ subsidiaries claims to title of assets has been made for the purpose of this report and the Companies'/ subsidiaries claim to such rights has been assumed to be valid. No consideration has been given to liens or encumbrances against the assets, beyond the loans disclosed in the accounts. Therefore, no responsibility is assumed for matters of a legal nature. The valuation analysis and result are governed by concept of materiality.

Our report is not nor should it be construed as our opining or certifying the compliance of the Proposed Transaction with the provisions of any law/ standards including companies, foreign exchange regulatory, accounting and taxation (including transfer pricing) laws/ standards or as regards any legal, accounting or taxation implications or issues arising from such Proposed Transaction.

Our report is not, nor should it be construed as our recommending the Proposed Transaction or anything consequential thereto/ resulting therefrom. This report does not address the relative merits of the Proposed Transaction as compared with any other alternatives or whether or not such alternatives could be achieved or are available. Any decision by the Companies/ their shareholders/ creditors regarding whether or not to proceed with the Proposed Transaction shall rest solely with them. We express no opinion or recommendation as to how the shareholders/ creditors of the Companies should vote at any

We will not be liable for any losses, claims, damages, or liabilities arising out of the actions taken, omissions or advice given by any other person.

PROCEDURES ADOPTED

In connection with this exercise, we have adopted the following procedures to carry out the valuation:

- Requested and received financial and business information;
- Obtained data available in public domain;
- Undertook high level industry analysis and research based on publicly available market data;
- Discussions (over call/ emails/ conferences) with the Management to understand the business and fundamental factors that could affect its earning-generating capability including strengths, weaknesses, opportunity and threats analysis and historical financial performance;
- Selected internationally accepted valuation methodology/ (ies) as considered appropriate by us, in accordance with the International Valuation standards published by the International Valuation Standards Council;
- Determined the share exchange ratio based on the selected methodology for merger under Part V of the Scheme;

- Determined the share exchange ratio based on the selected methodology for amalgamation under Part VI of the Scheme;
- Discussion between Valuers on their findings, methodology and approach to arrive at the consensus Share Exchange Ratio(s); and
- For the purpose of arriving at the valuation of the Companies we have considered the valuation base as 'Fair Value' and the premise of value is 'Going Concern Value'. Any change in the valuation base, or the premise could have significant impact on our valuation exercise, and therefore, this report.

SHARE CAPITAL DETAILS OF THE COMPANIES

SSL

As at the Report Date, the paid up equity share capital of SSL is INR 499.16 million consisting of 249,581,995 equity shares of face value of INR 2/- each fully paid up. The shareholding pattern of SSL is as follows:

Category	No of Shares	% shareholding
Promoter & Promoter Group	131,680,103	52.8%
Public	117,489,642	47.0%
Others	412,250	0.2%
Total	**249,581,995**	**100.0%**

Not

Further, after considering shares under ESOPs net of shares under treasury, we have considered 265,193,745 equity shares of INR 2/- each on fully diluted basis for the purpose of valuation analysis.

VLSPL

As at 30 June 2024, the paid up equity share capital of VLSPL was INR 246.29 million consisting of 24,62,93,460 equity shares of face value of INR 10/- each fully paid up. Further, post 30 June 2024 and before the Report Date, VLSPL came up with a right issue under which 69,466,430 equity shares of face value of INR 10/- each fully paid up were issued and subscribed.

Category	No of Shares	% shareholding*
CA Hull	243,143,270	77.0%
Promoter and Promoter Group	33,753,795	10.7%
Others	38,862,825	12.3%
Total	**315,759,890**	**100.0%**

** % Shareholding as on Report Date (post right issue)*

In addition to the above, the issued and subscribed equity share capital of VLSPL comprises of 18,615,406 partly paid equity shares. We understand from the Management of VLSPL that before the effectiveness of the proposed Transaction, the consideration received by VLSPL for the said shares shall be refunded back to the respective shareholders and the party paid shares shall stand cancelled. The Scheme provides for the aforesaid capital reduction in terms of above partly paid equity shares.

Further, VLSPL has 40,710,139 warrants outstanding as at Report Date. In discussions with the Management, we have assumed these warrants will be exercised in the near future. After accounting

PwC Business Consulting Services LLP

KPMG VALUATION SERVICES LLP 15th and 16th Floor, Central B Wing and North C Wing, Nesco IT Park 4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai-400063

for the above warrants and outstanding ESOPs, we have considered 356,636,465 equity shares of INR 10/- each on fully diluted basis for the purpose of valuation analysis.

GLSPL

As at Report Date, the paid up equity share capital of GLSPL is INR 1.0 million consisting of 100,000 equity shares of face value of INR 10/- each fully paid up. The shareholding pattern of GLSPL is as follows:

Category	No of Shares	% shareholding
Promoters	60,898	60.9%
Others	39,102	39.1%
Total	**100,000**	**100.0%**

We further understand from the Management that:

- GLSPL shareholders and their nominee are the legal and registered owners of 100 per cent of the total paid up share capital of GLSPL and have statutory rights as shareholders of GLSPL, including the right to appoint directors on the board of directors of GLSPL and the right to participate in, receive notices for, call for, and vote at, shareholders' meetings ("GLSPL Shareholder Rights").
- VLSPL is entitled, pursuant to existing contractual arrangements and for the purposes of applicable accounting standards, to economic benefits and rights in GLSPL, which enables VLSPL to consolidate the financial statements of GLSPL ("VLSPL Rights").

We understand that as per the agreement between VLSPL and GLSPL and on account of economic rights held by VLSPL, it is entitled to 80 per cent of the GLSPL value, with the balance 20 per cent remains with the GLSPL shareholders. Therefore, for determining our Share Exchange Ratio 1, 20 per cent of value of GLSPL has been attributed to GLSPL shareholders while the remaining 80 per cent share of GLSPL value has been allocated to VLSPL. We also note that this arrangement will not affect the consolidated value of VLSPL to arrive at Share Exchange Ratio 2.

APPROACH AND METHODOLOGY – BASIS OF TRANSACTION

The Scheme contemplates merger of GLSPL into VLSPL and simultaneous amalgamation of VLSPL into SSL under Sections 230 to 232 and other relevant provisions of the Companies Act, 2013 and rules issued thereunder to the extent applicable.

Arriving at the Share Exchange Ratio(s) for the purposes of the Proposed Transaction, would require determining the equity value of SSL, VLSPL and GLSPL including their rights.

BASIS OF VALUE

The report has been prepared on the basis of "Fair Value" as at Valuation Date. The generally accepted definition of "Fair Value" is the value as applied between a hypothetical willing vendor and a hypothetical willing prudent buyer in an open market and with access to all relevant information.

PREMISE OF VALUE

The report has adopted "Going Concern Value" as the premise of value in the given circumstances. The generally accepted definition of Going concern value is the value of a business enterprise that is expected to continue to operate in the future.

We have carried out the valuation in accordance with the principles laid in the ICAI Valuation Standards/ International Valuation Standards, as applicable, to the purpose and terms of this engagement.

The three main valuation approaches are the market approach, income approach and asset approach. There are several commonly used and accepted methods within the market approach, income approach and asset approach, for determining the value of equity shares of a company, which can be considered in the present valuation exercise, to the extent relevant and applicable, to arrive at the Share Exchange Ratio(s) for the purpose of the Proposed Transaction, such as:

- Asset Approach - Net Asset Value (NAV) Method
- Income Approach - Discounted Cash Flow (DCF) Method
- Market Approach - Market Price Method; Comparable Companies Multiples (CCM) Method

It should be understood that the valuation of any company or its assets is inherently subjective and is subject to uncertainties and contingencies, all of which are difficult to predict and are beyond our control. In performing our analysis, we made assumptions with respect to industry performance and general business and economic conditions, many of which are beyond the control of the companies. In addition, this valuation will fluctuate with changes in prevailing market conditions, the conditions and prospects, financial and otherwise, of the companies/ businesses, and other factors which generally influence the valuation of companies and their assets.

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although different values may exist for different purposes, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose. Our choice of method of valuation has been arrived at using usual and conventional methods adopted for transactions of a similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of a similar nature.

Asset Approach:
Net Asset Value Method: Under the asset approach, the net asset value (NAV) method is considered, which is based on the underlying net assets and liabilities of the company, taking into account operating assets and liabilities on a book value basis and appropriate adjustments for, interalia, value of surplus/ non-operating assets.

Income Approach:
Income approach is a valuation approach that converts maintainable or future amounts (e.g., cash flows or income and expenses) to a single current (i.e., discounted or capitalised) amount. The value measurement is determined on the basis of the value indicated by current market expectations about those future amounts.

Under DCF method, the projected free cash flows from business operations available to all providers of capital are discounted at the weighted average cost of capital to such capital providers, on a market participant basis, and the sum of such discounted free cash flows is the value of the business from

which value of debt and other capital is deducted, and other relevant adjustments made to arrive at the value of the equity – Free Cash Flows to Firm (FCFF) technique; This discount rate, which is applied to the free cash flows, should reflect the opportunity cost to all the capital providers (namely shareholders and creditors), weighted by their relative contribution to the total capital of the company. The opportunity cost to the capital provider equals the rate of return the capital provider expects to earn on other investments of equivalent risk.

Market Approach:
Market approach is a valuation approach that uses prices and other relevant information generated by market transactions involving identical or comparable (i.e., similar) assets, liabilities or a group of assets and liabilities, such as a business.

- Market Price Method: Under this method, the value of shares of a company is determined by taking the average of the market capitalisation of the equity shares of such company as quoted on a recognised stock exchange over reasonable periods of time where such quotations are arising from the shares being regularly and freely traded in an active market, subject to the element of speculative support that may be inbuilt in the market price. But there could be situations where the value of the share as quoted on the stock market would not be regarded as a proper index of the fair value of the share, especially where the market values are fluctuating in a volatile capital market. Further, in the case of a merger/ demerger, where there is a question of evaluating the shares of one company against those of another, the volume of transactions and the number of shares available for trading on the stock exchange over a reasonable period would have to be of a comparable standard. This method would also cover any other transactions in the shares of the company including primary/ preferential issues/ open offer in the shares of the company available in the public domain.

- Comparable Companies Multiples (CCM) Method: Under this method, one attempts to measure the value of the shares/ business of company by applying the derived market multiple based on market quotations of comparable public/ listed companies, in an active market, possessing attributes similar to the business of such company - to the relevant financial parameter of the company/ business (based on past and/ or projected working results) after making adjustments to the derived multiples on account of dissimilarities with the comparable companies and the strengths, weaknesses and other factors peculiar to the company being valued. These valuations are based on the principle that such market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

- Comparable Transaction Multiples (CTM) Method: Under this method, value of the equity shares of a company is arrived at by using multiples derived from valuations of comparable transactions. This valuation is based on the principle that transactions taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

The valuation approaches/ methods used, and the values arrived at using such approaches/ methods by each Valuer has been placed in Annexure of this Report.

BASIS OF SHARE EXCHANGE RATIO(S)

The basis of the Proposed Transaction would have to be determined after taking into consideration all the factors, approaches and methods considered appropriate by the respective Valuer. Though different values have been arrived at under each of the above approaches/ methods, for the purposes of recommending the Share Exchange Ratio(s) it is necessary to arrive at a single value for the shares of the companies involved in a transaction such as the Proposed Transaction. It is, however, important to note that in doing so, we are not attempting to arrive at the absolute values of the shares of the Businesses but at their relative values to facilitate the determination of Share Exchange Ratio(s). For this purpose, it is necessary to give appropriate weights to the values arrived at under each approach/ method.

In the ultimate analysis, valuation will have to be arrived at by the exercise of judicious discretion by the valuer and judgments taking into account all the relevant factors. There will always be several factors, e.g. quality of the management, present and prospective competition, yield on comparable securities and market sentiment, etc. which are not evident from the face of the balance sheets but which will strongly influence the worth of a share. The determination of exchange ratio is not a precise science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. This concept is also recognized in judicial decisions. There is, therefore, no indisputable single exchange ratio. While we have provided our recommendation of the Share Exchange Ratio(s) based on the information available to us and within the scope and constraints of our engagement, others may have a different opinion as to the Share Exchange Ratio(s) of the equity shares of SSL, VLSPL and GLSPL. The final responsibility for the determination of the exchange ratio at which the Proposed Transaction shall take place will be with the Board of Directors of the Companies who should take into account other factors such as their own assessment of the Proposed Transaction and input of other advisors.

The Share Exchange Ratio(s) has been arrived at on the basis of equity valuation of SSL, VLSPL and GLSPL based on the various applicable approaches/ methods explained herein earlier and various qualitative factors relevant to each company and the business dynamics and growth potentials of the businesses of these companies, having regard to information base, key underlying assumptions and limitations.

Valuers have applied relevant methods discussed above, as considered appropriate, and arrived at the assessment of the values per equity share of SSL, VLSPL and GLSPL. To arrive at the Share Exchange Ratio(s) for the Proposed Transaction, suitable minor adjustments/ rounding off have been done in the values arrived at by us.

RATIO

In light of the above, and on a consideration of all the relevant factors and circumstances as discussed and outlined herein above, we recommend the following Share Exchange Ratio(s) for proposed Transaction:

Share Exchange Ratio 1:
47 (Forty Seven) equity share of Viyash Life Sciences Private Limited of INR 10/- each fully paid up for every 1 (One) equity shares of Geninn Lifesciences Private Limited of INR 10/- each fully paid up.

PwC Business Consulting Services LLP

KPMG VALUATION SERVICES LLP

Share Exchange Ratio 2:
Fifty Six (56) equity share of Sequent Scientific Limited of INR 2/- each fully paid up for every One Hundred (100) equity shares of Viyash Life Sciences Private Limited of INR 10/- each fully paid up.

Warrant Exchange Ratio:
Fifty Six (56) warrants of Sequent Scientific Limited for every One Hundred (100) warrants of Viyash Life Sciences Private Limited.

Our Valuation report and Share Exchange Ratio(s) is based on the equity share capital structure of the SSL, VLSPL and GLSPL as mentioned earlier in this report. Any variation in the equity capital of the Companies may have material impact on the Share Exchange Ratio(s).

ANNEXURE 1A- APPROACH TO VALUATION - KPMG

For the present valuation analysis, we have considered it appropriate to apply the Income Approach and Market Approach for SSL and VLSPL and Asset approach (NAV method) for GLSPL to arrive at the value of the equity shares for the purpose of the Proposed Transaction.

Given the nature of the businesses of the Companies and the fact that SSL and VLSPL has provided projected financials for respective businesses, we have considered it appropriate to apply the DCF Method under the Income Approach to arrive at the value of the SSL and VLSPL for the purpose of arriving at the Share Exchange Ratio(s). Similarly, we have also used DCF method to arrive at the value of VOPL (Operating subsidiary of GLSPL) for our analysis.

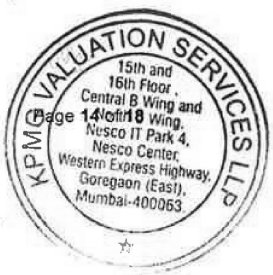
For the purpose of DCF valuation, the free cash flow forecast is based on projected financials as provided by the Management of the Companies. While carrying out this engagement, we have relied on historical information made available to us by the Management of the Companies and the projected financials (Management Business Plan) for future related information. Although we have read, analyzed and discussed the Management Business Plan for the purpose of undertaking a valuation analysis, we have not commented on the achievability of the assumptions/ projections provided to us save for satisfying ourselves to the extent possible that they are consistent with other information provided to us in the course of the assignment. We have assessed and evaluated the reasonableness of the projections based on procedures such as analyzing industry data, historical performance, expectations of comparable companies, analyst reports etc.

In the present case, the shares of SSL are listed on BSE and NSE and there are regular transactions in its equity shares with reasonable volume. In the circumstances, the share price of SSL has been considered as suggested in regulation 164 of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018. Accordingly, higher of the below two methods has been taken for determining the value of SSL under the market price methodology:

- the volume weighted average price for 90 trading days preceding the Valuation Report Date,
- the volume weighted average price for 10 trading days preceding the Valuation Report Date,

Considering the availability of comparable listed peer set in the businesses carried out by the Companies, we have also applied the Comparable Companies Multiples method under the Market Approach to arrive at the value of the shares of the VLSPL and VOPL for the purpose of arriving at the Share Exchange Ratio(s).

In the current analysis, the merger of the Companies is proceeded with on the assumption that they would merge as going concerns and an actual realization of the operating assets is not contemplated. The operating assets have therefore been considered at their book and non-operating/ surplus assets, if any at their values under the Asset Approach. In such a going concern scenario, the earning power, as reflected under the Income/ Market approach, is of greater importance to the basis of amalgamation/ demerger, with the values arrived at on the net asset basis being of limited relevance. Hence, while we have calculated the values of the shares of the Businesses under the Asset Approach, we have considered it appropriate not to give any weightage to the same in case of SSL and VLSPL. However, we have used NAV approach to value GLSPL (primarily a holding company) considering its current operations and the future business outlook as provided by the Management.



As mentioned earlier, VLSPL has 40,710,139 warrants outstanding as at Report Date. In discussions with the Management, we have assumed these warrants will be exercised in the near future. Accordingly, we have computed the value of equity shares of VLSPL on a fully diluted basis. Hence, Warrant Exchange Ratio will be identical to the Share Exchange Ratio 2.

The computation of Share Exchange Ratio 1 as derived by KPMG, is given below:

Valuation Approach	VLSPL		GLSPL	
	Value per Share (INR)	Weight	Value per Share (INR)	Weight
Income Approach	98.1	50%	NA	0%
Market Approach	104.4	50%	NA	0%
Asset Approach	58.7	0%	4779.2	100%
Relative Value per Share	**101.3**		**4779.2**	
Exchange Ratio (Rounded off)	**47:1**			

The computation of Share Exchange Ratio 2 as derived by KPMG, is given below:

Valuation Approach	SSL		VLSPL	
	Value per Share (INR)	Weight	Value per Share (INR)	Weight
Income Approach	153.4	0%	98.1	50%
Market Approach	181.9	100%	104.4	50%
Asset Approach	29.9	0%	58.7	0%
Relative Value per Share	**181.9**		**101.3**	
Exchange Ratio (Rounded off)	**56:100**			

Considering the above Share Exchange Ratio 2, the table below provides computation of issue price of warrants to be allotted to the warrant holders of VLSPL:

Calculation of Issue Price		Warrant 1	Warrant 2
Number of outstanding warrants with VLSPL	A	14,180,669	26,529,470
Issue Price – INR per warrant	B	90.0	101.7
Aggregate Cash Consideration – INR	C = A*B	1,276,260,210	2,698,047,099
Warrant Exchange Ratio	D**	56/100	56/100
Number of SSL warrants to be issued	E = A*D	7,941,175	14,856,503
Issue Price of SSL warrants - INR per warrant	F = C/E	160.7	181.6
Issue Price of SSL warrants - INR per warrant*	F = C/E	181.9	181.9

** Subject to minimum price of INR 181.93 per warrant as per regulation 164 of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018*

ANNEXURE 1B - APPROACH TO VALUATION – PwC BCS

We have considered International Valuation Standards in carrying out our valuation analysis and delivering our valuation conclusion.

In the current analysis, the mergers are proceeded with on the assumption that GLSPL, VLSPL and SSL would merge as going concerns and an actual realization of the operating assets is not contemplated. In such a going concern scenario, the relative earning power, as reflected under the Income and Market approaches, is of greater importance to the basis of merger, with the values arrived at on the net asset basis being of limited relevance. Hence, while we have calculated the values of the shares of operating entities namely VOPL, VLSPL and SSL under the Asset Approach, we have considered it appropriate not to give any weight to the same in arriving at the Share Exchange Ratio(s).

We have considered asset approach to arrive at the value of the equity shares of GLSPL as it is a holding company and owns 100 per cent of equity shares of VOPL.

Given the nature of businesses of VOPL, VLSPL and SSL, and the fact that we have been provided with projected financials for all Companies, we have considered it appropriate to apply the DCF Method under the Income Approach to arrive the fair value of the equity shares of VOPL, VLSPL and SSL. Within the DCF Method, equity value per share has been computed as follows:

- Enterprise Value has been computed using the DCF method;
- To arrive at the total value available to the equity shareholders, value as arrived above is adjusted, as appropriate for debt, cash and cash equivalents and surplus assets as appearing in balance sheet, contingent liabilities and other matters;
- The remaining value thus determined is then divided by diluted equity shares (considering estimated ESOP exercise, as appropriate), to arrive at the value per equity share.

For our analysis under Market Approach, we have considered the Market Price Method and Market Multiple Method. The share price of SSL has been considered as suggested in regulation 164 of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018. Accordingly, higher of the below two methods has been taken for determining the value of SSL under the market price methodology:

- the volume weighted average price for 90 trading days preceding the Valuation Report Date,
- the volume weighted average price for 10 trading days preceding the Valuation Report Date,

Equity shares of VLSPL and GLSPL are not listed on any stock exchange.

Considering the stage of operations of the Companies, nature of their industry and the current profitability status of the Companies, we have considered the profitability multiples of listed comparable companies. We have relied on publicly available information and certain databases such as CapitalIQ, etc. to arrive at the comparable company multiple.

Comparable Companies' Transaction Multiple (CTM) method has not been used due to lack of comparable transactions in this space. Further, the transaction multiples may include acquirer specific considerations, synergy benefits, control premium and minority adjustments.

For our final analysis and recommendation, we have considered the values arrived under the Income approach and Market Approach, to determine value of the equity shares

- of GLSPL and VLSPL for Share Exchange Ratio 1 and
- of VLSPL and SSL for Share Exchange Ratio 2

on a relative basis for the purpose of the Proposed Transaction.

We have considered appropriate weights to the values arrived at under different methods under Income approach and Market Approach.

The computation of Share Exchange Ratio 1 as derived by PwC BCS, is given below:

Valuation Approach	VLSPL		GLSPL	
	Value per Share (INR)	Weight	Value per Share (INR)	Weight
Income Approach	109.8	50%	NA	0%
Market Approach	92.4	50%	NA	0%
Asset Approach	58.7	0%	4,746.2*	100%
Relative Value per Share	**101.1**		**4,746.2**	
Exchange Ratio (Rounded off)	**47:1**			

*considers value of VOPL using Income Approach

The computation of Share Exchange Ratio 2 as derived by PwC BCS, is given below:

Valuation Approach	SSL		VLSPL	
	Value per Share (INR)	Weight	Value per Share (INR)	Weight
Income Approach	155.2	50%	109.7	50%
Market Approach				
- Market Price	181.9	25%		
- Market Multiple	88.4	25%	92.5	50%
Asset Approach	29.9	0%	57.9	0%
Relative Value per Share	**145.2**		**101.1**	
Relative Value	**181.9***		**101.1**	
Exchange Ratio (Rounded off)	**56:100**			

*Subject to minimum price of INR 181.9 per share as per regulation 164 of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018

Considering the above Share Exchange Ratio 2, the table below provides computation of issue price of warrants to be allotted to the warrant holders of VLSPL:

Calculation of Issue Price		Warrant 1	Warrant 2
Number of outstanding warrants with VLSPL	A	14,180,669	26,529,470

Sub: Recommendation of fair equity share exchange ratio for the proposed merger of Geninn Lifesciences Private Limited into Viyash Life Sciences Private Limited and merger of Viyash Life Sciences Private Limited into Sequent Scientific Limited

In terms of our engagement with Sequent dated September 16, 2024, Sequent has requested ICICI Securities (**I-Sec**) to provide a fairness opinion to the Board of Directors of Sequent on the Share Exchange Ratios recommended by the Registered Valuer for the proposed Composite Scheme of Amalgamation **(Scheme),** pursuant to Section 230 to 232 and other applicable provisions of Companies Act, 2013.

BACKGROUND, PURPOSE AND USE OF THIS FAIRNESS OPINION

Sequent Scientific Limited **(Sequent)** provides animal health active pharmaceutical ingredients (APIs) and formulations in the areas of anthelmintics including endo and ecto parasiticides; and anti-protozoal, nutraceuticals, nonsteroidal anti-inflammatory drugs, anti-infectives, and dermatology. It also offers analytical solutions that supports API, pharmaceutical, personal care, and nutraceutical organizations, as well as provides method validation, stability, and microbiology for APIs and finished products. Its equity shares are listed on the BSE and NSE.

Viyash Life Sciences Private Limited **(Viyash)** researches, develops, and manufactures active pharmaceutical ingredients (APIs), intermediates and formulations. It offers pharma intermediates, APIs, and formulation assets to create an integrated offering for large generics customers.

Geninn Lifesciences Private Limited **(Geninn)** through its wholly owned subsidiary Vindhya Pharma (India) Private Limited ("VOPL") is primarily engaged in the business of development, manufacture, marketing of pharmaceutical intermediaries.

Sequent, Viyash and Geninn are hereinafter jointly referred to as the "**Companies**".

We understand that the managements of Sequent, Viyash and Geninn ("Management/s") are contemplating merger of Geninn into Viyash and simultaneous amalgamation of Viyash into Sequent on a going concern basis with effect from the proposed Appointed Date as defined in Scheme, pursuant to a Scheme of Arrangement under the provisions of Sections 230 to 232 of the Companies Act, 2013 (**Scheme**).

KPMG India Services LLP ("KPMG") has been appointed by Sequent and PWC Business Consulting Services LLP ("PWC") is appointed by Viyash and Geninn as **Registered Valuers** to determine and recommend the Share Exchange Ratio for the Scheme, on a going concern basis with 25 September 2024 being the valuation date. In this connection, pursuant to the requirements of SEBI Master Circular SEBI/HO/CFD/POD-2/P/CIR/2023/93 dated 20 June 2023, we have been requested by the Board of Directors of Sequent to render an opinion on whether the Share Exchange Ratio determined and recommended by the Registered Valuers vide their valuation report dated 26 September 2024, is fair.

The Registered Valuers has recommended the following Share Exchange Ratio for the Scheme:

47 (Forty Seven) equity share of Viyash Life Sciences Private Limited of INR 10/- each fully paid up for every 1 (One) equity share of Geninn Lifesciences Private Limited of INR 10/- each fully paid up.

56 (Fifty six) equity share of Sequent Scientific Limited of INR 2/- each fully paid up for every 100 (Hundred Only) equity shares of Viyash Life Sciences Private Limited of INR 10/- each fully paid up.

56 (Fifty six) warrants of Sequent Scientific Limited for every 100 (Hundred Only) warrants of Viyesh Life Sciences Private Limited.

In arriving at our opinion, we have assumed and relied upon, without any independent verification or validation, the accuracy and completeness of the financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with us and have relied upon the assurances of the management of Sequent that they are not aware of any facts or circumstances that would make such information or data inaccurate or misleading in any material respect. With respect to the financials and forecasts, we have been advised by Sequent, and have assumed, that: (i) they have been reasonably prepared and/or confirmed on bases reflecting the best currently available estimates and good faith judgements of the management of Sequent as to the future financial performance of the Companies or their respective subsidiaries and/or associates, and (ii) they are based on the understanding of the management of Sequent of the current business strategy, operations, competition and macro-economic indicators and involves known and unknown risks, uncertainties, assumptions, and other factors that may cause the actual results to be materially different from any future results, performance or achievements expressed or implied by the financials and forecast of the Companies or their respective subsidiaries and/or associates.

Without limiting the generality of the foregoing, we have also assumed, at the direction of Sequent, their respective subsidiaries and associates, as applicable, will receive all statutory clearances with respect to their respective operations in accordance with the assumptions regarding such clearances in their financials and forecasts.

We have been informed by the management of Sequent that the financials and forecasts provided to us have been prepared in accordance with Indian Accounting Standards (Ind-AS). We have not made or been provided with any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of the Companies or their respective subsidiaries and/or associates, as applicable, and/or any other entity (other than the Valuation Report, which we have reviewed and relied upon without independent verification for purposes of this opinion), nor have we made any physical inspection or title verification of the properties or assets of the Companies, their respective subsidiaries and/or associates, as applicable, and/or any other entity, and we do not express any opinion as to the value of any asset of the Companies, their respective subsidiaries and/or associates, as applicable, and/or any other entity, whether at current prices or in the future. We have not evaluated the solvency or fair value of the Companies, their respective subsidiaries and/or associates, as applicable, and/or any other entity under the laws of India or any other laws relating to bankruptcy, insolvency or similar matters.

We have assumed, at the direction of Sequent, that the Transaction will be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary governmental, judicial, regulatory and other approvals,

compliance, including without limitation, compliance with the provisions of SEBI Regulations. Without prejudice to the generality of the foregoing, we express no opinion and have assumed that the Transaction will not trigger obligation to make open offers under the Securities Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended and accordingly, we have not considered the consequences or impact on ICICI Securities, if any such offers are mandated, and we have also assumed that the Transaction will not result in any adverse effect on ICICI Securities or its business, whether under tax or other laws or under the terms of any license or approval.

We have acted as financial advisor to the Board of Directors of Sequent to render this opinion and will receive a fee for our services, which will be paid upon the rendering of this opinion. In addition, Sequent has agreed to reimburse our expenses (subject to certain restrictions) and indemnify us against certain liabilities arising out of our engagement.

We and our affiliates comprise a full-service securities firm and commercial bank engaged in securities, commodities and derivatives trading, foreign exchange and other brokerage activities, and principal investing as well as providing investment, corporate and private banking, asset and investment management, financing and financial advisory services and other commercial services and products to a wide range of companies, governments and individuals. In the ordinary course of our businesses, we and our affiliates may invest on a principal basis or on behalf of customers or manage funds that invest, make or hold long or short positions, finance positions or trade or otherwise effect transactions in equity, debt or other securities or financial instruments (including derivatives, bank loans or other obligations) of Sequent and their respective subsidiaries, joint ventures, associates and/or affiliates.

We and our affiliates in the past have provided, currently are providing, and in the future may provide, investment banking, commercial banking and other financial services to Sequent and its subsidiaries, joint ventures, associates and/or affiliates, and have received or in the future may receive compensation for the rendering of these services.

It is understood that this letter is for the benefit and use of the Board of Directors of Sequent (in its capacity as such) in connection with and for purposes of its evaluation of the Transaction and is not rendered to or for the benefit of, and shall not confer rights or remedies upon, any person other than the Board of Directors of Sequent. This opinion may not be disclosed, referred to, or communicated (in whole or in part) to any third party, nor shall any public reference to us be made, for any purpose whatsoever except (i) with our prior written consent in each instance; (ii) as required to be disclosed by Sequent to the Stock Exchanges pursuant to applicable laws and may be disclosed on the website of Sequent and the Stock Exchanges to the extent required under applicable laws and further may also be made a part of the explanatory statement to be circulated to the shareholders and/or creditors of Sequent; and (iii) as required to be disclosed to relevant judicial, regulatory or government authorities, in each case only as may be mandatorily required by applicable laws. Our opinion is necessarily based on financial, economic, monetary, market and other conditions and circumstances as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion, and we do not have any obligation to update, revise, or reaffirm this opinion.

RATIONALE & CONCLUSION

consents, releases and waivers for the Transaction, no delay, limitation, restriction or condition, including any divestiture requirements or amendments or modifications, will be imposed that would have an adverse effect on Sequent, their respective subsidiaries and/or associates, as applicable, and/or any other entity or the contemplated benefits of the Transaction. We also have assumed, at the direction of Sequent, that the final executed Scheme will not differ in any material respect from the Draft Scheme reviewed by us.

We have not undertaken any independent analysis of any potential or actual litigation, regulatory action, possible unasserted claims, or other contingent liabilities, or any settlements thereof, to which Sequent, their respective subsidiaries and/or associates, as applicable, and/or any other entity, are or may be a party or are or may be subject, and this opinion does not consider the potential effects of any such litigation, actions, claims, other contingent liabilities or settlements.

We express no view or opinion as to any terms or other aspects or implications of the Transaction (other than the Ratios to the extent expressly specified herein), including, without limitation, the form or structure of the Transaction, the taxation impact of the Transaction or the Equity Shares issued and allotted under the Transaction or any terms or other aspects or implications of any other agreement, arrangement or understanding entered into in connection with or related to the Transaction or otherwise. We were not requested to, and we did not, participate in the negotiation of the terms of the Transaction. Our opinion does not address any matters otherwise than as expressly stated herein, including but not limited solely to matters such as corporate governance, shareholder rights or any other equitable consideration, and is limited to the fairness, from a financial point of view, to the Public Shareholders of Sequent of the Ratios provided for in the Scheme and no opinion or view is expressed with respect to any consideration received in connection with the Transaction by the holders of any other class of securities, creditors or other constituencies of any party. In addition, no opinion or view is expressed with respect to the fairness (financial or otherwise) of the amount, nature or any other aspect of any compensation to any of the officers, directors or employees of any party to the Transaction, or class of such persons, relative to the Ratios. Furthermore, no opinion or view is expressed as to the relative merits of the Transaction in comparison to other strategies or transactions that might be available to Sequent or in which Sequent might engage or as to the underlying business decision of Sequent to proceed with or effect the Transaction. Further, Sequent will remain solely responsible for the commercial assumptions on which this opinion is based and for its decision to proceed with the Transaction.

Further, our opinion does not take into account any corporate actions of Sequent after the date hereof, including payment of dividends. We are not expressing any opinion as to what the value of the Equity Shares actually will be when issued or the prices at which the Equity Shares will trade at any time, including following announcement or consummation of the Transaction. In addition, we express no opinion or recommendation as to how any shareholder, creditor or other person should vote or act in connection with the Transaction or any related matter. In addition, we are not expressing any view or opinion with respect to, and have relied, with the consent of Sequent, upon the assessments of representatives of Sequent regarding, legal, regulatory, accounting, tax and other matters relating to the Companies, any of their respective subsidiaries and/or associates, as applicable, or any other entity and the Transaction (including the contemplated benefits of the Transaction) as to which we understand that Sequent obtained such advice as it deemed necessary from qualifies professionals.

We have also assumed that all aspects of the Transaction and any other transaction contemplated in the Scheme would be in compliance with applicable laws and regulations, and we have issued this opinion on the understanding that we would not in any manner verify, or be responsible for ensuring, such

In the circumstances, having regard to all relevant factors and on the basis of information and explanations given to us, we are of the opinion on the date hereof, that the Share Exchange Ratio, as recommended by the Registered Valuers is fair.

Yours faithfully,

1. This Report is issued in accordance with the terms of our service scope letter dated September 23, 2024 and master engagement agreement dated November 07, 2022 (as amended) with Sequent Scientific Limited (hereinafter the "Company") pursuant to the requirements of circulars issued under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for onwards submission to the Bombay Stock Exchange (BSE), National Stock Exchange of India Limited (NSE), SEBI, National Company Law Tribunal (NCLT) and other regulatory authorities in connection with the scheme of arrangement as mentioned in paragraph 2 below.

2. We, S R B C & CO LLP, Chartered Accountants, are the Statutory Auditors of the Company and have been requested by the management of the Company, to examine the accounting treatment given in para 66.1 of the attached Proposed Composite Scheme of Amalgamation dated September 26, 2024 (the "Proposed Scheme" or "Proposed Scheme of Arrangement") amongst the Company and Symed Labs Limited, Vandana Life Sciences Private Limited, Appcure Labs Private Limited, Vindhya Pharma (India) Private Limited, S.V. Labs Private Limited, Vindhya Organics Private Limited, Viyash Life Sciences Private Limited, Geninn Life Sciences Private Limited, Sequent Research Limited, in terms of the provisions of sections 230 to 232 and all other applicable provisions of the Companies Act, 2013 ("the Act") and SEBI Master Circular SEBI/HO/CFD/POD2/P/CIR/2023/93 ('SEBI Master Circular') dated June 20, 2023, for compliance with the applicable accounting standards prescribed under section 133 of the Companies Act, 2013, relevant rules thereunder and other generally accepted accounting principles in India (collectively referred to as 'applicable accounting standards'), read with General Circular No 09/2019 issued by the Ministry of Corporate Affairs dated August 21, 2019 (MCA Circular). The accounting treatment as prescribed in the proposed scheme has been included in Annexure.

Management's Responsibility

3. The preparation of the Proposed Scheme is the responsibility of the Management of the Company including the preparation and maintenance of all accounting and other relevant supporting records and documents. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Scheme and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances. The proposed Scheme has been approved by the Board of Directors.

4. The management of the Company is also responsible for ensuring that the Company complies with the relevant laws and regulations, including the applicable accounting standards as aforesaid and circulars issued under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and also provides relevant information to the NCLT.

Auditors Responsibility

5. Pursuant to the requirements of Section 230 of the Companies Act, 2013 and Rule 6 of the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016 and SEBI Master Circular, our responsibility is to provide reasonable assurance in the form of an opinion on whether the proposed accounting treatment as contained in the Annexure is in compliance with the applicable accounting standards read with MCA circular.

6. We audited the financial statements of the Company as of and for the financial year ended March 31, 2024, on which we issued an unmodified audit opinion vide our reports dated May 15, 2024. Our audits of these financial statements were conducted in accordance with the Standards on Auditing, as specified under Section 143(10) of the Companies Act, 2013 and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

7. We conducted our examination of the Annexure in accordance with the Guidance Note on Reports or Certificates for Special Purposes issued by the Institute of Chartered Accountants of India ("ICAI"). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

8. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

9. Our scope of work did not involve us performing any audit tests in the context of our examination. We have not performed an audit, the objective of which would be to express an opinion on the specified elements, accounts or items thereof for the purpose of this report. Accordingly, we do not express such opinion. Further, our examination did not extend to any aspects of legal or propriety nature of the Scheme and other compliances thereof. Nothing contained in this report, nor anything said or done in the course of, or in connection with the services that are subject to this report, will extend any duty of care that we may have in our capacity of the statutory auditors of any financial statements of the Company.

10. A reasonable assurance engagement involves performing procedures to obtain sufficient appropriate evidence on the applicable criteria, mentioned in paragraph 5 above. The procedures selected depend on the auditor's judgement, including the assessment of the risks associated with the applicable criteria. Accordingly, our procedures included the following in relation to the Annexure:

    a. Obtained and read the draft Scheme and the proposed accounting treatment specified therein.

    b. Obtained copy of resolution passed by the Board of Directors of the Company dated September 26, 2024 approving the Scheme.

    c. Examined whether the proposed accounting treatment as per clause 66.1 of the Scheme is in compliance with the Applicable Accounting Standards.

    d. Performed necessary inquiries with the management and obtained necessary representations from the management.

Opinion

11. Based on our examination and according to the information and explanations given to us, read with paragraph 10 above, in our opinion, the proposed accounting as contained in the Annexure, is in compliance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and circulars issued thereunder and all the applicable accounting standards notified by the Central Government under section 133 of the Act read with relevant rules thereunder and other Generally Accepted Accounting Principles and MCA circular.

Restriction on Use

12. This report has been issued at the request of the Company and is addressed to and provided to the Board of Directors pursuant to the requirements of circulars issued under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for onwards submission to the Bombay Stock Exchange (BSE), National Stock Exchange of India Limited (NSE), SEBI, NCLT and any other regulatory authority in connection with the Scheme, and should not be used for any other person or purpose or distributed to anyone or referred to in any document without our prior written consent. Our examination relates to the matters specified in this report, and does not extend to the Company as a whole. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Annexure: Extract from Composite Scheme of Amalgamation

PART VI: Amalgamation of Viyash Life Sciences Private Limited ("Amalgamating Company 1") and Sequent Research Limited ("Amalgamating Company 2") with Sequent Scientific Limited ("Amalgamated Company"):

66. Accounting Treatment

66.1.1. Notwithstanding anything else contained in the Scheme, the Amalgamated Company shall account for the amalgamation of the Amalgamating Company 2 in accordance with the Pooling of Interest Method of accounting as laid down in Appendix C of Indian Accounting Standard ("Ind AS") 103 (Business Combinations of entities under common control) notified under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standard) Rules, 2015, as may be amended from time to time, in its books of accounts such that:

(i) The Amalgamated Company shall record the assets and liabilities, if any, of the Amalgamating Company 2 vested in it pursuant to this Scheme, at the carrying values thereof and in the same form as appearing in the consolidated financial statements of the Amalgamated Company;

(ii) The identity of the reserves of the Amalgamating Company 2 shall be preserved and the Amalgamated Company shall record the reserves of the Amalgamating Company 2 in the same form and at the carrying value as appearing in the consolidated financial statements of the Amalgamated Company;

(iii) Pursuant to the amalgamation of the Amalgamating Company 2 with the Amalgamated Company, inter-company balances, between the Amalgamated Company and the Amalgamating Company 2, if any, as appearing in the books of the Amalgamated Company shall stand cancelled and there shall be no further obligation in that behalf;

(iv) The value of all the investments held by the Amalgamated Company in the Amalgamating Company 2 shall stand cancelled pursuant to amalgamation.

(v) The surplus, if any arising after taking the effect of clause 66.1.1(i) to (iv) shall be transferred to Capital Reserve in the financial statements of the Amalgamated Company. The deficit, if any arising after taking the effect of clause 66.1.1(i) to (iv) and adjustment of previously existing credit balance in capital reserve, if any, shall be first debited to Retained Earnings in the financial statements of the Amalgamated Company to the extent of the balance available in the said account. If there is further deficit, the amount will be debited to the Amalgamation Adjustment Deficit Account and its nature shall be akin to Debit balance in Profit and Loss Account. The balance of this account shall be presented as part of reserves and a note explaining the nature shall be given in the financial statements of the Amalgamated Company.

(vi) In case of any difference in accounting policy between the Amalgamating Company 2 and the Amalgamated Company, the accounting policies followed by the Amalgamated Company will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies;

(vii) Comparative financial information in the financial statements of the Amalgamated Company shall be restated for the accounting impact of the merger of the Amalgamating Company 2, as stated above, as if the merger had occurred from the beginning of the comparative period presented. However, if the entities came under common control after that date, the prior period information shall be restated only from that date.

(viii) For accounting purposes, the Scheme will be given effect on the date when all substantial conditions for the transfer of the Amalgamating Company 2 are completed;

(ix) Any matter not dealt with hereinabove shall be dealt with in accordance with the requirement of applicable Ind AS.

66.1.2 Notwithstanding anything else contained in the Scheme, the Amalgamated Company shall account for the amalgamation of the Amalgamating 1 in accordance with the Pooling of Interest Method of accounting as laid down in Appendix C of Indian Accounting Standard ("Ind AS") 103 (Business Combinations of entities under common control) notified under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standard) Rules, 2015, as may be amended from time to time, in its books of accounts such that:

(i) The Amalgamated Company shall record the assets and liabilities, if any, of the Amalgamating Company 1 vested in it pursuant to this Scheme, at the carrying values thereof and in the same form as appearing in the standalone financial statements of the Amalgamating Company 1;

(ii) The identity of the reserves of the Amalgamating Company 1 shall be preserved and the Amalgamated Company shall record the reserves of the Amalgamating Company 1 in the same form and at the carrying value as appearing in the standalone financial statements of the Amalgamating Company 1, subject to clause 66.1.2(v);

(iii) Pursuant to the amalgamation of the Amalgamating Company 1 with the Amalgamated Company, inter-company balances, between the Amalgamated Company and/or the Amalgamating Company 1, if any, as appearing in the books of the Amalgamated Company and/or the Amalgamating Company 1 shall stand cancelled and there shall be no further obligation in that behalf;

(iv) The Amalgamated Company shall credit its share capital account with the aggregate face value of the equity shares issued by it to the shareholders of Amalgamating Company 1 pursuant to Clause 64 of the Scheme.

(v) Existing share capital along with securities premium (including the treasury shares) of Amalgamating Company 1 will stand cancelled;

(vi) The surplus, if any arising after taking the effect of clause 66.1.2(i) to (v) shall be transferred to Capital Reserve in the financial statements of the Amalgamated Company. The deficit, if any arising after taking the effect of clause 66.1.2(i) to (v) and adjustment of previously existing credit balance in capital reserve, if any, shall be first debited to Retained Earnings in the financial statements of the Amalgamated Company to the extent of the balance available in the said account. If there is further deficit, the amount will be debited to the Amalgamation Adjustment Deficit Account and its nature shall be akin to Debit balance in Profit and Loss Account. The balance of this account shall be presented as part of reserves and a note explaining the nature shall be given in the financial statements of the Amalgamated Company.

(vii) In case of any difference in accounting policy between the Amalgamating Company 1 and the Amalgamated Company, the accounting policies followed by the Amalgamated Company will prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies;

(viii) Comparative financial information in the financial statements of the Amalgamated Company shall be restated for the accounting impact of the merger of the Amalgamating Company 1, as stated above, as if the merger had occurred from the beginning of the comparative period presented. However, if the entities came under common control after that date, the prior period information shall be restated only from that date.

(ix) For accounting purposes, the Scheme will be given effect on the date when all substantial conditions for the transfer of the Amalgamating Company 1 are completed;

(x) Any matter not dealt with hereinabove shall be dealt with in accordance with the requirement of applicable Ind AS.

Accordingly, based on aforesaid comment offered by SEBI, the company is hereby advised:

i. To provide additional information, if any, (as stated above) along with various documents to the Exchange for further dissemination on Exchange website.
ii. To ensure that additional information, if any, (as stated aforesaid) along with various documents are disseminated on their (company) website.
iii. To duly comply with various provisions of the circulars.

In light of the above, we hereby advise that we have no adverse observations with limited reference to those matters having a bearing on listing/de-listing/continuous listing requirements within the provisions of Listing Agreement, so as to enable the company to file the scheme with Hon'ble NCLT.

Please note that the submission of documents / information, in accordance with the circular to SEBI / Exchange should not any way be deemed or construed that the same has been cleared or approved by SEBI / Exchange. SEBI / Exchange does not take any responsibility either for the financial soundness of any scheme or for the correctness of the statements made or opinions expressed in the document submitted.

Further, where applicable in the explanatory statement of the notice to be sent by the company to the shareholders, while seeking approval of the scheme, it shall disclose information about unlisted company involved in the format prescribed for abridged prospectus as specified in the Master circular no. SEBI/HO/CFD/POD-2/P/CIR/2023/93 dated June 20, 2023.

Kindly note that as required under Regulation 37 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the validity of this Observation Letter shall be six months from the date of this Letter, within which the scheme shall be submitted to the NCLT.

The Exchange reserves its right to withdraw its 'No adverse observation' at any stage if the information submitted to the Exchange is found to be incomplete / incorrect / misleading / false or for any contravention of Rules, Bye-laws and Regulations of the Exchange, Listing Agreement, Guidelines/Regulations issued by statutory authorities.

Please note that the aforesaid observations does not preclude the Company from complying with any other requirements.

Further, it may be noted that with reference to Section 230 (5) of the Companies Act, 2013 (Act), read with Rule 8 of Companies (Compromises, Arrangements and Amalgamations) Rules 2016 (Company Rules) and Section 66 of the Act read with Rule 3 of the Company Rules wherein pursuant to an Order passed by the Hon'ble National Company Law Tribunal, a Notice of the proposed scheme of compromise or arrangement filed under sections 230-232 or Section 66 of the Companies Act 2013 as the case may be **is required to be served upon the Exchange seeking representations or objections if any.**

In this regard, with a view to have a better transparency in processing the aforesaid notices served upon the Exchange, the Exchange has **already introduced an online system of serving such Notice along with the relevant documents of the proposed schemes through the BSE Listing Centre.**

Any service of notice under Section 230 (5) or Section 66 of the Companies Act 2013 seeking Exchange's representations or objections if any, **would be accepted and processed through the Listing Centre only and no physical filings would be accepted.** You may please refer to circular dated February 26, 2019 issued to the company.

Other than the actions mentioned below, to the best of the knowledge, information and belief of the entities/individuals named as promoters/directors of the entities involved in the Scheme, there are no actions initiated, pending or completed[1] against them:

1. SeQuent Scientific Limited (Promoter of Sequent Research Limited)

Sr No.	Name of authority	Brief Facts	Current Status
A.	National Green Tribunal (NGT), Principal Bench, New Delhi	In the year 2016, the Akhil Bhartiya Mangela Samaj Parishad, Tarapur and other three applicants filed an Original Application bearing No. 64/2016 (WZ) with the National Green Tribunal (NGT), Principal Bench, New Delhi against all industry members of Tarapur MIDC including Maharashtra Pollution Control Board (MPCB) and Tarapur Environment Protection Society (TEPS) for alleged non-compliance of Environment Protection Act, Air & Water Pollution Act. The NGT passed an order dated January 24, 2022 for:- (i) imposing penalty on 102 industry members and TEPS and MPCB, (ii) accordingly penalty of INR 54,00,000 was imposed on Sequent Scientific Limited ("**Sequent**"), (iii) directing the industry members to share the amount of penalty imposed upon MPCB and TEPS. Out of INR 54,00,000, Sequent has already paid INR 13,00,000. Sequent has also paid INR 5,00,000 and INR 6,00,000 towards MPCB and TEPS contribution. In line with the approach of other industry members, Sequent too filed an appeal in the Supreme Court against the said order of NGT. The Hon'ble Supeme Court granted interim relief on July 15, 2022 and stayed the order of NGT until final disposal of the matter.	Appeal pending before Hon'ble Supreme Court
B.	Income-tax authorities	The Income-tax authorities have initiated various regular assessment and reassessment proceedings against SSL for determination of income-tax liability. Such assessments are routine in nature and with respect to common issues such as adjustments on account of disallowance of expenses, etc. Few matters where Sequent has not accepted the disallowances, it has filed appeals and all such appeals/proceedings are pending with the first appellate authorities viz. Commissioner of Income-tax (Appeals).	Ongoing
C.	Goods and Service Tax (GST) authorities	In GST, the matters raised are routine in nature with respect to disallowances of Input Tax Credit claimed by SSL. Similarly, in few cases where Sequent has not accepted the view taken by GST authorities, the company has filed appeal with GST Commissioner appeals and matters are pending for hearing/disposal.	Ongoing

2. Mr. Anuj Poddar (Director of Viyash Life Sciences Private Limited)

[1] Details for past 5 financial years considered.

Sr No.	Name of authority	Brief Facts	Current Status
A.	Telecom Regulatory Authority of India ("**TRAI**")	The Central Government, through a Gazette notification in 2007 amended the Cable Television Networks Rules, 1994 ("**CTN Rules**") to introduce a cap on the advertising per clock hour on the television channels. Further, TRAI issued Standards of Quality of Service (Duration of Advertisements in Television Channels) Regulations, 2012 ("**Regulations**") on March 22, 2013 specifying that "*No broadcaster shall, in its broadcast of a programme, carry advertisements exceeding twelve minutes in a clock hour*." In light of alleged non-compliance of the above, TRAI filed complaints before the Delhi Chief Metropolitan Magistrate ("**Metropolitan Court**") against 14 television broadcasters which included a complaint against Prism TV Private Limited and its authorized representative Mr. Anuj Poddar under Section 190/200 of the Code of Criminal Procedure 1973 in relation to offences under Section 29 read with Sections 30 and 34 of the TRAI Act, 1997. Mr. Poddar is currently serving as a nominee director on the board of Viyash Life Sciences Limited. By an order dated December 17, 2013, the Hon'ble Delhi High Court directed TRAI not to initiate any coercive measures against the above broadcasters or their members to make them abide by the impugned Regulations. Further, during the proceedings, on April 1, 2017, the Hon'ble Metropolitan Court was apprised that the matter is also sub judice before the Hon'ble Delhi High Court. It was jointly submitted by the parties that until a conclusive decision is rendered by the Delhi High Court, the complainant (TRAI) would not actively pursue the criminal complaint. Consequently, the criminal case has been adjourned periodically, pending the final order to be passed by the Delhi High Court. The Delhi High Court is actively hearing the case, and the next scheduled date of hearing is February 7, 2025.	Pending

DETAILS OF THE SCHEME

The Scheme provides *inter alia* for:

(i) reduction of share capital of the Transferee Company 1 by cancelling the partly paid-up equity shares of the Transferee Company 1;

(ii) amalgamation of Transferor Company 1/SLL, Transferor Company 2, Transferor Company 3, Transferor Company 4 and Transferor Company 5 (collectively referred to as "**Transferor Companies**") with the Transferee Company 1/Viyash with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act, 1961 ("**Income Tax Act**") and consequent dissolution of the Transferor Companies without being wound up;

(iii) amalgamation of the Transferor Company 6 with the Transferee Company 2 with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act and consequent dissolution of the Transferor Company 6 without being wound up;

(iv) amalgamation of the Transferor Company 7 with Transferee Company 1 with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act and consequent dissolution of Transferor Company 7 without being wound up, and the issuance of Merger Consideration Shares 1 to the equity shareholders of the Transferor Company 7 in accordance with Share Exchange Ratio 1;

(v) amalgamation of the Amalgamating Company 1 and Amalgamating Company 2 (collectively referred to hereinafter as "**Amalgamating Companies**") with the Amalgamated Company with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act and consequent dissolution of the Amalgamating Companies without being wound up, and the issuance of Merger Consideration Shares 2 to the equity shareholders of the Amalgamating Company 1 in accordance with Share Exchange Ratio 2 and the issuance of Amalgamated Company Warrants to the share warrant holders in Amalgamating Company 1 in accordance with Warrant Exchange Ratio; and

(vi) various other matters consequential or otherwise integrally connected therewith in the manner set out in the Scheme.

It may be noted that in connection with the amalgamation of SLL with Viyash at para (ii) above, since SLL is a wholly owned subsidiary of Viyash and Viyash, being the holding company, cannot issue or allot any shares to itself, no shares whatsoever shall be issued by Viyash in consideration of the amalgamation of the Company with Viyash.

Accordingly, all such shares of SLL held by Viyash along with its nominees and the investment of Viyash in such shares as appearing in the books of Viyash shall stand cancelled.

Symed Labs Limited

PROCEDURE

The procedure with respect to public issue/offer would not be applicable as the Scheme does not involve issue of any equity shares of SLL to public at large. Hence, the procedure with respect to General Information Document (GID) is not applicable and this Abridged Prospectus must be read accordingly.

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders and will yield advantages as set out inter alia below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company.

DETAILS OF THE SCHEME

The Scheme provides *inter alia* for:

(i) reduction of share capital of the Transferee Company 1 by cancelling the partly paid-up equity shares of the Transferee Company 1;

(ii) amalgamation of Transferor Company 1, Transferor Company 2/VALSPL, Transferor Company 3, Transferor Company 4 and Transferor Company 5 (collectively referred to as "**Transferor Companies**") with the Transferee Company 1/Viyash with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act, 1961 ("**Income Tax Act**") and consequent dissolution of the Transferor Companies without being wound up;

(iii) amalgamation of the Transferor Company 6 with the Transferee Company 2 with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act and consequent dissolution of the Transferor Company 6 without being wound up;

(iv) amalgamation of the Transferor Company 7 with Transferee Company 1 with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act and consequent dissolution of Transferor Company 7 without being wound up, and the issuance of Merger Consideration Shares 1 to the equity shareholders of the Transferor Company 7 in accordance with Share Exchange Ratio 1;

(v) amalgamation of the Amalgamating Company 1 and Amalgamating Company 2 (collectively referred to hereinafter as "**Amalgamating Companies**") with the Amalgamated Company with effect from the Appointed Date, in accordance with the provisions of Section 2(1B) and other relevant provisions of the Income Tax Act and consequent dissolution of the Amalgamating Companies without being wound up, and the issuance of Merger Consideration Shares 2 to the equity shareholders of the Amalgamating Company 1 in accordance with Share Exchange Ratio 2 and the issuance of Amalgamated Company Warrants to the share warrant holders in Amalgamating Company 1 in accordance with Warrant Exchange Ratio; and

(vi) various other matters consequential or otherwise integrally connected therewith in the manner set out in the Scheme.

It may be noted that in connection with the amalgamation of VALSPL with Viyash at para (ii) above, since VALSPL is a wholly owned subsidiary of Viyash and Viyash, being the holding company, cannot issue or allot any shares to itself, no shares whatsoever shall be issued by Viyash in consideration of the amalgamation of the Company with Viyash.

Vandana Life Sciences Private Limited

Accordingly, all such shares of VALSPL held by Viyash along with its nominees and the investment of Viyash in such shares as appearing in the books of Viyash shall stand cancelled.

PROCEDURE

The procedure with respect to public issue/offer would not be applicable as the Scheme does not involve issue of any equity shares of VALSPL to public at large. Hence, the procedure with respect to General Information Document (GID) is not applicable and this Abridged Prospectus must be read accordingly.

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders, and will yield advantages as set out *inter alia* below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company.

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and Active Pharmaceutical Ingredients **("API")** segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

APPCURE LABS PRIVATE LIMITED Hyderabad

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders, and will yield advantages as set out *inter alia* below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company.

INTERNAL RISK FACTORS

1. We engage in highly competitive business and any failure to effectively compete could have a material adverse effect on our business, financial condition, results of operations and cash flows.
2. We operate in a regulated industry, and our actual or alleged failure to comply with applicable safety, health, environmental, labor and other regulations, or to obtain or renew approvals, may adversely affect our business, reputation, financial condition, results of operations and cash flows.
3. Our inability to obtain, renew or maintain the statutory and regulatory permits and approvals required to operate our businesses may have an adverse effect on our business, results of operations, cash flows and financial condition.
4. We depend on our research and development activities generally for our future growth and our inability to achieve the desired outcomes in our research and development activities may result in customers opting to discontinue their partnerships with us.
5. We have heavily invested in and plan to continue investing in research and development ("R&D") and technology. There is no assurance that we will realize returns on such investments.
6. Our inability to fully and timely integrate the operations of, or leverage potential operating and cost efficiencies from, proposed restructuring undertaken by us may not yield the resultant benefits. There is no assurance that we will be successful in our operations or profitable in the future.
7. Our dependence on a single geographic market, the United States of America, for our entire revenue exposes us to significant risks related to regional regulatory changes, economic conditions, trade restrictions, and geopolitical developments, any of which could materially and adversely affect our business, financial condition, results of operations and cash flows.

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders, and will yield advantages as set out *inter alia* below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company.

- Return on net worth (%) is computed by dividing the net profit/ (loss) after tax by the Net worth.
- Net asset value per share is computed by dividing the Net worth by the outstanding number of equity shares.

VPIPL is not required to consolidate its financials as, Viyash, the immediate holding company is filing consolidated financial statements with the registrar which are in compliance with the applicable accounting standards.

INTERNAL RISK FACTORS

1. We engage in highly competitive business and any failure to effectively compete could have a material adverse effect on our business, financial condition, results of operations and cash flows.
2. We operate in a regulated industry, and our actual or alleged failure to comply with applicable safety, health, environmental, labor and other regulations, or to obtain or renew approvals, may adversely affect our business, reputation, financial condition, results of operations and cash flows.
3. Our inability to obtain, renew or maintain the statutory and regulatory permits and approvals required to operate our businesses may have an adverse effect on our business, results of operations, cash flows and financial condition.
4. We depend on our research and development activities generally for our future growth and our inability to achieve the desired outcomes in our research and development activities may result in customers opting to discontinue their partnerships with us
5. We have heavily invested in and plan to continue investing in research and development ("R&D") and technology. There is no assurance that we will realize returns on such investments.
6. Our inability to fully and timely integrate the operations of, or leverage potential operating and cost efficiencies from, proposed restructuring undertaken by us may not yield the resultant benefits. There is no assurance that we will be successful in our operations or profitable in the future.

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders, and will yield advantages as set out *inter alia* below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

S.V. LABS PRIVATE LIMITED

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders, and will yield advantages as set out *inter alia* below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

Vindhya Organics Private Limited

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company.

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders and will yield advantages as set out *inter alia* below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders, and will yield advantages as set out *inter alia* below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company.

OBJECTS/RATIONALE OF THE SCHEME

The Scheme shall have the following benefits:

Sequent and Viyash have presence in the global pharmaceuticals and animal health sectors, with capabilities in research, manufacturing, and development. Sequent and Viyash have their presence in the formulations and API segments, supported by inhouse manufacturing facilities and R&D centres.

The amalgamation proposed under the Scheme would combine the inherent capabilities of Viyash and Sequent to create a platform with leadership in animal pharmaceuticals, end-to-end integrated capabilities across the larger global pharmaceuticals market with a strong operating and R&D backbone. The combined entity will leverage the individual businesses' strengths through the following ways:

(i) Access to global innovator & pharmaceuticals customers: The combined entity can leverage each other's global customer base with an opportunity to participate in the larger global pharmaceuticals market;

(ii) Leverage technical skills: The combined entity can leverage Viyash product development, R&D, regulatory, and manufacturing capabilities to accelerate new product development and new product launches and take a wider basket of products and services to their customers.

The proposed Scheme would be in the best interests of all the companies involved and their respective shareholders, employees, creditors and stakeholders and will yield advantages as set out inter alia below:

(i) Expanded marketing presence across geographies: The combined business will have access to a larger business development team with expertise in innovator pharmaceutical companies globally.

(ii) Backward integration: Viyash is backward integrated for multiple steps for most products and is already a qualified supplier for intermediates to Sequent for one of the APIs that Sequent manufactures for the US market.

(iii) Procurement synergies: Both companies have multiple common input materials (solvents, catalysts). Combined purchasing for these can reduce raw material costs & improve Gross Margins.

(iv) Enhanced R&D and new product pipeline: Viyash has several R&D resources with well-equipped analytical labs. Viyash's infrastructure can deliver a number of new products every year across intermediates, APIs and formulations. The combined entity will have the operating base and financial strength to accelerate investment in these areas;

(v) Indirect Costs: Multiple shared functions such as Supply Chain, Finance, HR, IT. Opportunity to improve profitability as business scales through operating leverage;

(vi) Scale benefits: Combined business to have 16 (Sixteen) manufacturing plants with 10 (Ten) US FDA approved plants and strong regulatory track record;

(vii) Financial Strength: Combined business will have a more efficient capital structure with high cash flow generation and ability to incur capex for growth.

Thus, the Scheme is beneficial, advantageous and not prejudicial to the interests of shareholders of the Company.

Treatment of outstanding warrants post effectiveness of merger:

Upon effectiveness of the Scheme, as consideration for the amalgamation of Viyash into SSL, the warrant holders of Viyash will be issued warrants of SSL, as per the warrant exchange ratio set out in paragraph 65.1 of the Scheme, in accordance with the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("**SEBI ICDR**"). Accordingly, upon effectiveness of the Scheme, SSL shall issue and allot 56 share warrants of SSL for every 100 share warrants held in Viyash, as per the warrant exchange ratio in the Scheme.

Terms of conversion into warrants issued by SSL:

- Upon the Scheme becoming effective, SSL shall issue warrants at a price of INR 181.94 per warrant (being the price determined as per SEBI ICDR) to each warrant holder of Viyash on terms and conditions as prescribed under the SEBI ICDR and the SEBI Preferential Allotment Circular dated March 23, 2017.

- Accordingly, the warrant holders will be required to pay 25% of the aforesaid consideration upfront upon allotment of warrants by SSL and the warrants will be required to be exercised, at the option of the warrant holders, within a period of 18 months from the date of allotment by paying the balance 75% of the consideration. In the event the warrant holders fail to exercise the warrants within a period of 18 months from the allotment, 25% of consideration paid upfront by the warrant holders shall be forfeited by SSL in compliance with the requirements under the SEBI ICDR.

- Each warrant shall be convertible into 1 (one) equity share of SSL.

	<u>Effect on maturity post conversion</u>: As stated above, prior to the Scheme becoming effective, the warrants issued by Viyash are not subject to a maturity term as there is no statutory term prescribed for exercise/maturity of warrants issued by private companies under the Companies Act, 2013. Upon effectiveness of the Scheme, the warrant holders of Viyash will be issued warrants of SSL, as per the warrant exchange ratio set out in paragraph 65.1 of the Scheme and at a price determined in accordance with the SEBI ICDR. As per the requirements of the SEBI ICDR, such warrants issued by SSL shall be required to be exercised by the holders within a period of 18 months from the date of allotment. If the warrants are not exercised, they shall stand forfeited. As covered in paragraph 2.9 of the Scheme, in the event such warrants of Viyash are exercised prior to effectiveness of the Scheme, Viyash shall be required to issue fully paid-up equity shares of Viyash. Upon issuance of equity shares by Viyash pursuant to such exercise of warrants, the relevant holder of such equity shares of Viyash will be issued equity shares of SSL, as consideration for the amalgamation of Viyash into SSL, in accordance with the share exchange ratio as set out in paragraph 64.1 of the Scheme.
Q2 Response	Undertaking from SSL that the promoters of the entities involved in the scheme that are seeking classification as "public" shareholders are not related/associated in any capacity with the promoters of the SSL post effectiveness of the scheme and confirmation whether the promoters of Viyash seeking reclassification as "Public" post effectiveness of the scheme are directly or indirectly connected or related with the Promoters or promoter group of Sequent, its UBO or immediate relatives of any of them.
	The undertaking from SSL is attached herewith as **Annexure 1**.

We will be pleased to provide any additional information or clarification which you may require.

Thanking you,

Yours sincerely,

For **SeQuent Scientific Limited**

Sub: Clarifications required by BSE Limited ('BSE') in relation to our valuation report dated on 26 September 2024 on 'Recommendation of fair equity share exchange ratio(s) for the proposed amalgamation of Geninn Lifesciences Private Limited ('GLPL') into Viyash Life Sciences Private Limited ('VLSPL') and merger of VLSPL into Sequent Scientific Limited ('SSL')' ('Proposed Transaction').

Dear Sir / Madam,

With reference to the above subject and clarifications as requested from the valuer for the following:

a. *The impact of the reduction of partly paid-up shares issued by the VLSPL and repayment of the paid-up amount to the shareholders and consequential adjustment of the same with the loan dues from the shareholder on the share swap ratio*

b. *Whether the above mentioned impact has been considered while arriving at the share swap ratio. Also provide the swap ratio and calculation with and without considering the impact as mentioned in the para (a) above.*

We have outlined the response herein below.

PwC & KPMG response to Point a :

Impact of reduction: We understand from the Management that partly paid-up equity shares issued by VLSPL stand cancelled as at the Effective Date 1 (as defined in the composite scheme). As a result, the number of equity shares considered to determine the per share value by both Valuers excludes these partly paid-up shares.

Consequential adjustment: Further, the amount received from these shareholders towards partly paid-up equity shares will be adjusted against loans given to them.

We clarify that partly paid-up equity shares shall stand cancelled only upon approval of the scheme, and the exchange ratio recommended in our valuation report dated 26 September 2024 would be used by the companies only after the scheme is approved and the consequent exchange of shares takes place. Hence, the cancellation of partly paid-up equity shares, as provided for in the scheme has been considered for the determination of exchange ratio.

As the reduction of partly paid-up equity shares and consequent adjustment of the same with loan dues is already factored in valuation, there is no impact on share swap ratio.

PwC Business Consulting Services LLP

PwC response to Point b :

Taking into account the treatment outlined above with respect to the partly paid-up equity shares, our valuation report dated 26 September 2024 recommended the following equity share exchange ratio(s) for the Proposed Transaction:

Share exchange ratio 1:
47 (Forty Seven) equity share of Viyash Life Sciences Private Limited of INR 10/- each fully paid up for every 1 (One) equity shares of Geninn Lifesciences Private Limited of INR 10/- each fully paid up.

Share exchange ratio 2:
56 (Fifty Six) equity share of Sequent Scientific Limited of INR 2/- each fully paid up for every 100 (One Hundred) equity shares of Viyash Life Sciences Private Limited of INR 10/- each fully paid up.

It would be relevant to observe that the share exchange ratio 2 recommended in our report was rounded off from 0.556 to 0.56 in order to minimize fragmentated share entitlement.

In response to your request to examine the impact of including the partly paid-up equity shares (i.e., assuming these equity shares were converted into fully paid-up equity shares by infusing the requisite capital), we note the following:

- Under this hypothetical scenario, wherein the partly paid-up equity shares are assumed to be fully paid-up, and the corresponding cash inflows are considered, the relative equity valuation of VLSPL on a consolidated basis would marginally change—from **INR 101.1 per share to INR 100.6 per share** (refer to *Appendix 1*). Refer Appendix 2 for detailed workings of VLSPL (on consolidated level).

- **There would be no change to Share Exchange Ratio 1**, which post rounding off remains at 47 equity shares of Viyash Life Sciences Private Limited for every 1 equity share of Geninn Lifesciences Private Limited.

- In the above hypothetical scenario, the **Share Exchange Ratio 2** moves from **0.556 to 0.553 shares of SSL per share of VLSPL**. Hence, there is a minimal difference between the ratio recommended in our report and workings in this hypothetical scenario. Post rounding off, the **Share Exchange Ratio 2** would change from **56 equity shares of SSL for every 100 equity shares of VLSPL** to **55 equity shares of SSL for every 100 equity shares of VLSPL** (refer to *Appendix 1*).

Dear Madam,

Sub: **Undertaking on classification of shareholders of the entities involved in the Scheme**

Ref: **Application under Regulation 37 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 (SEBI LODR) in connection with composite scheme of amalgamation amongst Sequent Scientific Limited ("Sequent" or "Amalgamated Company"), Symed Labs Limited ("Symed" or "Transferor Company 1"), Vandana Life Sciences Private Limited ("VLSPL" or "Transferor Company 2"), Appcure Labs Private Limited ("ALPL" or "Transferor Company 3"), Vindhya Pharma (India) Private Limited ("VPPL" or "Transferor Company 4"), S.V. Labs Private Limited ("SVLPL" or "Transferor Company 5"), (collectively referred to hereinafter as "Transferor Companies"), Vindhya Organics Private Limited ("VOPL" or "Transferor Company 6"), Viyash Life Sciences Private Limited ("Viyash" or "Transferee Company 1" or "Amalgamating Company 1"), Geninn Life Sciences Private Limited ("Geninn" or "Transferee Company 2" or "Transferor Company 7") and Sequent Research Limited ("SRL" or "Amalgamating Company 2") and their respective shareholders and creditors under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ("Scheme").**

We refer to the abovementioned Scheme.

We understand that Viyash was founded in the year 2019 by Dr. Hari Babu Bodepudi, Dr. Kalidindi Srihari Raju and their affiliates ("**Founder Shareholders**"). Dr. Hari Babu Bodepudi and Dr. Kalidindi Srihari Raju are key managerial personnel in Viyash. In the year 2021, CA Hull Investments acquired a controlling stake in Viyash, with the Founder Shareholders continuing with a minority stake in Viyash.

CA Harbor Investments (the existing promoter of Sequent) and CA Hull Investments are held by investment funds which are ultimately managed and advised by affiliated entities of The Carlyle Group Inc. (NASDAQ: CG), an entity listed in the United States of America.

Upon effectiveness of the Scheme, CA Hull Investments will be classified as a "promoter" of Sequent, and all other shareholders of Viyash, who are neither related nor associated with the Carlyle group, will be classified as public shareholders.

Accordingly, we hereby undertake and confirm that the promoters of the entities involved in the Scheme that are seeking classification as "public" shareholders pursuant to the effectiveness of the Scheme are not, directly or indirectly, related to, connected with, or associated in any capacity with the promoters or promoter group of Sequent, or its ultimate beneficial owners, or any of their immediate relatives, post effectiveness of the Scheme.

Thanking you,

Yours sincerely,

For **SeQuent Scientific Limited**
